ITS DUTY—The World is carrying on a many-winded discussion on "points of order" in the conduct of public meetings, with the Advocate, and it also voluminously discusses an error in form of expression in which a rudder is the piece de resistance. The poor old World's strange gear must be very tricky.

We have known of women who have clothed the entire family with the proceeds of the poultry yard, and some have paid off mortgages and others bought their homes by intelligent management of their flocks. Every-day interested in chickens should get Biggs' Poultry Book. It is so full of helpful suggestions and short cuts to success, and has so many years of costly experience boiled down for its pages that it is poor economy to be without it. It will help increase the income from the poultry yard, and has started many an amateur or misguided professional on the right track. The price is 50 cents, free by mail; address the publishers, Wilmer Atkinson Co., Philadelphia.

Her many friends here will, no doubt, give her a warm and hearty welcome. She will probably be accompanied by Miss M. White, and whose coming will add to the interest of the occasion.

A Family Relief. A silver snuff-box, lost about six years ago through the floor of the old Henderson house, recently turned down in the widening of Duke Street, was found by the workmen, Messrs. Wm. Synnott and Cornelius Kennedy on Tuesday. Mr. George Henderson had requested that if the old box were found it would be given to him, and it is now on its way to his address, having been by his agent here, Hon. L. J. Tweedie, to whom it was handed by the finders. Mr. Henderson will, no doubt, prize it as a family relic.

Quarantined Cure for Catarrh. Catarrh, or gonorrhoea, is a disease, is guaranteed to cure Chronic Catarrh, Asthma, Bronchitis and Hay Fever. It acts by inhalation. The medicated air is carried directly to the diseased parts, where it kills the germ life that causes Catarrh, and at the same time heals up all sore places, and a permanent cure is effected. Catarrh, when inhaled is volatile enough to impregnate the minutest cells of the lungs and bronchial tubes, where it attacks the disease at its foundation. It cures because it is sure to reach the right spot. Sold by all drug-

gists or by mail, price \$1.00. For trial only send 10c. in stamps to N. C. Polson & Co., Box 542, Kingston, Ont.

The Band. A good time was enjoyed by the members of the Chatham Citizens' Band on their trip to Kingston, Kent Co., last week. Their playing was very much appreciated both at Richibucto and Kingston and the committee expressed themselves greatly pleased with both the musical ability and gentlemanly conduct of leader White and his men. Since their return the boys speak in equally high terms of the gentlemen under whose auspices they made the trip.

Damages for a Flooded Cellar. In the case of Paquet v. the city of Montreal the plaintiff claimed \$650 damages on account of the flooding of his cellar through a defective drain, and Judge Gill granted him \$100 damages on Thursday last. If Mr. Paquet lived in Chatham the town authorities, although they were given, on their own request, legislative authority to construct a sewer system, would neither have a sewer to flood his cellar nor allow him to come out the street in front of his premises to make one at his own expense. Our Town Council won't make sewers or drains for people, and they won't let people make them for themselves.

A Novel Suit. A novel suit was tried at the last session of the Restigouche County Court. A Frenchman named Abel Porier brought action against Rev. Father Boucher for an alleged count down, amounting to more than one hundred dollars. It appeared on the trial of the case that the reverend defendant, some ten years ago, conducted services of his church in the mission in which plaintiff lived. He arranged with the latter for the board of himself and the feeding and care of his horse during his periodical visits. He paid the amount stipulated regularly each year during the time of his mission. He went away to another place but subsequently returned as his health failed and the climate of New Brunswick was suited to him. He had not been long here, however, before plaintiff made a claim against him, basing it on the plea that Father Boucher had paid for his own board, but not for that of his horse.

It was made quite clear that this ingenious method of trumping up a bill was simply a "happy thought" of plaintiff, and the accordingly rendered a verdict for defendant. His Honor, Judge Wilkinson entirely concurring in it.

Doaktown Notes. DOAKTOWN, Nov. 28, 1899. A new furnace has been added to the equipment of the Baptist church. The great apothecary industry which was carried on here last few years is discontinued this winter, caused by so much wood being denuded last winter.

