FARM JOURNAL

Great Offer From now to Dec. 1894  
 Over 5 Years

By special arrangement made with the publishers of the FARM JOURNAL we are enabled to offer this paper to every subscriber who pays for the MIRAMICHI ADVANCE one year ahead, for only \$1—both papers for the price of one only; or, one year and the FARM JOURNAL from now to December, 1904, over 5 years. The FARM JOURNAL is an old established paper, enjoying great popularity, one of the best and most useful farm papers published. This offer should be accepted without delay.

Miramichi and the North Shore, etc.

THE NELSON made her last trip for the season on Tuesday.

CONSUMERS who know say that Union Bleed Teasels superior to all others. Are you using them?

ROBERT BROWN, a well-known ship-builder, who went to Vancouver from Richibucto, died on Sunday, 26th Nov.

THE LAST VESSEL to leave port was the Sch. Swan which was towed down yesterday morning by Mr. Sinclair's tug, Bridgetown.

SUNK!—The Dominion Pulp Company's little steamer, Arthur, was out through by the ice and sunk at the mill wharf on Monday night.

A TEMPERANCE MEETING, which was to have been held in Masonic Hall, Chatham, on Monday evening was postponed on account of the bad weather.

CAVOUCHER WORLD, Nov. 25.—Rev. W. C. Calder, of Logyville, N. B., is in the city and will conduct the service on Sunday in the Mount Pleasant Presbyterian church.

HIS FOURTY YEAR.—Rev. G. M. Young, pastor of St. Luke's Methodist Church, Chatham, has been unanimously invited to remain in charge of that congregation another—his fourth—year.

THE FUNERAL of the late Mrs. Wm. Wals, of Rock Head took place yesterday, and a large attendance manifested the general sympathy felt for the bereaved husband and family by the community.

Geo. S. DEFOREST & SONS, of St. John will repeat their premium scheme during 1900. A key will be placed in every package of Union Blend Tea and \$400.00 in cash given to holders of the lucky keys.

PROPERTY PURCHASED.—The Chatham School Trustees have purchased the Creaghans lot for \$1700, and intend to erect the proposed new school building on it. They yesterday sold the McFarlane property to Mr. John Irving for \$1200.

GREAT WEALTH.—F. W. children of Campbell were aware, last Friday, that the town was enjoying temporary wealth. While the express for the west was here, we could boast of one ton of bullion in our midst—then the riches took wings.—Events.

ROBBED MR. CLARK.—"Pat" Como of Montserrat was, on Saturday last, sentenced by Police Magistrate Kay to six months in jail for stealing two rings from the residence of Mr. Robert Clark, manager of the Bank of Montreal, at the big railway centre.

TELEPHONE BETWEEN FREDERICTON AND CHATHAM.—The directors of the N. B. Telephone Company, at their meeting in Fredericton on Saturday afternoon, decided to construct a long-distance line between Fredericton and Chatham. The work will be commenced early in the spring.

THE FARM JOURNAL is cream, not skim-milk, and just the paper for the man who keeps cows. It goes five years, all of 1900, 1901, 1902, 1903 and 1904 to every subscriber, new and old, to the ADVANCE who will pay a year ahead. Both papers for the price of one. Pay up.

FOR PARIS.—Dr. J. A. Langis, of Petit Rocher, N. B., a few evenings ago was preceded by his friends with a silver set on the eve of his departure for Paris to study in the hospitals. On his return he intends to resume practice in Quebec or Montreal as a specialist.

THE COW kicked the bucket over and spilled the milk, and if you do not get the Farm Journal 5 years, (all of 1900, 1901, 1902, 1903 and 1904), just by paying for the ADVANCE a year ahead, you will be like that cow. The Farm Journal is the biggest paper of its size in the United States of America.

AN EDITOR'S MARRIAGE.—A pretty wedding took place at the home of Charles Elliott, Moncton, when his daughter, Miss Lillian S., was united in marriage to Edgar W. Chandler, editor and proprietor of The Telephone, Campbellton. The ceremony was performed by the Rev. J. M. Robinson, in the presence of a large number of invited guests.—Globe.

