ST. JOHN BUSINESS COLLEGE.—Those of our readers who are desirous of obtaining a good business training would send to their attention the St. John Business College whose advertisement is to be found in another column of to-day's paper.

FEDERAL ELECTION IN ST. JOHN.—The writ has been issued for a federal election in St. John to fill the vacancy caused by the appointment of Mr. C. N. Skinner to the provincial judgeship.

A LIVELY FIGHT.—A late exchange says that Montague, P. E. I., is a lively shipping port. The shipments of produce daily recently included 17,000 bushels, viz: 11,000 bush. potatoes, 4000 bush. carrots, 2000 bush. turnips, besides carrots and beets and there were 19 vessels loading.

A Blackville Man Abroad.—The Mail, of Custer City, South Dakota, has the following notice of Mr. John L. Scofield, a native of Blackville, but at present a resident of Custer county and a prominent candidate for the office of clerk of the court in that State.

ANOTHER FIRE IN NEWCASTLE.—On the night of Saturday last one of the public school houses in the town of Newcastle was discovered to be on fire, but although every effort was made to save it, the building was burned to the ground.

SPRANG A LEAK AT SEA.—Late telegrams inform us that the steamer Harlow arrived at Halifax last Saturday evening from Newfoundland, having in tow the Norwegian brig Resolute, Capt. Peterson, dead laden, from Dalhousie, N. B., bound for Glasgow.

BACK TO BE HANGED.—We understand that Buck the murderer has given up all hope of a commutation of the death sentence, and is now awaiting execution at Dorchester.

DEATH OF MRS. WHITTAKER.—The Sumner Agricultural Institute informs us that on Tuesday, the 25th October, Mrs. Sarah A. Whittaker, widow of the late Geo. Whittaker, died very suddenly of heart disease at the residence of Mr. Charles W. Strong, collector of customs at Summerside, where she had been residing since the death of her husband, and Mrs. Strong being sisters. She told Mrs. Strong that morning that she did not feel quite as well as usual; still, she ate a hearty breakfast, but shortly afterwards she complained of a terrible pain about her heart.

AN OLD RESIDENT GONE.—By the death of Mr. Richard Blake which took place on Saturday last, Chatham loses an old and respected citizen. Mr. Blake was a native of England, and when quite a youth—some fifty-eight years ago—came to this county with his father. From that time to his death he lived in Chatham. For many years he carried on the boat building business and constructed some of the handsomest and smartest small steamers and sail boats that have sailed upon the Miramichi. He had an attack of influenza last winter from the

evil effect of which he never fully recovered. On Tuesday of last week he had another attack and died on Saturday.

REMOVAL OF THE HARRIS WORKS.—The Amherst correspondent of the Halifax Chronicle telegraphs that paper: A representative meeting of the business men of Amherst was held Wednesday night to consider the matter of removing the car works of James Harris & Co. from St. John to Amherst and amalgamating them with Rhodes, Curry & Co.'s establishment here.

A NARROW ESCAPE FROM DEATH.—Captain Graham and the first and second mates of the barque Armenia, which is owned by Mr. Hutchinson of Douglasfield, were nearly suffocated with gas from a coal stove on the night of Monday last. It appears that the vessel arrived from sea on Monday evening, and after the officers had seen that she was safely moored at the wharf, they returned to the cabin, and as it was cold, kindled a good fire in the coal stove.

BRITISH COLUMBIA SEALERS.—According to official reports 65 British Columbia sealers cleared for the sealing ground this season. They were 250 hunting 952 white men and 491 Indians. The sealers carried 273 boats and 250 hunting dogs. The total catch was—Lowest coast, 4,579; upper coast, 24,582; Atlantic, 14,905; casual, 1,500. Total, 40,566.

TRUE BILLS AGAINST THE CONSPIRATORS TO DEFRAUD.—At the County Court of St. John on the 25th inst., the grand jury returned true bills against C. B. Welton, Dr. Randall and A. Read, on charge of conspiracy to defraud, and also a bill against C. B. Welton, Dr. Randall and A. Read on a charge of conspiracy to defraud. These are the gravest insurance cases, so called. There yet remain several indictments to be considered in these charges.

ENGLISH POLITICS.—Rumors are current in London regarding a Ministerial mutiny against the G. O. M. Lord Rosebery, Mr. Asquith and Mr. Fowler are said to be the malcontents. The mutiny with the fighting member of the Cabinet, Sir William Harcourt, placed in the background by his eyesight trouble, Mr. Gladstone will be in a rather difficult position.

THE HALIFAX CONFERENCE.—The Newfoundland delegates leave St. John on Nov. 2nd, to attend the conference with the Dominion government, which will be held at Halifax on or about Nov. 5th. The trade and fishery disputes are to be settled by an amicable arrangement; and, though no official announcement is made, it is generally believed that the subject of confederation will be considered in an informal manner.

THE BEIRING SEA SEIZURES.—Lord Rosebery acted with commendable vigor in the matter of the Russian seizures in the Behring Sea. The British man-of-war dispatched from Victoria, B. C., has effected the release of the Canadian sailors from their Russian prison, and placed them on board the C. P. R. steamer Yokohama which is shortly due at Victoria. Quick work, that!

ONE MONTH IN JAIL FOR BIGAMY.—At Halifax, on Saturday last, Judge Johnson sentenced Mrs. Doyle-Chapman of Prepper murder fame, to one month in jail for a bigamous marriage. She is about to become a mother and it is not surprising as well as other extenuating circumstances that caused him to make the sentence so light.

