ed. All he proposed to grant was Coun. Scofield read from the statement that Chatham expended

Coun. Cunningham pointed out that the dog tax was not mentioned in the estimate of the funds available for the present year.

Coun. Betts said he was satisfied with the explanation of the commissioners. The Council ought not to tamper with the scale. He did not think that Chatham should complain. All the paupers now charged to the county at large had come from there.

Coun. Mersereau said the committee had interviewed Mr. Call and were fully satisfied with his explanations. There had been a new heating apparatus placed in building and other improvements made.

Coun. Scofield said no injustice would be done to any parish by ordering the assessment asked for, AND IRON, as anything that might be left over would be placed to the credit of the parish to which it belonged. It would be better to have a sur-BLOOD MAKER plus than to borrow money at

Herewith the Board beg to submit their receipts and disbursements of the department. They have paid \$300 on account of

fire engine, reducing that amount to \$800.

They were obliged to make permanent repairs to the tank on Castle St., and to lay a new line of pipe from the tank in the Waverley Hotel cellar. This is now in good order with violate the rule sufficient water to supply the steam engine during an ordinary fire.

The Board had hoped the old hose on hand would have proved serviceable until the halance due on the engine had been paid.

Of the hose on hand when the department last reported, over 1000 ft was nearly 20 years old, and during the year it proved unable to withstand the highest pressure necessary in working the engine from the engine house; and after making full enquiry into qualities and prices the Board purchased 1000 tt. of Maltese Cross at \$1.05 per foot, payable in 12 months without interest They have also arranged for the sale of this quanty of the condemned hose.

The department is now provided with good steam fire engine and 1500 feet of new hose and about 1000 feet of older hose in

These purchases have necessitated extra outlay, and on account of them the board now owes \$1854, of which \$1054 will not be due until November next, and the balance is on interest at six per cent. At the last meeting of the board it was resolved to ask this Council to assess the sum of \$1000 on this fire district for the Current year.
Dated 21st January, 1896.

interfere in anything Coun. Betts said every councillor had the right to consider such matters. Before the close of the session Coun. Kerr might be appealing to them to support him against his colleague.

Coun. Kerr intimated that some changes could be made in the Board with a view to reducing expenses. Motion adopted and report as amended adopted. On motion of Coun. Kerr it was
