WHERE IS MR. MITCHELL? We hope our County Representative in Parliament, Mr. Mitchell, will give his attention to the fishery question, now that his paper and some of his friends are joining against the general interests of his constituents in the matter.

slaughter, but it would be a very high price for all the rioting strikers that could intrude themselves within pistol-range in an accident.

ACCORD TO GENERAL DOYLE.—We learn from the Army and Navy Gazette of March 17th, that Sir Charles Hastings Doyle, K. C. M. G., met with a painful accident while attending the levee of the Prince of Wales, on Monday, February 26th. His foot slipped while he was about to enter his brougham, and he fell, his face striking with great violence against the iron step of his carriage. The severe lacerated wound which resulted has confined the General to the house of his brother, Col. North, M. P., with whom he is staying at the time. He has so far recovered that he is able to resume his official duties at Portsmouth. The General is in his 73rd year, and his recovery is very gratifying to his numerous friends.—Tel.

MIRAMICHI MATTERS AT OTTAWA. In the Commons at Ottawa Mr. Palmer has called for a return of all petitions, papers and correspondence had with the Government, or any of the Departments, by or from the Inhabitants of this County in relation to the necessity of a Breakwater, for the protection of Fishermen, at the Easterly side of Point Esplanade. Mr. Mitchell, also, has called "for all papers and correspondence during the Dominion Government or Department of Marine and Fisheries and the British Government or the British Admiralty—or any of its officers or any party acting for either of the above named authorities in relation to the transfer of Portage Island, in the Bay of Miramichi, from the jurisdiction of the British Admiralty to the Dominion Government, also all reports to Council from the Department of Marine and Fisheries in relation to the same subject and Orders of Council thereon."

CONCERTS.—We are requested by postal card to notice that the two blind Musicians, Messrs. Maynard & Hutton, are to give concerts in Chatham this evening and tomorrow evening.

THESE performers were in Fredericton during the late legislative Session and their concert created quite an absorbing interest. Referring to one given there on 12th March the St. John Telegraph said:—"The concert given in the City Hall by Messrs. Maynard and Hutton was a grand success. About 300 persons were present, including His Honor, the Lieutenant-Governor, and his two sons, and Col. Saunders. The selections were very good, the pieces of the evening were Schubert's 'Wanderer' and the 'Unfortunate man' (comic). The humorous songs, made up by Mr. Hutton kept the audience in a roar of laughter. They were urgently requested to perform at the Queen Hotel to-night, and also to go to Maryville, by Alex. Gibson, Esq. During their stay in this city they have made themselves very popular and formed a great many acquaintances."

Messrs. Maynard and Hutton, at the request of citizens of Fredericton and the guests of the Hotel gave quite a number of Parlor entertainments, which were always very highly appreciated. They are really worth hearing, as public performers.

SUNDAY SERVICES.—There will be services in Immanuel Reformed Episcopal Church, Chatham, Rev. T. L. Smith, Rector, at 11 o'clock, a. m., and at 3 o'clock, p. m.; all are cordially invited; a hearty welcome to strangers. Subject of the sermon, "The Resurrection." The "Door was Shut." Seats free.

FRESH FISH are not to be had in the market. We have, heretofore, been accustomed to the enjoyment of a supply of fresh salmon but through the efforts of important gentlemen—the leading fishery officials—we are deprived of those excellent and seasonable fish.

TAKEN TO THE ASYLUM.—A man named James Fallon, formerly living at Morrison's Cove, who has been a great source of anxiety lately to the residents in that vicinity was taken to the Insane Asylum on Saturday last, by Policeman Samuel Wilcox, a certificate of insanity having been given by Dr. Thomson.

A SUCCESS.—The party held in the Masonic Hall, Newcastle, on Monday evening in aid of that institution, was very pleasant and largely attended. Over eighty couples occupied the floor until a late hour. The music was furnished by strolling musicians whom the Committee had chartered to secure for the occasion. About \$140 was realized, over expenses.

ACCIDENT.—Mr. Donald Ullock, of Black River, cut his left foot severely while working in the woods about a month ago, and came to town this week to have a doctor in attendance upon him. The physician called in, Dr. Lewin, thought, at first, that the foot would have to be amputated but that has been avoided and the sufferer is now doing well.

A STRANGE CASE.—Mr. A. D. Goodwin, who has, for a long time, been a resident of St. John, and one of its most esteemed business men, disappeared suddenly last week, leaving liabilities of such a character as to excite suspicion of dishonest practices and intentions. The American Consul, Gen. Warner, will be one of the honest losers by him. It is said Goodwin is now in jail in Boston.

MUSICAL.—The second half term of J. R. Burwood's adult singing class will commence on Saturday evening next, a full attendance is requested. That splendid oratorio chorus "The Heavens are Telling" will be begun during next week, to be followed by "The Soldiers Chorus," from Faust, Hallelujah chorus and others of like character. Any persons wishing to join, can do so on payment of half fee. Male voices are badly needed.