A GIANTIC LAKE SUIT.—TORONTO, Oct. 26.—A Buffalo, N. Y., dispatch says that in the supreme court in that city will be begun to-day one of the most important railroad suits ever on the calendar. It involves something over \$2,000,000 worth of real estate now occupied by railroads and land on both sides of the river on which rests the International bridge, over which the Grand Trunk railway passes in Canada. If the suit is won by the plaintiff it will entirely sever Canada's direct railroad connections with Buffalo.

CANADA AND FRANCE.—LONDON, Oct. 25.—Sir Charles Tupper has been appointed a British plenipotentiary with Lord Dufferin, the British Minister at Paris, to negotiate a commercial treaty between France and Canada. The French Government has expressed its readiness to consider the question immediately. Canadian goods are now admitted into France on the minimum tariff, while the goods of other countries, such as Norwegian and Swedish lumber, competing with the products of Canada's forests, enjoy the minimum tariff. Canada desires the minimum tariff too.

SENT TO THE PENITENTIARY.—A few weeks ago Capt. Warren Baker was sent to the penitentiary for wrecking the schooner Seven Brothers. It was stated during the trial that he was induced to wreck the vessel by her owner, A. J. McDonald of Port Hood. The day after he was removed to the penitentiary an alleged statement by Baker was published completely exonerating McDonald. The prisoner now writes from Dorchester that said statement is false in every particular. He states that he was induced to sign it by one McNeil, McDonald's brother-in-law, without reading it, on the pretence that it would secure the prisoner's release.

COUNTY TREASURER DOMINION BILLS.—OTTAWA, Oct. 25.—Major Sherwood, commissioner of Dominion bills, has received from Buffalo a counterfeit Dominion ten dollar bill, issue of 1882. It is printed from a wood cut and the execution is very poor, so detection is very easy. The words, "The bearer in the line" will pay the bearer, under the Dominion of Canada, are missing in the counterfeit, and also the words "for Minister of Finance," under the signature of Mr. J. M. Courtney, and the word "counterfeit" after the signature of L. L. Sutton. The numbers on the counterfeit are purple, while those on the genuine are blue. The latter work is hardly perceptible.

ARRIVAL OF MARINES AND SUBMARINE AT HALIFAX FOR THE PACIFIC.—HALIFAX, Oct. 28.—H. M. S. Tyne, with the crews for the west, to go by the C. E. railway, arrived this morning from Pictou, and on board the ship were brought 23 men and 421 men. The crews are for the cruiser Hyacinthe and the sloop Dolphin for foreign service. The crews from the west will arrive to-morrow evening, and will be detained at Bedford until Monday morning, when they will come to the city and embark on the Tyne. The crews which arrived this morning will leave here

Monday evening. There will be several colonist cars, baggage cars, kitchen car and two sleepers, and these will be divided into two special trains.

A GENEROUS VOTE.—The New Zealand Legislature has just voted \$3,000 to the widow and family of the late Premier, Sir Harry Atkinson. Not many years ago the New South Wales Parliament gave a lump sum of £10,000 to the veteran politician—since dead—Sir John Robertson. Our Australian brethren appear to reverse the old adage about there being no gratitude in politics or political life.

ELEPHANTS FIGHT.—PERTH, IND., Oct. 25.—A battle royal occurred yesterday at Wallace's winter quarters, two miles east of this city, in which five mammoth elephants were the participants. For some time an enmity had existed between Prince and Diamond, two great beasts of the herd, which culminated during the absence of Keeper Sweeney. Diamond, who weighs 16,000 lbs., was the aggressor, but Prince was not to be outdone in breaking his trunk and fairly crowding him through the heavy brick wall of the building, which fell upon them. All the elephants broke loose from their chains and engaged in the melee. For half an hour pandemonium reigned. Quiet was finally restored, but not before the elephants were badly hurt. The place presented the appearance of a slaughter house. The noise could be heard for a mile.

RESULTS OF HIGH TARIFF.—The frequent arrests of opium smugglers on the United States frontier give some indication of the extent to which this business is carried on. In the early days of trade restriction smugglers saved the people from many of the worst results of their folly. The success of contraband merchants led to the modification of many oppressive restraints on commerce. To smuggling is due the practical abolition of the American protective duty on jewellery, and the success of contraband traffic may lead to a lowering of the unreasonable tariff now imposed on many druggists' supplies.

BRITISH TRADE WITH AMERICA.—LONDON, Oct. 26.—A meeting of the London Chamber of Commerce was held to-day at which the Rt. Hon. Sir John Lubbock, president of the chamber, occupied the chair. Sir John delivered an address in which he dwelt upon the unsatisfactory state of trade, which, however, he declared had not been affected by the McKinley tariff to the extent that was expected. British trade with America, he said, had declined less than it did with other countries. The greatest sufferers were the Americans, who felt the pinch more acutely than did the British. Canadian exporters, Sir John added, were in a condition of commercial paralysis that could not be indefinitely prolonged. The McKinley bill constituted a grand opportunity for Canada. This bill had placed American farmers at a disadvantage. If Canada profited by the position and lowered her import duties her merchants would be benefited because many British products required in the west would inevitably find their way through Canada and across the border without paying the heavy customs dues. Sir John declared that bi-metalism would never be adopted by Great Britain, as it would be impossible to fix a rate of value.

Young Men's Christian Association of Chatham.—Meetings held every week in their rooms upstairs, at the home of Mr. J. H. Jones, on Sunday morning at 10 o'clock, for Prayer and Praise.
