St. Andrew's Church Garden Party

One of the most enjoyable garden fetes ever given on the Miramichi was that last Thursday under the auspices and in aid of St. Andrew's Presbyterian Church. The beautiful grounds of Hon. L. J. Tweedie were thrown open for the occasion and hundreds of people patronised the Lawn party, with the result that St. Andrew's Church netted considerably over \$500. The supper prepared by the ladies of the congregation was well cooked and served with ueatness, and without the too-often hurry and excitement usual at such gatherings. The ladies having charge of this department are to be congratulated upon the excellent menu and service. Special mention must be made of the coffee, which was the acme of perfection. One gentleman was heard to say that 'it was alone well worth the price

Scattered around the grounds were booths for the sale of fancy articles, candies, fruit and iced temperance drinks; and all were liberally patronized.

Mr. P. C. Johnson and Master Arthur Mr. P. Landry, son of His Honor Judge became necessary to inter the remains here, Tweedie had charge of a dime museum and gathered in many a ten cent piece.

Miss Edgar sang very sweetly "For all Eternity." Mr. Norman Edgar playing the violin obligato Mr. F. K. Clarke's rich baritone voice was heard to advantage in the English song. "The Curfew," Perhaps the most enjoyable numbers on the programme were contributed by the Chatham Male Glee Club. Their work, which was unaccompanied (and music memorized) reflects great | pare it. credit on the director : all eyes were riveted on Mr. Wilson, who seemed to get all kinds of pleasing vocal effects from the singers by a slight wave of the arm or motion of the hand. Henderson, pastor of St. Andrew's, and his various committees, for the great pleasure they have given the community.

In reference to the \$10 item of Feb. 8th an endeavor was made to ascertain the authority on which Mr. Winslow acted, but no one at the council could remember any h ng about it. On the item of \$5, the Mayor said

Mr. McLaggan had paid that and Mr Winslow had given the town credit for it. Further consideration of Mr. Winslow's account, which amounts to \$190.71 was deferred until next meeting of council. Ald. Nicol submitted a number of billsfor papers transferring Citizen's Band instru-

ments to the town; in connection with

Governor General's visit; Chatham Board of Health, etc., etc.-all of which were ordered to be paid. Ald. Nicol, referring to a report of analysis of the water from the borings at the Morrison Brook, said it had demonstrated that the water was a pure and good one for domestic use. The above data leaves no doubt in my mind as the organic purity of these waters. From a chemi cal standpoint. I may say that the water contained in each of he three wells is quite wholesome fo As to your supposition that wells No. I and No. 2 have one common source. I must say that the analytical results do not bear out your theory. That there is some point of so none leaston between the vein supplying well No 1 and that supplying well No 2 seems probable by he fact that suppling one flow causes the other well to ove flow but there must undoubtedly be two separate veins, supplying water of quite different character as is evidenced by the chlorine content of well No 2 being about one-eighth of that in well No 1 and the total solds of the latter being about five times that of the former. The analysis levea's that the tide has practically no effect on the composition of the water in well No 1. Like vourself we have been unable to detect any brackish taste in the samples collected at high tide, and the analytical

data support the testimony of our seaso of taste. A. J. CHARRON. Asst, Chemist, Doin Exp Farms It was ordered that the report be placed

Ald. Nicol said something should be done in the way of thanking those who took part in the reception of His Excellency the Governor-General, and he moved as follows That the citizens of Chatham through its Town Council hereby accord to the necorating committee lately appointed in connection with the Governor Gene al's reception, and to all who by the attendance of steamers and steam yachts or in any other way contributed to make that reception a success -a hearty vote of thanks.
