

Miramichi and the North Shore etc.

THE ST. MIRAMICHI made her first regular trip to down-river points yesterday.

RENTAL: Miss Mabel Hillson and her pupils held a grand recital at Campbellton on Tuesday evening.

FIRE AT BATHURST: The roof of Mr. P. Eltham's carriage shop at Bathurst was destroyed by fire last Thursday afternoon.

SHIPPING MASTER Brown has removed his office to the Habberly building Water St., one door above the new Dominion building.

WORK is resumed on the Dominion Public building, Chatham, and it is to be hoped that it will now proceed without interruption until the structure is completed.

PERSONAL: The Montreal Gazette—Hon. Peter Mitchell has so far recovered as to be out on Thursday, and he was heartily congratulated by his friends who met him.

ST. LUKE'S CHURCH: The children's service will be held at St. Luke's church next Sabbath morning, when a sermon will be preached by the Pastor suitable for the occasion.

THE NEW LAZARETTO: The contract for building the new Lazaretto at Tracadie has been awarded to William Stewart of Ottawa, whose tender was the lowest—less than \$40,000.

POTATOES: Mr. R. A. Howard, representing a Boston firm, was in Bathurst last week buying up all the potatoes he could get. He paid an average of 75 cents per barrel for them.

ATHLETIC: A large number of Camp Union young men have expressed their willingness to join in forming an athletic club, and negotiations have already been entered into for a club room and gymnasium.

FRUIT CULTURE is more profitable to the farmer now than his other crops. Brown Bros. Co., the most extensive fruit growers in Canada, have a vacancy in their office. Write them at Toronto, Ont., for their terms.

ASCENSION DAY: Today being the Festival of our Lord's Ascension there will be services in St. Mary's Chapel at 11 a. m. and 7:30 p. m. At 12:00 a. m. and at 11 p. m. there will be celebrations of the Holy Communion.

POLICEMAN REINBORROW resumed his place on the Chatham force on 1st inst. The town has been well served for two months by policeman Forrest alone and he is now associated with a good officer as Reinborrow the public will be well pleased.

SHORTHAND ETC.—Mr. S. Spar, at the Canada House, is open to give lessons in shorthand, bookkeeping, etc. at low rates—short-hand class forming at once—Mr. Spar is an experienced stenographer and teacher.

OF COURSE: The St. John Globe says—"William Green, a teacher, beat his wife's brains out and then cut his own throat at Adams, N. Y., Thursday. He is dead and his wife cannot live."

Medical records show that people invariably die when their brains are beaten out.

THE FAMOUS FISK JUBILEE SINGERS are to appear at the Masonic Hall on Saturday night. They continue to be very highly praised in Fredericton and other places where they have appeared this season. Mrs. Maggie L. Porter-Cole, their original soprano is with them and will sing on Saturday night.

MILL BURNED.—Mr. Richard Peter's mill, situated on Miller's Brook on the line of the Charcot Railway, was totally destroyed by fire about four o'clock Friday afternoon. The loss will amount to about twelve hundred dollars. The cause of the fire is unknown.

DOMESTIC MISSIONS: The annual Association of the board of management of the Church of England in Canada was read in St. Paul's and St. Mary's Churches on Sunday last. The appeal was an eloquent and instructive call on behalf of missionary work in the Northwest. The special offering on Sunday next will be in aid of Domestic Missions.

A FAMILIAR CASE—Some time ago Mr. L. A. Tweedie while attending court in St. John's and fell on A. B. Walker, the colored barrier. Mr. Walker claims he sustained serious injury through supplying a soft spot for Mr. Tweedie to faint on, and has entered an action for \$1200. The case will come up in St. John soon.

MORE TROUBLE.—Post Office Inspector King has notified postmaster Adams of Chatham to deliver the Tracadie route to Mr. Conplan, instead of Mr. Ullock. The latter, who fitted up for the service on the strength of his contract, will have quite a claim for damages—another outcome of the absurd attempt to divert the Tracadie route from its natural and accustomed route.

SEBIDY.—The Summerside Journal says that the difference between the Dominion government and the Charlottetown Steam Navigation Company, relative to the subsidy, has been settled, a satisfactory compromise having been effected. The subsidy has, we understand, been increased to \$12,500, and the steamers Northumberland and Lawrence will therefore remain upon the Summerside-Point to Chatham and Charlottetown-Pictou routes respectively.

