## MIRAMICHI ADVANCE CHATHAM, NEW BRUNSWICK, NOVEMBER 13, 1893.

### A SOLDIER'S HEART.

A cold, bleak November day a prairie trail; a horseman in uniform, riding at a gallop.

A turn in the road ; a bushwacker hidden in the bushes ; a shot, and a fall from the saddle.

It was Little Jim, our third sergeant, riding across the country to carry a dispatch. We called him little Jim because he was small of stature and because everybody liked him. He was only a boy and one look into his frank face and big blue eyes made you his friend. The bushwhacker peered over the log and saw his victim lying on the stony road and the horse galloping away in affright, and a smile of satisfaction came to his face as he rose up and hurried through the woods. War is not always war. Sometimes it is assassination-murder.

Twenty rods beyond the body lying in the road is a humble cabin, tenanted only by a woman and two children. War has forced the husband and father into the ranks. ported a man at the door. At sound of the shot and the clatter of hoofs they rise up from their frugal meal and run down to the gate. A dead man is by no means a rare sight to mother and children. Scores of dead have been left on that highway in the last few weeks, and at times the cabin has been full of wounded men who groaned and cursed.

"It's a Bluenose who's been bushwhacked," whispers the mother as she leads the way down the road and presently the trio are looking down upon the lifeless form of our Little Jim. No, not lifeless. The bullet struck him in the side and inflicted a severe wound, but even while they gaze at him he opens his blue eyes and tries to realize his situation.

She would. Assisted a bit by the children, she got him to the house and had captured a prisoner and a patient at the same time. Her husband and her neighbors had come home with gunshot wounds, and she had helped to nurse them and send them back to fight for the cause she believed was right. This wonderful Nervine Tonic has only recently been introduced into this country by the proprietors and manufacturers of the Great South American Nervine Tonic, and yet its great value as a curative agent has long been known by a few of the most learned physicians, who have not brought its merits and value to the knowledge of the general public.

This medicine has completely solved the problem of the cure of indigestion, dyspepsia, and diseases of the general nervous system. It is also of the greatest value in the cure of all forms of failing health from whatever cause. It performs this by the great nervine tonic qualities which it possesses, and by its great curative powers upon the digestive organs, the stomach, the liver and the bowels. No remedy compares with this wonderfully valuable Nervine Tonic as a builder and strengthener of the life forces of the human body, and as a great renewer of a broken-down constitution. It is also of more real permanent value in the treatment and cure of diseases of the lungs than any consumption remedy ever used on this continent. It is a marvelous cure for nervousness of females of all ages. Ladies who are approaching the critical period known as change in life, should not fail to use this great Nervine Tonic, almost constantly, for the space of two or three years. It will carry them safely over the danger. This great strengthener and curative is of inestimable value to the aged and infirm, because its great energizing properties will give them a new hold on life. It will add ten or fifteen years to the lives of many of those who will use a half dozen bottles of the remedy each year.

#### IT IS A GREAT REMEDY FOR THE CURE OF Nervousness,

Nervous Prostration, Nervous Headache. Sick Headache, Temale Weakness. Nervous Chills. Paralysis, Nervous Paroxysms and Nervous Choking, Hot Flashes. Palpitation of the Heart, Mental Despondency, Sleeplessness, St. Vitus' Dance. Nervousness of Females. Nervousness of Old Age, Neuralgia, Pains in the Heart, Pains in the Back, Failing Health,

Broken Constitution. Debility of Old Age, Indigestion and Dyspepsia, Heartburn and Sour Stomach. Weight and Tenderness in Stomach, Loss of Appetite, Frightful Dreams, Dizziness and Ringing in the Ears, Weakness of Extremities and Fainting, Impure and Impoverished Blood, Boils and Carbuncles, Scrofula, Scrofulous Swellings and Ulcers, Consumption of the Lungs, Catarrh of the Lungs, Bronchitis and Chronic Cough. Liver Complaint, Chronic Diarrhœa, Delicate and Scrofulous Children,

Summer Complaint of Infants. All these and many other complaints cured by this wonderful Nervine Tonic.

As a cure for every class of Nervous Diseases, no remedy has been able to compare with the Nervine Tonic, which is very pleasant and harmless in all its effects upon the youngest child or the oldest and most delicate individual. Nine-tenths of all the ailments to which the human family is heir are dependent on nervous exhaustion and impaired digestion. When there is an insufficient supply of nerve food in the blood, a general state of debility of the brain, spinal marrow, and nerves is the result. Starved nerves, like starved muscles, become strong when the right kind of food is supplied; and a thousand weaknesses and ailments disappear as the nerves recover. As the nervous system must supply all the power by which the vital forces of the body are carried on, it is the first to suffer for want of perfect nutrition. Ordinary food does not contain a sufficient quantity of the kind of nutriment necessary to repair the wear our present mode of living and labor imposes upon the nerves. For this reason it becomes necessary that a nerve food be supplied. This South American Nervine has been found by analysis to contain the essential elements out of which nerve tissue is formed. This accounts for its universal adaptability to the cure of all forms of nervous derangement. CRAWFORDSVILLE, IND., Aug. 20, '86.