Mr. Benj. Flood of Chatham is at the Aberdeen hotel. Two of the C. E. Railway trains stop here for dinner, making business lively about the hotel.

A Farewell Subject. Mr. W. H. Irvine, who is about to return to his home in St. John where he has accepted a business engagement, was entertained at the Landry restaurant on Tuesday evening and presented with an address and case by his fellow-employees in the store and office of Hon. J. B. Snowball. The address was as follows:—

CHATHAM, N. B., Nov. 28th, 1899. DEAR SIR—Your friends, the employees of J. B. Snowball, cannot permit you to retire without a direct expression of their esteem and regard; therefore, as a slight token of our appreciation of the admirable manner in which you have discharged the many and responsible duties pertaining to your position, we present you with this address.

Your noble character, integrity and zeal, have not only won the esteem and confidence of your friends, and of those brought into immediate contact with you, but have radiated to those with whom you have secured this more appropriate position.

You may long continue in the service which you intend to adorn, in the wish of the many to whom you have endeared yourself. With this souvenir, let us wish you health, happiness and prosperity.

Geo. E. Fisher, W. J. Smith, J. H. Pollock, W. L. McLean, R. C. Johnston, Fred M. Eddy, C. A. Boyson.

There was some excellent speech-making by the guest and entertainers, as the address Mr. Irvine, was escorted to his home, when Allday sang "Yes" sung in his honor.

Mr. Irvine was also given a complimentary dinner at the Pullen House on Thursday evening last.

In Mr. Irvine's departure from Chatham the town loses one of its best and most promising residents. He takes with him the respect and best wishes of everybody to whom he is known.

Hon. Mr. Blair's Triumphant Progress. BATHURST, N. B., Nov. 22—Hon. Andrew G. Blair accompanied by Mr. Rudolph Lemieux, M. P. of Gaspe, Mr. C. J. Milligan, of St. John and Mr. O. Turgeon of Bathurst, arrived at 7 o'clock from Campbellton. At the station the minister was given a reception of extraordinary magnitude for a place outside of a large city. Practically the whole population turned out and a crowd was welded by the delegates of representative men from all parts of the province. The Caracquet band volunteered its services and came, together with many of the leading citizens of that place. The crowd surged around the station when the train arrived and the minister was finally welcomed by a delegation including—

Parish of Caracquet—E. Fitzpatrick, C. Hubbard, Henry Duguay, J. Sivet, W. P. Foley, Joe. E. Lantier, Dr. Comeau, P. H. Hays, Alex. Dugas, Fred Young, councillor, Ludger Leger, P. E. Paulin. Paquetville parish—Councillors Joe. A. Forrier and Fabien Theriault. New Brandon parish—H. Scott, H. Hornbrook, Thos. Riordan, Jos. U. Landry, Jos. W. Damas. Inkerman parish—Wm. C. Robichaud, Gustave Robichaud, W. Welsh, Ed. Sewell, F. Barry, and numerous others. Sarnamere parish—John Young, Justin Savoy, Philip Arsenau, William Ferguson, Chas. Delagade, Louis Arsenau, Julien Mallais, and Charles Brisson. Beroford parish—Jer. Boudreau, Nap. H. Roy, J. A. Bonnet, Jerome Godin, Fabien Frenet, A. Hache, Jas. Melanson, J. Bar-pour, and about 50 others. Shippegan parish—Chas. Brien, Eugene Robichaud, Jos. L. Robichaud, Eric Chas. Bonnet, Bastien Savoy, O. Douguy, Aug. Robichaud, A. F. Wilson.

After a few moments the party left the car and, escorted by the band, playing lively airs, and the mass of cheering people, drove across the bridge to Bathurst town and to the Masonic hall, where the meeting was to be held. It was a splendid reception at which the minister felt greatly gratified and was a clear demonstration of feeling of the

county being the very strongest for the government.

A splendid meeting of citizens of this vicinity, who had assembled to welcome Hon. Mr. Blair was presided over by Mr. O. Turgeon. The hall was handsomely decorated with bunting, Chinese lanterns, British and American flags. The place was crowded and the platform was filled by representative men of the county. There was not a seat or even standing room after the opening.

