## MIRAMICHI ADVANCE CHATHAM, NEW BRUNSWICK, APRIL 20, 1893.

We are talking about a " shortening" which will not cause indigestion. Those who "know a thing or two'' about Cooking (Marion Harland among a host of others) : are using

instead of lard. None but the healthiest and cleanest ingredients go to make up Cottolene. Lard isn't healthy, and is not always clean. Those who use Cottolene will be healthier and wealthier than those who use lard-Healthier because they will get "shorter" bread; wealthier because they will get "shorter" grocery bills-for Cottolene costs no more than lard and goes twice as far-so is but half as expensive.
