The Legislature.

THE TRUE FEELING. He (Page) did not believe that was the feeling which actuated the people of this province. He believed that if the Record Foundry Company and Mr. Riddock did their work thoroughly and up to contract and specification the people were willing to pay them a fair and reasonable profit on their work.

Prof. Swan on cross-examination admitted that he knew nothing of the cost of meta in 1897 and previous years, that he knew nothing of the cost of ship labor, of duty, of freight, or as to manufacturers' profits. He knew nothing of this, and yet he swore that these things in New Brunswick could be built for four cents per pound. That being so it was fair to criticize Prof. Swan's judgment, and it was fair to inquire as to his experience in connection with the building of highway bridges.

MIRAMICHI MARBLE WORKS.—Now is the time to place your orders for cemetery work and avoid the spring rush. We have now on hand and coming out of the largest stocks of marble and granite monuments, headstones and tablets ever shown on the north shore, all from the latest designs and worked from the best material the market can produce. Call and get our prices. They are right.

LABOR REGULATIONS. The labor regulations have been amended by an addition thereto of the following clauses: No one shall, for canning purposes, but otherwise on board any ship, vessel, boat, or floating structure of any description whatever, except as may be provided in the laws of the Province and of the Dominion.

TO OUR READERS. The ADVANCE will be obliged to its numerous readers if they will enable us to make reference in our local columns to matters and events in which they are interested, or may think their friends may be interested. Many things proper to be noticed in the ADVANCE's columns do not appear therein, simply because our attention is not called to them by those who would like to see reference to them in the paper, but have omitted to do their part in making them known. Come, therefore, or write and tell us your local news.

BUTTER FACTORY MEETING.—A meeting of the shareholders of the proposed Butter Factory at Napun, will be held at Johnson's school house, on Friday evening, the 20th inst., at 7 o'clock, for the purpose of organizing a company.

LOGGIEVILLE.—The entertainment given at Loggieville on Monday evening was a great success in every way. St. Andrew's Church Quartette sang "My Old Kentucky Home"; Mrs. Edgar and Mr. Johnson sang solo; Mr. P. C. Johnson's music was much appreciated as was also the Chatham Orchestra's numbers. There were also choruses and tableaux.

UNRIVALLED TOURIST SLEEPING CARS for the accommodation of passengers holding second class tickets, are run by the Canadian Pacific Railway on Trans-continental Express train, leaving Windsor Station, Montreal, at 11 a.m. every Thursday and running through to Seattle. Passengers for Canadian Northwest and Pacific Coast points will be accommodated in these cars, on payment of a small additional berth charge. Each berth will accommodate two passengers.

PUBLIC MEETING.—Quite an interesting meeting was held in a Masonic Hall Chatham on Monday evening at which addresses were delivered by Messrs. Loggie, Tweedie, Wat, Snowball, Barr, Robinson, Buckley and McKay. Mayor Winslow presided. We observe that The World reports things which were neither said nor done at the meeting and attributes them to Mr. Loggie. If Mr. Loggie had done what The World says he did he would have been in for a warm time.

PERSONAL.—Hon. J. B. Snowball returned home from Great Britain and the continent on Saturday night. He came from Liverpool on the Campania via New York. Hon. L. J. Tweedie returned from his legislative duties on Monday.

Chatham Town Council.

Chatham Town Council met in special session on Friday afternoon. His Worship, Mayor Winslow, said the principal object of the meeting was to deal with the resignation of Mr. Alex. N. McKay as a member of the council. He was a member of the council when Dr. McCarty withdrew from it.

Mr. McKay's resignation was read by the clerk and accepted. On motion of Mr. Hocken Mr. W. J. Cameron was appointed to fill the vacancy in the council. Aid Loggie, from the finance committee, reported in reference to Mr. A. L. Lawlor's bill of \$15 for services in Scott Act cases. He said that the committee had ascertained that Mr. Lawlor was regularly engaged to prosecute in behalf of the town in the cases for which the bill was rendered and they, therefore, recommended payment. Passed.

It was ordered, on recommendation of Aid. Watt, from the police committee, that the policemen be paid \$25 each as Scott Act inspectors, this being one half of the amount all owed to them for their services in that capacity. Aid. Watt said policeman Foley wanted to put the east end engine house and desired to ascertain whether the council would sell it. There was a general expression of opinion against selling the property as it was desirable to retain it as a place in which to keep fire hoses in that locality.

All Hocken said the town clerk wanted a part of the town building—down stairs—arranged for holding the civic election on Tuesday. Referred to the Finance Committee.

Mayor Winslow said as this was the last meeting to be held by the council, and he was retiring, he desired to express his thanks to the members for the uniform courtesy and respect with which they had treated him in the chair, and he hoped that the same relationship would exist between his successor and the next board. Adjourned.

