A "QUAD" CYCLE was in town this week. It was a Cleveland, which Mr. C. P. Hickey, the agent of that top-notch machine imported for races and sports which it was intended to have in Chatham to-day, but which, we believe, will not materialize. The four-seater was tried by some of our crack cyclists, but they couldn't balance it very successfully. Messrs. Harry Irvine and Norman Edgar took several turns around the streets on it on Tuesday, and at last got the "quads" reduced to a minimum.

HAS MENDED HIS WAYS.—Alfred Gorer of Cross Creek, who figured prominently before the public some months ago, was in the city to-day. Mr. Gorer has been prospecting in the Cross Creek gold district, and has some fine specimens of quartz rock. In speaking of the unfortunate affair which took place there last May, Mr. Gorer says that since he returned home, the best of order has prevailed. He says he has made up his mind never to use liquor again, and to live a Christian life.—Frederick Herald.

A FIVE MOOSE HEAD attracted considerable attention at the office of County Game Warden Wyse yesterday forenoon. The horns spread 41 inches and had twenty points. The animal measured 12 ft. 5 inches from the point of the nose to the heels and weighed about 1200 lbs. He was shot only two miles from Bay du Vin river by special Game Warden Donald Fraser and Mr. Wm. Buckley. Fraser put a ball into him, but as he didn't fall at once Buckley fired and finished him. Mr. Fraser started out with Mr. Buckley on Monday with the object of getting a good head and had gone only two miles from home on a portage road when he met the handsome specimen so easily secured. He says there is no trouble in getting moose in that part of the country.

THE HENDERSON PROPERTY was bought on account of the Town of Chatham, for the purpose of widening Duke Street between

Bryant saw, a Sturdevant blower, one 18 horse power engine and boiler, two heaters, one pump, and other machinery. There was also \$500 worth of special and new machinery for making the Joughins' car truck as a private enterprise, and the insurance on the whole of this machinery was only \$1,000 and the total loss exceeds \$5,000. Part of a span of the Kingston, Kent, steel bridge, which the company is building for the provincial government, was much injured. This work had been considerably delayed owing to the difficulty recently experienced everywhere in obtaining steel, and the fire will cause still further delay. The works will be rebuilt at once.

Intercession Services for Sunday Schools. Interesting and appropriate services of Intercession on behalf of Sunday Schools were held in St. Paul's and St. Mary's Churches on Sunday last. In St. Mary's the Holy Communion was celebrated at 7.30 a.m., being attended by all Sunday school teachers and a number of others. At the 11 o'clock services, which consisted of Morning Prayer, Litany and an Address by the Rector, the Sunday school children attended in a body, after having assembled in the school room. Entering the church by the western door, the children proceeded to their places in the front seats, while the Processional Hymn, "We love the place, O God," was sung. Morning Prayer was then said by the Rector, and was followed by the Hymn "Come, Sing with Holy Gladness." Then the Litany was said, and the Hymn "There's a Friend for little Children" followed. The Rector next addressed the children and congregation on the special object of the Services of Intercession, proceeding his remarks by a word of congratulation to the congregation on the general response to the call for Harvest Thanksgiving Offerings on the preceding Sunday. The Offertory Hymn, "O God Eternel, Mighty King," was then sung, and was followed by the Benediction. The interesting and edifying service then closed with the Recessional Hymn, "Onward, Christian Soldiers," which was sung while the children returned to the school room.

At St. Paul's at the 3 o'clock service and at St. Mary's at the 6.30 p.m. service special prayers were sung and intercessory prayers offered, and the Rector again spoke of the subject of Sunday School work. On Monday evening a very enjoyable social reunion of the congregations was held in St. Paul's Rectory. The evening was occupied with musical selections, conversation, games, &c., together with the enjoyment of refreshments provided by the Sunday school teachers. The cheerful company dispersed after happily and loyally singing "For Auld Lang Syne" and "God Save the Queen."

The Miramichi Piloteage Difficulty. Judge Barker delivered judgment in the matter of the Attorney General in the relation of Walls v. Miller et al.—which is the Miramichi piloteage injunction case—dismissing the bill with costs to be paid by the plaintiff. Judge Barker, in dismissing the case, held that quo warranto proceedings were the proper ones to have been taken in the case. He said nothing on the merits of the case, but at issue. Messrs. Pageley and Tweedie for the plaintiffs and Curry and Lawlor for the defendants.

The action of Judge Barker leaves the questions of the validity of the regulation made by the governor in council, under which the new pilots were appointed, and the legality of the appointment of the new pilots undecided. In other words, the matter stands just as it did when Capt. Douglas was here holding his investigation.

It is now open to the commissioners to reappoint the old pilots who resigned, or new ones, but they should do so proceeding attacking the validity of the regulation might be taken before the full court at Fredericton. Meantime the pilots are endeavoring to have the commissioners account to them for their earnings of the season. More than a month ago their attorney, Hon. Mr. Tweedie, wrote to the Minister for Marine, enclosing a complaint of Pilot Master Wain, the subject. The receipt of the communication was formally acknowledged by the Deputy Minister who said the matter had been referred to the commissioners, but no further notice was taken of it by the department.

On 6th instant Mr. Tweedie addressed a second letter to Sir Louis Davies calling his attention to the fact that this matter is very important one to the parties interested and should be dealt with by the Department without delay. Surely under such a state of facts as has been presented to you, it must strike you that the commissioners have should not be allowed to act as they appear to be doing with impunity. It rather appears as if the Department was winking at their attitude. It seems to me indispensible that where a body, such as the Piloteage Commission appointed by the Government and under your immediate control and direction commits a wrong about which complaint is made to you, it is your duty to investigate the matter immediately. May I take the liberty of asking you if it is your intention to take any further notice of the subject matter of the complaint, or are the parties aggrieved to have no satisfaction from your Department? Awaiting your reply, I am, Sir, very truly, L. J. TWEEDIE.

It does not appear that the piloteage commissioners have control of the fund referred to. The Secretary-Treasurer, Col. Call, is appointed by the governor-in-council to receive and disburse such moneys, and it does not seem that the commissioners have ever assumed any charge or responsibility in the matter. At the time the Pilot Master's complaint was made there were some \$6,000 on hand.

A Tyrannical People. NEW YORK, Oct. 11.—The New York Journal has given the advocates of interference by the United States in the Transvaal a bad black eye. It says, editorially under the heading "Let Us Mind Our Own Business":—"The editor of the Journal has been requested to sign a petition to President McKinley urging him to interfere between England and the Boers, to use the influence of the United States to prevent England from interfering in Boer arrangements. 'The editor of the Journal declines. 'England demands that this discrimination against Catholics cease.

The Transvaal law forbids any Jew to share the law making power. England demands that that shall cease.
