NEW HIGHWAY ACT.—Forms under the new Highway Act for sale at the Advance Office.

LEAVE YOUR WOOL WITH T. HARRIS to be carded. He guarantees satisfaction and your wool will be returned in one week.

THE "ADVANCE" is for sale at Johnson's Bookstore, and the circulating library, Desmond building, next door to the Telephone Exchange.

MIRAMICHI MARBLE WORKS.—If you are looking for the right kind of cemetery work, we are quoting prices that will draw the order from your inside vest pocket.

J. H. LAWLER & CO.

PERSONAL.—Rev. F. Converse of the Church of St. John Evangelist, Boston, assisted Canon Forsyth at both services in St. Mary's Church last Sunday, preaching eloquent sermons morning and evening.

ST. LUKE'S CHURCH.—Four additional seats were placed in the church last week. They greatly improve its appearance. Mr. James Mowatt did the work.

Next Sabbath the Rev. George Steel will close his ministry. He is removing to Portland, St. John.

STORE ROBBER.—Mr. Haddon's store was broken into by tramps early Wednesday morning. A few dollars in silver and two revolvers were stolen. Fortunately the clerks had taken all the paper money out when closing the night previous and had placed the gold and silver watches in safety.

MARRIED.—W. D. Carter, barrister, and Indian Commissioner, of Richibucto, and Miss Mary Stevenson, were married last Thursday morning at nine o'clock at the residence of John Stevenson, uncle of the bride. Rev. H. A. Meek tied the knot, after which the newly married couple took the train for a wedding trip.

L. S. S. EXPRESS STEAMER.—Steamer St. Croix, of the International line, now leaves St. John every Tuesday and Saturday afternoons at 4 p.m. for Boston direct, reaching the "hub" at 11 a.m. next day, making the passage in 18½ hours. The Cumberland and State of Maine continue the Monday, Wednesday and Friday trips.

ST. FRANCIS XAVIER COLLEGE of Antigonish, N. S., is one of the leading institutions of the maritime provinces for higher education, and is worthy of the attention of those who wish to fit their sons for professional life, after they have finished at the ordinary schools. Read the advertisement of the college in another column.

THE BIG BAZAAR of St. Michael's Pro-Cathedral congregation is advertised in another column. Patrons of former undertakings of this kind on the grounds of the Hotel Dieu, Chatham, have such agreeable recollections of their experiences that they will look forward to the event of this season with pleasant anticipations.

BANK DIVIDENDS.—The Merchants' Bank of Halifax has declared a half yearly dividend of three and a half per cent.

The Halifax Banking Co., has declared a half yearly dividend of three and a half per cent.

The Bank of Nova Scotia has declared a half yearly dividend of four per cent.

THE MOOSE, AGAIN.—The Campbellton Enterprise says: "Thursday morning driver Addison on the express spotted a moose with very large antlers between Baribogue and Red Pine stations. The animal ran along beside the train for one hundred yards or more affording the passengers a good view of its magnificent proportions."

A DISTURBER.—About three o'clock on Wednesday morning a drunken man spent a quarter of an hour on Duke Street, between Masonic Hall and the Canada House, blaspheming and shouting as if to ascertain just how outrageously he would be allowed to act in disturbing the slumbers of well behaved people. A policeman who happened to be awake in almost any part of the town might have heard him.

MACAREL.—A Richibucto despatch of last Wednesday says: "Macarels have been taken in great numbers. On Monday night some of the boats with drift nets caught as high as 600 fish. Upwards of fifty barrels were shipped to the American market Tuesday. Tuesday night more boats were out, but the average per boat was not so large. The fish are not of a uniform size—some are small while others are very large."

REMOVAL OF TAILORING ESTABLISHMENT.—Mr. Weldon, owing to increased business, has shifted his quarters from Henderson St. to the store lately occupied by Jas. Nicol, Water St. Mr. Weldon is offering a large stock of the best material for suitings, overcoatings and pants, and would ask all who wish to be well suited to call and see his goods and prices before ordering their clothes elsewhere. He guarantees fit and work.

A FIRE ALARM on Monday between 12 and 1 o'clock was caused by a blaze on the roof of the Dryer house, West End, Chatham. Efficient workers with buckets subdued the flames after a half hour's struggle, while the Town fire organization was working under the directions of the many civic "heroes," who usually turn up to muddle things at a fire, but seem incapable of doing anything towards organizing for the proper control of a service which costs the ratepayers a good deal of money.

