To-day:—All Saints. EYEGLASSES LOST.—On the night of Saturday last, a lady lost a pair of eyeglasses on the streets of Chatham, with the name of the Ouellet on the case. The finder will confer a great favor by leaving them at this office.

MUSIC.—We would direct the attention of those of our readers who are desirous of having a first class musical education to Professor Leicesters advertisement in another column.

ALL SAINTS DAY, To-day being the festival of All Saints there will be a celebration of the Holy Communion in St. Mary's chapel at 7.30 a. m., and morning and evening prayer at the usual hours.

OVER SEAS.—The members of the Salvation Army intend giving an oyster and bean supper this evening at their barracks. Price 20 cts. The proceeds to be devoted to procuring coal and paying rent.

A NEW HISTORY OF CANADA.—We learn from late exchanges that thirty Canadian writers are at present competing for a history of Canada. Among the number is Professor Roberts, of Kings college, Windsor, who has written over 400 pages.

THE SEASON.—During the past week the weather has been fine and pleasant. This has been a fortunate thing for the farmers as it has enabled them to get through with a large amount of their fall work in making the necessary preparation for the long winter that is before them.

A VETERAN HUNTER.—We learn from our Nova Scotia exchange that David Conley, one of the veteran hunters of that province recently killed his sixty-first bear. He also killed two wild cats and a mink. The week's work, including bounties and furs, will net him about \$36.

HARVEST SUPPER AT HARCOURT.—The members of the Methodist church at Harcourt intend having a harvest supper and fancy sale on Thursday next the 5th November. As the proceeds are to go towards paying the debt of the church we have every reason to believe that there will be a good gathering on the occasion.

THIS EVENING a meeting on behalf of the Women's Missionary Society of the Methodist church to be addressed by Miss Palmer, Smith and Miss H. Stewart B. A., will be held in St. Luke's church to begin at 8 o'clock.

CONCERT AND PLEASANT.—Our readers will not forget the concert and social which will be held this evening in the school house of the middle district of Napan. As the ladies who have had the matter in hand have spared neither time nor labour to make it a success, the youth and beauty who will be in attendance will be sure to have a feast of good things as well as an amount of pleasure and amusement.

METHODIST CHURCH AT NEWCASTLE.—This church has lately been repaired, altered and otherwise improved by Mr. James Troy of that town and yesterday's Advocate has a handsome wood cut of it in its column. On Sunday last it was formally opened by morning, afternoon and evening services which were well attended, and we understand that the sermons delivered were able and eloquently delivered.

A WESTMORLAND CAPTAIN WRECKED.—Word has been received at Shediac that Capt. Augustin Landry, well known there, has been shipwrecked. He had left Padanah for Europe in charge of a sailing vessel. In mid-ocean the vessel, during a storm, sprung a leak and was sinking. The crew had to take to their boats, and were fortunately picked up by a passing steamer and landed at Kingston, Jamaica.

PERSONAL.—Hon. J. C. Patterson, minister of finance, arrived in Halifax on the evening of Friday last. He was accompanied by E. F. Jarvis, private secretary, and F. W. White, architect of the militia department.

ABANDONED AT SEA.—Our Halifax exchanges inform us that the schooner Capitula Bataan, which sailed from that port Oct. 23d for St. Jago, Cuba, with a cargo of dry fish, has been abandoned at sea, and the crew were taken off. She was a vessel of 115 tons register, built at Lunenburg in 1887 and owned by Joseph R. Stepan, of Halifax and her master. The vessel and cargo are insured at Halifax.

GLoucester Election.—Tuesday last was nomination day in Gloucester and P. J. Venot, Bathurst, Joseph Poirier, Grand Aube, and Prosper E. Paulin, Carleton, were nominated at the court house for the vacant seat in the provincial legislature.

After the adjournment speeches were made at Masonic hall by the candidates, Senator Burns, Surveyor General Trevelin, John Strevigny, M. P. P., and L. R. Doucet. The candidates all support the present government.

THE PARTRIDGE SEASON.—This is the season for partridge shooting and as there is a plentiful supply in all quarters of our forest, the sportsmen of both town and country are enjoying the best hunting season that they have had for years. Early in the morning in all kinds of vehicles, on foot as well as in the sports of the woods to return until evening, when footsore and weary, they may be seen returning loaded down with game.