IMPROVING CATTLE STOCK.—Mr. Geo. E. Fisher has imported the thoroughbred registered Holstein bull, "Prince Rooker," a fine large showy looking animal. Mr. Fisher deserves much credit for his enterprise in importing such a valuable addition to Miramichi live stock. The county is in need of new stock and Mr. Fisher should receive a good share of our farmers' patronage. "Prince Rooker" will stand for service at Woodburn Farm during the season. For further particulars see advt.

A TRAGEDY STORM: A Dublin despatch of 25th ult. shows that the storm of the preceding Monday night was a terrible one on the south Irish coast. Amongst the casualties it states that the Norwegian bark Christian Wilhelm, from a continental port for Richibucto missed ways while trying to get off the coast, and was carried ashore. The heavy sea was running caused her to pound her bottom. She was made a total wreck. The life-boat men succeeded in getting everybody ashore safely however.

REV. DR. BAUM'S illustrated lectures on Palestine, Egypt and other Bible lands, delivered in the Masonic Hall, Chatham, three evenings of this week, have attracted large audiences. They are very interesting and do much good in the way of confirming the authenticity of Scriptural records. We observe that some of the papers have been ungraciously showing the storm of the preceding Monday night was a terrible one on the south Irish coast. Amongst the casualties it states that the Norwegian bark Christian Wilhelm, from a continental port for Richibucto missed ways while trying to get off the coast, and was carried ashore. of those who sometimes seem to act as if a clergyman were a proper subject for their impositions.

First Arrivals

As will be seen in our ship news list the barque Corona was the first to reach port this season, closely followed by Mr. Hutchison's Armenia. These are the earliest arrivals from sea for a good many years. Since 1884 the first ocean going vessels to arrive here were the following:—

1884—Rk. Telemach, 623, May 17.
92—Rk. Capenhurst, 600, May 1.
88—Rk. Commemorative, 567, May 10
87—Rk. Atlanta, 1127, May 10.
86—Rk. S. Trinidad, 1466, May 11.
85—Rk. Capenhurst, 600, May 1.
84—Rk. Silvia, 463, May 13.
83—Rk. S. Montego, 1666, May 12.
82—Rk. S. Russia, 1547, May 4.
81—Rk. Armenia, 187, May 4.
80—Rk. Corona, 1193, April 30.

Dull Notices

Dr. R. E. Sullivan, D. D. S., of Boston, begs to inform the people of Chatham and vicinity that he proposes opening dental parlors in Chatham some time during next month and will practice the most successful and well known Hall method for the painless extracting and filling of teeth. Being a dentist of over ten years experience and a graduate of Philadelphia, he comes highly recommended. See card later as to office location.

A Big Fish

Our friend, Mayor Beckwith of Fredericton, who is the only man who ever killed five pound trout in July at Baptist Church appears to have had a big fishing with a rifle at Fredericton. The Record says:—

"Since the days of the Lake Utopia serpent there has not been such a 'queer fish' excitement in the province as was at Fredericton last Thursday, when it was announced that there was a whale between the bridges. Several boats put out but before reaching the monster, the men became frightened and put back. His Worship brought out his Ballard repeater, and taking a steady stand on the railway bridge, proceeded to rifle the intruder with bullets. There were all sorts of tales, and much running to the water to see the strange animal which was at length found to be a snake-brook, which the strength of the current occasionally forced to the surface."

Gunner's Perils

A gunner named Thomas had a narrow escape at Twidish the other day when the ice moved out of the mouth of Twidish river. Thomas was on the outer edge of the ice field, several square miles in extent, in a gun boat when the ice started and his only chance lay in making for the shore over the ice. The ice was going out at a rate of about 5 miles per hour at the time and he managed to reach the inner water, launch his boat and regain the shore.

Mr. Edward Barnes, of Bathurst, son of Mr. James Barnes, contractor, met with a very painful if not serious accident in Bathurst on Monday last week. The young man left his home early in the morning on a goose shooting expedition. He took with him a Winchester repeating rifle, a seven shooter. He discharged one cartridge, and was in the act of ejecting the shell when the cartridge, which had in some unaccountable way forced itself into the breach lock, exploded, the powder flashing into the face of the young man, burning it badly, besides severely injuring one of his eyes. It is anticipated the consequences will not be very serious.

Y. M. C. A.

The Chatham Association moved into its new home on Tuesday. Furnishing and fitting is going on. The rooms will be opened with a public reception.