UNRIVALED TOURIST SLEEPING cars for the accommodation of passengers holding second class tickets, are run by the Canadian Pacific Railway on Trans-continental Express train, leaving Windsor Station, Montreal, at 11 a.m. every Thursday and running through to Seattle. Passengers for Canadian Northwest and Pacific Coast points will be accommodated in these cars, on payment of a small additional berth charge. Each berth will accommodate two passengers.

MIRAMICHI MARBLE WORKS.—Now in the time to place your orders for cemetery work and avoid the spring rush. We have now on hand and coming one of the largest stocks of marble and granite monuments, headstones and tablets ever shown on the north shore, all from the latest design and worked from the best material the market can produce. Call and get our prices. They are right.

THE BIGGLE BOOKS have been written by a practical man for practical men and women. They give the main and important facts and discard the hush and padding. Every sleeve-rolled-up people will find them invaluable. The chapters on disease and remedies in each volume will enable many a farmer to save the life of his suffering live stock. See the publisher's card in this issue.

of an artistic elocutionist, and she had to respond to a well deserved recall. Mr. James Morrison recited "The Relief of Lucknow," which closed the literary part of the programme; altogether, the entertainment was a success.

A Fresh Fish Combine.

The Boston Journal of Monday last says: "The biggest event in the history of a fresh fish industry will occur in the coming week when a charter for the incorporation of the fresh fish dealers of Boston will be applied for. All of the dealers in Boston will be in the corporation which will be capitalized for \$3,000,000 to \$5,000,000. In time it is intended to include the entire fresh fish industry of the country. When that shall be accomplished the capitalization will be greatly increased. The organization is not a trust in the accepted sense. It is a combination of the dealers themselves to better the condition of the industry and they will hold the entire stock. While the combination is not really a result of the fish war that took place between the Gloucester and Boston fish dealers within two years, there is no doubt that the occurrence had something to do with furthering the sentiment that demanded organization."

WARDEN FOSTER'S CASE.

Warden Foster of the Dorchester Penitentiary has lost his position as a result of the finding of Mr. E. N. Bill, the commissioner appointed by the Government to inquire into the condition of affairs in the institution. It is nearly three years since an investigation into the workings of the institution was made, but the gentlemen who performed the work made an incomplete report, and in order that full justice should be done, the Government appointed a single commissioner, who is now resigned as did also his successor. A twelvemonth ago Mr. Bill was instructed to prepare a report in the hands of the Government. It shows that there were irregularities at Dorchester, although they are not to be compared in seriousness to those at the St. Vincent de Paul Penitentiary, the detection of which cost Warden Foster his post. Mr. Bill has ascertained that Mr. Foster was in the habit of having the prison guards and the convicts do work for him. His annual reports to the Minister of Justice the Warden was silent regarding this infraction of penitentiary rules. The convicts were put to work in Mr. Foster's house and barns. The more serious offences were—Exchanging the Warden's own second-grade horses and cattle for the high-class animals belonging to the penitentiary, selling and buying cattle in a manner which was a source of profit to the Warden, and placing prisoners, under guard, at work on Mr. Foster's private farm. It is also stated that the Government was charged for the cost of building a dyke around the Warden's farm.

WANTED—SEVERAL BRIGHT AND HONEST persons to represent us as Managers in this and close by counties. Salary \$900 a year and expenses. Straight, bona-fide, no more, no less salary. Position permanent. Our references, any bank in any town. It is mainly office work conducted at home. Reference, Enclose self-addressed stamped envelope. THE DOUGLASS COMPANY, Dept. 3, Chicago.—4,400.

Canadian Forestry.

