

The Farmer's Friend IS A GOOD SCYTHE.

We have in stock a complete line of scythes and other HAYING TOOLS. If you need any such articles, call, and we are sure we can suit you.

W. S. LOGGIE COMPANY, LIMITED.

We have SELF-SEALING JARS in pints, quarts and half gallon size. Nothing is nicer than a self-sealing jar for preserving fruit. TRY THEM.

A Great Offer FARM JOURNAL From now to Dec. 1903 Nearly 5 Years

By special arrangement made by the publishers of the FARM JOURNAL we are enabled to offer that paper to every subscriber who pays for the MIRAMICHI ADVANCE one year ahead, for only \$1.—both papers for the price of one only; or paper one year and the FARM JOURNAL from now to December, 1903, nearly 5 years. The FARM JOURNAL is an old established paper, enjoying great popularity, one of the best and most useful farm papers published.

Miramichi and the North Shore, etc.

EACH POUND OF tea contains a key; a chance to get a \$100.00, see! Union Blend is the kind of tea.

BIG PICNIC:—The L. C. R. employees held their annual picnic at Point du Chenet last Saturday, the attendance beating all previous records. Forty-eight cars were required to carry the excursionists. The day passed off quietly without accident.

SNOOKS:—London Times Fraser & Sons, of Fredericton, N. B., are shipping large quantities of book shooks to Scotland. In one week recently three cars were loaded with shooks for Glasgow.

REV. T. G. JOHNSON will preach in St. Andrew's Church on Sabbath first. The Pastor, Mr. Henderson, goes to Sydney, Cape Breton, this week to assist at the celebration of the Holy Communion there on Sabbath first.

MILLERTON:—Rev. D. Henderson was in Millerton on Tuesday, and met with the different congregations in that circuit, discussing with them the question of Separation from Blackville. The case will be finally issued at the next meeting of Presbytery of Miramichi.

A PLUMBER FOR CHATHAM:—Mr. L. E. Dryden, plumber and tin-smith, of Sussex, is now in the employ of Mr. G. R. Marquis, and will attend to plumbing work in any part of the county. He comes highly recommended. Mr. Marquis is the only man in the county who has a plumber in his employ.

THE FARM JOURNAL is a choice fall of judgment and has the largest circulation of any farm paper in the world. It is good everywhere. We offer it for a short time as a prize to advance-paying subscribers to the ADVANCE a year ahead and the Farm Journal for the balance of 1899 and all of 1900, 1901, 1902 and 1903, nearly five years, all for the price of our paper alone.

LABOR DAY RACES:—The management of Chatham Driving Park are offering purse amounting to \$375 for trotting races on Labor Day, Sept. 4th. The events will be a 2.40 for a purse of \$75; 2.30 for a purse of \$100 and a free-for-all, for a purse of \$200. Each purse is divided giving 60% to 1st, 30% to 2nd and 10% to 3rd. Entries close Aug. 31st.

HARVEST HOME PICNIC:—The ladies of St. John's Church Congregation will hold a Harvest Home Picnic in Napan—middle section on the afternoon of Thursday, Sept. 7th, beginning at 1 o'clock. Addresses by clergymen and prominent laymen. Excellent band music during the afternoon; games, sports, &c. Tea will be served from 4 to 7 o'clock. Arrangements are being made for an excellent evening concert. See bill for fuller particulars.

FIRE AT BATHURST:—Fire was discovered in the roof of the International Hotel building, King street, Bathurst, on Tuesday morning between 9 and 10 o'clock. The wind, blowing heavily from the northwest, made it a difficult matter to get the fire under control, which was only accomplished after the building was almost destroyed. The hotel was owned by James Buchanan, and was valued at between twelve and fifteen hundred dollars. It was partially covered by insurance.

HIGH STANDING:—In the preliminary examinations for Normal School for Class II Miss May Ryan of Chatham stands first in the province on the list of those gaining highest marks for work done on the different papers. Miss Ryan is a pupil of the Convent school, Chatham, and it is a matter of congratulation both to her and the Sisters who were her teachers, in making such a creditable examination. Other young ladies from the same class as Miss Ryan were also among the successful candidates, but did not stand so high in merit.

