## M ramicai and the North Shore, etc.

Mowatt's New MILL at Dalhousie is approaching completion.

INCH ARRAN:- It is said that the Inch Arran Hotel at Dalhousie will not be open to guests during the coming summer.

The best way to avoid scalp diseases, hai falling out, and premature baidness is to use the best preventive known for that purpose, Hall's Hair Renewer.

SHINGLES: - Mr. John McDonald has pur chased the Shingle Machine owned by Mr. W. S. Loggie and intends running the it in connection with his tactory. See his advt for shingle wood in an other column.

BLACKVILLE:-Richard Staples went to Blackvitte on Friday to superintend the work of putting a refuse carrier in Mr. Gibson's sawmill at that place. It will do the work of five men and will be a saving to that amount.-F'tou Herald.

A SENSIBLE MOOSE: -On Wednesday morning of last week dogs chased a moose into the ya d of a lumber camp at Stilee, N. S., where it laid down tired out and was easily captured by the lumbermen. It is being kept alive in the camp

CALHOLIC CHURCH BURNED: -A special despatch from Cocaine, Kent Co., says that St. Antoine's Catholic church, at that place has been totally destroyed by fire. The church was worth about \$5000. It was in sured for \$1200,

A KEEN CURLER: - Alex. Gibson - the famous New Baunswick lumber and cotton manufacturer - is one of the keenest curlers in the province, although he has but recently become a player. The Fredericton Farmer says he is going to have th Marysville rink lighted by electricity.

Good WRITING: -Mr. Edwd. Johnson has the best known for bookeepers and business correspondence, having a fine but easy running point, just sufficiently fl xible to pretty writing, and more durable than any other pen in the market. It is especi fly designed for schools, because of its clean

THE FAIRWEATHER DRAMATIC COMPANY played at Masonic Hall, Chatham, on Mon day and Tuesday evenings. The first night drama was not as good as that of the second night, but the organization is quite a capable one and certainly deserves better treatment than the Moucton Times gave it. Much worse companies have been highly praised by that paper, simply because they left more dollars at the Times' office.

SHOCKING DEATH :- At Moncton on Tuesday of last week, Geo. Dixon, aged 65, a workman in Fawcett's grist mill, was accidentally ki led. He was missed and on a fellow-workman going to the second floor of the mill, he was found with his clothing tightly wound round the vertical shaft. He was standing up facing the shaft. His legs and arms were broken to jelly and wound round the shaft like a rope. Dixon had been whirled round the shaft for 20

A Good Joke is told by one of our local humorist in which he happened to be one the principals, and it goes thus: A citizen of the town in talking to the humorist previous to the entertainment in the Masonic Hall on St. Patrick's evening, says, "I believe Robert Emmet is to be in the Masonic Hair to-night and I am told he is a great actor,' "Oh," said the humorist, "you must be be joking. Why the man is dead about a hundred years." "Oh no," said the citizen 41 saw it in the ADVANCE and it must be " true." It was some time before the humoris could convince him of his mistake and when he did they both enjoyed the j ke.

INCENDIARISM : -Sackville advices of Moo day last state that there is great excitemen there over two attempts to burn the Com mercial College in connection with th Institution. On Thursday evening fire was set, but soon discovered and put out, but of Friday evening another determined effor was made by pouring oil over the cellar steps and setting fire to it, the fire when dis covered had gained considerable headway and was with great difficulty put out. Th-Building is very much damaged. Ar investigation was held on Saturday. A student by the name of Marr, who has not been in good health during the winter went raving crazy during the fire and afterwards it took six

A PITIFUL STORY:-An old gray-haired man told a pitiful tale at the union depot last night, of treatment received at the hauds of the Capt. Campbell who is being sought by the police for obtaining goods under false pretences. The old man ap plied for a free ticket to Miramichi, where he said his home was, and said that the police magistrate had recommended him to go to the depot and get a pass. He stated that Capt. Campbell had hired him as cook for a vessel, ane after getting all his money had deserted him. The man was recommend ed to seek shelter at the police station, bu did not apply there during the night. His story is not believed. -Telegraph of 22nd.

THE CIRCUIT COURT, presided over by Mr. Justice King met at Newcastle on Tuesday. In the case of Cyrus McLean, charged with purjury, the grand jury found no bill. The wivil suit-Merchant's Bank vs Fergusonwas settled.

The case of Muirhead vs Dick-arising out of the Miramichi Foundry mortgage transactions - was before the court yesterday. The Doaktown case of Harvie Doak against Robert Swins, -arising out of a slanderous statement of the latter against the former, in connection with the incendiary fire which burned the Swim store some two years ago-was settled by Mr. Swin paying 600 dam ges, and costs in the suit

THE LUMBER BUSINESS is not looked forward to this spring as presenting very encouraging prospects, but there is no shipped from St. John dur-States markets the demand has set in a province at the present day who thought \$630,000. There were receipts than usual and if it only that such a union would have been higher. The band of the Society which we had ceasion to make very favorable reference to short time ago, played around town in the afternoon and in front of the hall in the evening and rendered first-class music.

