some of them causing much merriment in court, on account of their Allusion expressions and tone and the brilliancy of the prospects they portrayed for all connected with the proposed pulp mill.

Witness stands aside. Thomas R. Allison, recalled.—I destroyed letters received from Mr. McDonald. Witness D. McDonald, resumed.—In one letter I gave Allison the name of Mr. W. H. Masterman to write to, and told him the capital from Mr. Masterman would be \$25,000 or \$30,000.

The books referred to in letters were on engineering, and were recommended by Allison. I did not sell any. When I was in Montreal I called on Mr. Masterman. I told him the contents of about three of them. I did not always see him on this subject.

I was present when Mr. Masterman and Mr. Allison were talking. We met in Mr. Masterman's office. Mr. Blund was there. There was no company formed at that time. There was no company afterwards, as far as I know.

After Mr. Allison had explained the plans, Mr. Masterman asked him what salary he would want to build. He said, while building he would ask a living. If a company was formed, he was to take a fair living and when the mill was constructed, \$1,500 per year and 5% on all profits over \$150,000 per year.

Witness.—He said he would build a fifteen ton mill for \$65,000. Mr. Allison gave out figures and Mr. Blund wrote them down. [Clerk reads paper.] The seeing of these figures does not change my memory. I cannot explain the addition to the figures.

I remember nothing else taking place. There was mention of a five ton mill. This was at night. I was not at any other meeting, but I frequently saw Mr. Allison and Mr. Masterman together. I saw them together in the engine room. In Dec. 1894 and early in January '95 I met Mr. Allison there, and in April '95. I remember nothing further than that the conversation was all pulp and mill. I never remember Mr. Masterman saying that Allison could go on and build his mill.

Witness.—He said he would build a fifteen ton mill for \$65,000. Mr. Allison gave out figures and Mr. Blund wrote them down. [Clerk reads paper.] The seeing of these figures does not change my memory. I cannot explain the addition to the figures.

which were in the habit of feeding on the oaks. This being established the jury promptly returned a verdict not guilty without leaving their seats. The judge wondered why such cases as these were sent from a place like Chatham, where there was a police court which ought to be competent to deal with them.

In the Watson case, the record of the preliminary hearing before the police magistrate was offered in evidence, but rejected on the court's attention being directed to its illegal form. It appeared that the magistrate had asked the prisoner if he had any statement to make, after warning him in the usual way. The record showed that prisoner had declared that he had nothing to say, and also that the magistrate had, after that, questioned him and taken his answers down.

McLeod expressed some surprise at the lack of parental control and proper home-teaching that had been disclosed during the hearing of this and the Rich case, and said it was not creditable that young boys such as those implicated in these petty stealings should be allowed to go about without restraint and subject to temptations which their parents or guardians ought to shield them from.

The Allison-Masterman case has been settled out of court. It is understood that Mr. Allison is to receive \$2,000, each party to pay its own expenses. The case of the Queen vs. Fish—one of the post office cases—was proceeded with yesterday, Wednesday. There is quite a strong feeling in the community in favor of probing this matter to the bottom, with the view of ascertaining to what extent the post office inspector inspected and with what promptness or lack thereof he acted when he first discovered irregularities.

NEW HIGHWAY ACT.—Forms under the new Highway Act are for sale at the ADVANCE OFFICE. THE "ADVANCE" is for sale at Johnson's Bookstore, and the Circulating Library, Desmond building, next door to the Telephone Exchange.

DR. SMITH OF THE TRACEDIE LAZARETTO has been instructed to proceed to Winnipeg and look into the two cases of alleged leprosy there. OTHER SUPPER.—On Easter Monday the ladies of St. Andrew's church will have an oyster supper, sale of fancy and useful articles; also a display of all kinds of flowers, which will be offered for sale.

ST. LUKE'S CHURCH.—Next Sabbath the Rev. W. B. Thomas of Derby will preach both morning and evening. The offerings at the evening service will be for the Supernumerary Ministers' Fund.

MIRAMICHI MARBLE WORKS.—No experiment in buying from us. We always send out the best stock and work that can be obtained. No order too small, none too large. We are watching the mails for your correspondence on the subject of cemetery work.

