Some of the skating in this competition was very good, that of Messrs. Loggie and Johnson being often applauded and between whom the trouble of deciding evi-

dently lay. After retiring from the ice to decide, the judges were again doubtful as

the method of their former decision, they called in two of the by-standers and, after some deliberation Mr. Donald Loggie was declared the winner.

The Chatham Brass Band was in attend ance during the day and evening, and its music was a very attractive feature of the proceedings. Mr. Craig, proprietor of the Rink, deserves all credit; for the thoroughness and persistency with which be had carried his undertaking to popular success against drawbacks which, we believe. would have caused the failure of almost any other man, and we trust that Monday's competition will mark a series successes which will compensate him for his former labors and losses.

SKATING .-- A match has been arranged to take place on the Rink on Saturday afternoon next between Mr. Donald Loggie, the winner of the Cup in the competition of Monday evening last and Mr. Wm. Johnson, another of the competitors at that time. The prize is a silver cup given by Mr. Craig. The Judges will be carefully selected and such general arrangements made as will ensure an impartial trial, and the winner, on this occasion, will be debarred from future competitions this season. Both gentlemen are good skaters and the trial will, no doubt, attract quite a large attendance to witness the evolutions. The band will be in attendance.

POSTAL. -The Post Office Inspector has. we learn, changed the mail arrangements between Chatham and Shippegan, and Bathurst and Shippegan, respectively, via Pokemouche, so as to have both drivers meet at the same time at the latter place and connect with the stage between Pokemouche and Shippegan, the return of which, after a wait of an hour at Shippegan, is waited for by the Chatham and Bathurst carriers, who then leave on the return trips. The mail for Shippegan and intermediate points will, therefore, until further notice, leave the Chatham office on Tuesday, Thursday, and Saturday mornings instead on the evenings of those days as heretofore.

#### Skating Competitions.

The skating competitions announced t take place in the Rink on Monday were duly held and were favored with beautiful weather, though the ice. the most important object. was not in very good order. The skating for the Ladies' Cup was held in the afternoon and was participated in by three competitors, Misses Minnie Thomson, Gillies and Whittaker, the first named being the successful one. In this competition the judges, Messrs. A. W. Paterson. a Mr. Jarvis, of Montreal, and Mr. Bell, of Shediac, were unable to decide between the merits of the skating of Miss Thomson and Miss Gillies and, to decide this point, drew lots. Such an original proceeding in a question of superiority in a trial of skill has least, the merit of impartiality, but it denotes that the judges could not have
