Miramichi and the North Shore, etc.

GET THE RELIABLE KENDRICKS. CHATHAM TOWN COUNCIL is to hold a special meeting this evening.

FOR PAINS and Lumbago use KENDRICK'S LINIMENT.

THE WEATHER:—Up to the time of our going to press last night the wind had from the east and the rain and drizzle of the last fortnight continued.

THERE ARE OTHERS but only one Kendrick's Liniment, the greatest modern household remedy. For all Pains, Lumbago, Swellings get Kendrick's.

THE CANADIAN JUBILEE SINGERS gave an excellent concert in Masonic Hall, Chatham, on Tuesday evening. The attendance was large.

WILD GESE are making their appearance, not only in the air and flying in V and W formation for the boys and lads at the mouth of the Miramichi, but it is suspected that a few have been sold, even in Chatham.

MOTHERS, DO NOT FAIL to see that you obtain the original and genuine McLean's Vegetable Worm Syrup—safe, pleasant, and effectual at all times. At all reliable dealers. Do not be deceived, obtain the reliable McLean's Vegetable Worm Syrup.

THE PRESENT TOWN COUNCIL can do something to make people thankful for causing several tons of mud which they, last fall, placed at the intersection of Henderson and Wellington streets to be removed therefrom. The streets at that point are in a most disgraceful condition.

A GOOD APPOINTMENT—that of R. A. Lawlor, Esq., K. C. as one of the three commissioners to consolidate and revise the Statutes of New Brunswick—was made at the meeting of the Executive at Fredericton on Wednesday of last week. Mr. Carvell of Woodstock and Hon. A. S. White are the other commissioners.

MIRAMICHI MARBLE WORKS:—Now is the time to place your orders for cemetery work and avoid the spring rush. We have now on hand and coming out of the largest stocks of marble and granite monuments, headstones and tablets ever shown on the North shore, all from the latest designs and worked from the best material the market can produce. Call and get our prices. They are right.

DEATH OF MRS. SARAH BENT:—A Monoton despatch of Saturday says that "Mrs. Sarah, relict of John C. Bent, for many years a resident of Laquetrie River, aged 82 years, died suddenly on Friday night at the residence of her son-in-law, J. S. Rayworth, of the Customs department. Deceased belonged to Seckville.

UNSTABLE OF MIND:—As we had the paper made up for the present joint card signed by Messrs. Hocken, Hildebrand, Nicol and Murray, as admens-at-large candidates, was brought to us for publication. Subsequently, Mr. Nicol came to the office and withdrew his name from it, so the card appears with the other three names attached. Mr. Nicol got it alone.

IT COSTS the government one-fifth of a cent a pound to inspect hog meat which is exported. The examiners are stationed at all the great slaughtering centers where hogs are butchered for this microscopic examination which would be no need of this microscopic examination if hog culture laid down in this excellent Sense Book. You ought to get it. Send 50 cents to the Wilmer Atkinson Co., Philadelphia.

FOR COUGH, HOARSENESS, STOPPAGE AND FEVER use the GRANGER CONDITION POWDER. A genuine Condition Powder. Blood Purifier and Tonic. The Granger is guaranteed superior to many of the so-called Condition Powders in small and large packages.

THAT SKELETON:—Friday's Sussex Record published this item: "As we go to press we learn that in effecting some repairs on a house on Main street a skeleton has been discovered between the attic floor and the ceiling below, apparently having laid a long time in this hiding place."

THE ANNOUNCEMENT created some excitement in the quiet town, but it turned out that the skeleton was that of a cat.

THE ROADMAKER was sent out to scrape some of the streets on Tuesday but it was hard work at the lingering ice so many places prevented any improvement being made in that line. The crossing in front of the telegraph office was zipped up by the machine. Neglecting to use the snow-plough to clear the sidewalk of snow, or to make use of the roadmaker in the early part of the winter and sending the latter out too early in the Spring is a sample of the council's methods.

EASTER IN S. MARY'S AND S. PAUL'S:—The usual Easter services were held in S. Mary's and S. Paul's churches on Sunday last. The churches were handsomely decorated with flowers and the Rector delivered Easter sermons suitable to the occasion. Special selections of music were admirably sung at S. Paul's at 11 a. m. service at which the Holy Eucharist was celebrated. In S. Mary's, where the Holy Eucharist was celebrated at 7 a. m., Morning Prayer said at 9.30 a. m., and Evening Prayer at 7 p. m. The total offerings for various of it's amounted to \$65.65.