J. H. LAWLER & Co., Chatham. N. B. LADIES.—The Ottawa correspondent of the Montreal Times says:—"There were not many New Brunswick ladies in the Senate chamber to-day but among those observed were Mrs. Blair and the Misses Blair, Mrs. Temple, Mrs. Lewis and Mrs. Robinson, wife of the member for Northumberland. It was remarked that the latter was one of the most beautifully dressed ladies in the chamber, her costume being of Japanese silk.

DEATH OF GAVIN RAINE.—Mr. Gavin Raine, the well-known railroad man, died Friday after a long illness. He was sixty-four years of age. His wife (formerly Miss Stone, of Sussex), and three sons, William S., Louis H. and Joseph G., survive. Mr. Raine was a native of Chatham and a brother of Messrs. William, Andrew and Robert, of the I. C. R., and James, of Sackville. He was a highly respected citizen and had a large circle of friends, who will bear his death with regret.—[St. John Globe.]

AN ATTRACTION to buyers of family groceries, provisions, dry goods and general household supplies is offered by Mr. Roger Flaegan at his well known store on St. John Street, Chatham, in the form of silver knives and forks, silver spoons, silver cruet stands and boxes of tea. He issued tickets which are presented by customers every time they make purchases, and no matter how small the amount, it is punched off, and on the purchase aggregating \$15 or \$20, as the case may be, one of the articles specified viz.—a cruet stand, or a dozen of silver knives or forks for a \$30 ticket or a \$15 box of tea, or 1 doz. silver spoons for a \$15 is given free.

Provincial Appointments. His honor the Lieutenant Governor has been pleased to make the following appointments:— In the county of Kent—Maxime M. LeBlanc, Charles Douglas, Robert H. Davis, Thomas Teed, and Urban S. Maillet to be Justices of the Peace.

The Lumber Out on the Restigouche. The estimated out of lumber on the Restigouche this winter is 14,000,000 spruce and 8,000,000 cedar. Mr. George Moffat is by far the largest operator on the river. His cut of spruce will be about half of the whole cut. The work of hauling to the brow is completed. There may be a few hauls at this date, but they are the exceptions.

Searching for a Miramichi Man. NEW WESTMINSTER, B. C., March 18.—The Chief of Police has received the following letter: "I am very anxious to find the whereabouts of my brother, Thomas Duffy, a native of Newcastle, Miramichi, N. B., last heard from in New Westminster, B. C., about a year ago. At that time he was speaking of going to the States to find employment, but where, he failed to state. As his father is lying at the point of death we would like him to be informed as soon as possible. Any information would be most thankfully received by his sister, Jennie Duffy, 1815 Union street, Alameda, Cal., March 11, 1897." In this connection it may be said that T. B. Duffy is well known in St. John. About a year ago he was employed in the Red Cedar Mills at Port Moody and left there with the avowed intention of going mining in the Kootenay district. [Sun.]

Natural History Society.—Fishes. Dr. Cox concluded his lectures on The Fish at the meeting of the Natural History Society on Tuesday evening. He spoke of speaking of higher classes of fishes, deep sea fishes, shore fishes and of fishes, with osseous vertebrae; of the Brachian, and the peculiar blood-circulation in the fish and the peculiar arrangement for covering the gills in swift-swimming fishes. He spoke of the arrangement which nature has provided for the fish coming to the surface or going down to considerable depths and showed also the difference between what are comparatively surface fishes and those brought up by the "Challenger" from depths of two and three miles. He dealt also with the brain and spinal chord and the arrangement of the latter in different kinds of fishes, and gave reasons for the peculiarities observed in each. Dealing with flat fishes quite fully he explained why both eyes were on one side of the head. He described the head bones of fishes, and how they differed from those of mammals, the differences in the conformation of the jaws and the causes of the differences, etc. The lecture was exceedingly interesting and much appreciated.

A vote of thanks to the lecturer was moved by Mr. J. L. Stewart and seconded by D. Ferguson, Esq., unanimously carried and gratefully acknowledged. Notice of next Tuesday's meeting was given, at which, vice president J. D. B. F. Mackenzie will lecture on insects.

