Halls Safe and Lock Co., Louisville, Ky. Gentlemen, -The large number 13 Double Door Fire Proof Safe purchased from you in March, 1872, was in the disastrous fire, corner Eighth and Main streets, on the night of the 16th inst., when over a half million dollars of property was burned, and stood nobly one of the most severe tests possible, falling into the cellar with the walls of the build-ing, and several hundred barrels of whiskey stored in the upper stories poured their contents into the celler, keeping the safe literally boiling in burning whiskey for over forty hours. The bricks and stone were burned into ashes and lime, and it was the hettest fire ever known in Louisville. The safe was buried several feet under the bricks and ashes for two days, and after being dug out of the ruins was opened, and we are proud to say the books and papers were found uninjured, not even discolored or scorched. Several gold watches and some valuable jewellery were found untarnished. We wish you to deliver, to day, a duplicate of the safe to our new store, No. 9 Main street, and we will send you a check for the money. We want no
