When asked about it Mr. Northrop fully verified the statement, and not only so, but he had taken pains to inform any one who was suffering in a similar manner who was suffering of any such case. Mr. Northrop was enthusiastic in the result in his own case of Dr. Williams' Pink Pills. It was a remedy that he had heard of after he had tried everything he could hope to give him relief. He had been in the care of the best physicians who did all they could to alleviate his terrible malady, but without any avail. He had given up hope, when a friend in Lockport, N. Y., wrote him of the case of a person there who had been cured in similar circumstances by Dr. Williams' Pink Pills for Pale People. The person cured at Lockport had obtained his information respecting Dr. Williams' Pink Pills from an article published in the Hamilton, Ont., Times. The case was called "The Hamilton Miracle" and told the story of a man in that city who, after almost incredible suffering, was pronounced incurable by the best physicians in the city. He was permanently disabled. He had spent hundreds of dollars in all sorts of treatment and appliances only to be told in the end that there was no hope for him, and that cure was impossible. The person alluded to (Mr. John Marshall, of 25 Little William St., Hamilton, Ont.) was a member of the Royal Templars of Temperance, and after having been pronounced permanently disabled and incurable by the physicians, was paid the \$1,000 disability insurance provided by the order for its members in such cases. For years Mr. Marshall had been a hearty help, and was barely able to drag his feeble frame around his house with the aid of crutches. His agonies were almost unbearable and life was a burden to him, when at last relief came. Some months after he had been paid the disability claim he heard of Dr. Williams' Pink Pills and was induced to try them. The result was miraculous; almost from the outset an improvement was noticed, and in a few months the man whose medical experts had said was incurable, was going about the city healthier and stronger than before. Mr. Marshall was so well known in Hamilton that all the city newspapers wrote up his wonderful recovery in detail, and it was, as before stated, that Mr. Northrop came into possession of the information that led to his equally marvelous recovery. One could scarcely conceive a cure more hopeless than that of Mr. Northrop. His injury came about in this way: One day about four years ago, he stumbled and fell the full length of a steep flight of stairs which was at the rear of his store. His head and spine were severely injured. He was picked up and taken to his home, where he lay for several days, and then, as the spirit of the most strenuous efforts of friends and physicians, the terrible ailment fastened itself upon him. For nearly two years he was perfectly helpless. He could do nothing to support his strength in the least effort. He had to be wheeled about in an invalid's chair. He was weak, pale, and fast sinking when his timely information came that verily snatched him from the jaws of death. Those who at that time saw a feeble old man wheeled into his store on an invalid's chair, would not recognize the man now, so great is the change. When Mr. Northrop learned of the remedy that had cured Mr. Marshall in Hamilton, and the person in Lockport, he procured a supply of Dr. Williams' Pink Pills through Messrs. Basset & L'Honnelle, 95 Woodland Avenue, and from the outset had an improvement. He faithfully adhered to the use of the remedy until now he is completely restored. Mr. Northrop declares that there can be no doubt as to Pink Pills being the cause of his restoration to health, as when he took a mission going from his store, until at last it was declared there was no hope for him and he was pronounced incurable. He was in this terrible condition when he began to use Dr. Williams' Pink Pills, and they have restored him to health.

Mr. Northrop was asked what was claimed for this wonderful remedy, and replied that he understood the proprietors claimed it to be a blood purifier and nerve restorer; supplying in a condensed form all the elements necessary to enrich the blood, restore the nerve force and drive out disease. It is claimed by the proprietors that Pink Pills will cure paralysis, rheumatism, sciatica, distention of the heart, headache, and all diseases peculiar to females, loss of appetite, dizziness, sleeplessness, loss of memory, and all issues arising from overwork, mental worry, loss of vital force, etc. "I want to say," said Mr. Northrop, "that I don't have much faith in patent medicines, but I cannot say too much in favor of Dr. Williams' Pink Pills. This proprietary medicine in the end up and taken to a patient in need, but a highly scientific preparation, the result of years of careful study and experiment on the part of the proprietors in private practice for years before being placed for general sale. Mr. Northrop declares that he is a living example that there is nothing to equal these pills as a cure for nerve diseases. On inquiry the writer found that these pills were manufactured by Dr. Williams' Medical Co., Brockville, Ont., and are sold in boxes (never in bulk by the hundred) for 50 cents, and may be had of all druggists or direct by mail from Dr. Williams' Medical Co., from either above address. The price at which these pills are sold makes a course of treatment with them comparatively inexpensive as compared with other remedies, or medical treatment. This case is one of the most remarkable on record, and is as it is one right here in Detroit and a thousand miles away, it can be easily verified. Mr. Northrop is very well known to the people of Detroit, and he says he is only too glad to testify of the marvelous cure wrought in his case. He says he is contented by his duty to help all who are similarly afflicted by any way he can say in behalf of the wonderful efficacy of Dr. Williams' Pink Pills. If any of the News readers want any further information, we feel sure Mr. Northrop would willingly oblige them, as he has the writer in relating these facts to him.

