

FANTASTIC VAGARY.

A PUJIC MAN WHO CONSULTED THE OUIJA BOARDS.

This is one of the grounds on which it is sought to show that he was incapable of making a proper will. The estate involved is a large one.

The Oujia board, that curious little device which is used by those who profess to be able to communicate with the spirits of the dead, has been used in the case of the late Mr. J. M. Pond.

The claim is made by the contestant that his brother had no right to devise away this tract, and cannot bring forward his father's will as evidence.

Among the testimony already introduced is that of Mrs. Frank A. Porter, a sister of the deceased brother.

In his public career, Charles M. Pond was known as a man of great industry and brilliant parts, but it seems that for some time previous to his death his mind was clouded or weakened by dissipation.

According to the evidence that is being introduced, the deceased brother was an extraordinary and eccentric person.

Strange, Hot True. This is a very peculiar world. One is struggling for justice in another world.

The enormous sun Arcturus. If the earth were situated midway between the sun and Arcturus it would receive 5,100 times as much light from the star as it would from the sun!

These Oujia boards with all of her brother's spiritistic books, Mrs. Porter says, she burned.

The dissipated habits of Pond's brother have been pretty well established.

THE GREAT SOUTH AMERICAN NERVE TONIC

Stomach and Liver Cure The Most Astonishing Medical Discovery of the Last One Hundred Years.

It is Pleasant to the Taste as the Sweetest Nectar. It is Safe and Harmless as the Purest Milk.

This wonderful Nerve Tonic has only recently been introduced into this country by the proprietors and manufacturers of the Great South American Nerve Tonic, and yet its great value as a curative agent has long been known by a few of the most learned physicians, who have not brought its merits and value to the knowledge of the general public.

This medicine has completely solved the problem of the cure of indigestion, dyspepsia, and diseases of the general nervous system. It is also of the greatest value in the cure of all forms of falling health from whatever cause.

It performs this in the most delicate manner, and its great curative powers upon the digestive organs, the stomach, the liver and the bowels. No remedy compares with this wonderfully valuable Nerve Tonic as a builder and strengthener of the life forces of the human body, and as a great renovator of a broken-down constitution.

It is also of the greatest value in the treatment and cure of diseases of the lungs than any consumption remedy ever used on this continent. It is a marvelous cure for nervousness of females of all ages.

Ladies who are approaching the critical period known as change in life, should not fail to use this great Nerve Tonic, almost constantly, for the space of two or three years. It will carry them safely over the danger.

It is a great strengthener and curative of an inestimable value to the aged and infirm, because its great energizing properties will give them new life and vigor.

IT IS A GREAT REMEDY FOR THE CURE OF Nervousness, Nervous Prostration, Nervous Headache, Stomach Weakness, Nervous Chills, Paralysis, Nervous Prostrations and Pains in the Back, Falling Health, Broken Constitution, Debility of Old Age, Indigestion and Dyspepsia, Heartburn and Sour Stomach, Weight and Tenderness in Stomach, Loss of Appetite, Frigidity of the Uterus, Dizziness and Ringing in the Ears, Weakness of Extremities and Fainting, Impure and Impoverished Blood, Boils and Carbuncles, Scrofula, Nervous Swellings and Ulcers, Consumption of the Lungs, Catarrh of the Lungs, Bronchitis and Chronic Cough, Liver Complaint, Chronic Diarrhoea, Delicate and Scrofulous Children, Summer Complaint of Infants.

NERVOUS DISEASES. As a cure for every class of Nervous Diseases, no remedy has been able to compare with the Nerve Tonic, which is very pleasant and harmless in all its effects upon the youngest child or the oldest and most delicate individual.

Nine-tenths of all the ailments to which the human family is subjected are dependent on nervous exhaustion and impaired digestion. When there is an insufficient supply of food in the blood, a general state of debility of the brain and marrow, and nerves is the result.

Starved nerves, like starved muscles, become strong when the right kind of food is supplied; and a thousand weaknesses and ailments disappear as the nerves recover. As the nervous system must supply all the power by which the vital forces of the body are carried on, it is the first to suffer for want of perfect nutrition.

Ordinary food does not contain sufficient quantity of the kind of nutrition necessary to repair the wear and tear which it undergoes in its daily work. For this reason it becomes necessary that a more perfect food be supplied. This South American Nerve Tonic has been found by analysis to contain the essential elements out of which nerve tissue is formed. This accounts for its universal adaptability to the cure of all forms of nervous derangement.