EVERYBODY LIKES BERRIES; everybody ought to have them; but don't think of planting out a single row without first getting a copy of Biggie Berry Book. This book is written by a practical grower and will save you money, time and trouble from the start. Starting right is more than half-way towards success. Market growers produce Biggie Berry Book one of the most helpful books written on the subject. Many of the leading growers have contributed their experience to its pages. The price is 50 cents, free by mail; address the publishers, Wilmer Atkinson Co., Philadelphia.

MIRAMICHI MARBLE WORKS:—Now is the time to place your orders for cemetery work and avoid the spring rush. We have now on hand and coming one of the largest stocks of marble and granite monuments, headstones and tablets ever shown on the north shore, all from the latest designs and worked from the best material the market can produce. Call and get our prices. They are right.

UNRIVALED TOURIST SLEEPING cars for the accommodation of passengers holding second class tickets. Run by the Canadian Pacific Railway on Trans-continental Express train, leaving Windsor Station, Montreal, at 11 a.m. every Thursday and running through to Seattle. Passengers for Canadian Northwest and Pacific Coast points will be accommodated in these cars, on payment of a small additional berth charge. Each berth will accommodate two passengers. ST. ANDREW'S.—One of our enterprising congregations, that of St. Andrew's Church, is having a meeting, as we go to press, in their hall, to make the necessary preliminary arrangements for a Thanksgiving day or a Harvest Festival, which

is to be observed on the attractive grounds of Mr. Geo. Dickson, Napan, in the immediate future. The congregation of St. Andrew's are very enthusiastic about the matter, and a successful festival is sure to be the result. We shall give fuller details in our next issue.

PERSONAL:—Hon. Senator Snowball reached home from Ottawa on Monday.

Walter Drake, Esq., of Montreal, who has been a regular visitor to the Miramichi for more than thirty years, is here for a week or more—the guest of Commodore J. C. Miller, Millerton.

Capt. Haugen, of the Norwegian barque Prince Oscar, a valued member of the Miramichi Yacht Club, is in port. Commodore Miller and several members of the Club exchanged courtesies with him on board his ship on Tuesday.

FIRE ALARMS were given three times within the last week. Last Thursday evening fire was discovered near the east door of the molding shop of Ruddock's Miramichi Foundry and put out by Mr. Wm. Gulliver, who broke a pane of glass to enable him to snuff a swinging sash by which he entered and promptly saved the shop by the prompt application of water.

On Sunday night, about 12.30, fire was discovered in the firing room of the Snowball mill. It was extinguished by the steam pump of the machine shop.

Another alarm came from the west end at noon on Tuesday. It was caused by a little blaze in a house occupied by Mr. Jas. Sullivan. Little damage was done.

A "CRISPY" CROSTYMAN, in the person of W. W. Brewer, is in trouble in Marysville. A Frederickton dispatch of Monday says that Rev. Mr. Colter occupied the pulpit of his church on Sunday as Mr. Brewer at the suggestion of the quarterly board of the church, did not preach. Many rumors concerning Mr. Brewer, of conduct unbecoming a clergyman, have been rife for some time. Rev. G. M. Campbell, the president of the conference, and chairman of the district, was at Marysville on Monday conferring with the church board regarding the affair, and it is understood that the charge of drunkenness is to be formally preferred against Mr. Brewer. The investigation will probably be conducted at Marysville within a short time, although the authorities yet. Mr. Brewer has, for several years, been the subject of interesting rumors, and it is probable that they will now be at least partially developed.

Success In business comes when thorough satisfaction is given to the public. That's why Nervine sells so rapidly. Toothache is cured as if by magic. Pain, internal or external, finds a prompt antidote in Nervine. Try it.

To Our Readers.

The ADVANCE will be obliged to its numerous readers if they will enable us to make reference in our local columns to matters and events in which they are interested, or may wish their friends may be. This they can do by giving the information in person at the office, or writing to us. Mr. Brewer has, for several years, been the subject of interesting rumors, and it is probable that they will now be at least partially developed.