Large Real Estate Sale. Auctioneer Wyse sold the Muirhead-Letton property in Chatham on Saturday last. It consisted of all the land north of the Vondy property line on Water street over into the old boom, the wharf, the store and dwelling of the late Senator Muirhead (the latter now known as the Aberdeen Hotel) the shops and dwelling houses flanking the passage leading down the wharf and the warehouses, coal sheds etc. The upset price was \$6,000. Mr. J. L. Stewart, however started it at \$5,000, but the upset price was quoted and Mr. M. S. Hocken made an advance bid of \$10 in behalf—as it was understood—of Mr. W. S. Loggie. The next bid was an advance of \$80, made in behalf of the estate, whereupon Mr. Robert Murray went \$25 better and the property was knocked down to him at \$6,125. There was considerable speculation for some time as to who Mr. Murray was acting for, but it turned out to be Messrs. A. & R. Loggie of Loggieville. Mr. Robert Loggie paid \$3,063 cash down within ten minutes of the time of sale, and has since received a warranty deed and paid the balance, \$3,062. The firm has, for several years, occupied a part of the property, using the corner building on the wharf as a salt store and another building as a packing house in connection with their extensive fish business.

We understand that some objections have been made to the sale by persons who had been made to purchase the property as well as by Mr. John Fotheringham, in behalf of the heirs of the late John Sadler. We do not know what the merits of these claims are, however, nor will they affect the position of Messrs. A. & R. Loggie as purchasers, who may be congratulated on having acquired what is, perhaps, the most valuable wharf and warehouse property in Chatham at a most reasonable figure.

It Must Be Billionsness. We fear that our friend around the corner, who in order to show that he was courageous and had money to burn, made a bid of \$1000 below the upset price for the Muirhead-Letton property on Saturday, is more billions than ever. His trouble in this respect has been aggravated by his bad luck in trying to make capital against the Dominion Government in connection with the railway matters. He has been told by some of his late associates in the Chatham Board of Trade that he has been taken and can't be trusted,—and that he had no right to betray their confidence in the manner he did when he gave away their sentiments respecting the Minister of Railways. To be thus treated after smothering his opposition prejudices and making his paper the organ of the great "liberal" leaders of Chatham, was enough to try the temper of a saint, and as our billions friend is no saint he is naturally becoming more billions. People don't know which to laugh most at, his labored attempt to patronize Alderman Loggie, by giving him a needless certificate of character on the Saturday last, or his bid of \$5,000 for the Muirhead wharf property which he afterwards explained, was to prevent his losing the accustomed mooring-place of the "Orion." Everybody knows, however, that he made the bid in the hope that if he secured the property he might acquire possession of a certain catamaran he has long coveted, and which is in winter quarters in one of the sheds. If, however, he really had the useful craft he may secure it by paying the price out of his abundance. But to return to his troubles as the pretended spokesman of both liberals and conservatives, in assailing Hon. Mr. Blair in connection with the proposed Government purchase of the Canada Eastern.—It was thought that after the "going over" his crony allies gave him for perpetrating that faux pas, he would

abandon his congenial work of imputing dishonesty to his betters in connection with existing or prospective railway properties, but his references to Ald. Loggie in that connection on Saturday last demonstrated that old habits of thought are too strong in him to be overcome, and that he finds pleasure only in holding someone up as exemplifying the weaker side of human nature. Let us hope that with the opening of spring the return of our accustomed yachting breezes and warmer weather, the vivifying sunshine, the beauties of budding foliage and the arrival of the white-winged messengers of commerce in our river, biliousness and bad thoughts will give place around the corner to the genial influences of the season, and our crabbed and slanderous old friend will feel better and try to be more like other people.

The Gold Fields of British Columbia. HOW ROSSLAND IS REACHED. This new wonderland of the West can be reached through Canadian territory more speedily and pleasantly than by any other way. Canada's great national road crosses the continent in those parts which are most interesting to sight-seers, traversing the new and developing regions of the Dominion, which are now attracting so much attention. The Canadian Pacific route from St. John lies through picturesque parts of New Brunswick, Maine and Quebec to Montreal, up the Ottawa Valley, around the rugged north shore of Lake Superior and through that New Ontario where rich discoveries of precious metals are awakening Canadians to a realization of the boundless wealth of their young country, across the broad wheat-fields of Manitoba and Assiniboia and the vast cattle ranches of Alberta, which show a wonderful development in settlements and in thriving towns and cities, and over the Rockies, through scenes of sublime grandeur which find their counterpart in no other portion of the globe. Huge mountain peaks, whose summits are covered with the snows of ages, vast glaciers, the remaining vestiges of a prehistoric period, dark canons, fearsome and deep, and mountain torrents dashing from inaccessible heights are, in their bewildering magnitude, constant revelation of new beauty and magnificent splendor.

