ALL AT

The death of Dr. H. A. Fish took place at his home, Newcastle, at an early hour yesterday morning. He had been in poor health for several months and the end event which has now taken place was, therefore, no surprise to any. He leaves a wife and five children, who will miss him as a very kindly disposed man and sincerely regret his comparatively early death.

Good Advice for the Farming Interests.

To the Editor of the Advance: DEAR SIR - As farming of necessity must be one of the main industries of this country and as there is a great deal written on farming in general, would it not be well for some of our local papers to devote some of their valuable space in particular to instruction and hints to new farmers or young men settling on new farms? If the matter were taken up by the press I am almost sure that some of the farmers who have experience in those matters would contribute some useful information, which is much needed, especially as there are a great many young men growing up in our farming districts without seeming to have any inclination to settle on new farms, so it is very apparent that there should be something done to awaken an interest in the youth of this country to follow one of the noblest of occupations - the tilling of the soil.

Dogs.

It is a pity that some dog-buyer, or even dog-stealer from Kiondyke would not come to Chatham and relieve it of its dog nuisance. The large numbers of dogs - well-behaved and otherwise - which are allowed to run about the streets in the summer season, are a source of great annoyance to people generally and of even terror to ladies, especially out the outskirts are far worse in winter, when the small boy - and sometimes the big one - harness these animals to sleds and dogs tearing along the streets and sidewalks as if the latter were made exclusively for them. In the case of the dog and sled nuisance the drivers ought to be thrashed whenever they interfere with pedestrians, or give complaint made against them at the police court. The other day a lady named Kane was driving a dog along the sidewalk on Queen street and had lashed and manacled poor animal until it was rabid, when a small girl named Bessie came along and a dog was quiet passing, the dog made a vicious snap at her and drew blood from one of her legs. He had been treated by one of the men of the superior race and would be glad to be revenged on another, feeling no likeli to attack his tormentor. In that case the dog merely bit the wrong person.

Denary of Chatham Choir Union Service.

The annual Choir Union Service of the Denary of Chatham was held in St. Mary's Chapel, Chatham, on Tuesday evening 1st, and a large congregation assembled on the interesting occasion. The clergy of the Rural Denary who have been attending a Chapter meeting at St. Paul's Rectory this week, were present, with the exception of Rev. H. A. Stead, of Redwood and Rev. O'Dell Bayle of Derby. The following organist were in attendance, together with the Rev. E. H. Hooper of Moulton, viz.: Rev. T. W. Street of Bathurst, Jas. Spencer of Campbellton, W. J. Wilkinson of Bay du Vin, P. G. Suov of Newcastle and Geo. L. Freeman of Harcourt. The Rev. A. G. Hamilton Dicker of St. Paul's St. John, who was to have been the select preacher, came up on Monday, but owing to the undisturbable postponement of the service until Tuesday evening on account of the storm, he could not remain, and returned to St. John on Tuesday morning. Mr. Dicker, however, delivered an admirable sermon at the ordinary evening service on Monday. The Rev. W. O. Raymond of St. Mary's, St. John, was also present by parochial duties from being present at the Choir Union service.

Savings Bank.

The Bank of Nova Scotia has opened Savings Bank Department. Interest at current rate will be allowed on the minimum monthly savings; accrued interest will be added on 30th June and 31st Dec. each year.

Obituary.

Mr. Robert Nicholson, who was one of Chatham's oldest and best known residents, died at his home on Thursday 1st inst. at his residence at No. 21 of St. John's street, at the age of 81 years. He was born in 1817, from Danville, Scotland, to Mr. James N. S. and Mrs. Jane Nicholson in 1839. He resided first in Newcastle, then removed to Chatham about forty seven years ago and lived here ever since. He leaves a widow, two sons and two daughters. The funeral took place on Saturday last and was very largely attended, and was conducted by Rev. Dr. Neil McKay of St. John's Presbyterian Church and the interment was in old St. Andrew's burial ground.

Obituary.

Mr. John Siewright, M. P. F., died at his home in Bathurst last Sunday evening at 8 o'clock. He had been very ill for some time previously, but a fatal termination of his illness was hardly anticipated, and the sad event came, therefore, as a surprise to his many friends. Mr. Siewright has, for a good many years, occupied a prominent place in the affairs of Gloucester county, and was very popular with all classes. He was secretary-treasurer of the municipality until a few years ago and one of the county's representatives in the local legislature for the past six years, where his good abilities, genial qualities and ripe experience in public matters made him both popular

on the trombone, and Mrs. Miller on the violinello were skillfully executed. Much regret was expressed that Mr. W. Beeson was unable to be present to play the cornet accompaniment. After the service the clergy, choir and members of the congregation had a very enjoyable reunion in the Sunday School room where a bountiful tea had also been provided before the service. The room was handsomely decorated with flags &c. and, after the refreshments, addresses were delivered by the Rector and Rev. Messrs Hooper, Spencer, Wilkinson and Snow. Many were the expressions of satisfaction that the service had been so successful and many thanks were given to the members of the choir and the hard working ladies and gentlemen who had contributed to the highly satisfactory sacred service and social reunion. After the singing of the National Anthem, the assembly dispersed.

