NEW HIGHWAY ACT :- Forms under th new Highway Act are for sale at the AD-VANCE OFFICE.

THE PRESBYTERY of Miramichi will meet

at Campbellton on Tuesday nex , 29th inst, at 10 o'clock in the forenoon. WANTED-to purchase-a small tug boat, about 30 ft.keel, and 8 horse power Addres

HUDSON & HOPPER, St. John, N. B. FIRE AT FREDERICTON: - At Frederictor on the afternoon of Monday last the government stables were barat. The buildings cost \$2,500 and were may el for \$2,000.

SCHOONER SOLD :- The Schooner Beatrice Petr page Committee had been handed in which was purchased by Mr. George Watt - last fall, has been sold to Mr. John A Mil and Capt. R. A. McLeau, of Hardwicke. The amount he es for her just as she lieat his wharf is \$800.

FREDERICTON'S SCOTT ACT REVENUE: -O Friday last the civic revenue of Frederictor was increased \$400. This amount was paid into the police court by eight local venders of the ardent, for violation of the Canada Temperance Act.

CHANGE OF BUSINESS:- We learn that the Hon, C. H. Labilions and Ernest Summer have purchased the general store business of Geo. Haddow at Dalhousie and will take possession on April 1. Mr. Labillois has and will be the managing partner under the new arrangement.

A CHATHAM BOY MISSING .- From our St. John exchanges we learn that a ten-yearold lad, Bernard Breen, of Chatham, des cribed as light complexioned and rather tall, who was sent to St. Patrick's Industrial School at Silver F. Ils, St. John, has been missing since last Friday, and there is much anxiety concerning him.

A FATAL ACCIDENT:- Two boys name Beech and Veniot, aged about 15, wer scuffling in a barn at Kentwille, N. S. o Wednesday last, when Beech teil upon a sharp knife with which Veniot had been whitling a pin for a hay cutter. Beech had no coat on and the sharp blade pierced the shirt and reached the heart He staggered out of the barn and expired almost immedia ately. The fair was entirely accidental.

Norice:-R. A. H M rrow, S. John. N. B. has a poteted Miss Ramsay his gen for the book, "Miss Willard's Life," great temp-rance worker who lately pas e to her rest. Mies Williard sought to realis the ideal for humanity with a heroism and devotion which knew no limit till vita power became exhau-ted. Her life work now before the public and we bespeak for a large sale. Advt.

THE SEASON: - We are at present enj yin. real March weather, one day being cold auc boisterous and the next mild and pleasant, Yesterday it rained nearly all day. The snow is rapidly d suppearing from off ou streets and sidewalks, and if the weatne we have been having the last few day continues, our citizens will have dry site walks to walk on and wagons and sloves: will take the place of sleighs and sleds upo our streets.

THE FINNAN HADDIE FISHERY: - Digby N. S., is the headquarters for this valuable fishery. The season for catching these fish commences the first of October and last until the end of February. The value of the catch during the se son that has just close it has been estimated amounts to over fift thousand dollars. Octavio, Quebec and al along the line of the Can dian Pacific Ranw to British Columbia took over one mileo pounds and the Lower Province market consumed a considerable quantity.

DEATH OF ROBERT SWIM: - Mr. Rot ert Swim a prominent and leading citizen of Doaktown, died on the afternoon of Saturday last after an illness of several weeks durayear of his age. He was twice married. By the first wife he has several grown up sons and daughters, but by the second who now deceased, he leaves one child, a list girl. For many years Mr. Swim has carried on a large and successful lumber and mencantile business at Boiestown, and by those who did business with him, was considered a shrewd business man. He leaves a large circle of 1 iends and acquaintances who will regret to hear of his death.

THEATRICAL :- The Frost Dramatic Company opened a week's engagement at Masouic Hall on Monday evening presenting the comedy-drama "Passion's Slave." A large audience greeted them and the actors were frequently app auded. Mis-Mabel Frost sang two songs and was encored. Miss Flora Frost took the part of the heroine and her gracefulness and fine acting pleased the audience. The other different actors acquitted themselves creditably and altogether it was a good p rformance. "The Little Duchess" was presented and the different characters were equally as good as the previous evening. As we are going to press Lady Audiey's Secret and a farce is the play for the evening.

