A Saratoga Co. Miracle. HELPLESS FOR YEARS AND EXCLUDED FROM HOSPITALS AS INCURABLE.

THE REMARKABLE EXPERIENCE OF CHAS QUANT AS INVESTIGATED BY AN ALBANY (N. Y.) JOURNAL REPORTER--A STORY OF SURPASSING INTEREST.

(Alabany, N. Y. Journal March 4th.) SARATOGA, March 4th. - For some time town. My stomach trouble is gone; I have past there have been reports here and elsewhere in Saratoga county of a most remarkable-indeed, so remarkable as to be miraculous -cure of a most severe case of locomotor ataxia, or creeping paralysis, simply by the use of a popular remedy known as 'Pink | they saved my life afrer all the doctors had Pills for Pale People,' prepared and put up given me up as incurable.' by Dr. Williams Medical Company, Morristown N. Y. and Brockville Ont. The Story | wonderful cure of Mr. Quant by the Pink was to the effect that Mr. Chas Quant, of Pill for Pale People, are using Galaway, who for the last six or eight years | them. Frederick Sexton, a sufferer from has been a great sufferer from creeping rehumatism, said he was finding great paralysis and its attendant ills, and who had benefit from their use, and Mr. Schultz, who become utterly powerless of all self-help, had, who had suffered from chronic dysentery for by the use of a few box of the Pink Pills for | years said he had taken two boxes of the Pale People, been so fully restored to health | pills and was already cured. as to be able to walk about the street without the aid of crutches. The fame of this wonderful, miraculous cure was so great that the Evening Journal reporter thought it | sults.

Quant was easily found, for every body to be overflowing with satisfaction at his cure and restoration to the activities of enterprising citizenship, for Mr. Quant, induced the reporter to make further Quant was born in Galaway and had spent enquiries concerning them, and he ascertainmost of his life there. Mr. Quant was found | ed that they are not a patent medicine in the at his pretty home, on a pleasent street sense in which that term is generally used, nearly opposite the academy. About eight years ago I began to feel distress in my stomach and consulted several doctors about it. They all said it was dyspepsia, and for dyspepsia I was treated by various doctors in different places, and took all the patent medicines I could hear of that claimed to be a cure for dyspepsia, But I continued to grow gradually worse for four years. Then I began to have pain in the back and legs and become concious that my legs were getting weak and my step unsteady, and then I staggered when I walked. Having received no benefit from the use of patent medicines, and feeling that I was constantly growing worse, I then, upon advice began the use of electric belts, pads and all the many different kinds of electric applications I could hear of, and spent hundreds of dollars for them but they did me no good. (Here Mr. Quant showed the Journal reporter an electric suit of underwear for which he paid \$124.) In the fall of 1888 the doctors advised a change of climate, so I went to Atlanta, Ga., and acted as agent for the Estey Organ Company. While there I took a thorough electric treatment, but it only seemed to aggravate my disease, and the only relief I could get from the sharp and distressing pains was to take morphine. The pain was so intense at times that it seemed as though I could not stand it, and I almost longed for death as the only but with the blood maintained in a state of was drawn to one side, so that I had double sight and was dizzy. My trouble so affected my whole nervous system that I had to give up business. Then I returned to New York and went to the Roosevelt hospital, where for four months I was treated by specialists and they pronounced my case locomotor ataxia and incurable. After I had been under treatment by Prof. Starr and Dr. Ware for four months, they told me they had done all they could for me. Then ! went to New York hospital on Fifteenth street, where, upon examination they said I was incurable and would not take me in At the presbyterian hospital they examined me and told me the same thing. In March, 1890, I was taken to St. Peter's hospital in Albany, where Prof. H. H. Hun frankly told my wife my case was hopless; that he could do nothing for me and that she had better take me back home and save my money. But I wanted to make a trial of Prof. Hun's famous skill and I remained under his treat ment, for nine weeks but secured no benefit All this time I had been growing worse. I had become entirely paralyzed from my waist down and had partly lost control of my hands. The pain was terrible; my legs felt as though they were freezing and my stomach would not retain food, and I fell away to 120 pounds. In the Albany hospital they pu 17 big burns on my back with red hot irons and after a few days they put 14 more burns on and treated me with electricity, but I got worse rather than better: lost control of my bowels and water, and upon advice of the doctor, who said there was no hope for me. I was brought home, where it was thought that death would soon come to relieve me of my sufferings. Last September, while in this helpless and suffering condition, a friend of mine in Hamilton Ont., call my attention to the statement of one John Marshall.

whose case had been similar to my own, and had been cured by the use of Dr. Wi liams' Pink Pills for Paie People. It Leads The Loaders.

The foremost medicine of the day, Burdock Blood Bitters, is a purely vegetable compound possessing perfect regulating powers over all the organs of the system and controling their secretions. It so purifies the blood that it cures all blood humors and diseases from a common pimple to the worst scrofulous sore, and this combined with its unrivalled regulating, cleansing and purifying influence on the secretions of the liver, kidneys, bowels, and skin, renders it unequalled as a cure for all diseases of the skin. From one to two bottles will cure boils, pimples, blotches, nettle rash, scurf, tetter, and all the simple forms of skin disease. From two to four bottles will cure salt rheum or eczema, shingles, erysipelas, ulcers, abscesses, running sores, and all skin eruptions. It is noticeable that sufferers from skin diseases are nearly always aggravated by intolerable itching, but this quickly subsides on the removal of the disease by B. B. B. Passing on to graver yet prevalent diseases such as scrofulous swellings, humors and scrofula, we have undoubted proof that from three to six bottles used internally and by outward application (diluted if the skin is broken) to the affected parts, will effect a WILD CHERRY COUGH SYRUP cure. I have made the foregoing changes in the business of the ADVANCE TORRYBURN CORNER, WATER ST., CHATHAM

The first is because many patrons who have been given credit, have abused the privilege to such an extent as to make the business of publishing the paper a non-paying one, and it is necessary, in my own interest and that of those who do pay, that I should no longer continue to furnish the AD JANCE to those non-paying subscribers. The second reason is that I wish to meet the competition of the city weeklies, which are made up from the type of the dailies and, therefore, cost little for production in comparison with a local paper like the ADVANCE, the type of which must be set up especially Oranges, Lemons and Grapes

Having published the ADVANCE for sixteen years, and endeavored to make it a creditable representative of Miramichi and North Shore enterprise—a paper which may be taken into any household without TRACTS AND SPICES A SPECIALITY, fear that it has catered to sensationalism at the sacrifice of that cleanliness of matter, which is too often neglected by the press of the day-I have reason to hope the foregoing announcement will meet with Raisins and Currants, Citron and general approval and be the means of largely increasing the circulation and influence of the paper.
