to deal with them section by section. Sec. 1 provided for the appointment of committee to solicit and collect funds for the purchase of books and the fitting up of

the library room, This section was adopted and Senator Snowball suggested that the blank left for the number of the committee be filled with the word five.

There was a general expression of opinion in favor of a much larger number than this on the ground that it was desirable, by means of the proposed committee, to enlist the aid and sympathy of as many persons as possible in the undertaking. It was finally voted that the committee should consist of thirty ladies and gentlemen.

A Bathurst Investigation.

The Bathurst Courier says : It is said an nvestigation is to be held into the affairs of the Presbyterian church at Bathurst Village, and that Rev. A. F. Thomson will be put on his defence. It adds there is excitement over the matter but it does not indicate the nature of the trouble.

The ADVANCE'S advices on the subjest are that the hearing was on Tuesday, 12th. It appears that the charges against Mr. Thompson were made by Dr. and Mrs. Duncan, Mrs. John Ferguson, (Senator's wife), Mr. and Mrs. Robt. Armstrong, James Armstrong, Mr. and Mrs. Joseph Henderson, Mrs. Abram Grant, Mrs. A. N. DesBrisay and Mrs. James Ferguson. The petition of charges were signed by about 15 persons We are not informed of what all the charges were but untruthfullness, inattention to and refusal to perform his duties, &c., were in the category.

Dr. G. M. Duncan, an elder, appeared for the accusers and read all charges, letters,

Mrs. John Ferguson's chief charge was "continued untrathfulness on account of which she had lost all confidence in him as Mrs. Robt. Armstrong's charge was that

matter could not be amicably arranged and they answered negatively, Mr. Joseph Henderson (who I believe is an elder) stating that if Mr. Thomson remained he would sever his connection with the church.

Mr. Thomson spoke, asking for sympathy. He said he had worked all the best of his life in the ministry and was not now able to go at anything else, &c., &c.

The chairman asked him if, under existing circumstances, he was prepared to remain in charge. He said he was not prepared to answer. they reflected little credit on the accused The clergymen present were Rev. Messrs. Aitken, of Newcastle: Carr of Campbellton Fisher, of Dalhousie; McLeod, of New Mills

and Nicholson, of Charlo. There was considerable recrimination between Mr. Thomson and members of his congregation, and quite a change seems to have taken place in their relationships since the time when he succeeded in stirring up no little strife and bad feeling between different classes in the neighborhood. Many now realise how mistaken they were in him, and the general feeling is that he is not entitled to much sympathy owing to his "firebrand" characteristics.

Rev. Mr. Carr submitted an excellent report on the State of Religion for which he received the hearty thanks of the Presby-

tery, and it was ordered to be forwarded to the General Assembly. A similar disposal was made of an excellent report by Rev. J. M. McLeod upon Young People's Societies.

A report of adoption from Blackville was received and a further report from the trustees of the Blackville congregation, intimating their intention to avoid any legal proceedings in reference to the manse property and their intention to build a new manse. This intention was approved of by the Presbytery, and steps taken in order to ascertain the right with regard to the state of the old property.

Rev. Mr. McLeod reported that the Charlo section of his congregation have taken steps to build a new church, and a subscription list of about \$2,200 towards that object had been secured and at least \$3000 were in sight. The congregation above generally approved of the site chosen, some three-quarters of a mile south of Charlo station. The Presbytery approved of the site chosen, commended the liberality of the people and encouraged them to promote their purpose with energy.

The place of next quarterly meeting was then taken up and St. John's Church, Chatnam, chosen. The Presbytery to meet on the last Tuesday in June at 10 o'clock standard time. Adjourned.

AN ORANGEVILLE LADY WHO HAD SUFFERED SEVERELY SPEAKS OF HER ILLNESS AND TELLS HOW SHE FOUND A CURE.

From the Sun, Orangeville, Ont. A remarkable case recently came under the notice of our reporter, and for the benefit it may be to some of our readers, we are going to tell them about it. In the south ward of this town lives Mrs. John Hubbard. a lady much esteemed by those who know her. Mrs. Hubbard has been a great sufferer from heart trouble, and ultimately became so bad that it would not have surprised her friends to have heard of her death. But ; change has come and she is once more rejoicing in good health. When our reporter called upon Mrs. Hubbard and made her mission known she said she would be delighted to tell him of her "miraculous cure" as she styled it. "Of course no one thought I would get better. I thought myself I could EASTER MONDAY heart was going to burst. Oh, the dreadful sensations, the awful pains and weakness, together with a peculiar feeling of distress, all warned me that my life was in danger. I consulted a doctor but he could do absolutely nothing for me. My friends saw me gradually sinking, and many an hour's anxiety I caused them. My strength waned, my nerves were shattered; I could not walk, for every step caused my heart to palpitate violently. It is utterly impossible to fully describe my condition, One day a friend brought me a box of Dr. Williams' Pink Pills, and told me to use them, but I said York to select the latest novelties as also personally there was no use—they could do no good, selected and in most lines have the To this my banefactor replied, that if they The fourth, section providing that the tioned, and ordered to be transmitted. hearty, each day doing my housework with-The Town Council re-assembled in special Board formulate a code of rules and regula- Provisional appointment for his induction out fatigue or weariness. Plebiscite on Prohibition. Sir Louis Davies was recently addressed