At Parliament Building.
Our local legislature will meet in a short time and the repairs on the parliament building are being rapidly pushed ahead. All will admit that repairs were needed and all will be pleased with the work. There have been changes made in the gallery and in the entrance, the members' cloak room is now being accessible to the ordinary mortal. There is a neat metal rail along the foot of the gallery instead of the late heavy carriage-some one. Fred Winars who has charge of the painting is doing the work well, shades of pink and mauve being the principal colors used in the entrance and lobbies. The legislative chamber is being made very beautiful, the plans for this room being designed by Lady Tilly who visited the room on Thursday afternoon for the purpose.

As a cure for paralysis, sciatica, rheumatism, female troubles, such as suppurating bearing down pains, etc., general debility and that tired feeling peculiar to so many, Dr. Williams' Pink Pills stand unrivaled. Beware of imitations and substitutes. Sold by all druggists or sent by mail post paid, on receipt of price—50 cents a box—The Dr. Williams' Medical Co., Brockville, Ont.

Miramichi and the North Shore, etc.

Mrs. COLLINGWOOD SCHREIBER died suddenly at her residence, Ottawa, on Monday last, of heart disease.

Rev. Dr. BURNS has resigned the pastorate of Fort Massey Presbyterian church, Halifax. He is only slightly recovering from the recent paralytic stroke.

A SCOTT ACT REPEAL ELECTION was held in St. John parish outside of the city on Tuesday and resulted in the defeat of the Act by nearly 200 votes.

MILL BURNED.—Messrs. F. E. & R. Sams' saw steam mill at Stanley was burned to the ground yesterday. All its contents were destroyed. A carload of shingles was also burned.

U. S. CONSULAR AGENT.—Mr. Charles Murray has been appointed deputy consular agent for the United States at Campbellton in place of Mr. John McAllister, who resigns.

THE ICE CROP is not so good hereabouts as usual. Mr. McEwan, who supplies the best ice on the Miramichi for household use, from the Lamont mill pond, says it is not much more than a foot thick.

THE SOCIETY EVENT of the season in Chatham, was the ball given by the bachelors of the Clifton House, on Tuesday evening. It was a success in every particular and the forty or fifty guests present have a very high opinion of "bachelor's hall."

THE SLEET FISHING: A despatch from the Minister of Fisheries to Mr. R. Adams, received at five o'clock yesterday evening, just as we were going to press, states that on representations made by Hon. M. Adams, M. P., sleet-fishing on the Miramichi is extended until last March.

NICKEL MINES BOUND.—The nickel property at St. Stephen, owned by J. A. Carroll and W. F. Best, has been bound to parties in England who will send a mining expert over in March to report upon it. This is a part of the famous Eben Hall property, over which some of the local opposition papers were so badly sold a few months ago.

HAY.—A Sackville despatch says: "Although hay is very scarce, Thomas Patterson and Anderson Bros., shipped last week three carloads to Halifax. The farmers say that there is not one half as much hay stacked on the marshes now as there was this time last year. English hay sells readily for \$12 per ton."

ACCIDENT TO CONDUCTOR IRVING.—I. C. R. Conductor William Irving was painfully injured in the Newcastle yard, last Friday. He was on top of a car of wood of which a flying shunt was being made. When the car struck another, the stakes broke and the load of wood collapsed. In the fall Conductor Irving was severely shaken and badly bruised about the shoulders and chest.

BUILDING IN ST. JOHN.—The report of Mr. Maher, Building Inspector of St. John shows that the number of building permits issued during the last year was 92; 72 for wood or brick buildings costing \$35,110, and 20 of brick or stone, costing \$96,700, making a total of \$131,810. Last year the new buildings erected in the city (west side of the harbor not included) cost \$199,070, and in 1889 cost \$184,060.

A FOX made his appearance on the Miramichi opposite Chatham on Sunday and Mr. Joseph Gilmore of the ferry service, went gunning after it. He shot it at a point below Mill Cove.

FOXES are often seen about Moorfield. They prowl about the river every night, attracted by the smelts left on the ice by fishermen.

DEATH OF THOMAS COGON.—The death occurred yesterday of Thomas Cogon, a native of Lincolnshire, Eng., who has been a resident of Moncton for some eight or nine years. The deceased came to this country about 36 years ago, first settling in St. John, and after moving to Sussex, where he lived for about 20 years. The deceased leaves a widow and quite a large family—all of whom reside in Moncton with one exception, Richard Cogon, I. C. R., who resides at Newcastle—[Moncton Times.