A Rich Copper Find.

Messrs. A. G. McDonald and A. E. G. Mackenzie made a discovery of a copper mine a few weeks ago while fishing on the Esquimaux river in Bonaventure County, Quebec, and the find awakened considerable interest in the province. Mr. Jas. Rundle, of Newcastle, heard of it and took the express train for the north, met the discoverers and bought a one-third interest in the discovery. They since procured a mining license from the Quebec government and put men to work with the result that a large body of pine copper is reported as having been found.

Fined for Shooting Moose.

Last March two men named Humphrey and Alward who reside in the parish of Brunswick, Queens county were detected killing moose during the close season. Informations were laid against both men by the Chief Game Commissioner with Police Magistrate Ritchie of St. John. Alward was arrested on a warrant and brought to St. John, where he pleaded guilty to the charge. He was fined \$100 which he paid. Humphrey through the assistance of friends alluded the officers by taking to the woods. A few days ago the warrant for Humphrey's arrest was again placed in the hands of Provincial Constable Perry who, however, failed to find Humphrey. Humphrey, however, came to St. John and gave himself into the custody of Chief Game Commissioner Knight, who immediately took him before Police Magistrate Ritchie who agreed to accept \$100 for his appearance in the police court. As he failed to appear his deposit was forfeited. There are some other cases of violation of the game law in that section of the country still to be dealt with. So far, the offenders have alluded arrest by taking to the woods but it has been decided to prosecute the cases.

An Enjoyable Affair.

The employees of the Millers' Tanning Extract Works, Millerton, had their annual picnic last Thursday. Commodore J. C. Miller had a special boat for the occasion and worked from the best material the market can produce. Call and get our prices. They are right.

ing. On the return trip for Millerton, which began at 5 p. m. the vocal and instrumental musicians entertained the excursionists and the dancers entered into their part of the festival with renewed spirit and an evident determination to make the most of the time. It was a pleasure to witness the feeling of mutual interest in each other's welfare which was a characteristic feature of the whole affair, and many were the appreciative expressions heard in regard to the pleasant relationships existing between Messrs. Miller and the whole staff of their establishment.

The Hotel Dieu Bazaar.

The very successful Bazaar in aid of the Hotel Dieu Hospital building fund, Chatham, closed on Monday night, after having been opened for six days, beginning on Tuesday, last inst. The total receipts since the bazaar was undertaken last winter were \$4,900 and the net result about \$3,500. Some of the items of receipts will, no doubt, be of interest. The gate and current total receipts each day were as follows:—

Table with columns: Day, Gate, Total for day. Rows include 1st, 2nd, 3rd, 4th, 5th, 6th, and Total received as follows.

The winners in the lottery were: 1st Prize Set No. 3180, Mrs. Dickens. 2d China Tea Set, No. 3408, Geo. McCaighan. 3d Easy Chair, No. 2904, Chas. Flanagan. 4th Beautiful Britain, No. 2928, Hotel Dieu. 5th Picture, No. 2762, Madame P. Braden. 6th Cushion, No. 3496, Mrs. O'Donnell. 7th Bbl Flour, No. 2702, Romain Gaday. 8th Half Chest Tea, No. 3353, Fr. Felix Dougal. 9th Lamp, No. 900, Edward Donnell. 10th A Clock, No. 3353, Beatrice Mayhew. 11th Silver Watch, No. 3703, Nicholas Savary. 12th Chenille Table Cover, No. 2279, J. B. Letellier.

Glasgow's Model Sunday School Teacher Behind the Bars.

