MIRAMICHI ADVANCE, CHATHAM, NEW BRUNSWICK, OCTOBER 15, 1896.

See That You Get 'GOLDEN RULE" or "WHITE EAGLE' FLOUR FROM YOUR GROCER AND TAKE NO OTHER. Miramichi and the North

Shore, etc.

AUCTION SALE OF DRY GOODS, &c. :- See Mr. Wyse's advt. of the Howard sale.

EXHIBITION :- The agricultural exhibition at Blink Bonnie Farm. is one of to-day's attractions. It will open at 10 a.m.

DRY GOODS are being almost given away for cash at Creaghan's as he is clearing out i his fall stock preparatory to moving into his habits of Truth. Question Box. new Chatham store.

THE "ADVANCE" is for sale at Johnson's Bookstore, and the Circulating Library, Desmond building, next door to the Tele phone Exchange.

ST. ANDREW'S DAY is to be celebrated by the ladies of St. Andrew's Church. Chatham. who are arranging for an oyster supper and sale on the evening of the day patron of their patron saint. Don't forget the time. Nov. 30th.

Ayer's Sarsaparilla is the quickest cure paper should be conducted, it says it "ought for all blood diseases. Its effects are always beneficial.

MIRAMICHI MARBLE WORKS :-- No experiment in buying from us. We always send out the best stock and work that can be obtained. No order too small, none too large. We are watching the mails for your correspondence on the subject of cemetery

J. H. LAWLOR & Co.

WORTH SEEING :- At the Northumberland Agricultural Society's Exhibition at Blink Bonnie Farm, Chatham, to-day, Mr. Robertson of the Provincial department of agricul- of a more respectable kind and even of bank ture will be present with the government travelling dairy and make butter from cream | card-playing frateroity must soon cause supplied to him by members of the society. paper to lose the confidence of the public

Tweedie, Inspector Mersereau and others. Educational matters of great interest to the people of Chatham will be discussed and we, therefore, hope to see a large attendance. Following is the programme of the Institute meeting :-

Thursday, October 15th 1st session 10 a. m.-Earolment of members. Election of officers. Address by Chier Superintendent, Inspector and President. Practical questions to grades I .--IV. Miss V. Wright. 2ad session 2.30 p. m. -- Transformation of Insects, Miss K. McLeau. To what extent can the principles of grading be applied to a

miscellaneous school ? Inspector Mersereau. Friday, 16th. 3rd session, 9 a m - Vertical Writing, Mr. James McIntosh, Miss Anna G. McIn-Miss Bessie Creighton. 4th session, 2 30.-How to train pupils in

The "Gobbler" Critic. Our juvenile friend, the Liberal Herald addresses itself to the ADVANCE in a tone of great asperity. It bridles up and struts

about in a way that reminds Cupard Street pedestrians of Capt. A'len's turkey-gobbler when he has his spouse and her brood and a lot of the neighbors' hens under his supposed guardianship, and of course is equally harmless and amusing. The Herald evidently wants us to engage its editorial writer. for giving us unsought advice as to how this

"to employ an ex-faro banker to direct its 'random politics. It should learn to stick "to one card or color for a reasonable time, "or else give up the game of making public "affairs a wheel of fortue, for even in

"gambling there is a principle or system Oriana "that rewards consistency." Avis We hope it may not seem ungrateful on our part to remark that, unlike the irate

Herald, we have an editor who feels quite | equal to the task of conducting the ADVANCE | Oriana

without the assistance of either a faro-banker Avis or any other card sharp, and that we are independent of bankers of that, as well as solicitors. Besides, the methods of the

be Dr. Inch, Hon. Provincial Secretary In this way they went to the Douglastown a scene she had witnessed at a graveyard for believe correctly that they have always a lars of his proposition for securing to the turning-boat, Oriana being only twenty unknown soldiers. But the grief of that sufficient amount of steam for purposes of Town the services of the Snowball mill, seconds behind Learig while Avis was also mother was as nothing compared with that fire protection and indeed that their insur. Pulp Factory and Electric Light station well up. They all turned wide to leeward and lost ground thereby, but it was a pretty down to a nameless grave through rum; race as the three hoats entered upon the for God has said that no drunkard shall

with only her mainsail and standing jib, the Grand Army at Washington, and as drew away in a very clean manner, but Avis that battered and maimed 'host marched held stubbornly on to Orians and on the past, women waved their handkerchiefs second tack crossed her bow, but then while men went wild with enthusiasm. began to lose place. Ou the next tack, But if the procession she had been describshe had to give way and pass under Oriana's ing-the products of the drink traffic, -were stern and Oriana lost a few seconds by to march past there would be no enthusiasm, touching bottom between Hutchison's ballast | but only tears.

wharf and the Lamont mill. At the lower But you say, the picture is too terrible. have fought it, and the town engine would turn Learig led by one minute and fifty-five It is too terrible, but the half has not been have fought it. In a little while when our tosh. Teaching of sounds to Grades I. & II., seconds, Oriana, in second place, being one told nor can it be told, because it is not fire organization is improved the town will minute and twenty seconds ahead of Avis, possible to picture a bleeding heart. "What which had made a very pretty race in is wanted to-day is downright earnest aess.' Oriana's wake for the last mile or more of As long as church members roll barrels of alarm is struck which would also be about that run. On the run up to make the cider into their cellars and use wine flavorsecond turn off Douglastown, Learig in-

creased her lead on the other two while would continue. Avis held gamely on to Oriana the latter

After a few remarks by Rev. Dr. McKay without having one of the town engines gaining only ten seconds on her in the three a unanimous vote of thanks was presented located there. miles. The remainder of the race, cousistto Mrs. Barney and the meeting ended by ing of three miles to windward and a mile singing the hymn, "God be with you till and a half to leeward-the latter in a more we meet again."