A GONE COON.—The Advocate says that on Monday evening, Mr. Jas. O. Fish and Mrs. Fish were driving home. The coon, after they noticed two animals in the tops of two trees in the front thereof. Mr. Fish noticing them jumped to the conclusion that they were porcupines. Soon a crowd gathered, one was knocked out of its perch with a pole and killed by dogs as soon as it reached the ground. It being stunned by a stone fell in a heap at the foot of the tree and was captured alive. They proved to be young racoons, rather rarely in such close vicinity to town. The one stunned has recovered and is quite lively. If hunter Skilker, of Moncton, wants a live racoon to add to his menagerie he can now obtain one.

WEDDING AT NEWCASTLE.—On Wednesday, the 24th ult., a very pretty wedding occurred at the residence of W. W. McLaughlin, trackmaster, L. C. R., when Miss Minnie McLellan, his third daughter, was united in marriage to Mr. John Russell, one of Newcastle's best known and popular young men. The ceremony was performed in the large drawing room which was beautifully decorated with flowers. Rev. Wm. Aiken officiating. The bride wore a handsome dress of cream tulle. She was attended by Miss Mary Russell, who looked well in a becoming costume of pink silk. The groom was supported by Mr. R. W. McLellan of Fredericton and the guests were limited to the relatives and immediate friends of the contracting parties. Immediately followed the wedding supper and afterwards Mr. and Mrs. Russell left in the eleven train for Quebec amid showers of

rice, firing of guns and blowing of whistles. The present were many and handsome, some having arrived from British Columbia.

The Leighton Stock Company.

A dramatic combination of sterling merit appeared at Masonic Hall last night in "The Plunger," an excellent sensational play and scored a big success. Mr. Harry Leighton who appeared in the leading role of "Dexter Dight" proved himself a thoroughly first class actor. In the strong scenes he was powerful, in the comedy scenes he was very funny keeping the audience in roars most of the time. Mr. Leighton is the most versatile actor seen here in years. The entire company is above the average both in talent and numbers (fifteen) and every one of them acquitted themselves in excellent style. The singing of Messrs Hughes and Weston and Miss Addie Snow was loudly applauded. There was a new budget of songs and dances to-night and the famous "Living Pictures" will be presented with all original New York effects. Get your seats early at Mackenzie's drug store. Prices 25 and 50 cents. This is an unusually good attraction and a splendid house is predicted for to-night.

Dedication of St. Patrick's Church, Nelson.

On Thursday of next week, Nov. 8th, the handsome stone church erected by the Catholics of Nelson, will be solemnly blessed, and opened for divine service, by the Right Rev. James Rogers, D. D., Bishop of Chatham. It is a great tribute to the pastor, Rev. Father Power, and his congregation, that in the time that has elapsed since the destruction of their church by fire, they have been able to accomplish so much for the restoration of their place of worship. The members of the choir are preparing an elaborate programme of sacred music in honor of the occasion. The ceremony of blessing the church will take place at 10.30 a. m., after which there will be a solemn high mass, followed by a sermon. Many clergymen from the diocese will be present to participate in the ceremonies.

The steamer Nelson and Miramichi will run in connection with the celebration. The Nelson will leave Chatham at 9, the Miramichi 9.30 and will call at Douglastown, Kerr's Mill, Newcastle and arrive in Nelson in time for the opening service.

An Interesting Repleven Case.

Great interest is being taken by the commercial portion of the community in the seizure of the cargo of the Italian bark "Leon Penelope" by the sheriff at the instance of Messrs. N. W. Snowball & Co., of Boston, through their brokers, purchased a cargo of lumber from Mr. Snowball for shipment to Buenos Ayres. Messrs Rice sent the "Leon Penelope" to take the cargo, and under the directions of their agent, a Mr. Clarke, of Boston, the cargo was put aboard the ship. The charter party contained no mention of lay days but loading was to be "as customary at port of loading." The cargo was not loaded during dry weather. The Captain however claims sixteen days of lay days. Mr. Clarke refused to receive cargo from Mr. Snowball in the vicinity of ten days. Mr. Clarke's reason for declining to receive cargo except on the days he did was that the cargo being for South America had to be loaded during dry weather. Consumption and long troubles are the cause of fully one-third of the mortality in America. Prevention is better than cure. If you catch a cold, take at once some of Hawker's balsam of tolu and wild cherry. It is a sure good thing.

Y. M. C. A. Notes. The Young Men's Era is the official organ of the Y. M. C. A. of America, and is every week filled with news and notes concerning the Associations and association men. In the issue of Oct. 25th the editor has a strong article plainly denouncing the frequent changes in the ranks of the general societies. He attributes the failure of many associations to the secretary's leaving the field just as he becomes acquainted with the people, and the needs and possibilities of the work. He plainly asserts that no young man should be allowed to enter the work unless he fully determines to make it his life work, and that no general secretary should think of leaving a field before he has served there at least three years. The Era is on file at the reading room of the Chatham Association.

