(Cheers) Mr. Robinson who was next called upon to speak said he was present to again ask for the suffrages of the voters of Chatham, as in the past, and to

thank them for the fair and decent treatment they had given him on all previous occasions. He and his colleagues had stood together, man to man, in Northumberland's interests and would continue to do so. The position of the North Shore and of this county in the Assembly was now an influential one. Northumberland had one of its members in the Speaker's chair and another holding the office of Surveyor General, and the honor ated. Whatever the county did it should sustain the Surveyor General in his present position. Let its people not permit that office to slip from them, for the interests in his charge affect the great business of the North and particularly of this county and it was right that we should have one who understood the interests involved at the head of so important a department and deal fairly with those engaged in the great lumber industry.

He felt that the government did right in in all but remote places, that were difficult to get at. Lumber men could not be expected to go to great expense in providing no guarantee that they were to be allowed to have the benefit of the expense they would be put to in reaching them and the to the people of the country and benefitting More lumber was coming into the booms yearly and the increase of the present year on the Southwest Miramichi would have been much more apparent had the water not been unusually low causing a large quantity of lumber to be hung up, but which, it was hoped, would yet be brought to the booms. People went about the country crying out about the long leases, but it was because they did not understand the necessity for them, and that the business of the country must come to a standstill without them. When the people, however, calmly considered the matter they would see that the government and their representatives acted rightly in the true interests of the country in adopting that policy which also tended to preserve had done in the past. The Yacht Race in St John.

The racing committee at St. John de cided to call the contest of Wednesday, 2ad inst. - which was reported in our special telegram of that day between Maple Leaf and Learig, no race. The new trial was appointed to take place on Friday last, and the other boat, the Marjorie, was also to be allowed to enter the lists. On Friday there was a fair wind from the Northeast and the water was quite smooth. The Record's report says :- There was considerable delay in getting the yschts off, as the Marjorie was not ready at 10.30, the time for calling the race. She came down through the falls during the night and was being fitted with a set of racing sails at

At eleven Mr. King decided to start the race and the whistle b'ew calling to get ready. At 11.10 the first gun sounded and at 11.15 the starting gun. The Marjorie was ready just in time shaking out her outer jibs as she crossed the line. They were bunched getting over, their time being,

Elijah Ross crossed to windward of the others and the spinnaker boom went out and the sail was bellying out to the breeze in a second or two. He blanketed the others and passed them.

The course was to the bell buoy first and then to Anthony's Cove and it was a rnn to full sail set, topsails jibs and spinnaker. Both the Marjorie and Learig were slow in getting their spinnakers set being several seconds behind Elijah's pride. Their sails were smaller too and were not set so well, as they took the wind out of the jibs while suconsistent for gentlemen to come to the been in progress during the week for a The Mape Leaf began to run right away

There was a nice fresh breeze one for those on the judge's boat, which was following the yachts. They rounded the stake boat in Anthony's cove as follows:

The Marjorie came round rather slowly while the other two made the turn without losing any time. The two St. John boats stood away for home close hauled on the starboard tack, but the Learig stood farther in toward the shore on the port tack. Pilot Spears had some scheme in view probably to take advantage of the tide and any extra wind that might come out of the cove. The balloon had been taken in and the Maple Leaf was sailing under two standing j bs and the Marjorie with only one. Something happened the latter's topsail and it had to be taken in, handicapping her, The Learig's move proved to be good general ship and resulted in her passing the Marjorie The Maple Leaf and Marjorie went across to the foot of the Island on the first leg of the loyally supported by the English speaking beat home and on the second leg the Learig passed the Marjorie with quite a lead to

The Miramichi men the part of the Kerr-Cunningham men, followed the same tactis as on the other round, keeping rightlon into Anthony's Cove, assiduously, and having teams engaged but the Marjorie did not give her a chance to pass to leeward. They scudded along beat for beat and the Marjorie had the advantage of having her gaff-top-sail set

It was a falling wind on the beat home, a bad thing for the last boats and when the Maple Leaf reached home the other two were a long distance in the rear having a close contest. Besides the falling wind they had the disadvantage of the ebb tide and so the Maple Leaf's lead was increased. The following were the times at which they

Our St. John correspondent writes that Learig had over a dozen persons on board during the race, and that it was more like a picnic excursion with the boys than anything else. Somebody, during the race, monkeyed with the throat halyards and let them go, and it is plain there was a good deal too little sail for the wind on that day, the Maple Leaf having five or six hundred yards more than Learig. In any case Learig was out of her class, for Maple Laf is a very much larger boat, as her excess of sail

Mr. W. W. McLellan, who had been sick for some time past, died at his residence at the Railway station here at 2 o'clock on Friday morning last.

Mr. McLellan was from Wallace, N.S. and came here about sixteen years ago to take the position of track master, which he held up to the time of his death, and railway men especially very much regret his death, as he was always a kind friend to them . Much sympathy is felt for the family and friends of the deceased. He was only 55 years of age.

The funeral, which was very largely attended, took place on Sunday afternoon the remains being interred in St. James Church burial ground.

DIEL At Miscou Point, the relict of the late John Vibert Her form was frail Like the tender flower

That blooms to please the eye.

She twined herself around our hearts Alas! that she should die But, nay, we will not speak of death. She is an angel now, Clothed in a crown of brightness And glory crowns her brow At Douglastown on Friday Sept, 27th Mrs Rose Anna Meehan aged 81.

To the Electors of the County of Northumberland Gentlemen:

The dissolution of the House of Assembly of this Province imposes upon you the duty of choosing your representatives to that body and we again offer ourselves as

candidates for your suffrages. During the last two terms of the legislature, in which we have had the honor of representing you, we have endeavored to perform our duties in that capacity to the best of our ability. In matters of useful and important legislation, and in the development and extension of necessary railway service, as well as by careful attention to the roads and bridges of the County. you will, we feel sure, acknowledge that we have been very mindful of the best interests of the people of the County of Northumberland.

It is not necessary to point out the particular matters, for the benefit of the County, in which we have interested ourselves. Doubtless we will have an opportunity of discussing them before polling day. Our record is before you. It is for you to judge whether or not our course in the past will justify you in again committing your interests to our care. We cannot but feel that it will and, if so, we can only say that in the future, as in the past, we will use our best TIETH DAY OF NOVEMBER, NEXT at the hour of endeavors to promote the prosperity and well-being of the Province ed and described in said indenture of mortgage as in general and of the County of Northumberland in particular.

Soliciting your support, we remain gentlemen,

Your obedient servants, L. J. TWEEDIE. JOHN P. BURCHILL, JOHN O'BRIEN.