## Young Men's Christian Association of Chatham.

Meetings held every week in their rooms ip-stairs, Barry's Building, as follows :-Sunday morning at 10 o'clock, for Prayer Monday evening at 8 o'clock, for Bible Tuesday evening at 8 o'clock, for Training

All young men are most cordially invited to all of these meetings.

Local Legislature. FREDERICTON, March 16-Mr. Burchill

union. Previous to confederation, he said, this question had been discussed in the New B unswick Legislature, having first come up n 1864, when a proposition was received rom the Legislature of Nova Scotia by the Legislature of New Brunswick and Prince Edward Island, for the appointment of delegates to arrange preliminaries of union. Later in the same session, on 9th of April, a resolution moved by Mr. Tilley was passed requesting the Lieutenant-Governor to appoint delegates, not to exceed five in number to confer withthe delegates from other provinces. The resolution was passed and a favorable reply received from the Governor.

THE FIRST ATTEMPT. The delegates met at Charlottetown, but in the meantime questions had arisen of excep tional difficulty between the previnces of old Canada, and delegates from that quarter came down and met with the maritime representatives at Charlotteeown, and the question of union of the Maritime Provinces was swallowed in the larger one of union of been large annual deficits. all the provinces of British America. Then Nova Scotia had immense coal areas; They forget that millions of dollars were farming areas on the continent, and New ands of people were dependent upon it for vet, undeveloped mineral wealth. United was closed down our population instead of

In conclusion, Mr. Mitchell said it was clear that the revenue of the province was not sufficient to meet the expenditures of the present time or of the immediate future. He might enlarge upon the necessity that existed of doing more for the agricultural interests than was now being done, but Prince Edward Island is desirable and would that would be to repeat what had already been well enforced upon the attention of the house. No matter what party was in power in this province the quesiton before them now would be: How are you going to keep up the equilibrium between income and expenditure? Are you going to cut down the grants to our public services, our bye-roads, schools, or hospitals, or are you going to resort to some other method of raising a

MR. HANINGTON'S OBJECTS AND IS SQUELCHED. Mr. Hanington submitted that the resolu-"Whereas, The expectations with which tion, involving as it did, direct taxation, should have been preceded by a message from the governor; secondly, that this was vield at least \$30,000 additional revenue by not the resolution tabled the other day, and

Hon. Mr. Blair claimed that the authorities relied on by Mr. Hanington clearly referred to cases of approbation of public money and not to the levying of a tax. He admitted that the resolution was a new one This, however, was not an ordinary committee of supply. It was a committee of ways and means for raising the supply to be granted her majesty. There was no limitation to the power of that committee so far as the introduction of resolutions was concern-

After a lengthy discussion the point was referred to the speaker, who decided against the objection on both branches. Mr. Hanington said that the subject now before the house having been quite freely discussed in the debate on the budget, it would not be necessary that he should address the committee at the length he would otherwise have done. The committee now stood in a relation to the public that it had never bewithin the province and enjoying therein fore occupied in the history of the province, namely, that upon it, as upon the house, would rest the responsibility or otherwise of introducing direct taxation upon the people in one of its most obnoxious forms. He then went on to critcize the position of the government speaking until recess. Resuming after recess, he talked against time, assailing Senator Snowball, drawing lessons from the downfall of Mercier and ex the last census and to the fact that New patiating on "Selick and the bear." He had exhausted the house and himself by

> "Resolved, That while this committee anproves of every possible aid being granted to encourage and advance the dairy and other farming interests of the province and to construct and maintain all necessary public works and services, we believe that with an economical and efficient management of

public affairs by the executive government, such aid can be secured without resort to the establishment of a system of direct taxa-Hon. Mr; Pugsley followed in defence of al sum of one half of one per centum upon the government's policy. Dr. Alward spoke next, condemning the resolution, which, he contended, provided

At 12 45 the committee rose to resume THE BALCOM DRAFT.