S. MARY'S CHAPEL:—The children of S. Mary's Sunday School will attend the morning service at 11 a. m. in S. Mary's Chapel on Sunday next. The children are all requested to assemble in the School Room as usual for the school hour from 10 to 11 a. m. and to be ready for the service in the Chapel at the later hour. They will occupy front seats during the service and will be prayed for by the Rector after Morning Prayer. They are requested to bring their Lent and Easter offerings to the Rector. All parents are asked to encourage their children to be in attendance. The Holy Communion will be celebrated in S. Mary's at 8 o'clock on Sunday morning instead of at the 11 o'clock service.

PERSONAL:—The Monoton Transcript says:—"Mrs. Marshall, mother of Bagler McMullin, Seckville, intends moving to St. John the first of May. Miss McMullin will accompany her."

D. T. Jonstone, Esq., of Bathurst, is in town and old friends are glad to see him. Rev. G. M. Young late pastor of St. Luke's church, here, has been granted leave of absence for three months for the purpose of attending the Methodist Educational Council, London, England.

I. B. Oakes, a former efficient principal of Chatham Grammar and High School, is county commissioner for the province of Nova Scotia, succeeding the late Ferman McClure, who died soon after his appointment to that office.

GASOLINE YACHT:—Although it is claimed that the gasoline engine has not yet been perfected for marine purposes, Mr. J. E. Ganong, of St. Stephen is investing in quite an expensive little yacht to be driven by that power. She will be 30ft. long, with a beam of 9ft. The cabin will be divided into three parts, the pilot house forward, then the main cabin with two pullman berths, then the galley and toilet room.

St. Paul's and St. Mary's Chatham. The Easter meeting of the parishioners of St. Paul's and St. Mary's was held, as usual, at the Parish Church. The business of the last Church year was duly reported upon and found to be satisfactory. The officers elected were as follows:—

To Our Readers. The ADVANCE will be obliged to its numerous readers if they will enable us to make references in our local columns to matters and events in which they are interested, or may think their friends may be interested. This they can do by giving the information in person at the office or writing to us about it. Many things proper to be noticed in the ADVANCE's columns do not appear therein, simply because our attention is not called to them by those who would like to see reference to them in the paper, but have omitted to do their part in making them known. Come, therefore, or write and tell us your local news.

Latest Despatch from Blyth Ont. Blyth... Everybody is remarking how well Mr. Pollock is looking since his recovery from bronchitis. He was sick for quite a long time, but Catarhoze cured him perfectly. What Mr. Pollock says in favor of Catarhoze is backed up by many other residents of Blyth who have experienced the greatest benefit from its use. Catarhoze is really a sure cure for Bronchitis, Lung and Throat Troubles, and as such receives a rank among the scientific discoveries of the age. We know of no remedy that can boast so many permanent cures as Catarhoze, and trust that those who need such a remedy will try it. Druggists list it in two sizes, 25c. and \$1.00. At C. P. Hickey's.

Revenue and Expenditure.

OTTAWA, April 6.—The Dominion revenue for the nine months ending March 31st was \$37,918,017, or \$1,067,049 an increase over the same period for the last fiscal year. The expenditure for the past nine months was \$38,627,612, an increase of \$2,576,000 over the nine months in 1900. The difference between revenue and expenditure on ordinary account shows a normal surplus of \$9,290,000, but there was expended in the nine months \$7,301,259 on capital account, or an increase of about \$800,000 over the same time last year, and if this is added to the ordinary expenditure then there would be nearly \$2,000,000 left to the good. However, there are no doubt outstanding accounts which will increase the expenditure. When the financial year closes it will be necessary, while having a large surplus on the consolidated account, to add a million or so to the public debt.

A Good Corn Remover.

A marvel of cheapness, of efficiency, and of promptitude, is contained in a bottle of that famous remedy, Putnam's Painless Corn Extractor. It goes right to the root of the trouble, there acts quickly but so painlessly that nothing is known of its operation until the corn is shelled. Beware of substitutes offered for Putnam's Painless Corn Extractor—safe, sure and painless. Sold at druggist's.

