H. C. Wilson, of Chatham, has been elected to the position of Treasurer of the Y. M. C. A. of Chatham. The following officers were elected and installed for the current year: T. M. Gaynor, President; E. Gallivan, Vice-President; W. N. Wain, Financial Secretary; Chas. Cassidy, Jr., Rec. Secy; John J. Noonan, Treasurer.

HONOR to a KENT COUNTY BOY—In recognition of the work he has done in oblation, Dr. Robert Jardine has been elected a Fellow of the Royal Society of Edinburgh. This coveted honor is one which is possessed by exceedingly few Canadians. Last summer Dr. Jardine spent a month with his parents at Jardineville. His many friends in Kent will be pleased to learn of his success.—Richibucto Review.

TO CURE A COLD IN ONE DAY. Take Lavator Bromo-Quinine Tablets. One dose relieves the fever. It kills the mucus. It cures the cold in one day.

HARBOR MASTER Walls was appointed the week the ADVANCE announced the fact. A conversation overheard by an eavesdropper a month ago—at the time we stated the appointment was probable—caused him to state, prematurely, that it was an accomplished fact. The parties knew he was listening at the time and so "pulled his leg" that he made the misstatement, believing, no doubt, that it was true, although his mode of getting the supposed news is one not to be commended.

A NAPAN FESTIVAL, etc.—Next Thursday afternoon and evening promise to be very interesting to all who go to the middle district school grounds at Napan, where there is to be a strawberry festival, the high tea and concert under the auspices of ladies of St. John Church. Besides an excellent vocal programme, with the usual accompaniment, the Citizens' Band of Chatham will furnish music. Tea is to be served from four until eight o'clock. The advertisement in another column furnishes further information.

MIRAMICHI MARBLE WORKS—Now is the time to place your orders for cemetery work and avoid the spring rush. We have now on hand and coming one of the largest stocks of marble and granite monuments, headstones and tablets ever shown on the north shore, all of the latest designs and worked from the best material the market can produce. Call and get our prices. They are right.

THE GRANTS WILL ISSUE—The newspapers who so bitterly assailed the Tweedie administration for mismanagement of the crown lands on the occasion of the combination of lumbermen on certain limits have been remarkably quiet over the splendid prices received for these very limits, which the government again offered for sale. This time the grants for the limits will be issued.—Telegraph.

BARTRIDGE TROUT—The experience of Mr. Geo. C. Allen, formerly of Newcastle, but now of Moncton, in having the usual good luck of anglers at Bartridge, has induced the Moncton Transcript to suppress its vindictive attacks against the Miramichi and say:—

"A very large number of people admired the exhibit of trout in the window of Allen's drug store yesterday. The largest weighed 2 1/2 lbs. another 2 3/4, another 2 1/2. These were caught in the Bartridge by Mr. Allen on Wednesday. The river is now in season to John Connell, a well-known hunter and guide and the charge for fishing is \$1 per rod per day. Mr. Connell also holds the tournament and has three different parties of American gentlemen coming to fish within the next month."

It is encouraging to find that the Transcript is sometimes induced to be truthful in matters affecting the north shore.

NETHERWOOD—North Shore young ladies were well in evidence at the closing exercises of the largely attended Young Ladies' School, Netherwood, at Bethany, St. John, last week. Miss Belle Hutchinson, Annie Snowball, Mary and Ethel Burchill, Mollie Girvan, Adele Johnson, Florence Hocken and Marguerite Desbriay were among those who shared the honors in the prize list and entertainment of the occasion.

Miss Desbriay, Girvan, Hutchinson and Snowball received special mention in the tableaux movement. Average study prizes were awarded to Misses Desbriay, Girvan, Hutchinson and Ethel Burchill. Miss Desbriay won the first class Bible prize and Mary Girvan the first in English and first in spelling.

NEW STEAMER—Mr. Fred Tweedie's new steam yacht, Venonah, was successfully launched on Saturday last. She is a handsome craft 37 feet over all, 8 ft. wide and four feet deep. She was modeled by Commander J. E. Miller of the Miramichi Yacht Club and built by Capt. John Bullock, the joiner work being by Mr. Joseph Mann.

The boiler of 8 h. p. was built in Montreal, and the engine—a steamp compound—was made at Roddick's Miramichi Foundry and Machine Works. She is fitted with electric lights and other modern conveniences, and Dominion boiler inspector Waring has passed her boiler and machinery for certificate, while hull inspector Olive will doubtless find her construction and general equipment fully up to standard requirements.