COURT "TRANSVAL" of the Canadian Order of Foresters was instituted at Temperance Hall, Chatham, on Thursday evening last, by Mr. J. Stuart, organizer for the High Court, Brandon, Ont. The membership of the new local court numbers over twenty. The officers installed were as follows:—

W. R. Gould, J. P. C. R.  
 S. D. H. Herbert, C. K.  
 Chas. Robinson, V. C. R.  
 J. G. McLean, E. S.  
 G. E. Reid, C. F. S.  
 Geo. Groat, T.  
 Jas. McLean, Chap.  
 F. R. Anderson, C.  
 Harry Stuart, Organist.  
 T. A. McKelvey, S. W.  
 Mr. Stuart, J. W.  
 Geo. McDonald, S. B.  
 Walter Kuse, J. B.  
 Dr. Ritchie, Ex. Phys.  
 J. G. Miller, J. Sinclair and J. Brown—Finance committee.

Auditors—Wm. Strang, L. McDonald, Ed. Carter, Kingston.  
 The court is to hold its first regular meeting, this Thursday evening in Temperance Hall, and the regular night of meeting for the future will then be fixed upon.

Mr. Stuart also organized court "Loyalist" at Newcastle on Wednesday, 22nd Nov. The officers installed were:—

John Russell, J. P. C. R.  
 E. A. McCurdy, C. K.  
 Howard Wilson, V. C. R.  
 Hiram Bell, E. S.  
 Walter Sutherland, F. S.  
 M. McMillan, Secy-Treas.  
 T. A. McKelvey, Chap.  
 Geo. Dalton, C.  
 Wm. Tashie, S. W.  
 J. S. Williamson, J. W.  
 J. McCormack, S. B.  
 A. C. Nicholson, E. Phys.  
 A. McLean, B. A., Dr. Nicholson, Horace K. Orr, Fin. com.

E. A. McCurdy, P. G. Hall, J. W. Copp and H. Jones, auditors.  
 The regular night of meeting is the third Tuesday of each month.

Statistics prove that 97 per cent of our population is afflicted with some form of Catarrh, but since Catarrh, the new medicated air treatment for Catarrh and kindred diseases, has been introduced, this percentage has decreased. Catarrh, however, never fails to cure Catarrh, Bronchitis, Asthma and Hay Fever, and is warranted to cure the most chronic cases of these diseases, even after all else has failed. It cures by inhalation. No danger, no risk, pleasant to use. For sale at all druggists or direct by stamps for \$1.00. For trial outfit send 10c. In stamps to N. C. Poulson & Co., Box 642, Kingston, Ont.

Respecting the Increased Price of Oil.

TO THE EDITOR OF THE ADVANCE.

DEAR SIR:—Please insert the enclosed in your valuable paper and oblige

P. HENNESSY.

An extract of a letter from Newcastle, addressed to a prominent Oil Co. in St. John.

NEWCASTLE, N. B., Nov. 27th, 1899.

DEAR SIR:—I presume you have no need in this paper the heroic fight the Newcastle people had a few weeks ago over the attempt of a few of our better class of men to introduce an Electric Light Plant in our town. But the rats who were cunningly sidetracked by the Electric Light scheme discovered the Electric Light scheme and to cost the town the sum of twenty-seven thousand dollars, (not including either the plant or the land) and their swindlers were well founded, as a little further investigation a nigger was found in the wood pile.

To prevent the town from being misled by such a large sum of money for a huge experiment, the people could not restrain their indignation any longer and assembled together in unmeasured terms denounced the conduct of these swindlers who manufactured a goose hunt for the purpose of getting their axes ground. Finally with prompt action and determination the people were victorious. But lucky for Newcastle your recent big advance in coal oil came so late. Had you put the price up when our fight was going on, the electric light men would have

certainly prevailed, for no other agent could be found that would be so powerful to help them in their adventure.