Mr. Lemieux, M. P. for Gaspe made the first speech and created a most favorable impression. When the chairman introduced Hon. A. G. Blair, the mention of his name roused great enthusiasm and when he arose he was met with the most rapturous applause. At this stage Mr. Edward I. O'Brien of Bathurst read an address to the minister of railways:

Hon. Mr. Blair acknowledged his great appreciation of the address. He had never appeared in vain before the people of the Gloucester, and there certainly must have been something in the claims of himself and his party for support to merit the hearty manner in which it was given. It was one of the chief pleasures of a public man to encounter such a reception as this and feel that what he had done had been such as to merit the kindly expression just made.

Mr. Blair spoke of Chairman Turgeon as the standard-bearer in '96 and hoped it might be the wish of the people, when the time came again to select a candidate, that he might be chosen and become Gloucester's representative. He then turned to public questions and compared the records of the two great Dominion parties. In convening terms he carried the audience through all the departments of the government and showed that the heads of all were men in whom activity, energy, ability and go-ahead qualities were characteristic. Laurier wished to surround himself with the ablest men and had not sought to dominate them. The skill with which they managed the affairs of the country and the success which resulted answered all statements that the government was not able to fitly and successfully govern the country. When they came back to the elections he was sure they would be endorsed. The meeting closed with the national anthem by the band and cheers for Mr. Blair.

KINGSTON, N. B., Nov. 23.—Hon. Mr. Blair's welcome here to-day was a counterpart, in unity and extent, of that accorded him in Restigouche and Gloucester counties. People came from all parts of the county, and while they were many yet the very disagreeable weather prevented all coming who otherwise would. Sir Louis Davies arrived from Prince Edward Island this morning at Kent Junction and was awaited by Hon. Mr. Blair. The latter came from Bathurst accompanied by Mr. Lemieux, of Gaspe, and Mr. Turgeon, of Bathurst, and C. J. Milligan, of St. John. The ministers were received by a large crowd who went down by the Kent North railway. The Chatham band was there too, and with lively music, cheers from the crowd and small flags flying from the engine of the branch railway, the ministers were welcomed. There was a large and influential delegation of representatives of all the parishes who formally waited on the ministers and bade them welcome to Kent county. The party proceeded to Richibucto for tea and then back to Kingston, arriving about 7.30. They were met by a large throng and drove to the Kingston public hall, the scene on route being notable for its warmth of demonstration, and made the town indeed lively.

The weather did not keep the enthusiastic supporters of the government from crowding the large hall—auditorium, gallery and platform—that many could not gain admission. Prints adorned the walls giving welcome to Hon. Mr. Blair, Sir Louis Davies and Mr. Lemieux. Over the stage was the motto, God Save the Queen, expressive of the sentiment of the county.

The band was given a place at the back of the platform where, during the evening, it played several selections. Occupying seats were James Barnes, M. P. P., R. A. Irving, and J. D. Irving, Buctouche; John C. Brown and H. M. Fecteau, Bathurst; E. H. McAlpine, C. J. Milligan, St. John; C. Turgeon, Bathurst; James Jardine, Kingston; and C. Cormier, St. Pauls.

When Hon. Mr. Blair, Sir Louis Davies, Mr. Lemieux and party entered the hall there was a splendid demonstration from the great audience, which was renewed as they took their places before the people. Mr. O. J. Leblanc was chosen chairman and introduced Mr. Lemieux who made two excellent addresses in English and in French, the completely disposing of the aspersions against the loyalty of French Canadians.

Sir Louis Davies delivered an able address dealing with the Alaska boundary question now an important matter. He referred to the giving of the Sir Wilfrid Laurier House to Great Britain was unquestioned. He spoke of the premier's representation of Canada at the Queen's jubilee and quoting his speech in France when he said that while he loved the land and race from which he sprung he loved more that land and race which gave him his liberty.

Sir Louis took up the Crow's Nest Pass railway matter and the fault found with the subsidy of \$11,000 a mile given to the C. P. R. Hon. Mr. Blair, he said was the first head of the department of railways who had the pluck to grapple with the dominating C. P. R. and had said to them "We are willing to deal with you and to propose to subsidize you but you must not rule us." He showed that the expenditures for government of the Yukon were \$2,517,000 and receipt \$2,659,000. Clean and honest government was promised by the Liberals to Canada and they had given it. A telling reference was also made to Hon. Mr. Sifton's vindication from Sir Hubbert Tupper's charges.