The meeting last Sunday afternoon was largely attended by young men. Next Sunday the "young men's meeting" will be held in the new rooms. Efforts will be made to have attractive and helpful meetings on each Sunday, and to make the "young men's meeting" the rallying centre of the association.

The following general committee were appointed at business meeting following the Bible class on Monday night—Reception Committee, (to manage for the opening reception) D. P. McLachlan, Jas. Nicol, R. B. Bennett, Anniversary Committee, E. W. Porter, Robert H. Hegen, Alex. McKinnon, Archie Woods. The anniversary of the organization of the association occurs on May 18th. The following ladies were added to the Women's Committee—Mrs. D. T. Johnston, Miss Edith Sherwin, Miss Tweddie, Miss Charlotte Ullock, Miss Clara Loggie, Miss Sadie Gillespie, Miss Ferguson, Mrs. Strang.

The greater part of the gymnasium fittings and apparatus are being made here. They will be put in a few days. It will be practically impossible for the association to pursue the aggressive policy planned by the Executive and Finance Committees unless they are able to retain the services of a general secretary. New Glasgow, Pictou, St. Stephen, and others of our Provincial towns, of less population than Chatham, are able to do their good work among the young men only because they can keep a man to give his whole time to organizing, planning and caring for the association. Chatham offers exceptional opportunities for such work as is usually undertaken by the Y. M. C. A. We doubt if any other, of the same size, in the province has so many young men on its streets as does our town in the evening. An attractive resort well conducted and under good influences, will be appreciated and used by many such young men. In the religious meetings and Bible classes, the music and games, the reading room and circulating library, the educational classes and the social and reception every young man may find something to his liking and profit.

This work can be made successful, or even possible, only as someone can make it his special care. This is the work of a general secretary.

Whether or not the Chatham Y. M. C. A. is to have such an officer will depend entirely upon the response given to the solicitation for financial support. Members of the Finance Committee are making a personal canvass of our citizens. The support given them will determine the future policy and work of the association.

What is the Explanation?

On Monday last week a gentleman living in Nelson wrote a letter to the editor of the ADVANCE, which contained some directions in reference to the publication in this paper of the address presented to Rev. Father Wallace by his parishioners of Barabury River. On Wednesday afternoon at five o'clock the letter was delivered by a lad from the World office, together with a copy of the letter referred to, and Father Wallace's reply. Both were enclosed in the envelope addressed to the ADVANCE on Monday by the Nelson gentleman referred to and the envelope was securely closed. On opening it we found that the address bore marks of having been used in the World office, in which it had been retained until too late for it to appear in last week's ADVANCE. The gentleman who wrote to us says he did not send the matter to the World. If someone else did it to that office, it was not the intention that it should be withheld from this office until too late to appear last week. That was, however, what was deliberately done. It is not the first time we have been annoyed by similar trickery—to use a mild term—in the same quarter, and therefore hope our friends will hereafter see that every

precaution is taken to have matter intended for this paper sent direct to it in such a way that it may not first fall into the hands of persons who seem to have some regard for what is right and decent, matter which after all, concern us less than those who may send them. It is commendable for the World to get news, but it ought not to stoop so low in its efforts to retain letters personally addressed to the editor of the ADVANCE until it is too late for him to make use of them at the proper time. The matter enclosed in the letter and which we publish, even at this late date, was as follows:—

SUNDAY APR. 22nd 1894.
To Rev. E. P. Wallace, R. C. Pastor of Barabury River N. B.
Rev. and Dear Father:—

Esseem and gratitude for a devoted pastor, bring me around you for the purpose of giving expression to our feelings before your departure from amongst us. The stronger the affection for one whom we revere and love the greater our sorrow and grief in being severed from his pastoral solicitude and care. For several (3) years you have been a blessing to us, and the object of our paternal and affectionate solicitude. The advancement of our church so ably and so successfully, as to feel that we are proud to say that we will ever cherish you as our pastor and your memory will be ever dear to us. You are the worthy successor of the ever-regretted Father Egan, who prepared funds, but especially to your zeal and good administration. The fact that you have been our first rector makes us feel that we are more keenly your departure from us. Receive Dear Pastor the expression of our heartfelt gratitude for the many services, temporal and spiritual, you have so kindly rendered to our children—the favorite portion of our flock. Accept Dear Father, together with our warm wishes and fervent prayers for your personal and affectionate solicitude. The advancement of our church so ably and so successfully, as to feel that we are proud to say that we will ever cherish you as our pastor and your memory will be ever dear to us. You are the worthy successor of the ever-regretted Father Egan, who prepared funds, but especially to your zeal and good administration. Accept Dear Father, together with our warm wishes and fervent prayers for your personal and affectionate solicitude.

