OBITUARY :- The sad news of the death of M.s. Edward W. Gaynor on F.iday, 11th inst., and of her mother, Mrs. Elizabet Keoughan, widow of the late Martin Keoughan, on Saturday 12th has been received here from New Orleans, La, and called forth great sympathy for Mr. Gaynor, who is left comparatively alone, with four young children-the youngest only a fortnight old. Mrs. Keoughan's death was very sudden-caused by prostration through grief over that of her daughter.

PERSONALS : - Premier Tweedie has been confined to his home this week by an attack of grippe.

Mr. Samuel Upton, a returned Paardeberg hero, who was a member of the first Canadian Contingent and war correspondent of the Montreal Witness, is in town as the representative of Messrs. Wm. Ewing & Co., Seedsmen, of Montreal, having returned to his former avocation of commercal traveller Mr. C. A. C. Bruce's many friends are glad to see him home again from a business trip around the Bonaventure and Gaspe coast.

CORPORAL WARD, who was entertained very handsomely Monday night by the O angemen, in Oddfeliows' Hali, was simi larly honored by the Sons of Temperance on Filday evening in their hall, opposite his mother's residence. He deserves all these pleasant recognitions of his merits as a young man who has passed through an arduous campaign, done service to the empire, assisted in doing honor to Canada and his native town, withstood the temptations of his environment and remaining true to his temperance principles, has returned to his former employment honored by all for his consistent, manly and modest qualities. MANY WOMEN throughout the country make pin money out of their chickens. We have known of women who have clothed the eatire family with the proceeds of the poultry yard, and some have paid off mortgages and others bought their homes by intelligent management of their flocks. Everybody interested in chickens should get Biggle Poulary Book. It is so full of helpful suggestions and short cuts to success, and has so many years of costly experience boiled down for its pages that it is poor economy to do without it. It will help increase the income fom the poultry yard, and has started many an amateur or misguided professional on the right track.