by the I. O. G. T. lodge at Charlottetown on the subject of the proposed Dominion plebiscite on prohibition and he has sent them the following reply :-OTTAWA, March 24, 1893.

GENTLEMEN :- I have to acknowledge resipt of your communication of March 8, signed as representatives of a hundred and fifty leading people of your city, in which you ask me to use my influence on the question of prohibition, to have a strict question put "Shall we have prohibition or not?" Secondly, to have the present lists used for the plebiscite election, and thirdly, to have prohibition in the Yukon district. I have received a letter in simila r terms from the president of the W. C. T. U., to which I replied on similar lines to this. The aim and object of the government is

to obtain the real mind of the people on the

side issues are left out, and as nearly as possible the plain question put, but they hink that the question as to whether the elector is in favor of total prohibition of the importation, manufacture or sale of alcoholic iquors should have as part of it the further question, as to whether he is prepared for the imposition of such new taxation as experience might show the workings of such prohibition call for. It is obviously plain to any thinking man that if a policy is adopted which cuts off seven or eight millions of revenue, some other policy must be adopted to recoup that amount. What that would be is not for me to say, nor is it for the electors to say. Whether it should be increased duties on teas, or coffee, or other articles, or in some other way which the government of the day might advise, it seems to many of the strongest prohibition men most desirable that the question should be put in that form. As Mr. Moody has well said. the mere carrying of the question would be an injury to the cause unless there existed

On the second question, the general ominion is that the plebiscite should be taken on the lists to be adopted under the new franchise act. It would be obviously unfair to take the vote on the present lists which in many parts of the Dominion are two or three years old, and which preclude thou sands of people from voting. On the third question I think you will have seen statements already made in parliament that it is the policy of the government, so far as it is possible to do so, to the principles of prohibition to the

Canadian Pacific Railway. The annual meeting of the Canadian Paci-

fic Railway took place at Montreal on Wednesday, 6th inst., Sir William Van Horne presiding. In closing his remarks on the annual report he said :-"We have had a fairly prosperous year, and the financial results, after due provision for all expenses on working and ample maintenance, have enabled the directors to make a distribution of dividends at the rate of 4 per cent. for the past year, and to carry

forward \$897.088 surplus to the reserve, and so far as we can see the prosperity will continue and increase. "We have never entered upon a new year with so cheerful an outlook as at present. An analysis of the traffic of the various sections of the main line, the branch lines and the auxilliary services of the sea, lakes and rivers, shows that practically no mistakes have been made in the development of the system so far as we have gone. Some things have had to be done ahead of time in order to protect our future, and we have had to wait for a good many vacant spaces on our

lines to become productive, but nearly all of

these spaces are now yielding revenue, and practically all of our branch lines are selfsupporting.

The following Board of Directors was then re-elected:—Right Hon. Lord Strathcona and Mount Royal, Sir William O Van Horne, K.C.M.G., Mr. Thos. G. Shaughnessy, Mr. Richard B. Angus; Mr. Edmund B. Osler, M. P., Toronto; Sir Sandford Fleming, K.C.M.G., Ottawa; Sir George A. Kirkpatrick, K.C.M.G., Toronto; Mr. George R. Harris, Boston; Mr. Wilmot D. Matthews, Toronto; Hon. Donald MacInnes, Senator, Hamilton; Mr. Thomas Skinner, London; Mr. John W. Mackay, New York: Gen. Samuel Thomas, New York, At a subsequent meeting of the directors Sir William Van Horne was re-elected

President and Mr. T. G. Shaughnessy Vice In a recent issue of The New York Commercial Advertiser the Canadian Pacific was charged with manipulating its bookkeeping by charging items of maintenance to capital account, and thus being able to make a better showing than it otherwise could. Sir William Van Horne made the following reply when asked as to the truth of the

charge :- "It is hardly worth while to

answer a critic whose animus is so apparent. The chief burden of his complaint is that in dealing with our capital account we do not follow the 'enlightened' American practice: but there is no recognized American practice in this regard, and if there were, our preference for the recognise! English practice should not give him any concern, our stock being chiefly held in England and Germany and Canada, and not in the United States. At all events, the 'enlightened' American practice does not prevent occasional swarms