PERSONAL MENTION.—Rev. Dr. E. Wallace Wait, a former pastor of St. Andrew's church, Chatham, is paying a welcome visit among old friends here. He is the guest of Rev. D. Henderson, pastor of St. Andrew's.

Miss Colton of St. John, daughter of Post Office Inspector Colton, is the guest of Mrs. Fisher, Woodburn.

Miss Gussie Wright, of Boston, Miss Macneive, of Montreal, and Miss Maggie Motherwell, of Airdrie, Scotland, are the guests of Mrs. Snowball at Wellington Villa.

Rev. A. F. Robb was in town on Monday. Mr. A. Lucas was in town this week.

Mr. Moore Letson, of Vancouver, is making a holiday visit to her parents, Mr. and Mrs. Donald McLaughlin of Upper Chatham.

Mr. J. C. Harris, of Hamilton, Ont., who is making a holiday visit to the maritime provinces is a guest at Sunnyside, Chatham.

Mr. J. E. Peley of Melrose, Mass., was in town this week.

Asst. P. O. Inspector Whitaker was in town on Monday night.

R. H. Anderson, Esq., manager here of the Bank of Nova Scotia, has returned home from Campbellton where he was relieving Manager Laird who was enjoying his holidays. Now, Mr. Anderson is taking his holidays, Mr. Vessey continuing in charge at Chatham until Mr. Anderson's return.

Mr. John A. Wilson, of New York, is making his regular annual holiday visit to his numerous Miramichi friends. He had a warm reception at the railway station on his arrival last Wednesday night.

Capt. Wilson Garrett, of Toronto, Inspector of the North American Life Assurance Co., is in town.

Lower Bay du Vin to be buoyed. Mr. C. S. Bremner, of Hardwicke Village, has been awarded the contract for placing buoys in Lower Bay du Vin. The service will cover the water from outside of McLean Gully to the upper entrance of Bay du Vin Basin. A can buoy will be placed at the entrance of the McLean Gully and spar buoys at other places from that to the upper limit of Mr. Bremner's district. The work is in good hands.

Jubilee Celebration. The jubilee anniversary of the Ordination of Right Rev. Dr. James Rogers, D. D., the venerated Bishop of Chatham, to the priesthood, falls on Tuesday next, and we understand that preparations are quietly going on amongst the cathedral congregation here for

an appropriate recognition of the occasion. There will, probably, be a presentation of a address and eulogy in behalf of the parishioners and the Sisters of the Convent Academy have also in preparation a musical, literary and dramatic entertainment.

Sunday Work. An unusual and reprehensible incident took place at Douglastown last Sunday evening, of which a respected resident justly complains. He says that while the service was going on in St. Mark's Church, the proprietors of a tent show which had been exhibiting in a field adjoining that sacred edifice, engaged in removing their fencing-board and general outfit, and loading it on four teams from Chatham. The noise made by the workers disturbed the worshippers in the nearby church, and the whole affair was a very unusual one for a Sunday evening in a community whose people respect that day.

A Maritime Fat Stock Show. At a meeting of the Executive Committee of the Maritime Stock Breeders' Association, at Amherst last week, it was decided that a Fat Stock, Dairy and Poultry show will be held by the Association at some central point in the Maritime Provinces, on the 18th, 19th and 20th December next. The choice of location will depend largely upon the desire which different towns or cities express. Over \$2000 will be offered in prizes. After the cattle, sheep and swine have been judged alive, a number of them will be slaughtered and submitted to the block test. Lectures will be given on the breeding, selection and feeding of the different classes of animals, and as to the desirability of otherwise of the various carcasses. The Dominion Department of Agriculture is co-operating with the Provincial Departments to make the winter show a great object-lesson in meat production. Already a number of beef raisers are preparing to feed some good cattle. Handcups prizes will be given. A practical test of dairy cows will also be made. The nearest poultry Associations in the three Provinces will be asked to join with this movement, and to insure a grand poultry display. Dressed poultry, and the killing and packing of poultry for export will be shown. This show will furnish a splendid opportunity for our meat dealers to secure their Christmas supplies, and save them the trouble and expense of sending to Ontario, and there competing with Upper Province meat dealers, and will undoubtedly do much to encourage the feeding of more and better animals.

