Royal Arcanum.

The seventeeuth annual session of the Supreme Council of the Royal Arcanum was commencing 6th June. The reports show that enthusiam and prosperity prevail, and that the Order has abundant reason for congratulation. The Supreme Regent in his report said "We are proud of the past we congratulate ourselves on the present. and we face the future with a confidence justified by a splendid history. There are now 154,000 members in the Order, and the fact that in 1893 the sum of \$3,770,750 was placed in the hands of the loved ones of deceased brothers, and the number of assessments the past year having remained the same as for several years, should impress each member with an earnest desire to draw under the beneficient folds of the Royal Arcanum banner, all their friends who are outside the circle,"

Miramichi Council was the recipient, and the medium, through which was promptly paid last year, the sum of \$9,000 out of the large amount mentioned above.

Forms for application may be had from J. S. Benson Esq. M. D. Regent and Med. Examiner, William Wilson, Coll, George Watt, Trea. or John Fotheringham Secretary, Miramichi Council No. 441.

Garden Party.

The garden party on the large and beautiful grounds of Hon. L. J. Tweedie, Chatham, under the auspices of St. Andrew's church, held on Tuesday afternoon and evening, was a great success. The numerous temporary structures. booths, tents etc. with their decorations of evergreens and bunting, the festoons of flags and lines of Chinese lanterns, gave to the place an appearance which pleased the eye in the artistic character of their design and was sufficiently brilliant to attract those who admire combinations for effect in light and coloring. The ladies and gentlemen who gave their time and services to make the party a success left nothing undone to please their patrons; the different booths were well served, the tea ample and enjoyable, the music by the Cypress Club band and the impromptu concert organization attractive and the "quilting" of Rev. Late in the evening Rev. Challenge For "Redemption.

To the Editor of the Advance.

DEAR SIR: -As I was to-day about to leave the Northamberland County route where I have been travelling my well known horse, Island Messenger for the season of 1894, I was informed that Mr. George Marquis had stated that Mr. Rogers of Bathurst had written him saying that he was preparedto trot his horse Redemption against any trotting stallion in Northumberland County for \$100 a side on either the Bathurst. Chatham or Newcast'e track. I called upon Mr. Marquis to ascertain the truth of the matter, and after some apparent reluctance he informed me that he had received the letter referred to. I infer that this challenge was particularly intended Island Messenger and regret that Mr. Rogers did not take steps cover the \$10 deposit to bind a match here which I made with the editor of the ADVANCE earlier in the season. Had he done so he might have been accommo late d on his own terms. It really seems strange that Mr. Rogers' friend here should tell a number of people about what Mr. Rogers had written him several weeks ago but take no steps to let me know anything about it until I sought him out as above stated. Even now I would like to demonstrate the capabilities of Island Messenger as a trotter. but as I have arrangements made to take him to P. E Island on 16th inst., I canno t remain to find out whether Mr. Rogers really means business, but if he does and will make a match for the sum named (\$100) to be trotted on the Kingston, Kent County, track on any day in the month of September which he may choose, I will bring Messen-

Messrs. McLellan & Holly have a raft of logs near Marray's mill at the head of the falls. The raft was secured by two five-inch warps on the upstream end and one warp, the same size, downstream. Ou Thursday night some person or persons cut the two warps on the upstream end, but overlooked that at the other. The raft swung about but was firmly held until daybreak, when the vandalism was discovered and the logs secured. The ropes show as plainly as can be the marks where they were cut. The firm has had the same thing happen before, and are well aware of the object, as in this case of the persons who did the deed. The object is to send the logs adrift in the falls, and then those which do not go out to sea are picked up by small boats and salvage claimed on each. Sometimes the business pays well and the scheme is not detected; other times, as in this case, it does not succeed and the perpetrators suffer. [Telegraph.

Now I lay me Down to Sleep.

[The Wichita Eagle says that the followng poem was left at that office by an unknown man who came to ask for work.]

Near the camp-fire's flickering light In my blanket bed I lie, Gazing through the shade of night At the twinkling stars on high. O'er me spirits in the air Silent vigils seem to keep,
As I breathe my childhood prayer—
"Now I lay me down to sleep."

Sadly sings the whipporwill
In the boughs on yonder tree;
Laughingly the dancing rill
Swells the midnight melody. Foemen may be lurking near, In the canyon dark and deep Low I breathe in Jesus' ear-"I pray Thee, Lord, my soul to keep."

'Mid the stars one face I see, Mother who in infancy Taught my baby lips to pray. Her sweet spirit hovers near In this lonely mountain brake; Take me to her, Saviour dear, "If I should die before I wake."

Fainter grows the flickering light As each ember slowly dies; Plaintively the birds of night Fill the air with saddening cries; Over me they seem to cry:-"You may never more awake."
Low I lisp. "If I should die,
I pray Thee, Lord, my soul to take."

"Now I lay me down to sleep,
I pray Thee, Lord, my soul to keep;
If I should die before I wake I pray Thee, Lord, my soul to take."

Complete Nervous Prostration

HAWKER'S NERVE & STOMACH TONIC.

A LADY'S EXPERIENCE. Mr. Wm. Thompson of Muscush, N. B., says: "For 2 years past my wife has suffered with Acute Dyspepsia accompanied with complete nervous prostration and a smothering sensation about the heart which frequently produced an attack of faintness. She became weak and nervous, lost all energy, and had a constant feeling of dread. She suffered with intense pain in the stomach after eating, which was usually followed by the smothering sensation about the heart and fainting spells. She tried a great many remedies and was treated by the doctors for some time, but obtained no relief. She became so discouraged that she gave up all hope of ever getting better, when our pastor suggested that she try HAWKER'S NERVE AND STOMACH TONIC and LIVER PILLS, which had produced remarkable cures in several cases he knew of. We did so and she obtained immediate relief from the distress after taking the second dose, and has to improve ever since until today she is as wel as ever, and can enjoy her food without fear o suffering. I cannot speak too highly of these valuable medicines which have restored my wife to health and strength and saved much suffering and expense

Rev. Henry M. Spike, Rector of Musquash, N. B., says: "I am personally acquainted with Mrs. Tompson's case, and am greatly pleased that the medicine which I recommended to her produced such remarkable results." Sold by all druggists and general dealers. TONIC 50 cts.; PILLS 25 cts.
