THE DEATH OF MRS PEDOLIN, wife of Dr, F. L. Pedolin, of Newcastle, took place on Saturday morning last at eight o'clock. She had been an invalid for a good while, although occasionally her condition gave hopes to her friends, which were not to be realised. The funeral took place on Monday and was very largely attended. Dr. Pedolin and family have the sympathy of the community in their bereavement.

THE NELSON CHURCH :-- Mr. Mooney of Messrs B. Mooney & Sons, St. John, was in town yesterday with Rev. N. Power, R. C. pastor of Nelson on business connected with the proposed new church at the latter place. The plans have been modified and the edifice now proposed is very much like St. James' Church in the city of St. John. It is understood that the contract for building the new church is about closed with Messre Mooney.

An Unusual Season.

There has not been so exceedingly dry season on the Miramichi for many years as that ended on Tuesday. Forest fires abound everywhere and much valuable timber, bridges etc. have been destroyed by forest fires. The thermometer registered 92 degrees in the shade at Chatham on Sunday and 98 at some points between Chatham and Fredericton. The rain of Tuesday and

Tuesday night brought relief, and it is to be hoped that it will be followed by still more, for the ground is still very dry an inch or two under the surface.

A Plea for Rosebank.

The new church is a credit to the community, and particularly so to those by whose liberality and personal efforts it has been erected, and it is right to say that foremost amongst the latter is Wm. THE 4th OF JULY :- The United States flag was displayed on Tuesday from the staff of the office of Lt. Col. Call United States counsular agent at Newcastle. We observe that some ultra-loyal military men in Ontario have occasionally become incensed because that flag has been flung to the breeze by U.S. citizens in their region at times, in honor of some nation al or other occasion. It is proof the exis tence of a more rational and neighbourly feeling here, that while Col. Call is in camp with his battery at Sussex, wearing the Queen's uniform, his flagstaff can be decer. ated as noted in honor of the aniversary of the Declaration of Independence, while his fellow citizens have no feeling in the matter other than one of satisfaction that a friendly nation can be thus honored on its national holiday.