The Cause of Hay Fever. It's a microbe that floats in the air, gets into the throat and lungs, develops rapidly, excites inflammation, etc. The cause is as simple as a thistle in the finger. Extract the thistle, away goes the pain. Destroy the Hay Fever germ—you get well. That's why Catarrhose acts so marvelously in Hay Fever. Its fragrant vapor to you brings cure, but to the microbe death. Catarrhose is as quick to act on these microscopic organisms as lightning. Prevents as well as cures, and is always successful. Druggists, 25c. and \$1.00. or Polson & Co., Kingston, Ont. Sold by C. P. Hickey, Chatham.

Obituary. The sudden death of Mr. P. W. Morrison, formerly of the Royal Bank of Canada, and brother of Mr. Jas. A. Morrison, Chatham, occurred at his home in Summerside last Thursday morning. He was forty-five years of age. He married Miss Maude Wilbur, daughter of the late W. T. Wilbur, D. R. Chester, who, together with five children, survives him.

The death occurred recently at the Nelson B. C. hospital of P. W. De Brisy, civil engineer. Deceased went to Vancouver many years ago and worked for the C. P. R. He was also assistant City Engineer for some months. He leaves a widow and family. Mr. De Brisy was a native of Richibucto, N. B., and his family are among the oldest residents of New Brunswick.

Gas on the Stomach. result of imperfect digestion pressing up against the heart. It excites alarming symptoms. Instant relief is afforded by taking half an hour after the meal, two drops of Polson's Nervine in a little sweetened water. Nervine aids digestion, expels the gas and imparts a sense of comfort. Nervine is good for lots of other things, and wise people keep a 25c. bottle in the house for rheumatism, cramps, neuralgia, toothache, &c. Try it. Sold by C. P. Hickey, Chatham.

Chatham Lawn Tennis Club. At the invitation of Mr. Snowball the members of the above club met for the opening game of the season on the grounds of Wellington Villa on Saturday last. The active members played several games during the afternoon, which were much enjoyed by the large gathering of ladies and gentlemen present, after which Mrs. Snowball kindly entertained all present to tea.

The club will meet on Thursdays during the summer months. Today's game will be played at Embarras, by invitation of Mrs. L. J. Tweedie, and alternately hereafter at the same grounds as above. Different lady members have promised to entertain the club each week.

It is hoped that a match will be arranged later with the Miramichi Lawn Tennis Club, of Newcastle.

Mrs. Ernest Hutchinson has also invited the club to play occasionally at Douglastown.

Obstructing the Track. A railway sleeper which was placed squarely across the rails and made fast at each end to the ties in the road bed, was found on the E. C. R. near Barnaby River on Tuesday night 18th. The obstruction was found by a station official after nightfall and was promptly removed. Had it not been discovered when it was, a disaster would doubtless have occurred at that point. The probabilities were that the maritime express from Montreal would have been the first train to strike the obstruction, and as it was down grade and on a curve at the point where the sleeper had been placed on the rails, it is hardly likely that it would have been seen in time to prevent the engine from striking it. Inspector Skiffington visited Barnaby River on Wednesday 19th, and after inquiring into the matter, arrested a boy named Fred Goggin, 14 years of age, who lives in that vicinity. The accused was assigned before police magistrate Niven at Newcastle and the investigation postponed until yesterday 26th. In the meantime young Goggin was admitted to bail.

Marine Notes. Pilot Wilson, of Point Beconine, reports that on the 7th of June, ten miles W. by S. he saw the end of a beam of a vessel standing about eight feet out of water. It appeared that the side of the vessel was attached to the beam. Said beam was about ten or twelve inches square, redwood, or mahogany. Iron and other knees were broken off at the throat. The same day he saw the mast of a vessel standing perpendicular about ten feet out of water. The mast had been broken off; said mast was about ten miles W. by S. from Deadman's Island. He advises shipmasters navigating the Gulf to give these submarine obstructions a wide berth.—Globe.

The S. S. Lord Londonderry, cleared by Mr. F. E. Neale, Pilot Patrick Nowlan in charge, ran aground near Black Brook on the 13th inst. where she remained several hours, but finally floated and proceeded to sea.

Swedish barque "Iria" also loaded by Mr. F. E. Neale, with Pilot Joseph Jimmo in charge and with Pilot Dudley Walls in command of the towing tug boat, went on the "Lump" near the entrance and was badly damaged on 15th inst. The vessel had to be towed to Pictou for repairs.

