Of the former there are over 200,000 in use, and the extraordinary number of 20,000 were manufactured and sold last season, by the Wood Company of United States. We have ever 500 of our manufacture now in use, every one of which (no exceptions) stands as a monument of the grand and unprecedented success of home manufacture and our enterprise. A list of our Agents in this section of the Province will be found appended, and farmers are requested to ask infor-mation of them relative to our Mowers in use in their respective localities, which will establish beyond doubt their unquestionable superiority over any other mower to be had in our market. AN ATTEMPT AT UNION. At a meeting of the Orangemen, held on Saturday at 12 o'clock, a deputation of the rish Catholic Union and other Catholic societies waited upon the officers of the Orange order and stated that if the Orangemen would abstain from wearing party insignia at the burial of their late rother on Monday, they (the Catholics) would muster 2,000 strong to participate in the procession. The proposition was declined on the ground of there being a want of confidence felt after what had hap pened on Thursday last.

A Montreal despatch of 16th says:-o'clock, as announced, headed by the Artillery, the Mounted Police next, with rifles, followed by the Young Britons, in full regalia, and Orange Lodges, with bands of music and Orange banners. After the hearse were relatives and friends, St. George's, St. Andrew's, Caledonia and Irish Protestant Benevolent Societies, and leading citizens. The demonstration was extremely grand and clearly showed that the True Blues are not to be fright-

Everything is quiet so far, but trouble | topol. may ensue on the return from Mount Royal Cemetery. Floral tributes in the shape of crowns, etc., were sent to decorate Hackett's coffin. The feeling here is intense, and it is quite evident that the mob has had its day. THE WOUNDED.

JOHN PRESBYTERY CASES.—The

Committee who had charge of the refer-

ence and appeals from the Presbytery of St. John reported through Dr. Jenkins, that an arrangement had been come to by the parties concerned, and so a judicial investigation had been rendered unnecessary. In regard to the reference, Mr. Houston signed a paper disclaiming imputations of fraud and dishonesty against the Trustees of Calvin Church, St. John, and regretting that he had written anything which caused offence; and the Trustees signed a paper withdrawing all statements injuriously affecting the character and standing of Mr. Houston, and regretting that any such statements were published. In regard to the first appeal, the committee found that inasmuch as Mr. Tuft had already withdrawn all statements injuriously affecting the character and standing of Mr. Houston, the matter now drop, at the same time the committee expresses the opinion that in the letter addressed to Dr. Duncan, there was ground for libel. In regard to the second appeal, Dr. Maclise had signed a paper in which he said :- I know no fact or circumstance which, if published, would be injurious to Mr. Houston's character, if even I said that I knew, I did not mean and now withdraw it, and regret having said so. As Mr. Houston expressed himself satisfied with the above, the committee recommended that the whole matter now come to an end. The

The despatches announce the death of General Sir George Bell, K. C. B., a most distinguished veteran, who entered the army in March 1811. He served through the Peninsular war, also in Canada in 1837-38, and was at the battles of Alma and Inkerman, and the siege of Sebas-CRUELTY TO A LUNATIC. - The officials

of the Prince Edward Island Insane Asylum are charged with cruelty to a female, one of the inmates. It is alleged that her husband on visiting her "found that she was kept in a foul pen, was receiving no attendance, and was literally dying of thirst. She was emaciated to such a degree that he did not know her until she recognized and spoke to him." She was the wife of a well known citizen of Charlotte-PARTY FLAGS ON STEAM BOATS. -The

directors of the Company who owned the steam boat on which difficulty with the Zouaves and the Papal flag took place, condemn the Captain for pulling down the flag without first remonstrating with those who put it up. They also censure the Zouaves, the pilot and the deck hand who assisted them, and henceforth forbid party flags on their boats, -a most sensible conclusion, for in a multitude of flags there is little wisdom, and not much peace.

morning of last week as a freight train going West was taking on freight at the Oxford Station, a ballast train going in the same direction, came around the curve a short distance East of Oxford station, which has a heavy down grade. The freight train started as soon as the ballast train was heard, but did not get under much headway before the engine struck the passenger car attached to the freight train. The two cars forward of the passenger car had just been loaded with furniture from the Oxford Woodenware Mauufacturing Company's works, and, being light, jumped up and the passenger car and engine were driven under them. Four cars and the engine are a complete wreck. The driver, fireman and conductor of the ballast train jumped off before the collision took place. Three men are hurt, but only very little. Doctor Carter, of Oxford Village, was sent for and dressed their wounds. There was one old gentleman in the passenger car. He was not hurt much, but it is a miracle he escaped.
