THE SUDDEN DEATH of Miss Mary Connors, which took place on Friday morn ing last is the subject of much regret in large circle of friends in the community. She was attacked with pneumonia on Monday of last week, and on Thursday, about one o'clock, was removed to the Hotel Dieu, where it was thought the careful nursing which is a great feature of that institution would benefit her, but early on Friday morning she became suddenly worse and died almost at once. The funeral on Sunday was very largely attended.

PERSONAL :-- We were glad to have a call, on Saturday last, from Mr.C.H. Harrison, late Principal of Chatham Grammar and High School and now principal of Woodstock High | exhibit of canned clams. School. He looks like a man with whom the world goes well. He spent most af his vacation with his parents at Newcastle, although many old friends here has also the pleasure of greeting him.

Mr. James Varstone went to Escuminac on Monday and is now married to one of the handsomest young ladies of Hardwick parish. The couple's namerous friends wish them every happiness.

SALVATIONISTS' MEETING BROKEN UP:-The Salvationist corps at Chatham had a banquet on New Year's day, followed by night meeting, which was disturbed by some of the young toughs of the west end of the town. An attempt was made by the "soldiers" in charge of the door to put the disturbers out and a resistence on their part led some of their older associates and sympathisers with lawlessness to take a hand in, the result being a scene of great disorder, in which a window and two seats were broken, and two women fainted. The rowdies so intimidated the Salvationists that they were obliged to close their meeting. We understand that complaints have been lodged before the police magistrate against the leaders in the outrage and it is to be hoped they will be properly punished.

A SUDDEN DEATH :- A Fredericton despatch of 29th says :-George Cliff, aged 45, son of John A. Cliff, of Lower Queensbury, dropped dead on the Miramichi road a short distance back of St. Marys station, at eleven o'clock this forenoon. Deceased has just returned from British Columbia, after an absence of fifteen years in the west and this morning hired a horse and sleigh in the town to drive over to see his brother, Wm. E. Cliff, who lives up the hill in the rear of St. Marys. He had arrived within a short distance of his brother's house when he learned that the latter was not at home In attempting to turn the sleigh on the unbroken road the vehicle upset and one of the shafts breaking the horse galloped ott. Mr. Cliff started to run after the animal, but only got a short distance when he fell dead.

The committee informs us that the Association has erected, in honor of Canada, a building to be used expressly as Canadian Headquarters during the Exposition. Here both exhibitors and visitors may meet, receive their friends and fellow-countrymen, have their mails directed, and otherwise make it the social rendezvous intended.

It has been deemed most appropriate to decorate the interior of the building with portraits of Canadian public men, views of public buildings and scenery, and other souvenirs and characteristic features of Canada. With this in view, communications have been sent to the various Provincial NORTHUMBERLAND LODGE, NO. 17, NEWCASTLE. Governments and Boards of Trade in the principal cities, asking them to exhibit such portraits, views, etc., as pertain to their particular locality. The Committee being called upon to select a "Canadian Day," have decided on April 2nd, as the only date at their disposal early enough in the season to be available. This day has accordingly been set apart for the purpose and will be appropriately celebrated. "La Crosse" and other Canadian games will be arranged for; the Director-General having promised to contribute trophies and medals to be competed for, as well as a fine

display of fireworks in the evening. Every effort will be put forth to make this the occasion of a grand re-union and festival among the many sons and daughters of Canada in California and their visiting friends. Proper notification by Canadian papers will doubtless enable many tourists to so time their visit to be present on that day; April and May being among the pleasantest months in California, when
