Sold in Chatham by J. D. B. F. MACKENZIE, Druggist

[From Miramichi Advance of Oct 11.]

Mr George Marquis of Chatham will be looked upon as a benefactor of smelt fishermen, sportsmen and others who may have the good fortune to procure stoves of the new pattern designed by him the first sample of which was put together at his well known shop at Chatham on Tuesday afternoon and shipped yesterday to Neguac It is to be used in a goose-shooter's camp at Tabusintag and for in a goose-shooter's camp at Tabusintac and for that purpose as well as for heating and cooking in smelt-fishermen's shanties it is just the thing It is about 20 inches long, 14 inches from front to back and the same from bottom to top The bottom, top, door and dampers, etc are of cast iron and the sides and ends are composed of a sheet of 16 gauge sheet steel It will hold nearly twice as much wood as a star stove while owing to a new and peculiar form adopted in the bottom, it will burn either a small or large quantity of fuel, as may be desired It may also be fitted to burn coal There is a draft for forcing the fire and a damper for lessening the heat at will The top has two pot-holes and these may, by the removal of the dividing centre-piece, gether, the new shanty-stove seems to meet a requirement that is more than local, and the cost, \$5, places it within almost everbody's ability to buy it Mr Marquis has just begun to fill orders, and it will be well for those who intend to fish smelts during the coming winter, as well as sportsmen and gunners who want to be comfortable and, at the same time, have a stove on which they can do quite a range of cooking to place their orders with him, as early as possible.
