

Miramichi and the North Shore, etc.

The Str. St. Nicholas reached Halifax on Saturday last. PUMP-AUGUR, with patent his and reamer, for sale. Apply to R. A. Russell, Black Brook.

THE LAST SHIP to sail from Miramichi this season was Mr. Hutchison's barge, Armenia. It was her third trip for the year.

POSTPONED.—The drawing for Mr. James Lynch's mare, which was arranged to take place at Mr. Ullock's, Black River, this Thursday evening, is postponed until Tuesday, 15th Dec.

MACKEREL.—Enormous schools of mackerel are still sweeping around Grand Manan. With the usual mackerel instinct the fish keep on the Canadian side, and Mr. Gilmore's constituents are making big hauls. The New England dealers are buying the fish fresh as fast as they can get them and packing them for export.

WELL DONE, MR. CLOSTON.—Mrs. Clouston, a widow lady, recently moved from Miramichi, N. B., to East Buckport, Me. One day last week, she saw a deer in the field, and going to a neighbor's house, borrowed his gun, loaded it, and fired at the deer, bringing him down the first shot. Now she and her friends are eating venison.—Globe.

CANADIAN EASTERN.—Beginning today, the Canada Eastern will run a train per day each way between Chatham and Fredericton. That going to Fredericton will leave Chatham at 7.20 a. m., and that coming to Chatham will leave Fredericton at 11 a. m. The time of arrival at Chatham will be 2.20 p. m., and at Fredericton 6 p. m. The time-table on our first page is cancelled.

PERSONAL.—Dr. O. W. Sinclair, of Miramichi, was amongst the visitors who registered at the London office of the High Commissioner in the week ending November 10.

Mr. H. Paxton Baird, the well-known patent medicine manufacturer, of Woodstock, N. B., was in town last week.

The many friends of Dan. Finn, Esq., of Chatham, regret to hear that he is seriously ill at his home with congestion of the lungs.

MR. T. G. MARQUIS.—The Kingston, Ont., News of 17th inst. says:—Mr. T. G. Marquis, B. A., of Queen's University, has been appointed English master in Stratford Collegiate Institute at a salary of \$1,000 a year.

MR. MARQUIS' many friends in Chatham will be pleased to hear of his success. The position to which he has been appointed is an excellent one, and if we are not mistaken, it is his first engagement as a teacher.

CAUGHT IN A SNARE.—A gentleman from this city and another from Gasper, were out gunning on Saturday on the York and Sunbury boundary line, and were both so completely entrapped by the man from Gasper, as he was going along a path he put his foot in a fox snare and the spring pole to which the snare was attached, jerked him up, but his weight brought him down again, so that he rested with his head on the ground and his feet in the air. He was soon rescued, however, none the worse for his hanging.—Fredericton Herald.

THE MARTINE LOANERS.—The liquidators of the Martine Bank some time ago began suits against Messrs. R. A. & J. Stewart to recover the amount of their indebtedness to the bank. Messrs. Stewart secured an injunction in England restraining them from going on with the suits, on the ground that they had gone into insolvency. They then applied to an Ontario judge to put the injunction into force. The Bank appealed to the Supreme Court of the province but lost the case and then took it to Ottawa, where judgment was given against them two days.—Globe of Wednesday.

NYE IS RIGHT.—Bill Nye, who knows what he says, from past experience, puts it thus to newspaper thieves: "A man may use a wart on the back of his neck for a collar button; ride on the back coach of a railroad train to save the interest of his money until the conductor comes around; tear his watch at night to save war and loss; leave his 'n' o' c' without a dot or cross to save ink; pasture his mother's dog to save corn; but his mother is a gentleman and scholar compared to the fellow who will take a newspaper two or three years, and not think of paying the printer, and when asked to pay for it, puts it into the office and lets it marked 'refused.'"

DEATH OF A WELL-KNOWN LADY.—The death is announced of Madame Mary Ellen Sullivan, Mother Superior of the Halifax Convent. Madame Sullivan was for many years connected with the Sacred Heart Convent in this city and was therefore very well known here. She belonged to St. Stephen, N. B., her father having been Police Magistrate there, and her brother is now the Postmaster at that place. She was in her eighty-third year, a greater portion of the time being spent in St. John. She went to Halifax about two years ago to take charge of the Convent. Madame Sullivan was known to a large number of ladies, many of them now in different parts of the world, in whose education she assisted, all of whom will long hold her in kind remembrance.—Globe.

FAILED AND SKIPPED.—Among the passengers on last night's western express was Mr. James A. Reid, proprietor of the 20th Century Store on Charlotte street and agent of the Tryon Woolen Mills of P. E. Island. Mr. Reid is not expected to return to St. John. A few days ago he made an assignment for the benefit of his creditors to Mr. Thomas F. Sutherland. His debts here are light, aggregating not more than \$1,000, and it is understood some of the creditors are preferred. To Montreal and Quebec parties he owes, it is said, in the vicinity of \$10,000.

TRIP.—The proprietors of the Tryon Mills, and the other interested parties, are expected to leave for Montreal on Saturday night, for the purpose of settling up the affairs of the company. It is believed to be the cause of his failure. Only last week he made some unusually heavy purchases from parties in this city.—Globe.