SENTENCED FOR VAGRANCY. - During time of service in St. John's Church on th Sunday morning that the collection was stolen a youth named James U quhart was noticed loitering about the door. As this youth has no occupation or visible means o support and as he was seen spending money freely in Nelson a couple of days after there was a strong suspicion that he was the person that had taken the money but although an effort was made to procure evidence none could be got. He, however, was arrested for vagrancy and at his trial before Mayor Winstow, who is acting as police magistrate, the evidence of Policeman Forrest most conclusively proved that he had no home and was to all intents and purposes a vagrant. Upon this evidence Mayor Winslow sentenced him to jail for 90 days as a vagrant.

NATURAL HISTORY SOCIETY :- We understand that, as we go to press, the special committee of the Town Council, appointed to enquire into and report on the request of the Natural History Society and Public Library Committees for the use of the room in the Town Hall over the Council Chamber, are in session and are receiving the views of the parties interested. We hope that these very commendable objects will succeed in gaining the moral support and assistance of the Town Council. We understand that the committee proposes to sheath and finish this upper room for their use, charging sufficient rent to cover the interest and sinking fund on the amount expended, so that practically there would be no expenditure of the Town's money, and objects having for their end the advancement and

The Legislature.

Thursday last was St. Patrick's day and is usually the case there was a fail saw, but before noon the weather cleared Flage were flying in the park, on the post the and an Inch flig was turled from the aff on St. Pat: ck's Hall. There was a Lo lass at the Pro-exthedral at 8 30 clock, which was celebrated by His Lordship Bishop Rogers. The band of S. Michael's Society marched from their hall to the Hetel Deu at 10.30 and serenaded the Sisters, and then march d to the church. High Mass vas celebrated by Rev. Henry T Joyner and Rev. T. H. Eilison preached a sermou on St. Patrick, taking his text from the Ill h psalm "His seed shall be mighty upon earth : the generation of the ighteous shall

The preacher spoke of the great work one in Ireland by this saint in his teachings n the practice of virtue and religion, which s now scattered by his followers to every quarter of the globe. The choir sang Werner's Kyrie and Gloria in Excelsis, and the Benedictus and Agnes Dei by Coleman, heir natty uniforms and good music made by Mr. Gibson :very creditable showing.

In the afternoon and e-ening the Iriel rama, "Siege of Limerick" was presented by the members of St. Michael's R. C. T. A Society in Masonic Hall. A crowded house greeted them as usual. The following is the

Patrick Sarsfeld, Earl of Lucan, Roger O'Gorman, Irish Gentleman, Jas. J. Leggeatt Dermot O'Gor an, his son, Harry Nugent, Dermot's friend, J. J. Stapleton Joh J. Gilmore T. C. Stapleton. Frank Dunn Mickey Cassady, lively Irish boy tim Bannigan, faithful friend, Barney O'Helly, blacksmith, Dan, O Rafferty, assistant, Thos Kavanah. Jno. Martin, Jr. Beaujacques, brave domestic, lot. Breckenrige, soldier of the King. H. Moar. lorporal Hogan, officer in Irish army, Jas Gilmore. orporal Dingly, in King's army,

The play was the best ever given by the Society, which was fully shown by the inerest and good order kept by the large audience throughout. Mr. John J. Stapleon, in the leading role, was the admiration of all his friends. Mr. Jas. J. Leggeatt Dry goods, took his part well, his powerful voice being well adapted to the unrelenting and determined Roger O'Gorman. Thos. Stapleton and Frank Dunn, as rollicking Irish patriots were very amusing, and Jack Stapleton, as the French domestic, provoked a great deal of laughter in his broken English. A pleas ny teature of the entertainment was the inging of the song "Mary Carey." Mr. T Stapleton sang the first verse and the second and third were taken up by little Harry Martin in the audience, and the little fellow delighted everybody with his clear, sweet oice. The songs and dances were all good and done as well as any professional could

do. The negro song, "All coons look alike to me," by Jack Stapleton, was well reeived and the audience called for an encore The orchestra played very sweetly, and was under the direction of Mr. T. C. Staple ton. The front of the stage was so crowded they were obliged to play behind the drop curtain, which somewhat deadened the music and could not be heard to advantage. The following were the different instruments and players :- 1st violin, T. C. Stapleton cello, Joseph Cahil; clarinet, John T Gilmore; cornet (solo) Joseph Couhig; 2ud cornet, Thos. Kavanagh; bass, H. Moar;

Altogether the entertainment was good and all the actors took their parts well. The management are to be congratulated on their success in producing the best drama ever presented by this society. The proceeds re in the vicinity of \$270.

