The Proposed Cheese Factory On last Monday evening the farmers Napan and other interested persons met i the Kerr School House to further consider the establishing of a cheese and butter factory in this section of the country.

Mr. A. Dickson was appointed chairman. An offer to establish a factory was received from Mr. John Gregory from Nova Scotia. The milk of 400 cows must be guaranteed for three years, five months in each year and he will manufacture cheese for two cents a

The committee who had been canvassing

the people to ascertain how many cows milk each person would be willing to send to the factory, handed in a report which showed that the milk of 169 cows had been promised. Every one seemed anxious for a factory, out all did not agree on the mode of erecting it. Some were in favor of forming a joint tock company and erect one themselves, while others wanted to accept Mr. Gregory's offer. Mr. John Galloway moved that the farmers guarantee the milk of 250 cows, if Mr. Gregory give the a 70 cents a hundred bounds and collect; or 80 cents if delivered at the factory, and added if this offer was not accepted that Mr. Gregory make them a

The Colonel's Nerve.

Col. William R. Morrison believes thoroughly in the efficacy of discipline. He has spent a great part of his eventful career in hotels, and one of his theories has always been that the mind can be so trained that the biggest sort of a hotel fire is powerless to sidetrack the reasoning faculties on occasions when presence of mind is needed. He impressed his theory very strongly upon Mrs. Morrison by conjuring up a variety of critical exigencies, and instructing her how to act in given cases. Fate would have it that the colonel should be put to the test. He and his wife were aroused from their slumbers one night by an alarm of fire. The hotel in which they had their rooms was afire, and great confusion and tumult ensued among the guests. "Now is the time to put into practice what I have always preached to you, my dear," said the colonel. "Don't get excited, Put on all your indespensable apparel, and take your time. Don't lose your head. Just watch me." He calmed Mrs. Morrison's anxiety, handed her the various articles necessary to her toilet, put on his collars and cuffs, took his watch from under his pillow and placed it in his vest pocket, put on his hat, packed a valise of valuables, and, taking his cane, walked with Mrs. Morrison out of the burning building into the street, "Now, my deac, he said when they were safe, "don't you see what a grand thing it is to keep cool and act with a deliberate purpose in an imergency like this? Here you are completely dressed, as though you were out for a walk, and over yonder are several ladies in complete dishabile." "You are right, William," she said, "it is a grand thing to keep cool and act deliberate, but if I had been you I would have stayed in the room long enough to put on my trousers." -Washington Post.

Lenz is a daring man by nature, and he took many wild chances from which he Excursion return tickets will be issued on the was fortunate in coming through without serious injury before he reached Armenia. He left New York June 4, 1892. He was not the first man to go around the world Not far from that lonely island rock on a bicycle, but the first to do so from east to west. All those who preceded him went in the opposite direction. Lenz crossed America without much that was unusual, and reached San Francisco in October. An incident in this

fore he could reach the other side, he was overtaken by a train. The bridge was a and there was no room for him to stand on one side and let the engine go by. Sitting down on the edge of the ties, he swung his bicycle out over the rushing waters below, and waited on the tips o the sleepers until the train rolled by not three feet from his head. Then he remounted his wheel and passed over the bridge in safety.

It was this reckless nature that got him into trouble again and again. Sachtleben holds the key to the situation, but he has a difficult lock to open gave W. A \$300 PIANO \$250 in Cash to be Given Away.

From the 2nd of March until the 2nd of September, 1895, with each dollar's worth of goods that you buy for cash at either of the stores of W. T. Harris, including the Cheap Cash Grocery on Henderson Street, you will receive a ticket for a piano, which is to be given

It will be conducted as follows :-Each ticket will have a number and a stub with a corresponding number, you will receive one of them with each dollar's worth of goods purchased from us for spot cash. The stub you will tear off and place in a closed box, one of which we will have placed in each of our three stores. On the SECOND OF SEPTEMBER the three boxes of tickets left with us will be opened and theroughly mixed together and whoever holds a ticket with the same number will receive the plano, or if that person should not want the piane we will give him or her \$250 CASH FOR IT. This is a square transaction and no one

can know until the second of September who will held the ticket with the right number, but some one is sure to hold it You will buy your goods as cheap as at any other store in Chatham, so you cannot waste your money. You get full value for every dollar you spend and some one is sure to get the PIANO IN ADDITION. Buy your goods from us until the second of September and see if you can get the piane.

The piano is on exhibition in the brick The above will apply only to retail