It is the intention of the association to give frequent receptions during the winter months. These receptions will include all classes of young men in the series. The invitations are out for the first one, "An Orthographical Reception" to the merchants and clerks, on Tuesday evening next. Some novel features will be introduced in connection with the reception and as each gentleman is allowed to take a lady with him a social and pleasant time is anticipated.

The class in vocal music is meeting weekly in Mr. Mercereau's rooms. Good progress is being made.

The friends of the association are occasionally sending the general secretary reminders of their interest in the work. A gentleman last week gave a full year's numbers of Cosmopolitan magazine, another gentleman a book for the library, and a lady some ornamental fixtures for the parlor. The secretary and ladies' committee are getting ready a mantle and drapery to put up for the clock which they are hoping someone will soon contribute.

The Religious Work committee met on Monday evening and made complete arrangements for the observance of the day and week of prayer for young men. These include a public service in St. Luke's church on Sunday evening, the eleventh of November, and a young men's meeting at the association rooms every evening of the week following.

The ladies' committee had a meeting on Tuesday afternoon. In addition to perfecting plans for the Orthographical Reception, other matters of interest and help to the work were talked over.

It was proposed, and the proposition was favorably received by the ladies in attendance, to have an entertainment on Thanksgiving evening.

Not what we say, but what the people say. It has been a rare cure.

A Hawk in a New York Bank. NEW YORK, October 20.—A rascal entered the Clinton Place Bank in Astor place yesterday afternoon and demanded \$1000 from Paying Tellor Hind. The teller told the rascal to wait. As Hind turned away, the rascal fired a revolver point blank at him, and the bullet flew by Hind's head, burying itself in adjoining woodwork.

The man was suddenly seized from behind by Detective Freat of the central office, who had been in the bank since Tuesday, waiting for the robber. A terrific struggle ensued. The robber tried his best to shoot the detective, but failed. Back and forth they fought. By and old trick which he had learned years ago, Freat managed to get his little finger between the trigger of the revolver, and thus prevented firing. The daring robber had the muzzle of the revolver close to the detective's head. In only a few seconds assistance was at hand, and the man was overpowered and disarmed. The prisoner was taken to Jefferson Market police court late in the afternoon, and there told a most interesting story.

For the past four days the cashier of the Astor Bank has been receiving letters of the menacing nature from a man who signed himself Charles Freeman. The letters demanded that the bank give the writer the sum of \$1000 and threatened to kill the cashier if he did not get it.

Inspector McLoughlin was immediately informed and he placed Detective Freat at the bank to watch for this curious individual.

For several days he did not put in an appearance, but yesterday he walked into the bank and this was the draft he presented: "\$1000.—Wednesday, Oct. 16.—Astor Place Bank after date promises to pay to the order of God Almighty the sum of \$1,000 when presented by Charles Freeman. Penalty if not fortified DEATH."

On the back of the draft the following queer inscription was written: "Notice.—The draft of \$1,000 will be all that I will claim from one bank."

"Notice.—I am authorized by God to draw upon all banks to whatever amount I see fit, and the penalty to refuse me means that I have the right to shoot the person that refuses, and by the power of God, no man can stay my hand."

This draft along with the letters were taken with the prisoner to Jefferson Market police court, where Justice Vorhis is sitting. The revolver, which was of 32 calibre, there was found a bottle of strong solution of carbolic acid and a few pawn tickets for articles of small value. He was held for further examination.

No fictitious certificates, but solid facts, testify the marvelous cures by Ayer's Sarsaparilla.

Timber Brokers Fall. Halifax, N. S., Oct. 23.—News has been received from England that the firm of James Smith and Co., Liverpool, timber brokers, has suspended. No particulars are given, and the cause of suspension is unknown. Gilbert Harrison, though a member of the firm with large interests, has lately withdrawn. Smith and Co. have handled a large quantity of New Brunswick lumber, valued at probably 400,000,000, or 50,000,000 feet a year. Geo. McLean is their agent in St. John, and J. H. Mathers Halifax, and King and Co., Quebec. The firm has a small interest in the St. Lawrence Lumber Company (Bathurst and Berains), and did some business on the north shore. They have offices in Liverpool, London and Glasgow, and have representatives in Ireland. Mr. Mathers ships them from 20,000,000 to 30,000,000 feet of lumber from Halifax. A report will be published in November at ten cents per copy, or twelve for one dollar. Orders sent to Miss C. Lucas, Sess.