THE "MARIETTA"—Mr. Raddock's new steamer—was launched on Saturday morning last and is almost ready to run. She was at the wharf yesterday, with steam up getting into shape for her trial trip, which will probably take place at the end of the week. Her dimensions are: length 50 ft., width, 10 ft., depth, 4 ft. She is fitted with one of the best of all the yacht-steamer Mr. Raddock has built—which is saying a good deal.

SHOOTING ACCIDENT NEAR BOISTOWN.—On Monday morning last, at Parker's Ridge, near Boistown, two boys, Walter and Herbert McEllan, aged respectively thirteen and fourteen—sons of James and Alexander McEllan, of Boistown—were driving a span of young colts hitched to a wagon, which was loaded with logs, when the animals became frightened and ran away. Both boys were thrown off violently. Walter's head was broken open and he was picked up dead. Herbert was seriously injured, but not fatally, the wagon having passed over his back. Mr. and Mrs. James McEllan, who were visiting at Mrs. Mc-

Lellan's father's, Mr. Barret, at Kingsley, above Fredericton, were telegraphed for.

P. O. INSPECTOR KING'S DEATH occurred at his residence, St. John, some time in the early hours of last Sunday morning. He had been attending to his official duties during the week and retired early Saturday night. He was sleeping soundly at midnight when his son visited his room, but when his daughter went to call him on Sunday morning she found him dead in his bed. He was buried on Tuesday afternoon and the funeral was a very large one. The flag on the Chatham post office was at half mast on Monday and Tuesday as a token of respect to the memory of the deceased official.

BATHURST WEDDING.—Our Bathurst correspondent wrote on Wednesday evening: A happy event took place here to-night when Miss Libbie Sinclair was united in marriage to Mr. J. B. Barton, the obliging night agent of the L.C.R. at this place. The bride was attended in white and carried a handsome bouquet of white roses and was attended by the Misses Ethel and Marion Miller. The groom was supported by Mr. Samuel Grammon. The bride was the recipient of many beautiful presents. The happy couple leave to-morrow morning for Vancouver, B.C., on their wedding tour.—(Globe.)

POISONED OR DROWNED?—A sad drowning accident occurred in town on Sunday morning last. A young child, aged one year and nine months, son of Mr. Fred Howe, while playing in a neighbor's yard fell over into a barrel of slops sunk into the ground at the back door. Life was not quite extinct when discovered and resuscitated but all efforts at resuscitation by Dr. R. Nicholson failed. It is thought the child's death was as much caused by poison as suffocation. The remains were interred in St. James' Church burial ground on Monday evening. Much sympathy is felt for the parents in their affliction. We understand the death trap has since been removed.—(Advocate.)

Excessive Heat.

The country has experienced a hot wave this week. On Monday the thermometer in Chatham registered 90° in the shade and on Tuesday it was 97°, yesterday it was 92°. On Sunday last an abnormal heat wave swept over Ontario, the thermometer reading 98 degrees at Rockville, 96 degrees at Parry Sound, 94 degrees at Ottawa and 92 degrees at Toronto.

A Sample Political Envoy.

A Hardwicke correspondent writes a letter respecting the appointment of Mr. George Mills to the keepership of the Fox Island beacons, lately vacated by Mr. Robert Reinbors. He approves of the appointment, which he says is very desirable to the special correspondent of the Chatham conservative organ, who also manages to pose as a liberal, and complains because he has not the influence with the liberal leaders which he thinks he ought to have. Our correspondent says:

"If the poor fellow would only not meddle with politics, it would be much better for both Hardwicke and himself. He has been ready to act secretly with the conservatives, and is a kind of special agent of the World, whose attacks upon Hon. Mr. Blair have always been openly approved by him; and yet, he expects his advice to be taken when he writes to leading liberals as the head of the party in Hardwicke! If he could only make up his mind which side he is on, and stick to it, and follow instead of making silly attempts to lead, he would not appear so ridiculous as he so frequently does. Again, he will find that truthfulness is of as much value as the liberal leaders who he thinks he ought to have. Our correspondent says:

"From the foregoing it would appear that someone has been making himself unduly officious in Hardwicke and that he is one of the class who endeavor to trade on party names in party positions. Party men in that kind have, however, had their day on the Miramichi, and it is time that they were a little more of the merits of the controversy over the claims of the rival candidates for the office in question, but liberals belonging to Hardwicke speak very highly of Mr. George Mills, who has received it, and say that he is a young man in every way competent to fill the office. They also speak well of Mr. Jeremiah Savoy, but say he is nearly eighty years of age and, therefore, ought not to have expected the appointment."