PROVINCIAL APPOINTMENTS.—His Honor the Lieutenant Governor in Council has been pleased to grant Licenses to Solemnize Marriage under the Act 39 Victoria, Cap. 10, to the following persons, viz:—

The Reverend Thomas L. Smith, Pastor of "Emmanuel Church," Chatham; the Reverend Jeremiah Evans Pond, settled Pastor of the Congregational Church, Milltown; and the Reverend John Wills, Minister of the First Unitarian Church of the City of Saint John.

THE PRINTERS' MISCELLANY comes to hand this month fuller than ever of matter interesting to Printers and entertaining to the general reader. There is no Printer's journal that we have seen which is so purely what the Miscellany professes to be—a paper devoted to the interests of the press—and if it is only as great a success, financially, as it is in other respects, Brother Finlay ought to soon become a wealthy man. If there are any Printers who read the ADVANCE and have not yet subscribed to the Miscellany we advise them to do so on their duty in the matter. It is only \$1.00 a year.

COMMITTED FOR TRIAL.—The Halifax papers say that Brown, the Manager of the Canada Steel Company's works, who was arrested last week at Truro on a charge of shooting one of the rioters, during the recent disturbance at the Londenbury works, was arranged for examination on Thursday before Justices King and Redden, and was committed to stand his trial for manslaughter at the assizes sitting of the Supreme Court for Colchester County. He was admitted to bail—himself in \$600 and two sureties in \$300 each. Two hundred dollars is a cheap price for manslaughter.

WISDOM AND FISH.—We have much pleasure in directing attention to the card of the above firm who succeeded to a well-established business in St. John. They are well acquainted with the requirements of the mill-owners of the North Shore from experience in supplying them with their line of goods, besides which, one of the firm is a Miramichi man—and a good one at that—and Mr. Wisdom is a St. John man and, therefore, a I, likewise.

BUSINESS TRAINING.—The present is a time when "the survival of the fittest" is a term of weighty meaning. Those who undertake to conduct business without being qualified for the task will not succeed, as the experiences of the past few years abundantly show. We, therefore, advise young men, before starting out in life to secure all knowledge of the principles of business that is available, and we commend in which to lay a solid theoretical foundation.

FISHING TACKLE.—The proprietor of the Miramichi Bookstore requests us to announce that he expects by next steamer from Redditch, England, a full line of anglers' requisites. He will also be in a position to furnish the well known Baillie rods—made by Mr. Chas. Baillie of St. John—and warranted—so that complete outfits may be relied upon. The Stock, which will embrace the fullest line of fly-casting lines, etc., in the province will be opened by 1st May at the Miramichi Bookstore. Parties desiring to obtain the Baillie Rods should have their orders as early in the season as possible.

Presbytery of Miramichi. A pro-nata meeting of the Presbytery of Miramichi was held in St. James's Church, Newcastle, on Tuesday last, pursuant to a circular addressed to the members by the Moderator. There were present the Rev. Messrs. Anderson, Wilson, Johnston, Houston and Robertson. The meeting was duly constituted with prayer by the Moderator, who afterwards stated that he had called the meeting at the request of the Clerk who had placed in his hands the following document:

Messrs. Maynard and Hutton, at the request of citizens of Fredericton and the guests of the Hotel gave quite a number of Parlor entertainments, which were always very highly appreciated. They are really worth hearing, as public performers.

That splendid oratorio chorus "The Heavens are Telling" will be begun during next week, to be followed by "The Soldiers Chorus," from Faust, Hallelujah chorus and others of like character. Any persons wishing to join, can do so on payment of half fee. Male voices are badly needed.

PROVINCIAL APPOINTMENTS.—His Honor the Lieutenant Governor in Council has been pleased to grant Licenses to Solemnize Marriage under the Act 39 Victoria, Cap. 10, to the following persons, viz:—

The Reverend Thomas L. Smith, Pastor of "Emmanuel Church," Chatham; the Reverend Jeremiah Evans Pond, settled Pastor of the Congregational Church, Milltown; and the Reverend John Wills, Minister of the First Unitarian Church of the City of Saint John.

THE PRINTERS' MISCELLANY comes to hand this month fuller than ever of matter interesting to Printers and entertaining to the general reader. If there are any Printers who read the ADVANCE and have not yet subscribed to the Miscellany we advise them to do so on their duty in the matter. It is only \$1.00 a year.

COMMITTED FOR TRIAL.—The Halifax papers say that Brown, the Manager of the Canada Steel Company's works, who was arrested last week at Truro on a charge of shooting one of the rioters, during the recent disturbance at the Londenbury works, was arranged for examination on Thursday before Justices King and Redden, and was committed to stand his trial for manslaughter at the assizes sitting of the Supreme Court for Colchester County. He was admitted to bail—himself in \$600 and two sureties in \$300 each