But it is more than probable that there will be no more done about the electric light business until next summer, as the winter season is pretty well set in and the hemlock logs that the lumbermen of the Littleport were promised such a big price for by one of our enterprising merchants to build the dam at the Mill Stream, are nearly all gone adrift. It is now certain that we will be compelled to burn oil this winter at least; therefore I appeal to you not to take advantage of our benighted situation to make any further advances in coal oil for the present season, or you will be guilty of that dark crime of sending thousands of poor people to bed without a light.

News and Notes.

The Victoria bridge, Montreal, has been opened to the public for traffic.

A nearly total eclipse of the sun, visible in Canada and the United States, is to take place on the evening of 16th inst.

The Montreal harbor commissioners have accepted the offer of the Buffalo syndicate to establish immense grain elevator facilities at that port to cost \$4,500,000.

The Dominion Iron & Steel Company has awarded a contract to Messrs. Drummond, McCall & Co. of Montreal for four miles of 36-inch cast-iron water pipe, for use in the company's property in Cape Breton.

The next steamer sailing from Canada will carry a consignment of half a million salmon eggs as a present from the Dominion of Canada to the budding dominion of Australia.

The Antiochian trouble, so called, is in such a shape now that it is expected it will be satisfactorily settled at once, the settlers at Fox Bay having agreed to remove to Western Canada at that time.

It is said to be the intention of the minister of customs at an early date to uniform examining officers on trains and at frontier points. This is a change which has long been advocated and has caused considerable adverse comment by travellers as to the lack of the smartness in appearance in some of the examining officers and the difficulty in identifying them.

The great needs of the Church of England in the counties of Albert, Restigouche and Gloucester are particularly brought forward in the special Address Appeal issued on behalf of the Children's Mission Fund to the Sunday schools in the diocese of Fredericton. Copies of the appeal have been forwarded for distribution, and it was read to the scholars last Sunday.

It is believed, says the Calais Times, that a deal is to be effected by which the Calais and St. Stephen electric street railway and the charter of the Eastport street railway company will pass into the hands of capitalists with headquarters in Providence, R. I.

The aim of the company is to run a line of track along the St. Croix from Calais to Eastport, passing through Red Beach, Robbinston and Perry.

A most singular accident happened on the Newfoundland railway, near Bay of Islands recently. The regular express train while proceeding to St. Johns ran over a herd of deer. The deer is credited with being able to scent danger many miles away, yet eleven deer lying on a railway track were mangled by the train and the bodies were scattered. This is a singular incident and can only be accounted for from the fact that deer which can be seen daily feeding, near by the line of railway are accustomed to the noise of the train. These animals must have heard the train, before its approach, especially as they were all on the rails.—North Sydney Herald.

The other day an explosion of a calcium carbide furnace took place in the Dominion Carbide Gas Works near Ottawa. There was a fire in the neighborhood at the time, and the water flowed down into the carbide furnace. As a result the whole furnace blew up, injuring fifteen men. The carbide flew in chunks about the size of a man's fist, but one mass of carbide weighing a thousand pounds was blown through one of the factory doors. Eye witnesses of the catastrophic state that as the explosion occurred the building was filled with flames as well as smoke and the fumes of the carbide, and the people were almost overpowered. The fumes were so strong that the whole vicinity of the factory smelled strongly of the gas. According to the Railway Review, the force of the explosion was felt all over the vicinity.

Successful Students.

Miss Lena G. Ferris, Milford, and Mr. Robert J. Murphy are the highest graduates from the Saint John Business College.

The following is a partial list of those who have recently obtained good situations. Several whose employer's exact address has not yet been obtained, and others employed as clerks, etc., are not included.

Mr. Herbert Gordon, city, with the Bank of Nova Scotia, city.

Arthur L. Hoyt, McAdam, in the office of the C. P. R. at McAdam Junction.

Miss Annie Cox, Habitant, N. S., with the R. Kmanon Co., Ltd., Canning, N. S., with Miss Russell, Lower Derby, with James Flora, Lower Newcastle.

Lorne Grossett, city, with the Miscoe Pulp Mill Co.

Miss Grace Smith, Barronsfield, with K. Bezanson, Moncton.

