for, in addition to being able to make a During the night the young men heard stubborn stand against the British adlarge animal tramping near their camp, but they lay still, hoping it would go away. vance, they had a contingent of seven Soon after the veterans also heard the noise thousand men to spare for a flanking and cautiously crept out and, seeing what movement. Not any of the stories of chis they were sure was a moose let, fly several fierce engagement suggest any demoralizashots, killing what turned out to be the tion of the enemy, who retired in good faithful nag which had brought them from order and who proceeded to construct home and had broken loose from the fresh defensive works on the adjacent ber shanty where they had put her. hills, showing that Afridiland will probably have to be conquered yard by yard. - The news of the massing of the Afridis in the Sampagha Pass and the report that they are erecting strong fortifications

The newspapers here criticise the plan of campaign which apparently necessitates capturing the same ground twice, as the Dargai Ridge was carried on Monday only to be left for the tribesmen to reoccupy on Tuesday. But, it appears, that the British force which first captured the ridge was not provided with commissariat supplies and the difficulties of forwarding them from the base were insurmountable. Six officers and a hundred men were killed or wounded in the storming of the Dargai ridge.

there is also most disquieting.

Maramichi and the Lorth quite sure that good Father Joyner would Shore, etc.

At a meeting of the executive committee of the Sunday School Teachers' Association. the officers for the preceding year were reelected, and a committee appointed to Paine's prepare a programme of work for the ensuing year. The next meeting of the S. S. T. A. will be held on Jan. 25 next in Chatham.

The annual service of the Deanery Choir Union will be held in Chatham on Monday

evening Jan. 24th next. On Thursday morning Oct. 21-t a harvest Thanksgiving service was held in S. John Evangelist's Church, and an excellent sermon was delivered by the Rev. Jas. Spencer. The church was handsomely decorated, On Thursday afternoon the visiting clergy eturned to their parishes after a profitable reanion, rendered very enjoyable by the kind hospitalicies of the Bector and church people of Baie des Vents.

-----Lecture.

7th. That the collections for the Bible Society be taken up in the various districts during the month of July. Sth. That a vote of thanks be given to office-bearers, collectors and the press for gratuitous advertising.

tion to the Parent Society is somewhat larger than that of the past year. This we regard as very encouraging. The collectors throughout our various districts have this year been met with a higher degree of liberality. We earnestly hope that the interest thus exhibited in the claims and work of the Society may continue and deepen. May the seed sown by the labors of the Him who alone makes fruitful the seed

which liveth and abideth forever. proceeded with the study of the appointed

Great Care.

Celery Compound Should Used This Month.

Our changeable Autumn weather brings fear to the hearts of thousands of rheumati sufferers who are unable to go to warmen

climes, The present month with its wet cold weather and chilling north east winds will, without doubt, increase the agonies of those who are afflicted with acute, chronic, inflammatory and sciatic rheumatism. The uric acid in the system, which the kidneys have not removed, is poisoning the blood. causing stiff and swollen joints, twisted legs, arms, fingers, and contracted cords.

When it reaches the heart it generally proves fatal.

Rheumatic sufferers, why remain in

At the request of a number of leading a new life for all if the proper agency is citizens, Rev. Robert Falconer, formerly of made use of. The true agoncy, Paine's Miramichi, then of Australia and now a Celery Compound, has triumphantly met resident of Newcastle, delivered a lecture | hundreds of pases tar more subtile and dan-

people get established in the industry the better for the material interests of the province in every respect. The sale was well attended, Many of the purchasers were private breeders; but the bulk of the purchases were made by local agricultural societies scattered throughout the province. It will thus result that the stock purchased will effect a much larger range of good than if it had all been purchased by private

individuals. A regrettable feature of the sale, but one which will serve as an object lesson to breeders generally, was a matter connected

only thirteen Je seys, but of these ten were purchased from one breeder in Quebec, By agreement with the seller these ten head were to be tested with tuberculin. Uufortunately the owner omitted to attend to this and the animals had to be tested at Fredericton, and some of them were found to be suspicious. The whole lot were therefore withdrawn from sale and they are now being kept isolated. As they were all brought down in one car by themselves.

and as they had never in any way come in contact with the other cattle, the matter Time for Action and did not affect the sale of the rest of the stock in any way.

> A very pleasing and beneficial incident of Agriculture, Mr. Labillois, of Dalaousie, Dominion.

and the Lieutenant.Governor of the province also graced the gathering by his presence. The principal feature of the meeting was a lecture on "Tuberculosis" given by Mr

David McCrae, of Guelph. The meeting was well attended, and Mr. McCrae's lecture was much appreciated. Subsequently Mr. McCrae was asked by the authorities to hold a series of similiar meetings in different parts of the province, for the purpose of instructing the people in regard to tuberculosis and the use of the tuberculin test. This movement is in accord with the line of
