The Circus.

Yesterday was circus day in Chatham, and the the town had an unusually large num ber of visitors in it. As the ADVANCE went to press at a comparatively early hour of the day-before the first performance-we are not in a position to say anything, definitely, of the merits of the show, but judging from the number of people connect ed with it, the cavalcades of horses, th cages of wild animals and other features, it seems to be equal to the very best organizations of the kind that has ever visited the Miramichi. There was, we regret to say, not a few cases of intoxication about, and it was evident that a number of illicet vendors were plying their vocation with more than u sual eedom. Circus day has, of course, Its attractive features, but it is to be re Bretted that there seems to be as much evil than good init, viewed as a whole.

Reopening of S. Mary's Church.

At last Sunday's services Rev. Canon Foreyth announced that the reopening of S. Mary's Church, Chatham, the interior of which has been entirely remodelled and very handsomely finished, will take place on Tuesday 6th August, and that the services in connection with the of the Bi-centennial establishment of the Diocese under the late Bishop Medley, will be held on the following Sinday. He said that a more full and particular notices of these services would be given next Sunday.

We understand that in addition to the clergy of the Deanery, His Lordship, Bishop Kingdon and Canon Neales will be present, and that members of S. Paul's, S. Andrew's (Newcastle) and other choirs will assist in the musical portions of the services.