## Grand Lodge, I. O. G. T. of New Brunswick

Pursuant to call, the Grand Lodge I. O. G. T. met at Chatham, the I. O. O. F. Hall on Tuesday night, and was opened at 2:30 p.m. by W. L. Waring, G. C. T. in the Chair. Committees were appointed as follows:—

On motion of the session committee the hour of meeting was fixed as follows:—7:30 p.m. on 6th to close at will, on 7th at 8:30 a.m., 2 p.m. and 7:30 p.m. to close at will. The reports of G. C. T.; G. Sec. and G. Supt. J. T. were then read and Grand Lodge closed.

EVENING SESSION.

Evening session was opened at 7:30 by G. C. T. W. L. Waring.

Members were read a large number of candidates were given the Grand Lodge degree by the P. G. C. T. of P. E. I. Rev. W. Lawson, at the request of the G. C. T. of the district.

The Audit Committee's report was presented and received.

A communication was read by the G. C. T. from W. W. Buchanan of "The Templar" and was passed to committee on state of order.

A communication was also read from F. S. Spence, Secretary of the Dominion I. O. G. T. It was discussed and given six months notice.

A warm discussion was had on the present License Law, and many suggestions were made in reference to its working in different parts of the Province.

The Scott Act was then taken up in dis-

cussion and suggestions were made by several speakers.

On motion G. L. was adjourned until to-morrow, Thursday.

The election of officers was amongst the business done yesterday and it resulted as follows:—

G. C. T.: W. R. Gould, Chatham.

Kidney Pain.

JOHN KNEEL OF WINGHAM, ONT. WAS IN A NERVOUS STATE OF MIND AND SUFFERING FROM DISEASED KIDNEYS—SOUTH AMERICAN KIDNEY CURE WAS THE WELCOME "LIFE PRESERVER" IT BELIEVES INSTANTLY AND CURES SURELY.

"Five years ago I had a severe attack of La Grippe which affected my kidneys and caused intense pains in my back and urinary organs. I suffered untold misery, at times I could not walk, and any standing position gave me intense pain. I became worse so rapidly that my family became alarmed. Just at this time I noticed South American Kidney Cure advertised. Although I had little faith left in any remedy—having tried so many worthless ones—but a drowning man will grasp at a straw, and I procured a bottle. In a few days it had worked wonders, and before half a bottle was taken I was totally relieved of pain and two bottles entirely cured me." Sold by J. D. B. F. Mackenzie.

Town Council Meeting.

The Town Council met on Monday evening, July 5th, in Masonic Hall, Mayor Benson in the chair.

The Mayor read a letter from Mr. Richards asking to rent the public wharf for \$5 per annum. Referred to public works committee.

Ald. Nicol reported for Finance committee that they had received tenders for the remainder of the \$20,000, as follows:—

J. K. McDonald, of Confederation Life Association, Toronto, \$102.02.

J. C. McIntosh, Halifax, \$100.5175.

H. O'Hara & Co., Toronto, \$99.52.

E. P. Wiliston, Newcastle, \$101.5.

Hanson Bros. Montreal \$101.35.

Ald. Nicol said the town should be congratulated on their bond commanding such good prices, and thought it was wise in asking for two separate instalments as the premium in the last issue was far in excess of the first. He moved that the tender of the Confederation Life Association for \$10,000 with a premium of 2.02 be accepted. Carried.

Ald. Loggie read a list of bills in connection with Board of Public Works, which passed.

Ald. Loggie reported that Mr. Snowball's contract for supplying deals was filled at \$5.50 per M and if the committee wanted a further supply they could be had for 50c. additional.

Ald. McIntosh asked if Thos. W. Flett had not contracted to supply 20,000 ft. of hemlock lumber.

In reply Ald. Loggie said Mr. Flett's contract had not been formally signed, and had gone so far that Mr. Flett was not in a position to deliver the lumber.