Docktown Notes.

DEAR ADVANCE - This has been a very fine winter up to date, although we had a big snow storm on Sunday night. The thermometer has not registered more than 15 below zero, and so far it has been fairly healthy.

Yarding logs is about done for the season.

Consequently, many men are coming out of the woods, but more horses are going in to draw the yarded logs to the landings. The snow on the head waters of Renous and Dugartwin was nearly three feet in depth before the storm of Sunday. On the main river and Cain's river it was about one foot in depth. The burnt land streams had little snow, which proves the need of forests to make falling weather for either rain or snow.

Our travels through the woods our attention has been called to the destruction of a large quantity of green trees by porcupines, which gnaw the bark, causing the trees to die. They usually choose the most thrifty trees, as the bark is more palatable.

Our attention was called to about two acres in one spot where all the trees were killed, mostly spruce. Porcupines are multiplying rapidly and are very destructive to the forests. Many lumbermen think the government will have to give a small bounty in order to exterminate the pests. The last few years they have been entering the growing crops, making havoc. A farmer near Docktown killed fifteen in one season.

Robert Swin is slowly improving but is not able to leave his room as yet.

Henry and Frank Swin are cutting spool bars on Moulton brook. They have set up a mill in that part.

Samuel Frelves is not running his mill this winter. He has sold out the saw and flour part of his business to a Mr. Walsh of Chatham.

Robt Swin is cutting spool bars. Mr. Joseph Doak's saw and door factory is running almost day and night, being crowded with orders.

Mr. Kelley and Mr. Hildebrand are kept busy behind their counters in the retail trade and, from appearances, are doing well. Mr. Swin's store is also reaching out for a share of trade.

Mr. William Cummings has built a new store and stock it. He hopes to draw a share of trade his way also. Mr. Ojive is doing a quiet trade in this place.

Doctor Wier has been offering his property for sale. He thinks he will go to the Klondyke. Dr. Sutherland of N. S., may come here in his place.

A few of our young men have been to the States, but have come back, preferring to be at home.

Our Superior school is taught by Mr. Withan, the Primary department is taught by Miss Jessie Murray. It is the intention to enlarge our school house room, as the present building is too small.

Vancouver as a Centre of British Columbia Mining Activity.

It should not be overlooked that any who wish to engage in gold or silver mining in British Columbia itself, cannot do better than set out for Vancouver and thence direct their enquiries and personal investigations of the wonderful mineral resources of Canada's Pacific Province. No region on earth is apparently richer than British Columbia in gold and silver, copper, lead and iron. Whether it is desired to ascertain the facts and possibilities of the gold and silver deposits of Cariboo, Cassiar or the Omineca Country, or those of the copper-gold mining district of Rossland and Burnaby Creek, or the silver-lead ores of the Soan, Nelson, Lorneau and Hellewell; or the free gold deposits of Li'louet, and the North Bend District of the copper-gold, silver-lead, and free gold deposits of the Coast and Island region of British Columbia, all these points can be well ascertained at, and the districts Vancouver conveniently reached from Vancouver, which is destined to become the Denver of British Columbia.

Showing the superior advantages which Vancouver offers over other places as an outfitting point, attention is directed to the following invoice of an outfit purchased in Seattle, by a miner who recently left for the Yukon. It was supplied by one of the largest outfitting Companies in Seattle. The amount charged for the clothing was \$71.95; for the groceries \$54.60 or a total cost for the outfit of \$126.55. The invoice was given to a leading outfitting firm in Vancouver with the request that it be duplicated.

This was done and the cost was: for clothing \$82.10 or \$12.85 less than the Seattle charge. The bill for the groceries was \$49.60 or \$5.00 less than the sum charged in Seattle, showing a total saving of \$185 (equal to over 14%) by purchasing in Vancouver instead of Seattle. Add to this an average duty of thirty per cent, which goods bought in the United States will be subject to on reaching the Yukon frontier, and it will be seen that nearly fifty per cent will be saved by persons outfitting in the Canadian and not in the United States port.

Write the Assistant General Passenger Agent, C. P. R. St. John, N. B., for the following publications: "British Columbia," "To the Klondyke and Gold Fields of the Yukon," Vancouver City's "Guide to the Land of Gold," Tourist Sleeping Car folder etc., and any other information required.

A Lumberman's Life.

