Shanty, Camp and Boat Stove.

[From Miramichi Advance of Oct 11.] Mr George Marquis of Chatham will be looked and others who may have the good fortune to procure stoves of the new pattern designed by him, the first sample of which was put together at his well known shop at Chatham on Tuesday afternoon and shipped yesterday to Neguac It is to be used in a goose-shooter's camp at Tabusintac and for that purpose as well as for heating and cooking in smelt-fishermen's shanties it is just the thing back and the same from bottom to top The bottom. top, door and dampers, etc are of cast iron and the sides and ends are composed of a sheet of 16 gauge sheet steel It will hold nearly twice as much wood as a star stove while owing to a new and peculiar small or large quantity of fuel, as may be desired It may also be fitted to burn coal There is a draft for forcing the fire and a damper for lessening the heat at will The top has two pot-holes and these may, by the removal of the dividing centre-piece, which is of the usual form, be converted into an oblong hole for a big beiler or oblong pan Altogether, the new shanty-stove seems to meet a equirement that is more than local, and the cost, \$5, places it within almost everbody's ability to buy it Mr Marquis has just begun to fill orders, and it will te well for those who intend to fish smelts

him, as early as possible.

during the coming winter, as well as sportsmen

and gunners who want to be comfortable and, at

the same time, have a stove on which they can do

quite a range of cooking to place their orders with

CONSUMPTION SO PRONOUNCED By the Physicians SEVERE

COUCH At Night Spitting Blood

Given Over by the Doctors! LIFE SAVED BY

AYER'S CHERRY PECTORAL "Seven years ago, my wife had a

severe attack of lung trouble which o the physicians pronounced consumption. The cough was extremely distressing, especially at night, and was frequently attended with the spitting of blood. The doctors being unable to help her, I induced her to try Ayer's Cherry Pectoral, and was surprised at the great relief it gave. Before using one whole bottle, she was cured, so that now she is quite strong and healthy. That this medicine saved my wife's life, I have not the least doubt." - K. Morris, Memphis, Tenn.