Ald. McIntosh said the town was put to the test of \$40 or more in this transaction and the public works committee should have interested themselves and held Mr. Flett to his contract.

Ald. Nicol said the commissioner should endeavor to get extra lumber needed from Mr. Snowball for \$5.50 per M and if not to try elsewhere.

Ordered that J. B. Snowball be paid \$500 on account and his bill referred to the commissioner for checking.

The Assessors' bill for \$150 was passed.

Ald. Nicol gave the expenditure of the Town Treasurer for 6 months from 1st January to 1st July 1897. He also read the report of the police magistrate for May and June, the amount collected for fines and fees being \$99.30.

On motion of Ald. Nicol the report was referred to the Finance committee.

Ald. Watt reported for the Fire Board that Patrick Desmond had failed to fulfil his agreement to move No. 2 engine house. They suggested that the committee be empowered to employ other parties to finish his work, deducting cost of same from the party, agreed to with Mr. Desmond, viz. \$25, thus leaving Mr. Desmond still persisting in failing to complete the work, after after other acts is made.

Ald. Coleman asked what was Mr. Desmond's contract, and was it in writing.

Ald. Watt said the contract was not in writing but he had marked the place where the building was to be placed. The building as it now stands is 4 ft. short of where it should be.

Ald. Coleman thought Ald. Watt took a great deal on himself in things of this kind without notifying the other members of the committee. This engine house was now four feet from the ground and in too close proximity with work in progress on the new site. As it stands the engine could not be placed there.

Ald. Watt said he was tired notifying the committee to see to the work, and it had to be done. In future he would not take so much on himself and leave the work to the other members of the committee.

Ald. Coleman said he was always ready to do his duty, and at times he had closed his store in order to attend to it. There was once or twice he was not present and this was when they were preparing for the new town hall. He was opposed yet to placing a town hall on the site, and therefore, would have nothing to do with it.

The Fire Committee were authorized to have the work done as far as possible, so as to have the new engine placed there.

Ald. Nicol moved that the report of the fire board be accepted. Carried.

Bills in connection with Fire Department were passed as read.

Ald. Nicol, in accordance with notice given at last meeting, moved to have the by-law relating to the selling of beer amended by inserting the words that no beer be sold from 12 o'clock on Saturday night until 5 o'clock on Monday morning. Carried.

Some here and took the work from our townspersons, and paid no taxes. He thought a tax should be levied on these people in future.

Ald. McIntosh said those who read the reports of the meetings say we legislate only for the business men. Something should be done to protect the laboring man. Men coming to town are hired even in preference, and they pay no taxes. Their own people have to pay taxes, and they do not get work.

Ald. Murdoch said he was speaking to some of the working men on this question and he had advised them to petition the Council for a law of this kind. Elsewhere the laboring men are protected from invaders, and the sooner we do so the better. The names of these persons could be had at the pay offices of the employers.

Ald. Watt said strangers had the use of our streets, lights, police protection, etc., and it was only fair to have them pay a tax. He moved, seconded by Ald. Maher that on all those who are not on the assessment list and who have not paid taxes in another town, a tax of \$3 be imposed. Carried.

Ald. Loggie moved that the sum of \$200 be paid G. E. Fairweather as a portion of his account and the same be chargeable to the bond issue. Carried.

Ald. Loggie said the amount allotted for the year for street improvement was already taken up, and the repairs on Wellington Street were not yet done. He advised that this street be left for this year, and instead, a sidewalk laid out at Greenville; also a new sidewalk laid near the Canada House, and a narrow walk on Lobban avenue. He moved that the Board of Works be authorized to expend \$200 additional on the streets. Carried.

Ald. Maher asked the Council to consider the making of a platform somewhere near the Cannons wharf for the engine; there was no place between the Muirhead and Fraser wharf for that purpose.

Ald. Nicol moved that the fire committee take into consideration the building of a landing for the placing of the engine somewhere between the Muirhead and Fraser wharves, and report. Carried.

Ald. Watt moved that the by-law relating to bankrupt stocks, etc. be enforced as already passed. Adjourned.

Put to the Test.

THE MOST CONVINCING AND ABSOLUTE PROOF GIVEN.

THAT DR. WILLIAMS' PINK PILLS CURE WHEN OTHER MEDICINES FAIL—WHAT THEY HAVE DONE FOR OTHERS THEY WILL DO FOR YOU.