FROM SOUTH AFRICA. Mr. R. Stairs Solomon, agent in South Africa for the Messy-Harris Company, of Canada, was in Chatham about two years ago, as the guest of Mr. Alex. E. Robinson, and made a fishing trip to the Tabernacle, and he recalls quite a lively interest in that part of the country. He was one of the foremost of the citizens of Cape Town who joined in giving the "glad hand" to the members of the Canadian Contingent. In a letter of 14th March from Cape Town to Mr. Robinson, he says:

"Canada has come out nobly as a defender of the Empire and the Royal Canadian Regiment has done good service and distinguished itself. The Canadians had the post of honor at the battle of Paardeberg and were mentioned by the general. Several Canadian officers are in hospital at our camp from Cape Town as a place of convalescence. I have been well looked after. I have been over several times to visit them. One—Captain Mason—had a marvelous escape, the bullet hitting him in the left arm, high up, going through him and coming out close to the right shoulder. He is now convalescent and is the only wounded officer there. The others were suffering from the effects of the sun, for they had a very hard day. I met the Mounted Rifles and also the Canadian Artillery, but none of you mentioned were among them. They will probably be in the Midlands which is now day expected and I shall do all I can for them. We are all feeling more happy here, now that success is attending our arms. I never had any fear of the ultimate result, but it was very hard to bear of the check we received, especially in Natal. The country there is very beautiful ground—nothing but mountains and valleys, and the Boers had the men and opportunity to strong him what were usually very strong positions. However, General Buller has drawn them off and Lady-smith has been relieved. Kimberley, as you know was relieved some time since and the Boers are now in flight across the Free State. I have a cousin whose wife and child were killed in Kimberley by a shell. Several of my men have gone to the front."

"Please give my kin regards to John Council and tell him that my son and I hope to pay another visit to Canada next year."

Dr. Joseph E. Vondy. (Jersey City Evening Journal, April 3) Dr. Joseph E. Vondy, one of Jersey City's best known medical practitioners, died at his late residence, 44 Kensington Avenue, yesterday afternoon at 1 o'clock, of pneumonia, after three days' illness. His death seems another link in the chain which connects old Jersey City with the new and greater municipality.

For the past forty-nine years Dr. Vondy continuously practiced his profession in the city. He was visiting his patients as recently as last Thursday, when he was struck with the complaint that carried him off. Only a day or two before he was taken ill the doctor congratulated himself that he had gone through the winter without being taken sick. Even when he was in bed he seemed to feel certain that he was going to recover. He remained conscious up to a few hours before his death and he passed away peacefully.

Except that his beard had become somewhat grey, Dr. Vondy changed but very little in many years. He was conscientious and thorough in the pursuit of his calling, and his kindly nature endeared him to all with whom he came in contact. His demise is sincerely mourned.

Dr. Vondy was born in the Province of New Brunswick, Canada, Oct. 9, 1829, and after completing his medical studies came to Jersey City in 1851, when he at once began to practice. At that time the city had but 6,000 population and but eight physicians. Ever since then and until last Thursday Dr. Vondy was an active practitioner. He was not long in old Jersey City when he made his influence felt. It was when he first read the need of a City Hospital, and what is now known as the City Hospital was organized by Dr. Vondy and a few of the fellow citizens under the name of Jersey City Charity Hospital.

As the city grew, so did Dr. Vondy's activity, and in time he took a prominent part in organizing the Hudson County Hospital, now better known as Christ Hospital. He was a member of its first medical staff and never ceased after severing his connection with it to take a lively interest in its advancement. Dr. Vondy found some time for recreation and he developed a liking for yachting. He owned many fast boats in his day and was for several years an active member of the Jersey City Yacht Club. He was for two years commodore of the organization and he did much to place it in its present high position among similar clubs.

Dr. Vondy was of the Protestant Episcopal faith, and forty years ago, when Grace P. E. (Van Vorst) Church was then on Grove Street opposite Morgan Street, he played the organ at all the services. His first wife

also sang in the choir. When Rev. Dr. McCarty organized St. Mark's P. E. Church about thirty years ago, Dr. Vondy became a member of its vestry. He, however, severed his connection with the church when Dr. McCarty withdrew from it.

Dr. Vondy was very retiring in disposition, but when once drawn out was a delightful conversationalist. He possessed a fund of information concerning old Jersey City and it was his delight to talk of the marvellous growth of the municipality and of the great future in store for it.

Dr. Vondy was a member of the Lodge of the Temple Free and accepted Masons and a former member of York Lodge F. and A. M. He is survived by two sons by his first wife, Rudolph and Thomas D. Vondy. The former is a mining engineer in Arizona, while the latter is employed by a Wall Street, New York, house. Dr. Vondy is also survived by his second wife, whom he married a little over a year ago. [Dr. Vondy was a brother of Mrs. Hawbolt and Miss Vondy of Chatham.]