LONDON, Aug. 7.—Had Robt. Louis Stevenson lived he would have been sent weekly to his countrymen by a dramatic wit to his "Jekyll and Hyde" creation. James Colquhoun, city treasurer of Glasgow, elder of the Free Church, and representative of the city corporation on the University court, is now in goal in his native city, charged with defalcations which a moderate estimate puts at a million dollars of trust moneys, confided to him for investment. Colquhoun is a workington's man, born 59 years ago, in Glasgow. He industriously used Scotland's educational system until he qualified as a lawyer. He rapidly became one of the most trusted members of his profession, and his prosperity was due to his almost oppressively model life. He was active on committees of the Free Church and on the platform of temperance meetings. He was never personally genial or popular, but raised himself to a pedestal of repute in integrity until he was the favorite model of Glasgow Sunday school teachers in showing pupils an instance of how to become a perfect citizen.

In outward appearance Colquhoun realized the idea. He was always carefully, but not extravagantly dressed. He was cold and serious in manner, and seemed the type of severity; rewarded by the highest honors his fellow-citizens could give, until last week, when he abruptly resigned his public office and was sent to an insane asylum.

A statement authorized that he was suffering from temporary breakdown, owing to business anxieties, but the medical authorities refused to confirm the detention, and a criminal warrant was executed charging him with embezzling \$5,000 of his clients' money entrusted to him for investment. Other embezzlements bring the total up to \$200,000 and it is believed that this will be extended. For several years Colquhoun had been concealing his defalcations by paying interest on alleged investments which he never made. Many widows had entrusted their entire property to him, because of his high public position. His fellow-citizens at first thought of subscribing the amount to conceal the scandal, until they learned the vastness of Colquhoun's embezzlements and the wreckage of his fortune. He has a wife and family.

It is stated that some years ago he won \$2,000 at Monte Carlo, and since then went way to the gambling mania. He secretly and repeatedly visited the Continental resorts, especially Ostend, and played for the highest stakes that the rules permitted. The case is expected to be one of the most remarkable criminal trials in Scotland for a generation.

St. John Exhibition Notes.

Special efforts are this year being made to bring the restaurant service at the St. John Exhibition up to the highest level of efficiency, so that visitors to the Exhibition need have no fear of getting other than good food, well cooked and cleanly served.

The amusement features will be especially good. Among the attractions will be Prof. Sutherland's wonderful trained animals, including horses, dogs and goats. The performance will be given in a ring in the open grounds visible to all any afternoon and evening.

- Among the acts will be, 1. The Wrestling Horse, 2. Horse in a swing, 3. Horse walking a chair, 4. High diving dog—diving 90 feet into a net, 5. Dog sliding for life by teeth. Then there will be races, 1. Trapeze race vs. horse and rider, 2. Double Roman Chair race, 3. Driving four horses over hurdles against horse and rider, 4. Roman standing races, 5. Flat races, hurdle races, wheelbarrow races, gymnastic races, 6. Exhibition of high jumping.

There will also be other attractions for the amusement of the public. To the 1899 prize list a sweepstakes class for carriage horse has been added, in which over \$500 is put up in prizes. Horses that have been exhibited in other classes and won prizes will also be allowed to enter in this class. They will be shown in harness, and the harness and equipage will be considered in making the awards. There are sections

in the class for tandems and four in hands as well as for matched teams.

In the cattle classes the prizes have also been increased. Prizes will this year be given for a breeders young herd and also for both two year old and two year old heifers in all pure bred cattle classes.

In the dairy grade class a prize has been added for the best herd of four grade cows over one year old and at least three to be in milk.

The swine classes will give prizes to boars and sows under 1 year and over 6 months, and also to them under 6 months. Prizes to sow with litter of not less than five pigs will be added.

In the horticultural department the fruit committee have recommended in addition to the regular prize list, the following special prizes to New Brunswick exhibitors:—

- Sec. 1.—Apples (best ten varieties) 1st, \$5; 2nd, \$3; 3rd, \$4; 4th, \$2. Sec. 2.—Fruit varieties (most suitable for export, 1st \$6; 2d, \$4; 3rd, \$3; 4th, \$2. Sec. 3.—Collection of fruits exhibited by the grower in a preserved natural condition, 1st, \$10; 2nd, \$8; 3rd, \$6; 4th, \$4.