A FOREST FIRE CAUSED BY LIGHTNING.—Mr. A. E. Lewis forwarded to the Indian Forests an authentic case of forest fire caused by lightning, which occurred in the Alappali forest of the Chanda District, Central Provinces. During a heavy thunderstorm a tree was struck in the Mirakal reserve, which is hardly necessary to say, is protected from fire. The lightning current first struck an upright branch, and then ran down the stem, setting it on fire. The tree was shivered to pieces, long fragments being scattered over long distances. The storm being accompanied with little rain, the grass and dry leaves covering the burning tree, were set alight. As this unfortunately occurred in the middle of the night, more than 80 acres were burnt before Mr. Lewis's establishment could reach the spot and extinguish the fire. It is not often that one hears of a forest fire caused by lightning.

PERSONAL.—Rev. Joseph McCoy of St. Andrew's Church, Chatham, is suffering from diphtheria, complicated with his grippe, but it is believed that he will "pull through" of all rights.

Messrs. Walter White and A. ex. McKay, of Chatham, left for Boston last Friday, via Halifax—the latter city being Mr. White's native place. They left Halifax on Tuesday for Boston. Mr. White, came here, a stranger, some three years ago, and by his excellent address and attention to business, as the practical electrician of our light and telephone system, made hosts of friends.

Mr. McKay while devoting his time largely to the pharmacy business in Messrs. White & McKay's establishment, was Mr. White's right hand man in erecting and repairing the lines. Both go abroad seeking improvement and advancement in the great science of the age and leave hosts of friends here who will wish them every success.

Scott Act Case.
Mr. Menzies, who succeeded Mr. W. S. Brown as Scott Act Inspector for Northumberland, brought his first case for trial before police magistrate McCullay, at Chatham one day last week. The information was against Mr. H. Murray, hotel keeper, Newcastle, Robt Murray, jr., E. q., appearing for the prosecution and Hon. L. J. Tweedie for the defence. Miss McLean, formerly of Whiteville, Northesk, but late of Monmouth, was the only witness, and while it appeared he had a bottle of whiskey from which he drank and gave to others, he swore that he did not buy it from the defendant but brought it with him from the States.

It was understood that Mr. Blackmore, to whom the witness had given some of the whiskey, telling him that he had purchased it at Murray's, would have been brought to court to prove the fact had an application made by counsel for a postponement been entertained, but Mr. Tweedie objected and the magistrate dismissed the information.

This case illustrates the nature of the difficulties a Scott Act Inspector has to contend against, and it is, no doubt, a valuable experience to Mr. Menzies, whose next will be better fortified with straight testimony. There seems to be only one opinion about the facts, and it is that the Inspector had them all right. The trouble

was with the witness, and there is only one opinion, also, in the public mind, about him.

Chatham Electric Light Company.
The Chatham Electric Light Company have made quite a large improvement in the works here by having a new Engine Room built adjoining the main building, and changing the high-speed engine for a "Wheeler 13x30 cylinder, and of about 95 H. P. This engine is one of the finest now built in Canada, and was imported from the Goldie & McCulloch Co., Limited, Galt, Ont. It has a 10 foot fly-wheel, having an 18 in. face, and connects by an endless belt of same width with a countershaft, and from the countershaft back to a 4 Edison low-tension dynamo. The boiler-house adjoins the main building on the north side and contains two boilers 16 feet long and 60 inches diameter, which are about 90 H. P. each. Only one boiler is used, which leaves the spare one in case of accident. Mr. Walter H. White the company's electrician, superintended the placing of the new engine and made a first class job of it. The works are now in charge of Mr. George McDonald, late of Truro N. S. as Supp. and Electrician. The Company will be able to run from 400 to 500 more lights and ought to be encouraged with orders.

Denary Mail and Services at Campbellton.
The Rural Chapter of Chatham, met at Campbellton, Feb. 1st, and two following days. There were present, Rev. Canon Forsyth, R. D. J. H. S. Street, W. J. Wilkinson, B. Beers, and J. Simonds. In addition to the ordinary routine work, 1 Cor. 7, and Ps. 21 were read in the original and discussed by all present. Excellent papers were read by Rev. J. H. S. Street and J. Simonds on "The priest in his study" and "How best to secure reverence and heartiness on the part of the people in public worship" respectively.

George Barchill, jr., Esq., and Rev. Canon Forsyth and J. H. S. Street were appointed a committee to select music for the next year's Union service, and to report to the meeting of the Chapter in April.