No remedy of modern times has offered more, or stronger proof of its sterling merit than Dr. Williams' Pink Pills. The cures are not those of people in foreign lands, but from all parts of our own country, and the statements made are easily verified by everyone in the vicinity in which the cures reported occur. When such proof as this is offered doubt must cease, and the medicine must be awarded the palm of superiority over all others. Every mail brings letters from grateful people in all parts of Canada, who have been cured by the use of Dr. Williams' Pink Pills, sometimes after years of illness and after other medicines had failed, and it is the words of gratitude spoken by sufferers thus restored to health that has created the enormous demand this medicine has. The following letter is but a fair sample of hundreds constantly being received:—

THE DR. WILLIAMS' MEDICINE CO.

DEAR SIR:—I have great pleasure in bearing testimony to the medicinal value of Dr. Williams' Pink Pills, as a blood purifier and health restorer. For ten years I was a victim to a complication of troubles, beginning with quinsy and followed by rheumatism and bronchitis. My physicians told me the trouble had become chronic, and that every winter I would either die or have to go to a warmer climate. Two years ago I was confined to my bed and room from February until May, under the doctor's care. One day while reading of the cures wrought by the use of Dr. Williams' Pink Pills, I determined to try them, and I found a cure at last in this splendid medicine. I used a dozen boxes of the pills, and I have never been better in my life than I am now, and I have not been troubled in any way with my old complaints since I discontinued the use of the Pink Pills. As I have already stated I was a sufferer for years, and during that period spent a small fortune in doctor's medicine and drugs, only to find in the end that Dr. Williams' Pink Pills accomplished what all other medicines failed to do. When my friends who know how often I was laid aside with illness asked me what cured me I am always happy to say Dr. Williams' Pink Pills.

Yours gratefully,  
Mrs. J. A. McKim,  
Cataract.

Mr. and Mrs. McKim are among the best known and most esteemed residents of Cataract, Ont. Mr. McKim has been a travelling salesman for pianos and organs in the district in which he resides for upwards of twenty-five years.

What stronger proof than the above can be had for the claim that Dr. Williams' Pink Pills cure when all other medicines fail? If you are ailing give this great medicine a fair trial and the result will be a disappointment. The public are cautioned against numerous pink colored imitations. Insist upon taking nothing but the packages which bear the full trade mark "Dr. Williams' Pink Pills for Pale People."

Three Weeks in Agony.

INFLAMMATORY RHEUMATISM SO ACUTE HE COULD NOT ATTEND TO HIS DAILY DUTIES—LIVED THREE WEEKS IN AGONIZING PAIN WHEN THAT "GOOD SAMARITAN" OF ALL CURES, SOUTH AMERICAN RHEUMATIC CURE, PASSED HIS WAY—IT HELED HIM IN A FEW HOURS, AND SPEEDILY CURED—COST 75 CENTS.

Mr. E. A. Norton, a well known citizen of Grimsby, Ont., was severely attacked with inflammatory rheumatism some 20 years ago—after a time he recovered, but five or six weeks ago the dread disease returned so violently that he had to give up work. For nearly three weeks he lay in bed suffering terrible agony. Another resident of the town who had been cured by South American Rheumatic Cure persuaded him to try it, and, to his great surprise after using the medicine but one week he was so far recovered as to go about town. From the first dose taken he felt marked improvement, and to-day he is most enthusiastic in singing its praises. No case too severe for South American Rheumatic Cure to check in six hours and cure permanently. Sold by J. D. B. F. Mackenzie.

ALBERT'S THOMAS PHOSPHATE POWDER

(Registered)

IS THE SOLUBLE BASIC PHOSPHATE OF ENGLAND.

At the German Government Experimental Station at Darmstadt, Professor Paul Wagner has tested it most thoroughly, and unhesitatingly pronounces it the best phosphoric fertilizer at his command. He says: "If you desire to enrich the soil, to provide the soil with a store of phosphoric acid to serve for continuous cultivation for perennial fodder fields, meadows, vineyards, orchards, etc., there can be no phosphoric more suitable than Thomas Phosphate Powder."

In another place he says that clover gave a higher yield on ground that had this powder put in it than on ground upon which phosphate manures had been applied.

THE CONCENTRATED HORTICULTURAL MANURES, For Fruiting, Gardening and House Work are the only absolutely pure and soluble manures in the Market.