FREDERICTON, March 16-After a number of bls had been introduced and other matrs discussed Mr. Davidson committed Il to incorporate the Alexander Gibson Ralway and Manufacturing Company (Lim-

ed) Mr. Show chairman. Daring the discussion upon the bill, Hon Mr. Tweedie spoke in high terms of the great energy and enterprise displayed by Mr. Gibson for many years, and the remarkable manuer in which he had built up the country, he well deserved the title of the Lumber King of the province. In this connection Mr. Tweedie gave some statistics of the amount of wager paid and business transacted last year by Mr. Gibson in the various branches of his operations. Mr. Gibson sought by the bill to bond his business for \$2,000,000 The volume of business done by Mr. Gibson was such that Mr. Tweenie thought the house should facilitate the bill in every way, rather than place any obstacles in the way. It was a significant fact that in 40 years Mr. Gibson had never Lambillotte's Pastornus Uttalma was given had an action brought against him. Mr. was driven through the streets and with ing the magnitude of the business carried on

809 tons. Total carried, 100,980 tons.

FREDERICTON, Mar. 17 .- Mr. Lockhart, seconded by Mr. Pinder, moved his resolution for a detailed statement of lands leased to the Muskoka Land and Lumber Company with particulars as to lumber cut and correspondence with the department. Mr. Tweedie-I may say that the infor-

mation will be furnished.

Dr. Alward-When?

read memoranda to the house in response to almost all been met. the motion referred to.

Hon. Mr. White committed a bill amending the law relating to courts of probate, Mr. Chipman chairman.

was largely a consolidation of the existing aw relating to courts of probate. With reference to those features of the law which have been consolidated there were some amendments in matters of detail. Under the law as it has stood heretofore where it became necessary to sell real estate the law was in a very unsatisfactory condition, because while the testator might by his will leave different lots of land to different parties, when land was sold for insufficiency of personal property to meet the debt the judge would order the whole of it to be sold. The present bill provides that a certain piece of land may be sold, the legatees to bear the burden pro rats. Another difference in this law is that it ncreases the jurisdiction of the judges of orobates. In matter of guardianship from infants having an estate of \$2,000 to \$5,000 as the law now stands in cases of that character it is not necessary to go into the county court at a great deal of expense. Another evil under the existing law has been that connected with the passing of trustees accounts, as the law has been hitherto, an executor passed his accounts in the probate court. After his accounts were dollars better than in February, 1897, and passed as executor then he becomes trustee the total revenue for the mouth is better by under the will. From that time forward \$747,000 than in the same month last year. he had to go into the equity court to pass the accounts there. That meant expensive machinery and a great burden upon the for a very large share of this very satisfac-

Under the present bill the trustee passes his accounts in the probate court. Another feature of the bill is that fixed salar es are provided for the judges of probate in the various counties based upon their earnings during the past two years. There was no opposition to the bill until

section 77 was reached. Dr. Stockton then stated he would take a vote on that section against the principle of have had at fires. As it is invariably his over any surplus to the province In his opinion any surplus under the bill

should go to the municipalities. Dr. Alward - And if loss the deficit should be made up by the municipalities. FREDERICTON, March 18 .- [Special.] -The House met at 11 o'clock this morning. Mr. White re-committed a bill amending the act respecting the Court of Probate. Hil chairman. Agreed to with amendments.

Mr. Osman followed Mr. Dibble. thought on the accounts the committee had tried to do its duty. An injustice had been done Messrs. McAvity by confounding the accounts of 1895 with those of 1897. If any injustice had been done Mr. Dibble he (Osman) as one member of the committee was willing to make amends at the proper time; he thought every member of the committee had endeavored to do his duty, although it struck him at times that the hon, member for York (Pinder) was more auxious at times to discover evidence o wrong-doing on the part of the government their families or of those dependent on then he was to get at the facts.