St. John Newspaper man Dead.
St. John, April 25.—T. N. Robertson, business manager and member of the publishing firm of the St. John Globe, died here to-day aged 53. He was thirteen years in the city council and during a great part of that time chairman of the Finance Committee. He was supposed to be the best authority in town on municipal finances. Deceased was most respected as a citizen and business man. He was, with the possible exception of his partner, Mr. Ellis, the most prominent man in the province. He had been master of Albion lodge and its secretary for many years, holding also similar offices in Carleton Royal Arch chapter and the encampment of St. John, K. T. He was at his death grand secretary of the grand lodge, and representative here of the grand lodge of Scotland, presiding officer of the grand Royal Arch chapter of New Brunswick, provincial grand master of the royal order of Scotland for the maritime provinces and commander-in-chief of the New Brunswick consistory of ancient and accepted Scottish rite.

MARRIED
At St. Andrew's manse, on 26th inst. by Rev. Joseph McPherson, M. A. M. Rev. Miss Mabel eldest daughter of Mr. James McPherson all of Chatham.

The Provincial Committee of the Y. M. C. A. of the maritime provinces announce that by invitation of the St. Stephen, N. B. Association, the Twenty-seventh Annual Convention of that organization will be held at that town, beginning Thursday, June 7th, at 10 a. m., and closing Sunday night, June 10th; following which, for one week, a secretaries' Conference and Summer School will be held.

All associations and boys' branches will be entitled to representation, colleges are requested to be represented through members of their faculties and students' classes, and railway stations and clergy will be invited to the gathering. The St. Stephen association is to provide entertainment for all duly accredited delegates, provided all names are forwarded to Lyman W. Archibald, general secretary, St. Stephen, by June 1st. The hotels make special rates for those attending who wish to patronize them at their own expense. The usual railway and steamboat reductions have been arranged for. Among the speakers expected are two representatives of the International Committee, Rev. Andrew Robertson; R. A. Jordan, General Secretary of Bangor Association; Evangelist Meikle; Rev. W. Weeks, Moncton; and other prominent workers and Bible students. The music will be a very attractive feature of the programme. J. H. Wetmore will lead this service.

The convention is expected to be one of the greatest and best yet held by the Maritime Association and will be well worth attending. It will afford a pleasant and very profitable way, morally, of spending an early summer holiday time.

Reinborrow-Maloney Log Case.
A good deal of interest was awakened, in Chatham at least, by the reinborrow suit tried on Tuesday and Wednesday last week in Masonic Hall, Chatham, the decision of which was reached by the sheriff's jury just as we were going to press on Wednesday, so that we had opportunity to publish the result only. The plaintiff, Mr. Chas. Reinborrow of Bay Du Vin, and the defendant Mr. John Maloney of Rogersville, Messrs. Tweddie and Bennett were counsel for plaintiff and R. A. Lawlor, Esq. for defendant. The property in dispute consisted of 280 logs, which had been seized by the sheriff under a writ issued to the plaintiff's instance. The defendant claimed absolute property in them. The object of the sheriff's court was to determine to whom he should deliver the logs.

Maloney, being the claimant first presented his case. He claimed to have purchased the logs from one Dan. Barriac of Acadville, on the 16th January, 1894. An agreement for the sale of logs to him entered into on that date, and signed by Dan. Barriac, was in evidence, and under it Maloney had the logs surveyed and marked as his.

Barriac admitted that he and his father, Louis Barriac, had received \$140 from Reinborrow prior to entering into the agreement with Maloney but claimed that he had the absolute right to sell the logs to whom he liked.

Maloney himself admitted that he had heard of Reinborrow's claim to the logs before he made the arrangement for their purchase from Daniel Barriac, but he claimed that he was told that Louis, and not Dan, had sold them to Reinborrow. Notice had been given to Maloney by Reinborrow that he claimed the logs, and not to make further advances on account of them. Maloney, however, continued to make advances, amounting, in all, to about \$37.00.

Reinborrow claimed the logs on the ground:—first, under an agreement with Louis Barriac; second, because they were cut on land on which he has a permit to cut from the licensee, Geo. K. McLeod.