Wilson Dalton, city, with T. McAvity & Sons, St. John.

Miss Bessie Carleton, city, with the St. John Exhibition Association.

Harry Brown, city, with E. Hendershot, manager St. John Life Association, St. John.

Arthur Kerr, city, in the office of the passenger department of the C. P. R., St. John.

Arthur Mortimer, city, in the office of the passenger department of the C. P. R., St. John.

Fred Reid, Riverside, A. Co., with Messrs. Emerson & Fisher, St. John.

D. F. Brown & Co., St. John.

Edward Ferry, Sutton Station, with James Reedy, brewer, St. John.

Frank Reid, Riverside, A. Co., with Messrs. Daniel & Robertson, St. John.

Peter Cooman, Kingston, K. Co., with H. L. & J. A. McGowan, St. John.

Miss Ella Darling, Apohaqui, with the McLean Stamp Co., St. John.

Miss Mary Gallagher, Quispamans, with R. G. Murray, barrister, St. John.

Harold Sears, city, with Messrs. Merritt Bros., St. John.

Wm. E. Cooper, Point Wolfe, A. Co., with Chas. T. White & Co., Apple River, N. S.

John C. Price, Havelock, N. B., with S. H. White & Co., Sussex.

J. Frank Wilson, St. Stephen, with Bradford Carriage Co., Truro, N. S.

Wm. A. Clarke, Newcastle, with Messrs. Clarke & Co., Newcastle, with Messrs. Miss L. Roberts, city, with Mr. Fenton, manager National Life Insurance Co., St. John.

Miss Marie Connolly, Sussex, with the Schofield Co., Ltd., St. John.

Miss Lena McIntyre, Logyville, teacher in St. Joseph's Convent, Chatham.

Otto Nasa, city, with J. A. Likely, St. John.

Alfred Drowley, city, in accountant's

office of C. P. R., St. John.

Roland Carter, Kingston, Kings Co., in New York office of the Estabrook Steel Pen Co.

Robert J. Murphy, city, with James Murphy, St. John.—2nd St.

Chatham Town Council.

Chatham Town Council met in regular monthly session on Monday evening, His Worship Mayor Winslow presiding.

The minutes were read and approved.

The Mayor produced a large number of communications which he had received during his tenure of office and said that as this was the last meeting of the year he thought it right to have them filed for future reference. [The letters were from persons and firms desiring of furnishing either services or materials or giving information in connection with the long delayed establishment of the proposed waste sewerage system for the town.] The purchase of the patent fire ladder, the proposed establishment by the Dominion Government of a time hall in Chatham, and of post office boxes in different parts of the town; the fund for the Canadian contingent; the sale of the residue of the Henderson property, after defining the boundaries of Duke Street as widened in front of it, etc. Also a request from the Dominion Pulp Company that a road be bushed from Chatham to their mill at the earliest time possible after the formation of ice on the river.]

On motion of Ald. Maher these papers were ordered to be filed for reference there by the different committees in charge of the matters or services to which they related.

The communication of the Dominion Pulp Company was discussed briefly, and the general idea was that Chatham was required to bush only half way across the river, but there was a disposition to accommodate the company.

The request of the company was, in motion of Ald. Maher, granted—the road to be bushed all the way across.

Ald. Snowball read the following report from the Public Works Committee:

We were pleased to report that Mr. Feely arrived with his steam well boring apparatus and is now boring at the Hayes property. So far, he has not gone deep enough to judge the prospects of success, but we are still sanguine that the experiment will turn out profitable to the town. We purchased 50 feet 8 in. drive pipe and 50 feet 6 in. pipe from Mr. M. Lodge of Montreal, whose bill for same will be presented this evening.

We have had the Henderson property surveyed off and iron posts driven in to mark the new street line. We have had the street portion graded and a sidewalk laid.

