A KENT Co. CASE .- In the County Court, St. John, on Thursday last, Judge Forbes delivered judgment in the case of McDonald vs. McInerney, a review case from

Kent Co. The plaintiff had sued for \$40.86 wages as fishermen, and the defence was that he had not worked all his time. also an offset for damages done to property under his charge. The magistrate in Kent Co. entered a verdict of no cause for action.

Judge Forbes has now set this aside and entered a verdict for the plaintiff for the full amount of his claim. He reviewed the whole case thoroughly and said would only be placing a premium ou litigation to send the case back to the magistrate for a new trial. He therefore ordered a ver-

dict for plaintiff for \$40.86 with costs. Mr. A. A. Wilson argued the case for the plaintiff; A. A. Stockton, Q. C., contra. ----

A FIRE ALARM was caused in Chatham last Thursday morning by some rags other rubbish taking fire in the house adiacent to and owned by St. John's Church. and occupied by the families of Mr. George

Cable, and Mrs. McLean, a widow. Men with axes cut a hole in the roof, only find no fire there, while others searched below for the origin of the smoke that was so plainly apparent, and found it in Cable's part of the premises. There was barely enough fire to cause the expense and trouble of getting out the steam fire engine

and hose, both of which were quite promptly on hand. No water was put through the hose, although the engine pumped for a short time. letting the water go directly on the street with the view of improving the opportunity to observe how the new known. lic holiday) His Worship Mayor Benson pre-

Ald. Murdoch strongly objected and among other things, said this bye-law had been held back, evidently for a purpose.

Ald. Nicol repudiated this accusation, and the bye-law passed.

Ald. Nicol read a bye-law to legalise the erection of buildings such as that on the Bannon Corner. Carried.

Other bye-laws were passed, one being the imposition of a penalty of \$5 for town officers neglecting to do their duty. The last bye-law passed was one providing that no Town bye-law be repealed without notice being given at the regular meeting 'prior to such motion being made.

Ordered that 200 copies of the bye-laws be placed in the custody of the clerk, and 150 of them be offered for sale, the proceeds to be placed to credit of the contingent account

The report of the collector of dog tax was read and showed there were 294 dogs in town and \$254 were collected. Ald. Nicol commended the diligence of the collector and the report was laid on the table.

A number of bills were ordered to be paid. Coleman moved that William Whelan be appointed a weigher of hay and coal, explaining that he was employed by the Maritime Sulphite Fibre Company who needed a properly qualified officer of the town to weigh and measure for them. Lists of electors for the different wards were submitted by Ald. Nicol, in behalf of the Town Clerk.

Ordered that the town clerk be authorised to procure handbills giving notice of the Town electoral lists and that they would subject to revision up to and including Friday 15th October next. Ald. Loggie said, referring to the provision

A Cure That Was Permanent in the public building specification for the excavating of a trench for water pipes, that he had made enquiries as to the cost of pipes and found that Hazlehursts, of St. The Medicine Used Was Paine's John would furnish them for two and a half cents a pound delivered at St. John, while the Londonderry Iron Company would deliver them at Chatham Junction for \$2.57 Day after day home and foreign cures are per cwt. St. John city had, he understood, got them from the Londonderry Company heralded as the result of using this or that at \$27 a ton and after writing them, he had medicine. It is safe to assert that many of received a communication from the com the published letters are bogus, and others pany's agent saying he would be in town will hardly bear the light of investigation. soon and asking that the matter be deferred until his arrival. He reached here yesterday, accompanied by Miss But-

How TO NOMINATE. - The legislature at its last session passed an Act in amendment to the Act relating to the election county councillors, which is of importance to parties who intend to offer themselves for election next month. It is now required that a candidate file with, or leave his nomination papers at the residence of the parish clerk - if he is absent from home-before six o'clock in the atternoor of the Monday in the week preceding the day of election.

JUBILEE STAMPS:-The plates from which the jubilee stamps were engraved were destroyed on Friday in the presence of the Postmaster General and others. About 32,000,000 stamps of varions denominations and 7,000,000 post cards were printed off these plates. It is just three months since the stamps were issued. The announcement of the destruction of the plates will probably cause a rise in the value of Jubilee stamps, but there are still a large number in the department and post offices throughout the Dominion.

Away OFF :-- Under the heading "a bad accident at Newcastle," the Restigouche 'Telephone says of the late wagon upset on the Stewart Hill, "that the party was thrown down the bank, which at this point is 30 feet high." It also says that the hill is a "sort of combination waterway and road" and has been the scene of previous accidents, and it attributes the late mishap to the want of a rail, etc. The Telephone is a wild gue ser, as the upset took place about the middle of the road, which was in pretty good order and not a waterway, or anything approaching it.

inguished what fire there was.

High Rates Made it Necessary

Last week's St. Croix Courier says 'The first cargo of Canadian flour ever received here by water was discharged this week at the new public wharf for C. H. Clerke. The flour came by water to John where it was reshipped to St. Stephen. This is a somewhat roundabout route, but freighting by water was rendered necessary on account of the high rates on flour to this point charged by the C. P. R. An idea of the saving may be formed when it is known that the freight on this route is fifteen cents