The evidence for Reinborrow was, in effect, that in the middle of November 1893 he and his brother, Alexander Reinborrow, were cruising in the woods, when they found Daniel Barriac cutting logs, who, in answer to their enquiry, stated that he was the father's—Louis Barriac—and the land was his brother's; that he thought his father would sell the logs and he invited them to come to the house and see him. Chas. Reinborrow, the plaintiff, his brother Alexander and Dan. Barriac went to Louis Barriac's house, and, after some talk, it

was agreed that Louis should sell the logs to Reinborrow, and enter into an agreement to that effect at a later date. All this time Dan was present.

On 30th November, 1893, the agreement was signed by Louis Barriac and Reinborrow 80,000 f. of spruce and pine logs and, on Louis' representations, Reinborrow gave him an order on Hon. J. B. Snowball for \$140. (an advance of \$2 per M. on the estimated quantity cut) and Louis came to Chatham and got goods and cash on the order on the next day.

On the evidence it was contended, on behalf of Reinborrow, that it was not necessary to deal with the question of title to the land, inasmuch as Daniel Barriac, through whom Maloney claimed, was stopped from claiming the logs, he having, by his representations that his father was the owner of the logs, induced Reinborrow to enter into an agreement with his father for their purchase.

The jury, after deliberating for about fifteen minutes, found the property in Charles Reinborrow, as stated in last week's ADVANCE.

The Provincial Committee of the Y. M. C. A. of the maritime provinces announce that by invitation of the St. Stephen, N. B. Association, the Twenty-seventh Annual Convention of that organization will be held at that town, beginning Thursday, June 7th, at 10 a. m., and closing Sunday night, June 10th; following which, for one week, a secretaries' Conference and Summer School will be held.

All associations and boys' branches will be entitled to representation, colleges are requested to be represented through members of their faculties and students' classes, and railway stations and clergy will be invited to the gathering. The St. Stephen association is to provide entertainment for all duly accredited delegates, provided all names are forwarded to Lyman W. Archibald, general secretary, St. Stephen, by June 1st. The hotels make special rates for those attending who wish to patronize them at their own expense. The usual railway and steamboat reductions have been arranged for. Among the speakers expected are two representatives of the International Committee, Rev. Andrew Robertson; R. A. Jordan, General Secretary of Bangor Association; Evangelist Meikle; Rev. W. Weeks, Moncton; and other prominent workers and Bible students. The music will be a very attractive feature of the programme. J. H. Wetmore will lead this service.

The convention is expected to be one of the greatest and best yet held by the Maritime Association and will be well worth attending. It will afford a pleasant and very profitable way, morally, of spending an early summer holiday time.

Reinborrow-Maloney Log Case.
A good deal of interest was awakened, in Chatham at least, by the reinborrow suit tried on Tuesday and Wednesday last week in Masonic Hall, Chatham, the decision of which was reached by the sheriff's jury just as we were going to press on Wednesday, so that we had opportunity to publish the result only. The plaintiff, Mr. Chas. Reinborrow of Bay Du Vin, and the defendant Mr. John Maloney of Rogersville, Messrs. Tweddie and Bennett were counsel for plaintiff and R. A. Lawlor, Esq. for defendant. The property in dispute consisted of 280 logs, which had been seized by the sheriff under a writ issued to the plaintiff's instance. The defendant claimed absolute property in them. The object of the sheriff's court was to determine to whom he should deliver the logs.

Maloney, being the claimant first presented his case. He claimed to have purchased the logs from one Dan. Barriac of Acadville, on the 16th January, 1894. An agreement for the sale of logs to him entered into on that date, and signed by Dan. Barriac, was in evidence, and under it Maloney had the logs surveyed and marked as his.

Barriac admitted that he and his father, Louis Barriac, had received \$140 from Reinborrow prior to entering into the agreement with Maloney but claimed that he had the absolute right to sell the logs to whom he liked.

CHATHAM CARRIAGE AND SLEIGH WORKS AND Agricultural Machinery Warerooms.

Mr. Alex. Robinson, Proprietor of the Chatham Carriage and Sleigh Works, has been doing business in Chatham for the past twenty years. His business has increased so much that he has been compelled to enlarge his workshops and warerooms and now has every facility for manufacturing first-class work in every variety of vehicles such as Phaetons, Top-buggies, single and double Wagons, Express Wagons, Lumber Wagons, Delivery Wagons, Slovens, Carts, single and double Sleighs and Pungs and can also make any special kind of vehicle at short notice, and guarantee satisfaction.

Mr. Robinson having always on hand a supply of