From Revelstoke a branch line of the C. P. R. runs to Arrowhead where the fine new steamers of the Canadian Pacific S. S. Line are taken down the Arrow Lakes and Columbia River, which lies between two great mountain ranges, a trip unrivalled in its wealth of scenery, to Trail, from which Rossland is only an hour's ride by railway. Close connections are made en route, and Rossland is reached on the seventh day from St. John.

Trains leave daily, Sundays excepted and after May 1st there will be a daily steamer between Arrowhead and Trail, instead of the tri-weekly service now given. Attached to the Canadian Pacific trains elegant sleeping cars, very similar in general appointments to the first class sleepers, are run through on Thursdays from Montreal on what a small additional charge for berths to make a deep and mountain trip, for which no extra charge is made, run through daily. During the season of navigation the Great Lakes offer a pleasant alternative route, the sailings being from Owen Sound during the entire season, and from Windsor during July and August.

An Engineer's Story. LIFE ON A RAILROAD CONDUIT TO DEATH. MR. WM. TAYLOR, OF KENTVILLE, ATTACKED WITH KIDNEY TROUBLE—SO CALLED CURS PROVED USELESS, BUT DR. WILLIAMS' PINK PILLS RESTORED HIS HEALTH. From the Kentville Advertiser. There are very few employments more trying to the health than that of a railway engineer. The hours of labor are frequently long, meals irregular, and rest and sleep hurriedly snatched "between runs." One of the troubles which very frequently attack railway trainmen is kidney disease, which up to a late period has been looked upon as a disease difficult, if not impossible, to totally cure. Although there exist numerous remedies claimed to be cures, the truth is that nothing had been found to successfully cope with this terrible disease until the advent of the now world famous Dr. Williams' Pink Pills. Changing to last one day that Mr. Wm. Taylor, a resident of this town, had been cured of kidney trouble through the agency of Dr. Williams' Pink Pills, a reporter called upon him at his home to hear from him personally what he

thought of his cure. Mr. Taylor is an engineer on the Dominion Atlantic Railway, his home being between Halifax and Kentville, and he is one of the most popular drivers on the road. When asked by the reporter concerning his illness he said: "It was in the spring of 1896 that I had a severe attack of kidney trouble, brought on by continuous running on the road, and I suppose it is caused by the oscillation of the locomotive. It affected me but slightly at first, but gradually grew worse. I consulted a doctor and then tried two or three varieties of so-called cures. Some helped me for a time, but after stopping the use of them I grew worse than ever. I had noticed numerous testimonials in the papers concerning Dr. Williams' Pink Pills, and reading of one cure that was almost identical with my own I decided to give them a trial, and purchased four boxes at a cost of \$2. But it was \$2 well spent for I was completely cured by the use of the pills, and have not been troubled with my kidney since. I can therefore recommend them to others similarly afflicted.

The experience of my friends has proved that there is absolutely no disease due to a vitiated condition of the blood or shattered nerves, that Dr. Williams' Pink Pills will not promptly cure, and those who are suffering from such troubles should avoid much misery and save money by promptly resorting to this treatment. Get the genuine Pink Pills every time and do not be persuaded to take an imitation or some other remedy from a dealer, who for the sake of the extra profit to himself, may say "just as good." Dr. Williams' Pink Pills cure when other medicines fail.

MARRIED. At Douglastown, N. B., on the 29th inst., by the Rev. D. Mackintosh, George D. Russell, Rosbank, to Miss Margaret, eldest daughter of Mr. David McKenzie, merchant, Douglastown, N. B.

DIED. At Newcastle, March 23rd, John Duffy, aged 63 years. He leaves a family to mourn their loss. At Derby, March 29th, Margaret, wife of Thomas Powell. At Newcastle, on the 29th March, after a short illness, Sarah, beloved wife of Gavin Copeland, in her 55th year. Funeral will take place on Thursday afternoon, at 2 o'clock, at the residence of Mrs. J. J. Porter, aged 73 years.