Mr Sumner gave a lengthy account of the

work of the committee. He said Mr. Osman deserved the credit for the resolution annexed to the report of the committee, he thought the members of the committee had approached their work having only in view the public interest. As the work progresse some of them may have been affected by politics. Whatever we might think Messrs. McAvity's as honorable men th fact remains that the committee was unani mous in declaring some of their charge excessive. He (Sumner) desired to say that Mrs. Emmerson had a right to hold stock in the Record Foundry, her father had started that enterprise over fifty years ago and he was a man who had the profound respect of all who knew him. He (Sumner) absolved Premier Emmerson from any suspicion of wrong doing, because of the small amount of stock held by Mrs. Emmerson in tha enterprise, which stock had been left to he by her fathen. His only regret was that the amount of stock was not a great deal greater. (Hear, hear.) He was willing to pay New Brunswick concerns, like th Record Foundry, a little more for work than to have it done outside of the province. (Applause.) The committee have done their work faithfully and Mr. Dibblee deserved great credit for his independent course as member of the committee. Despite the attitude of some hon, members and government press towards that hon, gentleman he (Sumner) believed that great good would come from the investigation and report of the committee and that thousands of dollars would be saved to the country in

Mr. Robinson spoke next and told of the work of the committee, the accounts of Messrs. McAvity had been sharply criticised but the hon, member for Westmorland (Sumner), and the hon, member for Carleton (Dibblee) had charged much higher prices to government contractors than had been charged by Messrs. McAvity to contractors for the same class of goods furnished at about exactly the same time. He (Robinson) read a list of articles, to the prices of which exemption had been taken by the opposition members on the committee, the total of these items as charged by Messrs. McAvity was \$64.36, whereas some of the members claimed that the items should have been

charged at \$45.15. The House met again at a quarter before one o'clock and Provincial Secretary Tweedie announced that prorogation had been fixed for three o'clock this afternoon He moved that the House take recess till a quarter of three. Carried.

At three o'clock His Honor the Lieutenant-Governor attended the Assembly Chamber, assented to the bills passed during the session and the house was prorogued with the usual ceremony.

Canada's Foreign Trade.

OTTAWA, March 20.-The foreign trade of Canada as shown by the trade returns made up to March 1st. shows an increase of \$37,000,000 over the corresponding eight months of last fiscal year, and an increased revenue from customs duties of \$1,433,000 over the same period last year, The increase is shown in both imports and exports. The total imports for the eight months of the fiscal year, the export and the duties collected compared with the corresponding eight months of 1897 are as follows :-

Imports\$73,278,000 \$ 83,785,000 Exports..... 93,192,000 Total trade....\$116,470,000 \$203,429,000 Duty collected 12,811,000 14,150,000 Produce of Canada exported, \$82,336,000 and \$105,938,000.

the month of February alone are extremely doubting that they would cure me I was satisfactory, the figures being imports, \$10,- prevailed upon to take them. The effect Mr. Tweedie - As it is getting late in the 097,000 as compared with \$7,710,000 the was marvellous. For two long years I had session, I might as well furnish it now. year before, and the exports \$8,369,000 as not enjoyed a single night's rest and I then \$45,000. There are no lands under license to the compared with \$6,590,000 of a total trade slept a sweet sleep which seemed like Muskoka Land and Lumber Company-we for the month of February, 1898, of \$18,- heaven to me. I revived, could eat and receive no stumpage from them and have no 467,000 as against \$14,301,000 the previous gradually grew stronger and as I gained account with them whatever, and no corre- year. The revenue for Feb. alone from strength my hope of living increased. I destroyed by an earthquake. Sixty persons spondence. However I think I may be customs duties was \$1,951,000 against have taken forty-one boxes, which may responsible for the error my hon. friend had \$1,580,000 the same month last year an seem a large quantity to some, but be it remade because I treated the Muskoka com- increase for the month of \$371,000. membered I had taken many times their pany in my remarks the other day as Duties paid in full on goods imported that value in other medicines and had been deholding lands. In 1893 the company were entitled to the benefit of the reciprocal clared incurable by doctors. The result is I applied for lands but the lands were pur- tariff have been refunded to the total am now able to undergo hard physical exeducation of the people would be assisted, as will be gratified to know that an inventor chased in the name of A. H. Campbell & amount of \$120,000 which should be de- ercise. All my large circle of friends and

name. I have got the deputy surveyor tioned above, thus leaving a net increase of customs revenue for the eight months of my hon, friend desires. Mr. Tweedie then \$1,318,000. These claims for refunds have

Canada's Revenue.

