MIRAMICHI ADVANCE CHATHAM, NEW BRUNSWICK, DECEMBER 7, 1893.

NELLIE'S DILEMMA

"My dearest child, I'm afraid you,ll have to go."

The speaker--a fashionable-dressed young woman of about 29-is stooping over a slight girl, whose head is upon her knees, and who is crying bitterly.

"I can't ! I won't go there ! I hate her !"

"My good child, we all dislike her. But what does that come to. She has made her little pile. and some one of us must be the better of it. She'll do all she knows about it, but her very best efforts won't keep her alive forever."

"She was unkind to me the last time I saw her.'

"To starve on ! Of course I know, Nellie that I've got enough for you and me. Poor John," stroking her beautiful black silk dress, covered with jet (she is in second mourning for her husband) with a reflective hand, "left me all he could ; but, honestly, Nell, even if I had more, I could not bear the thought of Aunt Maria's money going out of the family. Come, cheer up. She has only asked you for six months, after all.

"After all !" Nellie L'Estrange repeats the words in high disgust. She raises herself and opens her eyes and begins to look out upon the world again. It is not the thought of having to stay with her old maiden aunt for six months that brought the tears to her eyes. There is something more, far more than that, though she would have died rather than confess it even to herself. She would have to leave George-Sir George Mayfair. And yet Sir George has never yet said one word to her that could make her think he felt even her. On the contrary, indeed, he seemed to be rather special in his attentions to Isabel, her widowed

She had never suspected that those stolen interviews had been arranged by Mayfair with a view 1y. to learning from Nellie's sister if Nellie herself had the smallest, faintest regard for him.

So well did the girl guard her secret that Mrs. Forster (who would have encouraged a marriage between her sister and Sir George with all her heart), never suspected the love lying in the girl's heart. was afraid to put it to the touch, by asking her plainly of her feeling for Sir George-lest she should by precipitancy destroy the hope at once; and, indeed, when old Lady Berwick (Aunt Maria of dreaded memory) wrote to ask Nellie on a visit to her castle in North Wales, Mrs. Foster had hailed the invitation with delight.

Stomach Liver Cure The Most Astonishing Medical Discovery of the Last One Hundred Years. It is Pleasant to the Taste as the Sweetest Nectar. It is Safe and Harmless as the Purest Milk. This wonderful Nervine Tonic has only recently been introduced into this country by the proprietors and manufacturers of the Great South American Nervine Tonic, and yet its great value as a curative agent has long been known by a few of the most learned physicians,

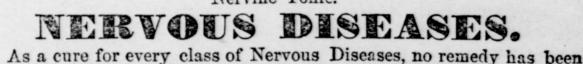

This medicine has completely solved the problem of the cure of indigestion, dyspepsia, and diseases of the general nervous system. It is also of the greatest value in the cure of all forms of failing health from whatever cause. It performs this by the great nervine tonic qualities which it possesses, and by its great curative powers upon the digestive organs, the stomach, the liver and the bowels. No remedy compares with this wonderfully valuable Nervine Tonic as a builder and strengthener of the life forces of the human body, and as a great renewer of a broken-down constitution. It is also of more real permanent value in the treatment and cure of diseases of the lungs than any consumption remedy ever used on this continent. It is a marvelous cure for nervousness of females of all ages. Ladies who are approaching the critical period known as change in life, should not fail to use this great Nervine Tonic, almost constantly, for the space of two or three years. It will carry them safely over the danger. This great strengthener and curative is of inestimable value to the aged and infirm, because its great energizing properties will give them a new hold on life. It will add ten or fifteen years to the lives of many of those who will use a half dozen bottles of the remedy each year.

IT IS A GREAT REMEDY FOR THE CURE OF

Nervous Paroxysms and Palpitation of the Heart. Nervousness of Females, Nervousness of Old Age.

Broken Constitution. Debility of Old Age, Indigestion and Dyspepsia, Heartburn and Sour Stomach, Weight and Tenderness in Stomach. Loss of Appetite, Frightful Dreams, Dizziness and Ringing in the Ears, Weakness of Extremities and Fainting, Impure and Impoverished Blood, Boils and Carbuncles. Scrofula, Scrofulous Swellings and Ulcers, Consumption of the Lungs. Catarrh of the Lungs, Bronchitis and Chronic Cough, Liver Complaint, Chronic Diarrhœa, Delicate and Scrofulous Children.

Summer Complaint of Infants. All these and many other complaints cured by this wonderful Nervine Tonic.

able to compare with the Nervine Tonic, which is very pleasant and harmless in all its effects upon the youngest child or the oldest and most delicate individual. Nine-tenths of all the ailments to which the human family is heir are dependent on nervous exhaustion and impaired digestion. When there is an insufficient supply of nerve food in the blood, a general state of debility of the brain, spinal marrow, and nerves is the result. Starved nerves, like starved muscles, become strong when the right kind of food is supplied; and a thousand weaknesses and ailments ly running. Equipment equal to disappear as the nerves recover. As the nervous system must supply all the power by which the vital forces of the body are carried on, it is the first to suffer for want of perfect nutrition. Ordinary food does not contain a sufficient quantity of the kind of nutriment necessary to repair the wear our present mode of living and labor imposes upon the nerves. For this reason it becomes necessary that a nerve food be supplied. This South American Nervine has been found by analysis to contain the essential elements out of which nerve tissue is formed. This accounts for its universal adaptability to the cure of all forms of nervous derangement. CRAWFORDSVILLE, IND., Aug. 20, '86. A SWORN CURE FOR ST. VITAS' DANCE OR CHOREA.

CRAWFORDSVILLE, IND., June 22, 1887. My daughter, eleven years old, was severely a dicted with St. Vitus' Dance or Chorea. We gave her three and one-half bottles of South American Ner-vine and she is completely restored. I believe it will cure every case of St. Vitus' Dance. I have kept it in my family for two years, and am sure it is the greatest remedy in the world for Indigestion and Dyspepsia, and for all forms of Nervous Disorders and Failing Health, from whatever cause.

The Great South American Nervine Tonic

Which we now offer you, is the only absolutely unfailing remedy ever discovered for the cure of Indigestion, Dyspepsia, and the vast train of symptoms and horrors which are the result of disease and debility of the human stomach. No person can afford to pass by this jewel of incalculable value who is affected by disease of the stomach, because the experience and testimony of many go to prove that this is the one and only one great cure in the world for this universal destroyer. There is no case of unmalignant disease of the stomach which can resist the wonderful curative powers of the South American Nervine Tonic.