Board of Trade.

There was a meeting of the Chatham Board of Trade Wednesday evening, but the attendance was rather small. Mr. Geo. Watt, seconded by Mr. Barr, moved the following:—

That whereas the river Miramichi is a tidal river, and many vessels loading at the port require the highest spring tides to permit their passage over the bar and certain shoal places of the river; and Whereas the compulsory inspection of deckloads would cause in many instances a serious delay and detention of vessels, since the loss of one tide might delay a vessel two weeks; and

Whereas the compulsory inspection of this Board, the enactment of a law requiring a compulsory inspection of deckloads would be calculated to greatly injure the lumber trade of the Miramichi and would tend to place this port at a great disadvantage in comparison with other competing ports, unhampered by such unnecessary restrictions. Hon. J. B. Snowball strongly opposed the resolution, and argued that the proposed inspection would reduce insurance rates. After considerable discussion, the resolution was withdrawn.

Mr. Nicol spoke in favor of securing telephone facilities for the North Shore, and moved the following:—

Whereas, There is about fifty miles of line between Chatham, Northumberland County, and Tracadie, Gloucester County, in the Province of New Brunswick, unprovided with any special means of inter-communication between the two places; and whereas the inhabitants of and between those places are desirous of establishing a telephone line and are willing to contribute towards the same; and Whereas the interests of navigation and the light and buoy services would be very

much improved if said telephone line were constructed; therefore Resolved, That this Board of Trade respectfully urge upon the Dominion Government the importance of this work; and that a memorial be sent to the Honorable the Minister of Public Works, in conversation with the locality in question, praying for assistance in the same.

A Big Quarter's Worth.

is always found in a bottle of Polson's Nervine, the best household liniment known. It cures rheumatism, neuralgia, toothache, sick-stomach, in fact is good for everything a liniment ought to be good for. Mothers find it the safest thing to rub on their children for sore throat, cold on the chest, sprains and bruises. Never be without Polson's Nervine. It will cure the pains and aches of the entire family and relieve a vast amount of suffering every year.

More Game Law Violation.

Wardens will never cease! The World has, at last, a word of almost commendation for an officer who does his duty in securing punishment for infraction of the game law. It said, last week, "Walter Palmer of Barnaby River, is the latest victim of Game Warden Robinson's vigilance. He pleaded guilty before Police Magistrate Connors, Thursday, and was sentenced to jail for one month in lieu of paying \$50 fine. This is the lowest penalty for illegally shooting a bird. Mr. Robinson is the most active officer the department has had in this region."

Warden Robinson is without doubt worth more to the country as a game officer than any other man who ever acted in that capacity. He understands and acts upon the principles which operated on the minds of our legislators in enacting the game laws. These laws are for the protection and maintenance of a valuable interest which is the people's, and to do as they please with. Every moose, caribou or deer in New Brunswick is a part of the forest attractions of the country, which bring sportsmen here each season. The money these visitors spend in railway travel, at the hotels, for their supplies, for guides, teams, etc., is a hundred times greater than the mere market or meat value of the animals they hunt. The residents of the country are allowed privileges in hunting these animals, which are greater than those of the visiting sportsmen, for they are required to pay only a \$2 license fee while the outsiders must pay \$30.

Yet, there are persons who not only ignore the law by hunting without license, but by hunting in the close season, and Mr. Robinson is entitled to the thanks of the public, who own the game, for treating all violators alike and not being a mere figure-head warden.

He had some Upper Blackville cases before Police Magistrate Connors the other day. It seems that Levi Arbo, Alex. Arbo, Howard Arbo and Fred Arbo killed a bull moose about 7th March. Warden Wm. Connors, who is one of the best men Mr. Robinson has on his staff, had knowledge of the killing and an idea of about the time the hauling out would be done, so the Arboses were surprised when, about one o'clock in the morning of 14th of March, he met them in the woods as they were coming out with one of the quarters of moose and the skin. He seized these and communicated with Mr. Robinson who, to save them as much expense as possible—and he is ever considerate in this way—went to Upper Blackville and saw the whole four offenders, who promised to come to Chatham and appear before the police magistrate to be dealt with. He then arranged for the hearing to take place at the time agreed upon—on 19th of March—and, for their convenience, the hour was fixed at 7 p. m. so that they might not be detained unnecessarily in town.