On the 19th inst., the barque Johannes, with Pilot James Nowlan in charge and the barque "Italia" with Pilot Frank Martin in charge—both loaded by Mr. Timothy Lynch—ran aground when being towed down the river.

At a meeting of the Executive Committee of the Maritime Stock Breeders' Association, at Amherst last week, it was decided that a Fat Stock, Dairy and Poultry show will be held by the Association at some central point in the Maritime Provinces, on the 18th, 19th and 20th December next.

"The life of the Brothers of the Christian Doctrine, as Brother Præsidius often said, can be summed up in a few words; submission and obedience to Superiors, resignation to the holy will of God. This submission and this resignation he practised so well that peace the most profound was his inheritance to his last moments, which caused one of the Brothers to write to the Superior of the house at St. Paul, that his death had been as peaceful as could be that of an angel.

On the 18th of May the good Brother was obliged to undergo an operation to the success of which his great weakness put an obstacle, and on the 24th he succumbed, at 8 o'clock a. m., aged 83 years, 9 months and 24 days. The funeral service took place on the following Monday, twenty-seventh of May. The news of the death of worthy Brother Præsidius was a terrible blow to the Altain family, who expected to enjoy a visit from him during the coming vacation. We sincerely sympathize with the family in their sad bereavement. May the respectful and bereaved family permit us to offer our felicitations for the honor, which the life of abnegation and sacrifice of the dear departed reflects on his kindred.

The Late Rev. Joseph Allain. A writer in the St. John Monitor pays the following tribute to the memory of Bro Joseph Allain, who was well known to the older citizens of Chatham, and to whose death the ADVANCE recently referred:—

The sorrowful news of the death of Rev. Brother Joseph Allain, in religion Brother Præsidius, deeply grieved not only the respectable Altain family, but moreover his numerous friends. Brother Præsidius, son of the late Mr. Peter Allain, was born at N. Quaco, Northumberland County, N. B., July 31, 1847. Hardly twenty years of age, earnestly desiring to give himself to God in a religious order, he left the paternal roof and entered the Congregation of the Brothers of the Christian Doctrine, which laborious life under austere rule, charmed him.

He entered the Novitiate at Montreal, in 1868. Two years later he had the happiness of pronouncing his vows, and of binding himself irrevocably to his Institution. Shortly after he was sent to St. John, N. B., where he devoted himself to teaching until 1876, when he was chosen by his Superiors, to open a college at Chatham, N. B., of which he was the Director during two years. He was called to St. Catherine's, Ont., in 1878, to build a college which he governed until his Superiors opened up a wider field to his zeal: he was sent to Ireland to exercise the functions of Master of Novices, at De La Salle novitiate, Retreat, Castletown, Queens County.

After twelve years of labor and of devotedness, in a charge so important, the health of the worthy Brother Præsidius being greatly impaired, he was again sent to America in the hope that the climate of his native country would restore his failing health. The dear Brother spent the last winter at Gloucester, Missouri, U. S., before returning to Canada. But finding no improvement in his health, he went to St. Paul, Minnesota. Also it was only to die, for the physician declared his malady incurable, saying that perhaps but a few months of life remained to him, and at the same time that death could be very near.

Also it was only to die, for the physician declared his malady incurable, saying that perhaps but a few months of life remained to him, and at the same time that death could be very near.

"The life of the Brothers of the Christian Doctrine, as Brother Præsidius often said, can be summed up in a few words; submission and obedience to Superiors, resignation to the holy will of God. This submission and this resignation he practised so well that peace the most profound was his inheritance to his last moments, which caused one of the Brothers to write to the Superior of the house at St. Paul, that his death had been as peaceful as could be that of an angel.

On the 18th of May the good Brother was obliged to undergo an operation to the success of which his great weakness put an obstacle, and on the 24th he succumbed, at 8 o'clock a. m., aged 83 years, 9 months and 24 days. The funeral service took place on the following Monday, twenty-seventh of May. The news of the death of worthy Brother Præsidius was a terrible blow to the Altain family, who expected to enjoy a visit from him during the coming vacation. We sincerely sympathize with the family in their sad bereavement. May the respectful and bereaved family permit us to offer our felicitations for the honor, which the life of abnegation and sacrifice of the dear departed reflects on his kindred.
