STARTED FOR THE KLONDIKE : - Mr. Samuel Freeze and his son Herbert, of Doaktown, together with Charles and Isaac Wall, of Blackville, have left for the Klondike. They took their departure in the Canada Eastern Express on Thursday last. The were accompanied by two enormous dogs which they intend to dispose of when the reach the Pacific Coast.

A SHOCKING DEATH :- At the Buctouche and Moncton railway station on the afternoon of the 3rd inst., while a locomotive was shunting cars, a lad named Willie Macdeugall, aged 12 years, fell from the cars and was killed. It appears that while the lad was playing by jumping from car to car, a sudden shock toppled the boy to the track and the wheels passed over his body, frightfully mangling him. He only survived a short time.

ACCIDENT ON THE CANADA EASTERN :- Or Wednesday the 2nd inst., while Michael Riley of Douglasfield was returning from the woods he met with an accident at Boiestown which might have proved serious. He stepped upon the platform of the rear car of the train going North, and not being very steady at the time and quite careless, lost his balance when the train moved out and fell. The flanger behind struck him was picked up. He had fully recovered from the shock before the train reached Chatham.

THE SEASON :- During the months January and February the weather was extremely cold with several heavy falls of snow. Since March came in there has been a great change in the temperature, the days being warm and pleasant and the nights bright, clear and mild by comparison with what we have lately been having. A great deal of the snow has melted from the streets. The sidewalks in some places are bare, and a little effort on the part of our citizens in crearing the sidewalk in front of their residences would be a public benefit.

BRAKEMAN KILLED :- On the afternoon of Saturday last a sad accident happened at Sinclair's siding on the St. Francis branch of the Temiscouata Railway, about thirty miles from Edmundson, by which Alphie Dionne, a brakeman of the Temiscouata road, lost his life. It is unknown how the accident happened, but immediately after the train passed, the section man found Dionne's body lying across the track and life almost extinct. The train had passed over the lower part of the abdomen, and both his arms were

broken in two places. RAILWAY ACCIDENT ON THE C. P. R .- A young man named Wm. McCue, of Houlton, a brakeman on the freight train between Vanceboro and Woodstock fell from the train and was terribly injured on the morning of Saturday last. It appears that as the train was entering Brenton station McCue jumped from the engine to the platform, but in doing so he slipped and fell under the train. A wheel passed over him and he was eaught under the truck and dragged for about a hundred yards. It was with a good deal of difficulty that he was extricated when the train stopped. spite of his terrible injuries he was conscious. A special was impovised and the unfortunate young man was taken to Houlton, where his father and mother reside. Dr. Sterling, of Debec, was telegraphed to meet him at the station there. Mr. McCue is unmarried.

ATTEMPTED MURDER AND SUICIDE :- Our St. John exchange inform us that Percy Lowis, a young colored man employed on the steamer Prince Rupert as cook, tried hard to kill both himself and his young wife at the home of his wife's mother, Queen street, early on the morning of Saturday last. When the two retired Friday night Lewis was considerably under the influence of liquor and had secreted a razor in the bed. In the morning he told his wife he intended killing her and himself. She screamed and he slashed her with the razor cutting her face badly, then he cut his throat, bleeding so corefusely that he lost consciousness. Dr. Daniel and Detective Ring were summoned and an ambulance conveyed Lewis to the hospital. Both will live. The couple had been married some months. Lewis will be Gamewell Fire Alarm Company, makers o held under the police surveillance. Lewis hails from Annapolis and was an industrious fellow. The fact was that St. Mr. Emmerson-I may say, in the John did not require more than four grammar school teachers and the gentleman who was superintendent of the St. John schools, although holding a grammar school license, was not doing the duties of a grammar school teacher. BIRMINGHAM, Ala., March 2. - Jule and Johanna Bonner, who reside on the plantation of W. S. Gulley, near Livingston, went to prayer meeting, leaving five children ranging in age from two to nine years at home alone. For safe keeping, as they thought, they locked the children in and left a blazing log fire to keep them warm. The house caught fire and the children were charred corpses before help arrived.