R. A. Irvine of Richibucto read an address to Hon. Mr. Blair, welcoming him to Kent, and congratulating him on the beneficial extension and improvement of the I. C. R. and on his financial showing. A welcome was also extended Sir Louis Davies and Mr. Lemieux. It noted with pleasure the government was ever mindful of the needs of Kent county, notwithstanding the fact it is represented by an opponent of the government. As loyal patriotic Canadians they heartily endorsed the action of the government in sending aid to the mother country in South Africa. The address was signed by influential residents.

Hon. A. G. Blair in reply expressed his hearty thanks. He referred to the I. C. R. and the question of transportation which was a national question. Involved in it were the extension and reuniting of the Intercolonial, the deepening of canals and the building of railways through the west, thus crossing the continent. Sir Charles Tupper had said that when the present government started its I. C. R. work that road had reached its limit and if it did continue it would be at the expense of the C. P. R., and he was against disturbing the interests of that corporation. He (Mr. Blair) felt that the I. C. R. interests were more to Canada than the C. P. R.'s and showed that there was much hope in the idea of an all-Canadian route bringing all Canadian goods to the sea and carrying all American freights and having our St. John and Hal-

ifax the winter ports through which business should go.

The Drummond county extension was an important part of the work. The result of this investment in the first year was a surplus of sixty-two thousand dollars after paying the rents of two hundred and ten thousand dollars and operating expenses. The effect of the improvement of the Intercolonial and the deepening of the canals is one reason for the feeling of hope the people now had in the prosperity of Canada.

He read from the address the expression of the pleasure of the Kent people that the government had been always mindful of Kent county, despite the fact that an opponent of the government was the representative of that county. He felt the government was entitled to some credit for this course which compared very favorably with its predecessors. He was certain, however, Kent would make a change when the government came back to the elections.

After touching upon the Transvaal contingent Mr. Blair closed amid loud and long cheers. The National Anthem was sung with spirit by the audience.

To Our Readers. The ADVANCE will be obliged to its numerous readers if they will enable us to make reference in our local columns to matters and events in which they are interested, or may think their friends may be. This they can do by giving the information in person at the office, or writing to us about it. Many things proper to be noticed in the ADVANCE's columns do not appear therein, simply because our attention is not called to them by those who would like to see references to them in the paper, but have omitted to do their part in making them known. Come, therefore, or write and tell us your local news.

Spanish Treasure Found. The Cuban wreckers, who have been employed during the last six months in stripping the Spanish war vessels destroyed by the Americans in the battle of Santiago, are reported by a New York despatch of last Thursday to have found \$100,000 in Spanish gold, in the cruiser "Almirante Oquendo." This gold was found in the "Oquendo's" safe, which fell to the bottom of the ship when the vessel was burned. The safe was opened by divers on Wednesday. Prominent Spaniards say that the presence of so much gold on the warships was due to the belief of Spanish commanders that the city of Santiago would be taken; but that some of the ships might escape with the booty.

A Telling Blow against the Derwishes. CAIRO, Nov. 25.—The British minister here, has received the following despatch from General Kitchener: "Wingate's force came up with the Kalifa's force seven miles south east of Godid and attacked it."

AFTER A SHARP FIGHT. The Kalifa, who was surrounded by a bodyguard of Eairs, was killed, and all the principal Emirs were killed or captured, except Osman Digna who escaped. The Derwishes were utterly defeated. Their whole camp was taken and thousands surrendered. A large number of women, children and cattle fell into the hands of the Anglo-Egyptian force. The Kalifa referred to as being

KILLED IN BATTLE is Abdullah El Taiishi, the great chieftain of the Sudan, who has given the British so much trouble. It may be said that the power of the Derwishes is probably crushed. He was one of the three Kalifas who in 1884 helped the famous Mahdi to overthrow the government of Egypt in Eastern Sudan and establish this despotism of the Mahdi in its place.