There was a very heavy increase in the revenue of Canada on account of consolidated fund for the eight months of the fiscal year ending February 28th, as shown by the official returns in the department of inance, and there is a substantial reduction of expenditure for the same period. The revenue for the eight months compared with the corresponding eight months of the previous vear was as follows :-

......\$12.269,000 \$13,720,000 Post Office... 2 066,000 2,413,000 ublic Works including R'wys 2 362.000 3,419,000 liscellaneous..... 4,278,000 1,389,000 Total \$23,071,000 \$54,765,000 Expenditure\$22,262,000 \$21,595,000

This would show an apparent surplus of

ver \$3,000,000, but the figures for expenditure can never be relied on until fully completed at the end of the fiscal year. It is, however, an undoubted fact shown by hese figures, that the revenue has increased by \$1,694,000 and that the expenditure has decreased by \$667,000, thus showing an mproved condition of the finances in the present year of \$2,361,000. For the month of February alone, the customs receipts were over half a million

tory showing. Ald. Robinson Scores Mr. Burr.

The revenue from the Yukon is responsible

To the Editor of the Advance. DEAR SIR :- I see in the Worll's issue of to-day a communication, signed by Alex Burr in which he pays special attention to Alderman Flanagan and myself.

I believe that Mr. Alex. Burr has been the cause of a great deal of the trouble we actice to beg for and give to the firemen and others intoxicating liquors, thereby making himself a good fellow among those persons who drink it.

ALEX. ROBINSON.

Acknowledgement.

BATHURST, N. B., FRBY. 25TH, 1898. To the officers and members of Branch No 130. C. M. B. A., Bathurst. GENTLEMEN :- I beg to acknowledge receipt through your secretary. Mr. W. J.

LaPlante, of a cheque for \$2,000, being the amount of insurance policy on the life of my late husband, James S. Power, in your I wish at the same time to express to you my deep appreciation of and sincere gratitude for the fraternal and charitable interest

manifested by you towards my husband during his illnees, and especially on the occasion of his death and funeral. Your association deserves the support of all Catholics, who have at heart the welfare of

I am, gentlemen, with much esteem and gratitude. Yours faithfully. MARY POWER.

Awful Result of Fira.

VICTORIA, B. C. March 10 .- The steame Empress of India' brings news of a terribl conflagration at Manila, capital of the Spanish possessions in the South Seas, on Feb. 7. Early in the evening pedestrians saw flames breaking from the windows of residence in the Calle de Rosario, off the Plaza de Cervantes, and suddenly, after a slight explosion at the rear of the house, it sprang into a mass of flame. A heavy wind storm was then going on, and, fanned by the furious wind, the flames soon spread to other residences along the street. The houses were all of of wood, and joined together. The fire department being inexperienced, and without good apparatus, was powerless to compete with the conflagration. Soon the whole street was a mass of flames. The Calle da Rosario was the native part of the town, and it was soon on fire. A large number of natives were penned up in the escolta, a large bazaar, and it is said many were trampled to death in the struggle to get from the building. The large cigar factory in Binondo, which gives employment to ten thousand women, was partially destroyed. The employees of this place hal finished their labors, or grest loss of life would have occurred. Nearly all the public buildings which are situated in this quarter escaped. they being somewhat distant from the other buildings. The people of the city, Spaniards. foreigners and natives, worked hard to aid the tiremen, who, when they saw it would be useless to try to put the fire out, blew up and destroyed buildings and houses, thus saving the city. It is said that over a hundred houses, stores and other buildings were destroyed by the fire. The loss is estimated at fully five million dollars. It is hard to say how many deaths were caused as a result of the fire. Some say about two hundred. Other estimates are smaller.

A Crippled Shadow.

THE REMARKABLE SLATEMENT OF JAS. DAVIS, OF VICTORIA.

-- DR. WILLIAMS' PINK PILLS RESTORE HEALTH AND STRENGTH.