The Arboses failed to appear, however, then, Mr. Robinson had summonses issued for them and a constable sent to serve them. The hearing was set down for 22nd March, when Levi and Alex. Arbo appeared, pleaded guilty and were fined \$50 and costs each. Howard and Fred failed to appear, as they promised to do, and were adjudged guilty and fined \$100 and costs each. The quarter of moose meat and skin that were seized were, meantime, sold at auction by Mr. Wye and brought \$12.50.

Howard Lyons of Boies-town, who is about 16 years old, we believe, killed a moose at McNamee early in March. Warden Douglas Price got on the case and arrested Douglas, whose father deposited \$50 with the warden, the young man acknowledging the offence. Warden Douglas sent the money to the Crown Land office, Fredericton. An order has been issued that the role of settling all infractions of the game law in court must be observed. This is in accordance with the practice followed by Warden Robinson and is the correct policy. No money is to be taken from offenders by Warden, excepting those of the men who are Justices and acting in that capacity. Mr. Robinson should one of these always takes his cases to the regular Police Court if possible.

Information was given to Mr. Robinson by Warden Howard Allan of Ecclesiac that Chas. Martin (Maxim's) Charles Martin (Chas. 2nd's son) and Joseph Martin, Jr., had chased a deer out on the ice of the Bay on Sunday, 10th March. Chas. (Maxim) had a gun, while Joseph had an axe and powder horn. The other appeared to have been fired from any concealment in the way of weapon, and was probably out for the fun of it. The deer, however, proved too elusive for the hunters and got away safely. Park, Carroll and Joseph Darell were amongst those who saw the chase and the men were charged—according to the information given—before Police Magistrate Connors on Friday 22nd.

The evidence of the parties was as peculiar as if they had belonged to a Natural History society. The man who had the gun, and who had the axe and powder horn to enable them—according to their story—the better to have an innocent view of a deer's running gait, were each fined \$100 and costs. They gave all the trouble they could to the officers in proving the offence.

CHATHAM, 9TH APRIL, 1901. Sir,—

COX vs. SMITH. Your issue of Saturday contains what purports to be an "agreement of settlement" entered into by Counsel in the above libel suit. The agreement in writing as quoted is correct.

As far as I am aware it was not agreed that the explanation should be published "with or without comment." There was no understanding or agreement between Dr. Currey and myself that costs were to be paid by the defendant to the plaintiff. In the negotiations for a settlement the defendant refused to consider the payment of costs by him, and I so informed the plaintiff's counsel.

Yours truly, R. A. LAWLOR.

DIED.

Dr. Cox's Libel Suit Troubles. The editor of the ADVANCE cannot but feel some interest over Dr. Philip Cox and his new troubles, most of which appear to have arisen in connection with his having been too easily induced to allow his libel-suit cats-paws to be used by the monkey-editor of the World to pull his chestnuts out of the fire. Dr. Cox is furnishing the bases of the choice literature on which the World is regaling its readers in connection with the settlement made of his ridiculous suit, and is also displaying letters around town purporting to be written by his attorney, Mr. F. A. Currey, of St. John, in which that gentleman

Meeting of Stockholders.

Notice is hereby given that a special general meeting of the stockholders of the Miramichi Steam Navigation Company, will be held in the Town Hall, Chatham, N. B. on Wednesday, at 2.30 p. m. to consider model, plans, specifications and estimate for a new steamer and to transact any other business brought before the meeting. Dated at Chatham, N. B., this 3rd day of April, A. D. 1901. J. P. BURCHILL.

man seeks to make it appear that he was practically, willing to abandon what he professes to have been a sure thing in the way of a verdict for Dr. Cox, because a St. John public man wanted him to have the matter settled.

Mr. Smith assures us to say in reference to this, that Mr. Currey, some time before the Court met in Newcastle, caused him to be approached by the St. John gentleman whose name Mr. Currey is using in his letters which Dr. Cox is displaying in Chatham. Mr. Currey, through this gentleman, proposed to strike out everything in the Cox charges excepting the portion in which Mr. Smith said that gentleman's violating of the game law and then publicly defending it was a dangerous thing for a mouler of the moral perceptions of the young to do.