## Gloucester Supreme Court.

Owing to the unsafe condition of the Bathurst court house, the March sitting of the Supreme Court for Gloucester was opened in the Masonic Hall on Tuesday, the 1st inst., Mr. Justice McLeod presiding. There was only one criminal case, that of Joseph M. Chamberlain for rape. Although the grand jury found a true bill against the prisoner, the petit jury brought in a verdict of not guilty and he was accordingly discharged.

(Victoria Colonist, Feb. 22) Within the last twenty-four hours three of the northern fleet, the steamers Danube, After a lengthy discussion Dr. Stockton's Tees and Thistle, have returned from Skagway, Dyea and Wrangel. The newcomers relate many instances of suffering and even death from the cold on the trails leading through the mountains from the Lynn Canal, the most pathetic of which unfolds a tale of simple heroism, the central figure in which is an unnamed woman of the Dyea tribe. She with her babe and one other equaw was accompanying a party of five male Indians over the trail from Lake Linderman, when overtaken by a fierce storm at Crater Lake, in which the women, either purposely or accidentally, were dropped from the safety rope and lost by the party. The unencumbered woman staggered on in the direction their late companions had taken, promising to return with aid if she herself lived : the mother with her child waited for death in the tempest. When her body was found the morning following, the tale of her mother-!ove was mutely but eloquently told. She had, as the cold grew more and more intense, practically stripped her own poor body to wrap the garments about her child, It was found warm and well by the rescue party of whites the following day, held in fixed arms to the lifeless but faithful heart of the mother, who had given her life for its preservation.

GOING IN.

AN ENORMOUS RUSH OF GOLD SEEKERS

In the rush towards the golden fields the Klondike, there are thousands who are ill-fitted to stand the strain of hardship and exposure, which are inseparable from that trip. Illness, disease and death is almost certain to claim many of the ill-prepared adventurers. Tha following letter from one who has undergoue the hardships of the trip. will prove interesting to those who intend

going into the desolate but gold laden north SKAGWAY, Dec. 12th, 1897. DEAR SIRS :- My object in writing this letter is to give a word of advice to Yukon gold fields. For ten years I have followed the occupation of prospecting, timber estimating and mining, and the hardships and privations duties as superintendent did not prevent which one has to undergo, are enough him from doing so, there would be no to wreck the strongest constitution. occasion to have more than four grammar In the spring of 1897 I was stricken with pleurisy, as the result of exposure. I recovered from this, but it left behind was amended. As proposed the government | the seeds of disease which manifested themtowards paying the salary of the superinten- bles. I managed to reach Vancouver, but ing. I was advised, however, to give number of grammar school teachers and the Dr. Williams' Pink Pills a trial and at Mr. White introduced a bill to further bill was intended to apply to Moncton and first purchased but two boxes. Before

these were gone I found beyond a doubt that they were helping me, and their continued use "put me on my feet again," to use a common expression. I then engaged to go to the Yukon country and only those who have made the trip to Dawson City can form even the faintest conception of the hardships that have to be borne in making the trip. Before starting I added to my outfit two dozen boxes of Dr. Williams' Pink Pills and I can honestly say no part of my outfit proved of such invaluable service me, and I would strongly urge every man who goes in to take a supply with him, as he will find the need of such a tonic and upbuilder of the system on many occasions. I went in and returned to this place by the Dalton trail, which consists sf 350 miles of old Indian trail, starting at Pyramid Harbor. In going over the trail one has at times to wade through mud more than a

Yukon my weight was only 149 pounds, and I now weigh 169 pounds, thanks to Dr. Williams' Pink Pills. I am soon starting for another trip to Dawson by the same route. This time, however, the travelling will be on snowshoes, and you may depend upon it Dr. Williams' Pink Pills will again form part of my outfit. I write this letter for the two fold purpose of letting you know what your medicine has done for me and urging those who go in to take a supply with them. Every whether he is sick or well, who undertakes the trip to the Yukon will require something to brace him and keep his constitution sound in that country. I may
