ST. JOHN'S CHURCH ENTERTAINMENT :-The ladies of St. John's Church provided an excellent oyster and bean supper in Masonic Hall on Tuesday evening. The room was decorated with flags and the tables were most tastefully arranged. The ladies were very attentive in serving their patrons, and the orchestral music contributed very agreeably to the completeness of the evening's enjoyment.

AMUSEMENTS :- We understand that one of the Young Peoples' organizations connected with St. Andrew's church, has been successful in securing the services of the Rev. Dr. MacMillan, Halifax, for a lecture on "Amusements." The rev. gentleman's lecture on "Extremes" last October, when he was here re-opening St. Andrew's church, was universally allowed to be one of the best ever delivered in Chatham, and Dr. MacMillan's second appearance as a lecturer will be hailed with great pleasure,

MIRAMICHI MARBLE WORKS :- Now is the time to place your orders for cemetery work and avoid the spring rush. We have now on hand and coming one of the largest stocks of marble and granite monuments, headstones and tablets ever shown on the north shore, all from the latest designs and worked from the best material the market can produce. JOHN H. LAWLOR & Co.

DOUBLE AND TREBLE DEALING : - We have been shown three different kinds of calls issued by Mr. Myrt. Gaynor for the convention which was to cake place in Chatham last night. One was the advt. to which we referred last week; another a nicely printed and enveloped note, which he addressed and sent to leading Liberals, some of whom he was engaged in condemning before he thus honored them; and still another for large private circulation enjoining upon Mr. John Morrissey's friends the importance of being present at his convention. Whether Mr. Morrissey was a party to this method of getting up a meeting in his own behalf, and at which the farce was to be played of nominating somebody else who would not be allowed to run, we, of course, do not know, but the thing looked badly in the cold type of the Conservative World office, with the secretary's name appended to it.

We met a gentleman of Chatham yesterday who was laughing over the fact that "Myrt" had asked him to accept the candidacy of the great convention of last evening.

## The Wonderful Waragraph.

One of the greatest attractions in the Dominion of Canada will visit Chatham, on Nov. 2 & 3, under the auspices of the Citizens' Band. The Elison Waragraph Co. delighted immense crowds at the St. John Exhibition last month, and come highly recommended by the Montreal and Quebec papers. All who can do so, should aval themselves of this grand opportunity of viewing the different battles and scenes in South Africa; also the action of our Canadians at the battles of Modder River and Paardeburg. No one should fail to see this wonderful reproduction of the Boer War.

## Call Postponed

The Presbyterian congregation of Loggieville was called to meet, and did meet, last Monday evening in the hall, for the purpose of moderating in a call to a minister. Rev. D. Henderson, of St. Andrew's, Chatham, presided, and af er deliberating with the congregation, deemed it desirable to advise postponement, which was accordingly done. The next meeting will, we understand, be held on Wednesday, 31st inst. When is L ggieville to have a pastor settled over them? They are now about nine months vacant, and surely that is long enough even for the Presbyterian church, with all its exactness, to have a settlement effected.

## Ideal Treatment for Catarrh.

Mr. Robert F. Gray, of 256 Clarance street, London, Ont., says: "I believe Catarrhezone will produce a positive cure for Catarrh. After using it a few times relief was an assured fact. The disagreeable dropping in the throat soon lessened and the nasal passages became tolerably free and breath became less disagreeable. Catarrhoz)ne is an ideal treatment and I hope it will find its way into the hands of many affected ones." Catarrh-o zone is a guaranteed cure for Catarrh and Asthma. "POSTPONED .- The inquiry into Smith's charge that Dr. Cox illegally shot a caribou subject. When it came to the real, practical work of making the start, he lost his head, together with eight minutes over his buncle

Unreliable as the World is, it ought to have more regard for the truth than to make the above statement. Game Warden Robinson has made the charge referred to against Dr. Cox at the Chatham police court. Mr. Smith had no knowledge of the fact that the charge was to be made until a day or two after it was ente el for a hearing. At the request of Dr. Cox's counsel the inquiry was postponed until Saturday next. Misrepresentation like that of the World cannot possibly help Dr. Cox in the matter.

## More Bad Temper.

The World was out again last Saturday with his usual ill-natured references to "the catamaran man" in connection with the yacht-race of last Thursday. Mr. Smith's offence, this time, seems to be that he was

There was a glorious yachting wind ou steersmen had to be very alert, especially in the windward work.

Maude was out a considerable time, running about the river, before Oriana put out from her berth, so that the race, which was booked for 11 c'clock did not start until within a few minutes of twelve in good time with his steam yacht, Florence, having on board quite a number of club members, including the officers of the race

THERE HAVE BEEN poultry books printed costing fifteen do'lars and more, but there never has been one at any price with more beautiful colored reproductions of poultry, than those found in Biggle Poultry Book, an announcement of which appears in another column. The paintings were made direct from best birds of the different breeds, and the coloring and characteristic shape of each breed are perfect. As for the text, there never was a book printed containing more practical, level-headed information. Its chapters include, "Eggs for Hatching," "Hatching the Egge," "Care of Chickens with Hens and Brooders," "The Successful Care of Iucubators," "The Farmer's Flock," "The Village Hennery;" chapters on "Breeds" on "Fattening and Marketing," and "Diseases and Remedies," with the old and new school methods of treatment. One man wrote the publishers that, 'The Mottoes alone at each chapter heading were worth the cost of the book." I'wenty thousand copies of this admirable book have been printed.