Proof upon proof accumulates that Dr. Williams' Pink Pills is the greatest medical discovery of the 19th century, and the following story told in the grateful patient's own words again substantiates the claim that they cure when other medicines fail. "Knowing that I am a living monument of the wonderful curing properties of Dr. Williams' Pink Pills, I deem it my duty as a grateful man to give my testimony for the aid of such as are afflicted as I was. I am a resident of the village of Vittoria Ont., and have lived in the town or neighborhood all my life and am therefore well known and what I say can be easily proved. Three years ago I was stricken with and partially paralyzed by rheumatism, and after being under the care of two physicians was given up to die. I wasted to a human skeleton; nothing more than a crippled shadow. I lost the use of my limbs | Radish, Turnip; Squash, Hubbard; Turentirely and food was given me by a spoon. nip, Garden. Life was not worth living and such an existence was indeed miserable. Thus I awaited the end to come, -an end of human suffering too awful to depict. As a last resort I was persuaded by my friends to try medical treatment in the General Hospital in Toronto, and after spending several weeks then came home disheartened and even worse than before. While writhing in the pangs of pain, discouraged and ready to die. The figures are inclusive of foreign coin I heard of Dr. Williams' Pink Pills and of and bullion in both years. The returns for the marvellous cures they effected. While

mixed; then add sufficient milk to make a soft dough; knead slightly, roll out about half an nch thick, and cut with a small biscuit cutter. Place a little apart in a greased pan, and bake in a quick oven for fifteen or twenty minutes. These biscuits should be a delicate brown top and bottom, light on the sides, and snowy white when broken open. The secret of success in this recipe, as in others, is to use but two-thirds as much Cottolene as you used to use of lard. Cottolene will make the biscuit light, delicious, wholesome. Better than any biscuit you ever made before. Try it. Be sure and get genuine Cottolene. Sold everywhere in tins with trade-marks -- "Cottolene" and steer's head in cotton-plant wreath-on every tin.

midst and life seems real again. The fact is about the size of the Teutonic and place beyond all question that Dr. Williams | them on the route between Vancouver and Pink Pills as a last and only medicine prov- Yokohama. The Empress vessels will then ed successful in reaching the germs of my be used for the purpose of a passenger and disease and saved me from a life of misery | freight service between Vancouver and Ausand pain. Again I say as a grateful man tralia. that I cannot too strongly recommend this remarkable medicine to all fellow beings who are afflicted with this terrible malady.

JAMES DAVIS. The above testimony is signed in pre-

making; some are trying their hand at it.

Diamond Dyes will make Your Faded Hat and Bonnet Feathers

as Good as New.

It may be that some ladies are not aware f the fact that old hat and bonuet feathers can be made to look as good as new by the

Diamond Dyes those universal home friends. Let us tell you how to do the work. "Use the Diamond Dyes prepared for wool and silk that can now be bought from any dealer. Clean the feather by soaking it in strong soap-suds fifteen minutes, then draw gently between the thumb and forefinger a number of times, and rinse in warm water; dip and redip in the dye-bath until the desired shade is obtained; rinse in cold water, and press gently with the hand between two cloths, to remove the water; now hold before a gentle fire, shaking slightly until nearly dry, and then curl by taking three or four sprigs of the feather and drawing briskly bet ween the thumb and back of scissors, and so on until it is finished. Old feathers can be re-colered and made to look like new. To color feathers black, be sure to use the Diamond Fast Black for Silk and Feathers, prepared by the makers of the Diamond Dyes; this is the only successful

dye for coloring feathers a rich black." Montreal Threatened.

MONTREAL, March 20 -A burning questien in the city to-night is whether Montreal is to have a repetition of the disastrous flood of 1886. Thousands of people to-day lined the shores of the river and watched the ice laden water and hundreds of men were strengthening the dykes with blue clay. Merchants whose stores are on the streets likely to be flooded were at work removing their goods from their cellars. Where this precaution had not been adopted some days ago the city pamping stations are hard at work in an endeavor to keep the sewers clear and so far have been fairly successful. On Mill street the water has flooded the ground floor of half a dozen large industries and the result is that a couple of thousand men will not be able to go to work in the morning. The cellars of a number of large wholesale establishments on Victoria square and Craig street have been flooded but the

goods had all been removed. OFFER.

LUNGS CURED BY TAKING

"I contracted a severe cold, which settled on my lungs, and I did what is often done in such cases, neglected it. I then consulted a doctor, who found, on examining me, that the upper part of the left lung was badly affected. The medicines he gave me did not seem to do any good, and I determined to try Ayer's Cherry Pectoral. After taking a few doses my trouble was relieved, and before I had finished the bottle I was cured."