OBITUARY.—By the death of Thomas G. Richardson, which occurred at his house on Monday, 23rd, Richmond has lost one of its oldest, best known and most worthy citizens. Mr. Richardson was born at Annapolis, Scotland, in the year 1805, and came to this country in 1829, settling at Richmond, where he has since resided. He married Miss McLeod, of Liverpool, Northumberland county. She lived but a short time after the marriage. His second wife was Miss Caroline Hutchings, of Charlotte county, who survives him. He leaves four children: Caleb Richardson, barrister, and Robert Richardson, of Richibucto; Mrs. George Jardine, Kingston and Mrs. Theobald, Chatham. Mr. Richardson was the oldest Mason of Lodge St. Andrew, Richibucto, and has been an honorary member of that lodge for a number of years. He was buried on Wednesday with Masonic honors.—Review.

A RUNAWAY COUPLE.—Detective John King, of the St. John police force, left Chatham on Saturday night, with George

Williams, who was arrested here for abducting Ellen McMillan. The girl was first arrested by policeman Gillis, who found her in a room at a place known as the "Concertina House" with Williams, he having represented to the proprietor of the house that they were husband and wife. Williams was afterwards arrested. Detective King learned that the couple had spent a night at the Brunswick hotel, Moncton, where they also registered as a married couple. The girl will be 15 years of age, but his wife is in Montreal. He is well known in Chatham and vicinity, having frequently followed the business of a peddler of fine hats. The girl told the police authorities here that she induced Williams to leave St. John with her and that she, however, was blameworthy. The story, therefore, will hardly be accepted in the proceedings which have been taken at St. John by her father.

The Spool and Bobbin Industry. NEWCASTLE, N. B., Nov. 19th, 1891. DEAR SIR.—I thank you most sincerely for your kindly notice in a recent issue, but with your permission, would like to suggest an important correction. The operations now being undertaken here are not on my own account, but are in the interests of the American Bobbin, Spool and Shuttle Co., of Boston, who have done me the honor to select me as their representative in this province. This company is active, alive, energetic and pushing, and is, by long odds, the largest in the world in the business. They own and operate over thirty factories in the U. S., and control many others. In fact, the spool business of the world is essentially in their hands.

Marriage of Mr. Robt. Anderson and Miss Benson. The union, on Monday evening, of two of our most popular young townfolk, Mr. R. H. Anderson and Miss Benson, excited a deep interest throughout a wide social circle.

Mr. Chas. D. Manly for a long time manager of the works at Gilead, Maine, assisted by Mr. John Russel, formerly of the Russell Spool Works in Newcastle, will have immediate charge of the practical details of manufacturing at the mills at the Sugar and Oak Brook.

Mr. Wm. E. Skillings, secretary of the Company, was recently here overlooking the ground and expressing himself as greatly pleased, not only with the chance to operate and the general good quality of the wood, but also with the cordiality with which he was received on every hand.

Mr. Wm. E. Skillings, secretary of the Company, was recently here overlooking the ground and expressing himself as greatly pleased, not only with the chance to operate and the general good quality of the wood, but also with the cordiality with which he was received on every hand.

Whisky, Brandy and Gin. THE LARGEST CAPTURE OF THE SEASON ON THE QUEBEC RIVER. QUEBEC, Nov. 17.—The efforts of the Federal Government to suppress smuggling on the lower St. Lawrence are being crowned with success. The newly commissioned revenue cutter, the Dag Dauntless, has just made the biggest capture of the season. About 9 o'clock on Sunday night, when in the vicinity of Grand Island, a suspicious looking vessel was seen beating about.

Mr. Riester has inadvertently, no doubt—unfounded the references of some other paper to the enterprise, with that of the ADVANCE. What we said was "Mr. J. C. Riester has just returned from Boston. The syndicate which he represents has decided to place portable mills," etc. We are glad to know that the enterprise is fully under way, particularly as it will, no doubt, give employment to quite a large number of our people.—Toronto J.

has \$5,000 and the other named offices it is said, have like amounts. The machinery in the works was valued at between \$15,000 and \$20,000; the stock at \$15,000 or \$20,000 and the buildings at about \$20,000; \$15,000 of the \$30,000 insurance was in favor of Mr. Rankine, who holds a mortgage on the whole concern. He is also one of the directors. The origin of the fire is not known.

What a Magazine Costs. A very good idea of the amount of money it costs to successfully conduct one of the magazines of to-day, is aptly illustrated in some figures regarding the editorial cost of The Latest Home Journal of this city, says the Philadelphia Public Ledger.

QUEBEC, Nov. 17.—The efforts of the Federal Government to suppress smuggling on the lower St. Lawrence are being crowned with success. The newly commissioned revenue cutter, the Dag Dauntless, has just made the biggest capture of the season. About 9 o'clock on Sunday night, when in the vicinity of Grand Island, a suspicious looking vessel was seen beating about.

Whisky, Brandy and Gin. THE LARGEST CAPTURE OF THE SEASON ON THE QUEBEC RIVER.