In his reply to this approach for a settlement by the St. John party, on behalf of Mr. Currey—or Dr. Cox—Mr. Smith declined to do more than he afterwards did in the explanation which he subsequently consented to publish in consideration of Mr. Currey's assurance that the case was out of court.

When Mr. Currey came to Newcastle, at Court time, he again broached the subject of a settlement—this time personally to Mr. Smith—in the presence of a mutual friend, and said he did so because he was urged to by some outside party, whom he mentioned, one of whom has since told Mr. Smith that Mr. Currey approached him on the subject and endeavored to get him to use his influence with Mr. Smith to induce him to do something to justify him in withdrawing the suit. Mr. Smith avers that he never asked for a settlement and the last word he had with Mr. Currey on Tuesday afternoon, 26th ult., after the Court had adjourned, was that he would return the next afternoon to Newcastle and go on with his defence.

Without a word in regard to the case from Mr. Smith or anyone in his behalf from Tuesday afternoon, Mr. Currey rose in Court, of his own motion, Wednesday and applied to have the suit made a remanet.

Why did he do so? It was through no request or seeking of Mr. Smith, who was ready to go on with his defence, and Mr. Currey knew it. The fact is that Mr. Currey had made up his mind to try the suit, for he afterwards said so, and he accepted the best terms of settlement he could get viz. the publication of Mr. Smith's explanation, knowing that Mr. Smith had refused and would continue to refuse to entertain any proposition that would involve his paying costs.

Mr. Currey did not stipulate that Mr. Smith was to publish the statement agreed upon without a word of explanation, or, as he put it, "with comment." He said, however, to Mr. Smith on Wednesday afternoon, that there were no costs.

Now, Mr. Currey shifts his ground from the former statement made on his alleged authority, that it was Mr. Smith who agreed to pay the costs, and the World publishes a statement over his name, saying that the agreement in regard to costs was "entered into by Counsel of the parties herein."

Mr. Lawlor, K. C., who acted for Mr. Smith, after Mr. Currey, in that gentleman's presence, positively proposed the settlement, declares that he did not, at any time, enter into any undertaking in reference to costs, but, on the contrary, assured Mr. Currey that it was futile to make any proposition to Mr. Smith for settlement if the payment of costs by Mr. Smith was to be one of the conditions. Mr. Lawlor also says he heard nothing about Mr. Smith undertaking to publish his explanation without comment. Sustaining this position of Mr. Smith is the following which Mr. Lawlor has sent to the editor of the World:

CHATHAM, 9TH APRIL, 1901. Sir,—

COX vs. SMITH. Your issue of Saturday contains what purports to be an "agreement of settlement" entered into by Counsel in the above libel suit. The agreement in writing as quoted is correct.

As far as I am aware it was not agreed that the explanation should be published "with or without comment." There was no understanding or agreement between Dr. Currey and myself that costs were to be paid by the defendant to the plaintiff. In the negotiations for a settlement the defendant refused to consider the payment of costs by him, and I so informed the plaintiff's counsel.

Yours truly, R. A. LAWLOR.

The falsehoods concerning and abuse of in connection with this subject are of a piece with the spirit in which the prosecution has sought to involve the whole case from the time of its origin until the present. Mr. Currey writes to Mr. Smith to say that he has not communicated with any one save his client and Mr. R. A. Lawlor on the subject of the suit. The statement of the editor of the World that he had this and that "in black and white" from Mr. Currey, therefore, meant only that Dr. Cox was furnishing him with the material on which the abuse of Mr. Smith, in Dr. Cox's supposed interest, was published by the paper.

There are people in the community who, no doubt, think Dr. Cox ought to be better employed than in work of this kind. His course is far from commendable, and he will find that it will not work the injury to Mr. Smith which he hopes to accomplish, while it may result to his own disadvantage in displaying him before the public in his true colors. He is, of course, playing into the hands of the editor of the World who, to use a familiar slang expression, is "pulling his leg." The Doctor's peculiar temper prevents him from realizing the design underlying the World's side in his case, and he imagines that he is impressing the public with the belief that he is a very much injured man, while everyone else suspects that personal vanity as well as malice against Mr. Smith are the forces being organized to drive him towards rocks on which he is going to suffer shipwreck in this libel-suit matter.
