LIGHTNING appears to be particularly frisky in dwellings this season. The other day, at Woodstock, Mr. John Hamilton's house was struck by it. The saddle-bow was ripped up, many of the windows were blown out, every room in the house but one was devastated, the plaster torn up, furniture destroyed, window blinds burned and general destruction made. Fortunately all of the family were out at the time.

FARMERS AND DAIRYMEN - In fact everybody interested in agriculture - will do well to attend the meeting to be held at Fredericton on Thursday next in connection with the visit of the governor-general. West to seek his fortune, and was successful in amassing large wealth. Senator For can be from poor but honest parents, and by worked himself up to the position he occupied in the most honorable way. Hartley, who killed Foley, declined to make any statement as to the circumstances which led to the shooting. The murdered man was president of the bank of Nevada. - Vancouver World 27th July.

An Enjoyable Event. "A guest" sends the ADVANCE the following - One of the social events of the season was the marriage of Miss Bridget Mayne, formerly of Lower Canada, and Mr. Edward Russell of Tracadie, N. B., on 6th inst.

I shall pass over what the bride and groom wore, as that is generally worn threadbare, and merely say the wedding was celebrated with the usual performances, assisted by the violin in the hands of the filer of Mr. Sinclair's mill and any one hearing the music of the saws would know Mr. Arthur's touch would be fine when playing The Blue Danube, the Girl I left Behind Me, The Last Rose of Summer and other classical selections. The enjoyments were interspersed with songs such as the Marchioness, My Own Canadian Home, The Tramp on the L. C. R., etc.

Lawn Social. The Lawn social held on the attractive and spacious grounds of Mr. R. H. Anderson's residence, Chatham, on Thursday last, under the management of the "Willing Worker's Band," of St. John's Church, was a great success. The booths, transparencies, stands merry-go-round, etc., presented appearances which at a glance showed that much painstaking work had been done upon them, some of which was really artistic. The sales table was well supplied with a display of useful and fancy articles, many of which were the products of industrious fingers, guided with great skill and excellent taste. The ice cream and other refreshment booths were well supplied, while the tea provided in the large enclosure set apart for that purpose was one of the very best, in both quality and variety, and the attention which patrons received from the ladies who acted as waiters made this part of the entertainment more than usually satisfactory. Noteworthy features were the illuminated style of lettering on the different booths, stands, etc., which were very effective in directing visitors exactly to where they wished to go for the time; also the finest display of Chinese lanterns that has yet been seen in Chatham. Then, there was the excellent music furnished by the 73rd battalion band. The young mouse captured last winter by Nat. Underhill Jr., and exhibited on the grounds by him was a great attraction. In fact everything was so nicely arranged, attracted and well conducted that it could not but be successful. About nine o'clock a slight shower fell and caused many to leave the grounds who would otherwise have remained an hour or two longer, but notwithstanding this drawback the lawn social was a great success.

Death of Father Lawlor. Rev. Wm. A. Lawlor, one of the most eloquent and promising young priests of the diocese of Chatham, died at his father's residence here at about five o'clock on Tuesday morning. The sad event was not unexpected, as the deceased had been confined to the house for several months, suffering from consumption, yet the announcement of his death, when his eldest son received with sorrow, not only by his relations and co-religionists, but also by a very wide circle in the community embracing all classes.

The meeting of the Ladies' Committee called for Thursday afternoon is postponed until Friday afternoon at 4 o'clock. This will give members of the committee who will be engaged on the former day an opportunity to attend.

The Bible training class is fairly at work. The young men are still waiting for some friend to assist the work by contributing the reference books asked for last week. We repeat the list - a bible text book, bible dictionary and a concordance. A new concordance is to be published in September. It will represent the life work of its compiler, Rev. J. R. Walker. It will contain fifty thousand more references than "Cruden's Complete." If the friend who was to give our association a concordance, wishes to wait until the new one is issued, an intimation of that fact will keep us quiet in the meantime.

A gospel meeting will be held on next Sunday afternoon, in the Y. M. C. A. rooms. Ladies as well as gentlemen are invited to attend this meeting. There will be some stirring addresses, and the music will be of a pleasant character. Full particulars will be announced later.

The Y. M. C. A. believes in having all its activities to have. Acting upon this principle it has decided upon next Thursday for its monthly excursion. Consult your almanac and you will see that it is the time of full moon. Consult, advertising to appear as the popular moonlight of the season. Then consult your own pleasure and plan to go.

The men's meeting last Sunday was a specially interesting one. Mr. W. R. Robinson gave a very bright, forceful and

practical address. The singing was under the charge of Y. M. C. A. and had secured the assistance of Mrs. Pallen and Mrs. Creighton, with Prof. Smythe at the organ. Two solos, a quartette, and several bright hymns made a very attractive part of the service.

