NOTICE TO HOLDERS OF TIMBER LICENSES

CROWN LAND OFFICE, 24 JULY, 1896. The attention of all holders of Timber Licenses alled to Section 19 of the Timber Regulations

which reads as follows ;--"19 No Spruce or Pire trees shall be cut by any Licensee under any License. not even for piling, which will not make a log at least 18 feet in length and ten inches at the small end; and if any such shall be cut, the Lumber shall be liable to double stumpage and the License be torfeited"

and all Liceusees are hereby notified, that for the future, the provisions of this section will be rigidly

and what the bonds will bring toin the money market. If we pursue the present policy, we cannot-owing to the fact that we can

borrow, even at 5%, only \$90,000 for \$100.000 of our bonds-obtain the money necessary to pay for the work we are doing, for we shall be just \$1,000

short for every \$10,000 hypothecated. It seems, therefore, that the commonsense course is to sell the bonds at once at the best price that can be obtained

for them The town's present method of hand-

ing the matter is calculated to injure its credit. The holding of the bonds is a purely speculative and therefore unsafe proceeding, for the extra one per cent. is steadily eating them up.

Senator Snowball and the Governorship.

The Toronto Globe's special of the st inst. savs: -

"Mr. McClelan's term as Governor of New Brunswick expires next month and there is considerable speculation as to who is likely to succeed him. It does not appear that the cabinet has yet made any choice, although the names of certain gentlemen have been mentioned in connection with the appointment. Senator Snowball is one of those spoken of, but there is no information from official sources to contirm the likelihood of his being

Chatham Town Council met is regular nonthly session on Monday evening, His Worship, Mayor Snowball, presiding. The minutes being read and confirmed

The Mayor read a leter of Miller Foundry and Machine Works in reference to alleged short payment on account of engine and

boiler for pumping station. Referred to Finance Committee. Ald. Maher read petition from Mrs. Ja Bergin asking reduction of taxes on

> property to \$5.50. Ald. Nicol suggested that the petition refeared to the F.nance Committee.

Ald. Maher thought the prayer of the petition ought to be granted forthwith.

Ald. Nicol moved it be referred to the Finance Committee.

Ald. Murray seconded this. Ald. Maher moved that the prayer of the petition be granted.

The clerk said the petition should have been presented within a certain time. The Mayor and ald. McIncosh thought

the petition should be referred. The petition was referred to the Financ

> Committee, the by-law on the subject so requiring, as shown by ald. Murray, who read it for the Council's information. Ald. Hocken, from the Public Works Committee read report as follows :-

Owing to the inclement weather, work on the completion of laying the water pipes has been somewhat hindered. The contractor now has men working on Cunard street, which is the last street of the system contemplated to be done this season.

So far the Superintendent has completed 33 sewer connections and 35 water services, and has application for 6 more sewer and 20 water services, and new applications are

being made every day. The large pump, which was shipped from New York on the 19th of last month and has not yet arrived, is being traced by the proper

railway authorities, and its arrival is looked for within a very few days. Mr. Scott, the engineer in charge of the work, is strongly of the opinion, provided the pump arrives within the next few days, to have the water on about the last werk of the present month.

be called for the purpose. Carried. Ald. Hocken asked why the Finance Committee's report had not given the names of the persons fined for violation of the Scott

He had heard that certain aldermen were desirous of suppressing them. Ald. Nicol said the names appeared in the account of Mr. Lawlor.

Ald. Hocken said that was not a part the committee's report.

Ald. Nicol said the parties were T Flanagan, 1st offence; Arthur McDonald, 2nd offence and Arch. Frakear, 3rd offence. Section 4 of the Finance Committee's

report was then adopted.

Ald. Nicol, seconded by ald. Wyse, moved that T. M. Gaynor be employed for two days each week during the month of December 1891 at \$1.75 a day, to assist the Town Treasurer.

Ald Murray : Has Treasurer Johnston been asked whether that would be sufficient

assistance ? Ald Nucol said Mr Johnston had said whatever the Council did he would accept. It might be that the required work would not be accompl shed under this arrangement.

but, if not, some other arrangement could be entered into. Aid Murray : But it may be too late then to have the work done in time.

The motion carried.

Ald Nicol read a number of bills which were ordered to be paid. Ald Murdoch moved, seconded by ald

Hocken, that \$975 be paid to J B Snowball Co, ltd, for boiler supplied to the electric light station. Carried.

Ald Murray, from the By-Law Committee, reported and read proposed by-laws relating

to Town water service as tolows : RATES. BY-LAWS AND REGULATIONS OF THE CHATHAM WATER WORKS. ADOPTED