There was a profitable and interesting meeting of the S. S. T. A. on Tuesday afternoon, at which papers were read by H. A. Johnson, Esq., and Revs. H. Beers and W. J. Wilkinson, on "Definite teaching." "The importance of Children's Services," and "difficulties of S. S. Teachers," respectively.

The services were as follows.—Holy Communion at 8 o'clock Tuesday morning, the Dean being the celebrant, assisted by the Rector; Evensong on Tuesday evening at 7 o'clock, which address were delivered by Revs. W. J. Wilkinson and Canon Forsyth, on the importance of the religious instruction of the young, and how best to secure it.

On Wednesday, there was Morning Prayer and Litany at 10 o'clock, and Evening Prayer at 7 o'clock. The Rev. J. H. S. Street was the Denary preacher, and he delivered an able and eloquent sermon, taking as his subject, "The intermediate state."

The next meeting will (D. V.) take place at Derby, April 25th.

The Lover's Lament.
Your face is like a drooping flower, Sweetheart!
I see you fading hour by hour, Sweetheart!
In vain I weep, in vain I pray,
What power Death's cruel hand can stay?
Sweetheart, Sweetheart!

Why, nothing but Dr. Pierce's Favorite Prescription is imperious in its failing system, cures organic troubles, and for debilitated and feeble women generally, is unequalled. It dispels melancholy and nervousness, and builds up both flesh and strength. Guaranteed to give satisfaction in every case, or money paid for it refunded.

The Ghost and the Catamount.
No place is so remote to have a hair-raising ghost story. The man who works for F. C. Robinson, who is lumbering in the depths of Aroostook, says that a genuine ghost dressed in gray waders unmoored through the forests. Some claim that it is the spirit of a hunter who was killed by a catamount many years ago, while others claim it is the spirit of some woodman or river diver, that was killed accidentally, whose grave is still to be seen on the banks of the stream. The Catamount is a tree, and according to the account given of its wonderful leaps it is a very active animal, and no doubt this spirit and the catamount have a high old time, dodging each other among the trees in the uncanny midnight hours.—Globe.

Young Men's Christian Association of Chatham.
Meetings held every week in their rooms upstairs, Barry's Building, as follows:—
Sunday morning at 10 o'clock, for Prayer and Praise.
Monday evening at 8 o'clock, for Bible Study, Singing, and Prayer.
Tuesday evening at 8 o'clock, for Training class.
All young men are most cordially invited to all of these meetings.

Death of Goodridge Roberts.
The Hants Tribune, referring to the comparatively sudden death of Mr. Goodridge B. Roberts, of Fredericton, says: "Mr. Robt. went to Wolfville on Saturday in seeming good health, and on Sunday conducted the services in the Episcopal church in that place. On Monday he was attacked with grippe, accompanied with excessive prostration, and congestion of the lungs, but was not considered dangerous by Dr. Bowles, who was in attendance until Wednesday morning, when his brother, Prof. Roberts, was telegraphed for and went up on the morning express. On Wednesday night Dr. Moody was telegraphed for and went up on the evening train, but when he reached there the case was considered hopeless. The sufferer gradually sank until 4 a. m., on Thursday, when death ended his sufferings. Mr. Roberts was a young man of more than usual ability and promise. He graduated at King's in 1890, and was studying for holy orders."

A Fredericton correspondent of the Globe says:—"The funeral of the late Goodridge Roberts took place from the rectory on Sunday afternoon, and was very largely attended. A service was held at the cathedral, conducted by the Metropolitan, the Bishop Coadjutor and Rev. Mr. Alexander. The remains were interred in Forest Hill cemetery. Rev. Mr. Montgomery assisted Rev. Mr. Alexander in the service at the grave. Much sympathy is expressed for Canon and Mrs. Roberts and family in the sad loss they have been called upon to bear. Miss Roberts, was a young man of more than usual ability and promise. He graduated at King's in 1890, and was studying for holy orders."

Mothers!
Castoria is recommended by physicians for children teething. It is a purely vegetable preparation, its ingredients are published around each bottle. It is pleasant to the taste and absolutely harmless. It relieves colic, soothes the stomach, quiets pain, cures diarrhoea and wind colic, allays feverishness, destroys worms, and prevents convulsions, soothes the child and gives it refreshing sleep. Castoria is the children's panacea—the mother's friend, 35 doses, 35 cents.

If you suffer with a cough, especially in the morning, HACKNOMORE is a safe relief. If you cannot sleep, try HACKNOMORE—it always relieves—sometimes cures. Try it before you resort to opiates. If you use it once you will realize why so much has been said. Don't be duped by taking a substitute when it is as easy to get HACKNOMORE. If you are always in pain having HACKNOMORE, and never accept a substitute, you will not be disappointed. Sold everywhere.