At the residence of her son, Mr. H. S. Lyman, Duke Street, Chatham, on 27th March, Deborah, the beloved wife of John Lyman of West River, Albert County, aged 73 years.

At the residence of her son, Mr. H. S. Lyman, Duke Street, Chatham, on 27th March, Deborah, the beloved wife of John Lyman of West River, Albert County, aged 73 years.

At the residence of her son, Mr. H. S. Lyman, Duke Street, Chatham, on 27th March, Deborah, the beloved wife of John Lyman of West River, Albert County, aged 73 years.

Chatham Y. M. C. A. The Chatham Y. M. C. A. rooms are open from 9 a.m. to 10 p.m. on every day except Sunday. Strangers and visitors are made welcome. Boarding and employment found for young men making application. Rooms in Hocken-Mackenzie Block on Water Street.

Assessors' Notice. Parish of Chatham. The preliminary lists are now on view at the store of G. Stothart. Statements in writing will be received up to April 15th. The Assessors will meet at the office of G. Stothart on Thursday afternoon April 1st, 8th and 15th to hear objections to said valuation.

NOTICE OF SALE. To Martin Daley formerly of the Parish of Nelson in the County of Westmorland in the Province of New Brunswick, (out at present residing in North Cambridge, in the State of Massachusetts in the United States of America) and to all persons whom it may concern:— I hereby give notice that under and by virtue of a power so contained in a certain indenture made between the said Martin Daley of the Parish of Nelson in the County of Northumberland, (wife of Timothy Daley of the same place shipwright), of the one part and James Robinson of Derby in the county aforesaid, (Barrister at Law) of the other part and dated the twenty-fourth day of February A. D. 1883, in volume 61 of the Northern District of New Brunswick, on pages 562, 563 and 564, and numbered 231 in said volume:—

That certain piece or parcel of land situate lying and being in the Parish of Nelson in the county aforesaid abated and bounded as follows:— Commencing on the lower side of the highway leading through Nelson at the northerly corner of land owned by the said James Robinson, thence up stream along the margin or bank of the river to land owned by Thomas Doan, thence easterly along the said Thomas Doan's lower line (so called) to the land owned by Patrick Dooley, thence northwesterly to the place owned by the said James Robinson, and thence northerly along said lands to the place of beginning being the property presently known as the Dairy House and seven-tenths of an acre conveyed to the said Martin Daley by the said James Robinson, and as by reference to the said indenture and the Statute in that behalf made and bearing date the first day of July next, at eleven o'clock in the forenoon. All that certain piece or parcel of land situate lying and being in the Parish of Nelson in the county aforesaid abated and bounded as follows:— Commencing on the lower side of the highway leading through Nelson at the northerly corner of land owned by the said James Robinson, thence up stream along the margin or bank of the river to land owned by Thomas Doan, thence easterly along the said Thomas Doan's lower line (so called) to the land owned by Patrick Dooley, thence northwesterly to the place owned by the said James Robinson, and thence northerly along said lands to the place of beginning being the property presently known as the Dairy House and seven-tenths of an acre conveyed to the said Martin Daley by the said James Robinson, and as by reference to the said indenture and the Statute in that behalf made and bearing date the first day of July next, at eleven o'clock in the forenoon. Together with all and singular the buildings and other improvements thereon, and all rights, franchises, hereditaments and appurtenances to the said premises belonging.

SEALED TENDERS addressed to the undersigned, and endorsed "Tender for the Contract for the Gallops Canal," will be received at this office until 10 o'clock on Saturday the 17th day of April, 1897, for the works connected with the enlargement of the Gallops Canal. Plans and specifications of the work can be seen on and after the 1st day of March, 1897, at the office of the Chief Engineer of the Department of Railways and Canals, Ottawa, and at the Engineer's office at Cornwall. Printed forms of tender can also be obtained at the places mentioned.

NOTE TO CONTRACTORS. The Department does not bind itself to accept the lowest or any tender. Contractors are especially notified that the condition requiring the works to be wholly completed by the 1st day of January, A. D. 1898, will be rigidly enforced and all penalties for delay exacted. By order, J. H. BALDERSON, Secretary, Department of Railways and Canals, Ottawa, 29th March, 1897. Newspapers inserting this advertisement without authority from the Department will not be paid for.