The music next Sunday will again be of a special character. The officials of the fishery department, Ottawa, have recently had to come to the attention of the department from the inhabitants of Northumberland, Ontario, praying for a close season for frogs. A lucrative trade in the shipment of frogs' legs had been done in that country, but it was discovered that the very time when the frogs are spawning is one when the greatest havoc is wrought amongst them. Possibly a change will be made in the fishery laws so as to embrace frogs. The officers say in their embryonic stage frogs are certainly fishes, but later on they take an amphibious character.

Is a Frog a Fish? Is a frog a fish? This is the problem which the officials of the fishery department, Ottawa, have recently had to come to the attention of the department from the inhabitants of Northumberland, Ontario, praying for a close season for frogs. A lucrative trade in the shipment of frogs' legs had been done in that country, but it was discovered that the very time when the frogs are spawning is one when the greatest havoc is wrought amongst them. A Circus in Town. IT IS ALL THAT THE PRESS AGENCIES CLAIMED FOR IT. A circus such as is calculated to warm the cockles of the heart of the old timer and delight the small boy is that which opened the Shamrock grounds at the Shamrock Lacrosse grounds. Cook and Whitty's Colonial English Circus. Museum and Menagerie possesses all the charms of the old time circus and all the wonderful features of the tremendous later day show.

The Shamrock grounds are turned into a white village. Immense tents are erected everywhere around the grounds, the principal being the menagerie and show tents, which lead into each other. Then there is the museum tent where the freaks and curiosities hold forth and the tents for the animals and the housing of the vast aggregation of people connected with the show.

Mr. Thorpe was appointed to preach the pulpit vacant Aug. 5th. Mr. Jamieson, elder, and Rev. Mr. Fowler presented a petition from Esoumican mission station, praying that it be erected into a regular pastoral charge and placed on the list of augmented congregations. The petitioners were assured that the presbytery would meet their wishes, more especially as this station has shown most gratifying progress during the past year. Rev. Mr. Fowler, the present missionary. Final action was, however, deferred until correspondence could be had with Campbellton congregation concerning the feasibility of a rearrangement of boundaries, the whole matter to be issued at the next regular meeting of presbytery.

A commission consisting of Messrs. Thomson, Aiken and an elder was appointed to ordain elders in Carleton. Several elders' commissions were read, and sustained. Mr. Murray was appointed moderator of Harcourt and Mill Branch, and Rev. Mr. Stuart was appointed to preach there during four Sabbaths, beginning Aug. 12th.

Presbytery agreed to supply the pulpit of Rev. Mr. Robertson for two months, he having lately undergone an operation for cataract. Adjourned to meet at Campbellton the fourth Tuesday of September.

Death of Mr. George T. Crookshank. Word was received of the death of Mr. George T. Crookshank, son of R. W. Crookshank, Esq., of this city. Mr. Crookshank was born here in 1856, and entered the civil service when a mere lad, his first position being that of private secretary to Sir Leonard Tilley. He was subsequently transferred to the Finance Department, and has risen through various grades to that of Financial Inspector, to which he has attained a couple of years ago, succeeding Mr. Tim. His duties required him to travel all over the country, and expose in a natural and temperate manner, the various parts of the Dominion some time ago told upon a naturally tender constitution. Announcement of Mr. Crookshank's death was not wholly unexpected. His father visited him some time ago, and on his return felt afraid that he would not recover. His mother was with him at his death and for some time before. With the family there will be much sympathy. Interment will be at St. John's church, and the funeral here tomorrow by the Short Line.

An Ottawa despatch to the Globe says that "Mr. Crookshank died at the residence of his brother-in-law, W. L. Blair, of the Finance Department. The deceased had been ill for a year past. Consumption was the cause of death. Mr. Crookshank was very popular not only here but all over the Dominion." - [Globe of 6th.]

P. E. I. Crops and Prospects. Charlottetown advices of the 2nd inst. state that the weather has been very favorable for the hay and, and an unusually large crop of hay has been saved in first-class order. On the other hand, the weather has been decidedly unfavorable to the increase of the aphid. The heavy thunderstorm of a fortnight ago swept many of the insects to destruction, and the cool nights and breezy days which followed, have also been against them. On many of the fields attacked, not a single aphid can be found. The oats growing upon poor land has been the most injured; and there is, unfortunately, too much such land under crop. Oat straw, generally, throughout the province, will be short; but the prospects of a good average yield of grain are continually brightening. Wheat and potatoes both make a fine showing; and there is abundance of fruit, etc., in sight.

Fireman McDonald. A Montreal despatch of 6th says: - McDonald, the fireman hurt in the Moosehead C. P. R. accident, reached here on Saturday and was put in the Royal Victoria hospital. He is as yet unable to remember any details of the accident and was on route here on the train did not recognize the spot where the dreadful accident took place.

Only once since the accident has McDonald given any evidence of remembering the terrible affair. The incident as told to the Globe is that some days ago he suddenly started up and said: "We jumped, didn't we?" One of his attendants at once replied, "Yes, what did you see?" McDonald, however, had lapsed into unconsciousness again and was muttering something about an old woman being on the track. This momentary remembrance of the event has given ground to the hope that as he gains strength his reason will return.
