AN EXPENSIVE COUNTY .-- We observe that the Report of Marine and Fisheries submitted to Parliament shows disbursements in York County to the amount \$5,125,16 on Fisheries account. Mr. John Tilton ought to know better than that, and some of the Fredericton papers ought at large. to repudiate the charge. York never needed Overseer Hickson's services so much that he was required to "disburse" \$149. 50 there; or John Hogan to pay out \$128. 35 on its account, or that Inspector Venning should spend \$641,48 in its interests Joe Knowles possibly furnish \$17.95 worth of gas from the St. John Works for the benefit of that county. We observe also that \$200 paid to Wm. Wyse is also charged to York's account, which is, perhaps, for protecting the migratory fishes which visit the part of the Miramichi flow-

Ellis as the writer of certain articles in the Globe. Mr. Ellis retired from his editorial position some months ago, and it is as unfair to accuse him of the authorship of the Globe articles as it fendant and called Jas. O. Fish and C. would be to accuse any other citizen. The fact that he has actively discussed particular subjects in the past is no reason why he should be blamed for articles on the same subjects at the present time, and a fancied resemblance in the style of writing is no excuse for dragging his name before the public. We do not imagine that these attacks trouble Mr. Ellis, but, in any case, he principle is one which should not he