It is proposed to put some permanent coops in the poultry building and a prize list much more extended than last year is being put up. Among the other additions cash prizes and diplomas will be given for the heaviest dozen of white eggs, heaviest dozen of brown eggs and the best display of eggs laid by pure bred fowls.

Death of Mrs. John E. O'Brien.

BATHURST, Aug. 14.—The death of Mrs. O'Brien, wife of our esteemed town councillor, John E. O'Brien, Esq., occurred at 7 o'clock this a.m., in her 70th year. The deceased lady was in good health up to 11 o'clock last night, when she took suddenly ill from affection of the stomach. Mrs. O'Brien was the sister of the late John Meahan, ex-M. P. She was held in the highest esteem by all who knew her. Her death will be mourned by a large number of relatives. Mrs. O'Brien leaves several sons and daughters. One son, Edward L. was in the St. John school services some years ago; another, John M., is editor of the Vancouver, B. C. World; a third, Wm. J., is in the C. P. R. employ in British Columbia.

The Cure of Consumption.

The first quarterly meeting of the New Brunswick Association for the Prevention and Cure of Consumption was held on Wednesday evening last week at the residence of Dr. Bayard. There was quite a large gathering of prominent ladies and gentlemen present. Dr. Bayard explained briefly the objects of the association, pointing out that it is now settled that consumption is not hereditary, but contagious, and that the contagion was carried very largely through dust containing particles of dried sputum or sputa of sufferers from the disease. Dr. Bayard pointed out the great necessity of taking precautions to prevent the spread of the disease.

All his remarks were endorsed by the other medical men present and Dr. Christie had died of consumption, but when the remainder outlined the disease did not further manifest itself, showing clearly that one had given it to the other. Dr. A. Stockton drew attention to the fact that in some of the cities of the United States penalties are imposed on persons spitting in electric cars and other public conveyances and suggested that steps should be taken to enforce similar regulations in St. John.

The association appointed committees to ascertain the present state of the law on this subject and also to report as to literature for general distribution explaining the object of the association. The secretary was instructed to summon quarterly meetings of the association at the residence of Dr. Bayard, the first Wednesday in November, February, May and August.

Mishap to the Columbia.

The American Cup defender, Columbia's, race mast broke in two at about the middle in a race with the old Defender of Newport on Wednesday of last week. She was leading at the time and was steadily drawing away from her rival, Captain Barr giving her a good full, preferring to hold along at an increased rate of speed rather than outpoint the Defender as he had done previously. The two boats were holding along on a port tack, and into the Point Judith channel, about three miles off the point, the net boat having the weather position, and fairly tearing through the water. Suddenly there was a sound of breaking spars aloft and in an instant the top-mast of the Columbia went crashing down to leeward, carrying with it the fine new club top-sail and small jib top-sail.

It seemed to the eye witnesses but a brief part of a second when the st. mast main-mast buckled in the middle and down came the upper end of the spar and the mainmast dropped into the water on the starboard side.

For an instant everyone on the Columbia held their breath, and then heard Mr. Ivelin's voice inquiring whether anyone was injured or swept overboard, but fortunately all hands escaped uninjured. Mrs. Ivelin was below at time, but she came on deck immediately and when the Associated Press tug ran up a few minutes later, she was calmly taking snuff from the wreck. The discipline was excellent, not a man leaving his place until Captain Barr gave orders to clear away the wreckage and get the canvas aboard, and then the crew went to work clearing up the tangle. Columbia drifting with the waves a dismantled and looking craft.