CONSTANTLY EXPOSED TO INCONVENIENT WEATHER, HE FALLS AN EASY VICTIM TO RHEUMATISM AND KINDRED TROUBLES - A TWENTY YEARS SUFFERER TELLS HOW HE FOUND RELIEF. From the Richmond, N. B., Review. Mr. Wm. Murray, of Cormierville, N. B., is an old and respected farmer, and a pioneer settler of the thriving little village he now makes his home. While Mr. Murray was yet a young man, he, together with his father and brother, founded one of the best mill properties to be seen in those early days. The mills consisted of a sawmill and gristmill, and were operated and managed by

the two brothers. Labor-saving appliances being then comparatively unknown, the young men were exposed to dangers and difficulties almost unknown to the present generation. One of the greatest evils in connection with the business was exposure to wet and cold, which, though unheeded at the time, have crippled the victims with rheumatism. It is a curious coincidence regarding his disease, Mr. Murray told the following story of his long misery and final cure by the use of Dr. Williams' Pink Pills: "For over twenty years I have been a sufferer from rheumatism. I attribute the cause of the disease to the time when as a young man I worked at the mill. In the winter we would haul logs on the pond where the alternate thaws and frosts of early spring would imbue them in the ice and slush. When the time came for starting up the mill I would go out on the pond some times in water up to my knees and work away from morning till night chopping logs out of the slush and ice. I was generally wet from head to foot, and every second night of the week I would, without changing my clothes, stay up and run the mill till day-break. So you see I was for two days at a time in a suit of partially wet clothes, and this would last till the ice had melted in the pond. After a few years, rheumatism fastened itself upon me as a reward for this indiscretion, and ever increasing in its malignity it at last became so bad that for weeks at a time I could only get about with the aid of crutches. At other times I was able to hobble about the house by the aid of two canes, and again at other times it would ease off a little and I was able to do a little work, but could never stand it for more than a couple of hours at a time. The least bit of walking in damp weather would overcome me and I remember one stormy night when I tried to walk from Coeague Bridge to my home, a distance of five miles, that I had to sit down by the roadside six times to ease the terrible pain that seized me. I soon felt a change for the better. I think I tried all the patent medicines I could get a hold of, but they did me no good at all. I consulted a doctor, but my sufferings remained undiminished. In the fall of 1905 I went to a doctor in Bouchette to see if there were any means by which I might at least be eased of my suffering. The doctor said frankly, "Mr. Murray you cannot be cured, nothing can cure you." I was not satisfied and then I determined to try Dr. Williams' Pink Pills. I procured a dozen boxes and began taking them at once. I soon felt a change for the better, and after my supply had been finished I got another half dozen boxes and continued taking them according to directions. That dozen boxes was all I took and can do any kind of work. I did my farming this spring and could follow the plough for days without feeling any rheumatic pains. Yes Dr. Williams' Pink Pills did me a world of good and I strongly recommend them for the cure of rheumatism.

was found necessary to amputate both feet near the knee. A doctor who was in the Lewis River camp performed the operation. Maguire, the uncle of Byrne, reached Skaguay in a dying condition, having been sized with a quick consumption on his way up. He will probably live long enough to reach his home in Chicago.

Enormous Stock-taking Clearance Sale Now going on Sale

AT

The Great Bargain Centres,

CHATHAM AND NEWCASTLE.

J. D. Creaghan, J. D. Creaghan.

This is a opportunity never before seen in the Miramichi to enable our Customers to Buy Dry Goods and Clothing at Prices to surprise Manufacturers.

Our Enormous Stock in all departments is imported direct from the Manufacturing Centres of the World and our Values and Prices stand the Keenest Competition and Comparison.

Oh how Cheap! Wonderful! Just what we Want!

These are the exclamations we hear on all sides when our Bargain Tables are out. Now is the time to visit us. Now, and for the following Four Weeks, we shall have and intend to clear 1000 pieces of FLANNELS, FLANNELLETTES, LINENS, COTTONS, DRESS GOODS, SILKS, CRETONNES, PRINTS, LACES, RIBBONS, LININGS, ETC., ETC.

Every Department from the basement to the top floor, will be cleared of its Surplus Stock and in this necessary undertaking we invite our many Customers to share the advantages it affords and Bargains it will disclose.

Down Below! Down Below! Down Below!

These are a few of our Leading Lines and Special Drives, and we respectfully invite all to COME EARLY, COME EARLY, in order to secure them, secure them.

REMEMBER we have no Special Bargain Day. Any day you go out shopping, you will find us at home ready to show and prove that our ADVERTISING IS GENUINE and BARGAINS UNEQUALED.

Read Carefully! Notice our Reductions!

Buy Goods at Half Price!

All our Ladies' Coats, at Cost Price,

FROM \$2.50 and UP, STYLE AND FIT GUARANTEED.