As winter is approaching we have arranged for the snow plowing. Mr. Wm. Groat attends to Queen's ward, Mr. Geo. Morris to Kings, Mr. John Flieger, to Wellington and Mr. James Groat to Duke's. We hope that these appointments will give satisfaction and that the several parties will endeavor to do their work in such a way as to please the ratenayers.

We settled with Mr. Geo. Hildebrandt by paying him \$75.00 in cash and the balance \$220.00 to increase to the balance of \$295.00. It is noted that Mr. Hildebrandt, however, to be later than the 1st May.

We recommended that the Town Clerk be authorized to write the Maritime Sulphite Fibre Co. that they must abstain from putting soil water on the street, also that any snow shovelled from their tract on St. Andrew's street must be removed from said street, and not piled on retaining portions of the street as they have heretofore been doing; also we would again warn them that should any accident occur through the illegal retaining of their trains they would hold them liable for any claim made.

We advertised for stone at 40c per ton, but as Messrs. Wm. Richards & Co. were paying 45c to increase to the balance of \$295.00. It is noted that Mr. Hildebrandt, however, to be later than the 1st May.

We recommended that the Town Clerk be authorized to write the Maritime Sulphite Fibre Co. that they must abstain from putting soil water on the street, also that any snow shovelled from their tract on St. Andrew's street must be removed from said street, and not piled on retaining portions of the street as they have heretofore been doing; also we would again warn them that should any accident occur through the illegal retaining of their trains they would hold them liable for any claim made.

The following bills were passed in committee and we recommend them for payment: Wm. Richards & Co., Ltd., \$34.75; M. Lodge, \$156.00; P. Brown, \$1.25; P. Colquhoun, \$3.15; wages, \$29.50 and \$12.70; Alex. Robinson, \$29.25; J. B. Snowball, \$37.85; A. Watling, \$1.65.

On motion of Ald. Flanagan the bill was received and adopted.

Ald. Maher said he observed that there was no reference in the report to the McLaughlin property matter.

Ald. Loggie directed attention to the fact that the town was no money in hand with the exception of the part pertaining to the purchase of land for a petroleum warehouse.

The Mayor explained the necessity for a petroleum warehouse and read the law on the subject relating to cities and towns.

The following bills were presented against the town going to the expense of building the proposed warehouse.

The Mayor explained that it was proposed to erect a cheap building, the rentals of which, to be paid by the merchants, would pay well for the investment.

Ald. Watt agreed with this view, but objected to leaving the matter of the purchase of the necessary land in the hands of a committee.

Ald. Groat again protested.

Ald. Loggie said there was some argument in what Ald. Groat said, but it was in the interest of the town, as well as of the merchants, to have a central place for storing oil, — the grounds of safety, as well as revenue. Private parties might obtain the franchise and build a warehouse and make money out of it, but as the matter was under town control it would be better for the town to provide the warehouse.

Ald. Snowball took the same view, generally, and illustrated the benefits that would be derived from a warehouse by the community, as well as by merchants generally.

The Mayor read from the law the duties of the Inland revenue officer in regard to the storage of oil.

Ald. Flanagan said it was not the intention of the committee to commit the town to a purchase of land without reporting back to council for its approval.

Ald. Watt discussed the former injudicious purchases made under just recommendations as in this report, without coming back to council.

The wording of the report was changed so as to recommend the advisability of purchasing a piece of land for establishing thereon the proposed oil warehouse, the committee to report back to council.

The report was adopted as amended.

Ald. Watt reported from the Police Committee as follows:—

GENTLEMEN—Your committee beg leave to report that our policemen have qualified for Humphrey and Oxford troopers and house-painter, when you can be instructed at your home by a PRACTICAL SHORTHAND INSTRUCTOR, and at less than four-thirtieths the expense?—

Robert F. Ross, who supervises the teaching of shorthand at this school, is one of the best known shorthand writers in the United States.

DON'T MISS THIS OPPORTUNITY. Write to us for information and references.

THE ROBERT F. ROSS SCHOOL FOR SHORTHAND, Utility Building, Chicago.

DEED.