To the E litor of the ADVANCE.

SIR :-- In the issue of your paper date

a just and fair manner. But when you

5:21:55 5:28:00 Learig has, in all the Club races, heretofore, allowed Oriana twenty seconds per mile, and the judges in making up their decision made the usual allowance, which gave the race to Learig by twenty seven seconds corrected time. Mr. Stewart, of terms were mutually agreeable. If the Oriana, appeared, at first, to be quite satis-

of the mother whose boy or girl had gone ance policy makes this compulsory. That ought to end that talk.

What has here been said about the M. S. Fibre Co.'s mill is true also very largely of She had once witnessed the procession of Mr. Snowball's mill. They both take their

of what he is writing about. water from the river but the Fibre Co. has A gauge, however, of Ald. Nicol's knowthe advantage of being the more central. ledge of fire matters, is furnished by his

Does anyone believe that if a fire had, seriously telling us in his letter that we started on the "hill" under similar condicould have "two steam fire engines down to tions to the one that devastated the west the 'hill' in five minutes after an alarr: 18 end last fall the result would have been the struck." Has he ever seen our steam fire same? No: for the Fibre Co. would have engine get water on a fire in less than

fought it: the Snowball mill pump would twenty minutes after an alarm has struck and isn't the average time nearer twentyfive minutes ? Does he imagine that our people are going to forget the lessons of their be able to send two steam fire engines down observation and experience in such matters to the hill within five minutes after an for years and believe nonsense because it is written by an alderman ?

as soon as steam could be got up. Therefore Another example of his recklessness and ing in their kitchens this state of affairs the hill can be protected in a way such as unreliability of statement is what we will no other part of the town can, and that charitably call his mistakes in reference to

the water supply from the spring, or reservoir supplying the watering cart tank. He This distribution of fire fighting appliances

says he has known it to fail. We do not was outlined by me in a letter to the fire believe he would knowingly make so false underwriters' association some time ago and an assertion, but as the reservoir from I have no doubt this distribution would which that supply comes was planned by result in a reduction of our fire insurance the writer and made under his personal rates when we are prepared to give them a supervision, and the pipes were laid by him. practical demonstration of what could be he ought to know more about them than done under it. It would enable us to run Alderman Nicol, who seems to ose from No. 2 engine house eastward to what some committee has told him. meet hose from the pulp factory and from even goes so far as to say that a "branch pipe" supplied the writer's house. That is

No. 2 westward to meet hose from No. 1 and thus pretty nearly the whole town could not true. The main be covered in case of conditions such as that before mentioned. If the roads were always good it would not make much difference

where the engines were placed. I notice you make the objection to No. 2 | the watering-cart tank. Having built the site that a high foundation wall would be needed. That is not certain, but if so, it might not be an objection, as a good basement would be required if the building is also used for town offices. I trust one may be allowed to hold these

dence in his statements when one of them views without having them attributed to is positively that he has known the water "prejudice or preconceived notions founded to fail. What he may have done in the on inexperience."

Mrs. Barney's Meeting on Tuesday Evening.

that is desirable, it may not be amiss to On Tuesday evening a public meeting, suggest that as Thanksgiving Day is approaching, and it is associated with danger to poultry generally and noisy turkeys in particular, our unamiable friend of the Chatham.

several town churches furnished music.

should be become unduly offensive. Recapture of Wm. J. Wright

The notorious William J. Wright is again behind prison-bars, his capture being effected

on Saturday morning last by a posse of police and constables led by Deputy Sheriff Irving. Wright escaped from the jail Newcastle a fortnight or more ago, and thereafter, until last Saturday, the deputy Sheriff had been faithfully continuing to

search for him. He had an abiding belief in the theory that the convict would not succeed in getting out of the county, because the railway officials were fully informed as

-a small cur-several yards through the air

and away, yelping. The convict was hand.

cuffed and taken to the lockup in a cart.

and thence to Newcastle in the custody of

deputy Irving on the two o'clock trip of the

Nelson. He will have four months to serve

in jail and two years in Dorchester peniten-

tiary, and, besides, may have an additional

term for breaking out of jail. Wright's

fate is one more of the many warnings for

the class of young men who seem to prefer

indulgence in strong drink, idleness and

vagrancy to a life of sobriety and industry.

until they become criminals and outcasts.

Fine Yacht-Racing

to his identity and would, in all probability. have detected him had he gone by rail. the same way, precautions were taken to prevent his escape by any vessel leaving either Chatham or Newcastle. It was not believed

that he would seek employment in the woods, because he was not fond of work. Deputy Irving centred his attention chiefly on the house of Charles Gliddon-Wright's father-in-law-in the lower part of Chatham. and had reason to believe his man was being harbored there, so on Saturday morning at 9 o'clock he proceeded thither, accompanied by policemen Forrest and Ramsbottom and constables Forsyth of Northesk and Ambrose Hays of Chatham. Their approach to the place was cautiously made and Messrs. Irving and Ramsbottom were in the
