Hicks, Dundas, McLaughlin road, Kent county, caught fire about noon on Friday last and was burned to the ground. The fire was started by a spark from the chimney which fell on the roof. Mr. Hicks succeed. ed in saving about \$70 worth of property. His house was insured for \$300 and his loss will be \$200 over that sum. One of his barns caught fire but owing to the exertions of neighbors was extinguished.

LOCKET AND PICTURE: - A visitor to Chatham had the misfortune, one night last week, to lose some personal property on the street, included in which was a gold locket, containing a lady's picture-the picture of the loser's deceased mother. He has authorised the ADVANCE to offer a liberal reward Co for the restoration of the locket and picture and we hope this item will lead to the recovery of the missing article.

SERVES TWO PURPOSES:-The Manoleate manufacturing company of Halifax, N. S. are placing their products on the New Brunswick market. Manoleate is a powerfal disinfectant and deodorizer, and during the late siege of diptheria in Halifax it was largely used with great success. At the hospital for infectious diseases, no other disinfectant was used. It is put up in two forms, Manoleate the disinfectant proper, and Laundry Manoleate, a laundry soap and disinfectant combined.

RICHIBUCTO MATHEMATICS .- The Richibucto Review, which has been publishing some of Mr. Phinney's calculations in reference to the accounts of the province says:-Peter Czartan, a Hungarian peasant, was born in 1539 and died in 1742, aged 185

years. The ordinary methods of computation would make Peter 203 years old, but the Review doesn't care a fig for them. It has Mr. Phinney's formula and will work its arithmetic out of that, no matter what the rest of the world may do.

SUDDEN DEATH:- The death of Mis. LeGoff of Newcastle, early on Wednesday morning was so sudden that an inquest was considered necessary, and was held by Fatally Shot near Bartibog Station. Dr. Pedolin. It appears that she was in her usual health and about the house when she suddenly fell. She was lifted up by her husband and placed in her bed and a doctor sent for, but she was dead when he arrived. A post-mortem examination was made and the heart being found diseased a verdict was rendered that her death was caused by heart disease. - Advocate.