Her pine mast has since been put in and the Columbia is again ready for the course. To Bore for Oil

(St. John Gazette.) For some months past several parties of geologists have been exploring different sections of the province of New Brunswick for oil. Last autumn Mr. Matthew Lodge representing a number of capitalists made certain proposals to the New Brunswick government to explore the province for oil. Mr. Lodge's proposition were accepted and he immediately made arrangements for the formation of a local company. At the last session of the Provincial Parliament, an act was passed entitled "An Act to Encourage the Discovery and Development of Oil and Natural Gas within the province of New Brunswick." The Gazette alluded to this act as most important in connection with the development of the province as it was highly probable that operations would be commenced immediately and the large sum of \$200,000 expended in an effort to find oil or natural gas, or both. No time was lost by the promoters of the enterprise in getting to work. Experts were appointed to visit every section of the province where it was thought oil was likely to be discovered. In Northumberland County oil was discovered on the surface and to test its quality a small quantity was refined. It was found to be of excellent quality, and easily refined. The results of the ex-

ploration, generally speaking, have been highly satisfactory. The field parties have submitted unquestionable evidence of oil in several localities and the results have been submitted to Prof. Shaler of Harvard College who has had charge of all the parties at work in the province. Prof. Shaler visited the different localities where the strata gave evidences of oil and was greatly pleased with all that he saw and convinced that there is not only oil under the surface but large quantities of it. This fact he reported to the Boston capitalists who are interested with the New Brunswick company. A few days ago accompanied by Premier Emmons, Mr. Lodge went to Boston and had a conference with the men who have agreed to furnish the money if the report of Prof. Shaler was satisfactory.

That the report was all that could be desired is proven by the fact that the Boston capitalists have agreed to expend \$200,000 for oil under the provisions of the act above mentioned. The borings will be made in four different parts of the province extending from the county of Gloucester to Albert county. This will be good news to the people of the province. Not only will the discovery of oil in New Brunswick add to the revenue of the province as five per cent of the product goes into the provincial treasury but it will add greatly to the prosperity of the whole country. The boring will be commenced immediately and before the snow flies the people of the Province ought to know whether oil exists in paying quantities in New Brunswick.

It Never Happened Before. Question.—What will be the effect, if any, upon the earth when, at the moon next November, the Moon, Sun, Mercury, Venus, Mars, Jupiter, Saturn, Uranus, Neptune are all existing their attraction in the same direction? When did the like occur before?

Unusual events in the celestial world attract extraordinary attention. Prof. Young, the astronomer of Princeton University, and one of the ablest scientific authorities, has stated in the Christian Herald, that the conjunction of the Sun and Moon on the 3rd of November will produce the ordinary spring tides. The planets, with the exception of Neptune, will at that time be bunched near the plane of the Sun. During November and December the sky will be substantially planetless. Neptune and some of the Asteroids will alone be visible. Exactly the same configuration of the planets with respect to the Sun and Moon has never occurred before and never will again. It is not supposed to have any influence more than usual on the weather or any other human affairs. (Christian Herald.)

The Reason He Changed Situations.

"Did you hear the reason why I left my old employers," said a drummer the other day to a few friends. To this inquiry they all gathered around, fully expecting to hear a good story as "Tom," (famously called by his friends), filled back in his chair. "I answered an advertisement about a new book 'Light of Life,' as the title struck me very forcibly, and I found it contained the story of the New Testament, together with explanations of all the more difficult portions, thus being a complete Commentary. It also contains the complete lives of the Apostles; that this book was really two volumes in one, embellished with some of the best illustrations I ever saw. The statues of the Apostles were by the renowned sculptor, Thorvaldsen, these having been reproduced and published in connection with the Sixteen Masterpieces of the world-famous Blockhorn, Hofmann and Hahn engravings.

Knowing that not a family in a thousand had the lives of the Apostles or a Commentary, and that this book would have an enormous sale, and as my old employers could not hold out sufficient inducement to equal the offer of the Bradley-Garretson Co. Limited, I concluded to give up 'drumming' and took hold of 'Light of Life.' I assure you friends this change was the wisest I ever made, and I shall never regret it. If you want to make money easy and fast, write their Bradford House for a position like mine.

Agents:—If you want to make \$2 50 and expenses, daily, handle 'The Light of Life.' THE BRADLEY-GARRETSON CO. LIMITED, BRANTFORD, ONT.

A Good Offer.

The Farm Journal advertised (together with the Biggie Book) in another column, is offered free for five years to all new subscribers to the ADVANCE who send their subscriptions within one month. The Biggie Books may also be obtained through this office at the advertised price.