FREDERICTON, March, 18-The subject of

"the Balcom draft" was brought up by resolution of Mr. Phinney, discussed at great length and referred to a committee. The amount of this draft was \$437. It was drawn through the public works department, the money for it obtained by Mr. Quinton ex.M. P. P. and reported as expended in 1890, in the Public Works Report, although use of the public within the province of an highest proportion being 1 in 4.13 in Kings, it was not expended until 1891. During the debate, Hon. Mr. Ryan, said

that he might perhaps again give a history of this case, as the facts were made known to the public works department, Mr, Bal com sent the draft here. He did not bring it himself, but sent it by Mr. Quinton. The latter got the money on the draft of Mr. Balcom and took it down, as he supposed, to Mr. Balcom. He (Ryan) heard nothing more of the matter until it appeared the accounts in connexion with the expenditure for cutting down a hill. Some attention was directed to the matter and he sent for Mr Balcom. The latter came here, but he (Ryan), being ill, did not see him. Mr. Balcom, it seems, went before the public accounts committee and the papers reported \$500." that he said he had not got the money. Atter going back to St. John Mr. Balcom wrote that he had the money and would account for it in his next returns. He (Ryan) was not satisfied with this explanation, He had given these figures to show that the neither was the attorney general, and it was resolved to hold an investigation. It was, ary; that the expanditure cannot be kept up | therefore, decided that the auditor general should go to St. John and examine Mr. Bal-In the following year, 1866, resolutions had be had to some other source of revenus if com under oath. mile, in the discretion of the governor in an annual license fee or tax payable to the receiver-general upon all trust or loan companies or associations doing business within the province not exceeding \$250 each, in the discretion of the governor in conneil. "Resolved, That it is expedient to impose an annual license fee or tax payable to present at examination for license was 224. the receiver general upon every telegraph or other company working a telegraph live for he use of the public within the provinces of

Mr. Hanington said he would not divid the committee on any of the resolutions in the absence of several members, and view of the fact that members would have a right to vote on them when they came before the house a few days later. Answering Messes. Hanington and Phinney, Hon. Mr. Mitchell said it was expected

to realize \$4,000 yearly from the tax on life insurange companies. Messrs, Hanington, Phinney and Powell opposed tax on marine insurance companies. Shipping property was a poor paying investment now and this tax should not be im-

10 per cent. commission on first risks; in was not intended to proceed further with view of that fact the proposed tax of one- that resolution at the present time. He half per cent. was very small. Hon. Mr. Mitchell said it was expected 11 be read a first time. Carried. Mr. to realize from \$500 to \$1,000 from this Blalr explained that owing to additional in-

BILLS INTRODUCED.

FARMS

Manitoba, Assiniboia, Alberta, Saskatchewan.

THE Government give one quarter section (160 acres) free to every bonande settler. A second quarter section can be pre empted by The Canadian Pacific Railway Company has a large quantity of the best farming lands for sale at \$3,00 PER ACRE, with easy terms

In Manitoba, 2,000,000 Acres; In Assiniboia, 4,000,000 Acres; In Alberta, 3,000,000 Acres,

UNDER THE TEN YEARS' CREDIT PLAN, the purchaser pays only one-tenth of the purchase money in cash; the balance is payable in nine annual instalments with interest at only 6 per

SPECIAL TERMS FOR FARMERS. 1892.

To enable Farmers to meet their payments from the products of the land, they can have their instalments fall due in each year after

REDUCED PRICES. The Company are making special efforts to secure the settlement of their lands, and are offering a REDUCTION in the price of those

ted at \$4 per acre and upwards; in most eases amounting to FROM 25 TO 33 PER CENT. Do not purchase Lands until you know OUR PRICES and TERMS. If you do not intend purchasing write for the NEW PURLI CATIONS just issued by the Company. These will show you how and where to

SECURE A FREE HOMESTEAD OF 160 ACRES.

Mr. Hanington's amendment was then put | And give you facts regarding successful Farmers that will surprise you.

The Canadian Northwest has the most productive soil in the world. Its wheat fetches the highest price; its live cattle are admitted to the English markets, while United States cattle are not. There is a market for the farmer at every station; and there are schools and churches wherever there are settlers. It is not subject to drought nor floods, to grasshoppers or to cyclones or tornadoes. Ask any Canadian Pacific Railway agent for books and maps concerning it; ask for 'Farming and Ranching in Western Canada, or the 'Free Farms' map, or "Actual Experience" and read the testimony of men who have gone there from Eastern Cauada. Young women are in great demand; they find occupation as domestics directly they arrive, and readily get married to prosperous young farmers. Young men or young women can start life there almost without money. They make the money there; an independence is gained in a very few years by the

The old settlers of New Brunswick should use their influence with the young men who intend emigrating to keep them within the Dominion, where they are offered better advantages than in the United States and do not lose their nationality. Lose no time in getting to the West and choosing your location. First come, first served.

In the matter of curatives what you want is something that will do its work while you continue to do yours -a remedy that will give you no inconvenience nor interfere with your business. Such a remedy is HACKNOMORE. This medicine is not an experiment; it has been in use for over two years, and its value has been attested by voluntary testimonials from those who have used it. HACKNOMORE is absolutely harmless. It requires no change of diet, and is so pure that the youngest, the oldest, the most
