There is nothing like Asthmalene. It brings instant relief, even in the worst cases. It cures when all else fails.

The Rev. C. F. WELLS, of Villa Ridge, Ill., says: "Your trial bottle of Asthmalene saved me in good condition. I cannot tell you how thankful I feel for the good results from it. I was a slave, chained with putrid sore throat and Asthma for ten years. I despaired of ever being cured. I saw your advertisement for the cure of this dreadful and tormenting disease. Asthma, and thought you had overruken yourselves, but resolved to give it a trial. To my astonishment the result acted like a charm. Send me a full-sized bottle."

Rev. Dr. Morris Wechsler, Rabbi of the Cong. Bnai Israel, New York, Jan. 3, 1901.

DR. TAFT BROS. MEDICINE CO. Gentlemen: Your Asthmalene is an excellent remedy for Asthma and Hay Fever, and its composition alleviates all troubles which combine with Asthma. Its success is astonishing and wonderful.

AVON SPRINGS, N. Y., Feb. 1, 1901.

DR. TAFT BROS. MEDICINE CO. Gentlemen: I write this testimonial from a sense of duty, having tested the wonderful effect of your Asthmalene for the cure of Asthma. My wife has been afflicted with spasmodic asthma for the past 12 years. Having exhausted my own skill as well as many others, I chanced to see your sign upon your windows on 130th Street, New York, I at once obtained a bottle of Asthmalene. My wife commenced taking it about the first of November. I very soon noticed a radical improvement. After using one bottle, her Asthma has disappeared and she is entirely free from all symptoms. I feel that I can consistently recommend the medicine to all who are afflicted with this distressing disease.

Yours respectfully, O. D. PHELPS, M. D.

DR. TAFT BROS. MEDICINE CO. Feb. 5, 1901. Gentlemen: I was troubled with Asthma for 22 years. I have tried numerous remedies, but they have all failed. This testimonial you can make such use of as you see fit.

A Paper for the Farm and Family Circle.

"The Maritime Homestead," is the name of the latest-established periodical that has come to us. It is a well filled paper, and has a variety of excellent contents, embracing all departments of agriculture and matter for home reading. Its managing editor is Mr. W. Hubbard, who needs no introduction or recommendation to the people of New Brunswick, at least, as he has been creditably identified with its agricultural progress for many years, although he is yet a young man. St. John and Halifax are joined as the places of publication for the new paper, which is issued on the second and fourth Tuesdays of each month, at fifty cents a year. The St. John office is at 41 Dock street and the Halifax office, Room 22, Herald building. The paper is one of twelve large pages, and it ought to have a large circulation, as it is excellent value for the price.

You Have Catarrah.

You have had it a long time. Probably it is getting worse, but still you neglect it. Neglect it despite the fact that this is the best season of the year to cure Catarrah. It's easily and permanently cured by the very pleasant, medicated air treatment, "Catarrahzone." You must know the name, for everybody is talking of its wonderful cures. Catarrahzone is the only remedy that promptly, effectually, always cures Catarrah. Doctors recommend it, and druggists sell it in two sizes, 25c. and \$1.00. Sold by C. P. Hickey.

Not a Caraqueet Boat.

The Charlottetown Guardian Thursday morning says: "About dusk last evening a small schooner, probably a fishing boat, was seen trying to beat into Malpeque harbor. The sea was rough at the time, with a north-wind blowing, and four men were seen to be on board. In course of time the vessel was seen to sink, and it is feared that all on board are lost. The spar of the vessel can be seen above the water near the entrance to the harbor. At the time when our correspondent telephoned the news, last evening about eight o'clock, nothing further was known, but it is surmised the boat and men might belong to Caraqueet, N. B.

Friday's Guardian says.

A number of men who went from Le. 21 to Malpeque yesterday identified the boat sunk off the Pointe-au-Loup wharf on Saturday night and since raised as the one in which Mr. George Banks and Mr. George Barwise sailed from Bideford on Friday bound for Malpeque. Owing to the rough weather the attempt to search for the bodies was postponed.

A True Nerve Tonic.

Blackville is becoming a most advantageous big game centre and our correspondent there says that sportsmen are fortunate if they can secure the guidance of Mr. J. R. McDonald of that place, who never fails to put his patrons on their complement of moose and caribou.

Two men from Buffalo shot a moose and two caribou near Tatagouche lake, Gloucester County, last week.

Last Friday evening, Mr. W. F. Humphrey, M.P.P. killed a 700 lb. bull moose at Coal Branch, Kent County.

Major Maudsley, who was in Chatham last Saturday and Sunday, accompanied by Mrs. Maudsley, took on Monday morning for the Whitney Brook moose hunting grounds. Mrs. Maudsley has gone to Halifax, in the meantime, where she is to meet her brother.

Mr. R. H. Armstrong, with San Johnston as guide, brought out from the Little Southwest Miramichi grounds what is probably the best moose head in New Brunswick.

The horns, which have sixteen points each, spread 62 inches and are beautifully formed, with wide palms. Mr. Armstrong saw more than a dozen moose, but he and his guide were in the road the wagon upset, throwing Mr. Johnston and the little girl out. The maddened horse ran away down Duke street, and by the time it reached the corner of Wentworth it had broken the wagon pretty thoroughly and received several cuts on its legs. It fell near Lawlor's stove works, where it was soon surrounded by the usual crowd, put to rights as soon as possible and taken home.

Meantime, Mrs. Johnston had the satisfaction of realizing that she was not seriously hurt and that her niece, who had fallen on her as they both went out, had also escaped serious injury.

The cause of the mishap is one of a number of dogs in and near the town the object of whose attention seems to be to attack passing horses, and although it is against the law to carry fire-arms in the streets, persons who drive horses would, we think, be justified in defending their property by going armed for the purpose of ridding the community of the dangerous pests. There is one particularly large and dangerous brute near the upper limit of the town that some horse-driver ought to have shot long ago.

A NARROW ESCAPE from very serious injury was the good luck of Daniel Ferguson, Esq., Collector of Customs, yesterday. He was passing up Henderson street a few minutes after one o'clock, and, as he was within a few feet of Duke street, a squall of wind struck an old and decayed poplar tree at the corner, on the property of the late Robert Blake, now occupied by Mr. Thos. Fitzpatrick, and it came crashing to the ground about three feet in front of Mr. Ferguson. It was over a foot in diameter and fifteen or twenty feet in length. Had it fallen on the Collector it must have either killed or seriously injured him.

Desmond, M. D. empaneled a jury and took the evidence of Capt. Barnly, the mate and a seaman and the jury returned a verdict of accidental death. It appears that the deceased and another man were engaged in preparing to send down the fore yard and in some way he lost his footing and fell, striking the crossbeams and it is thought this caused his death. The young man was a capable sailor and had been in sea for six years. The body is and had to be in St. Mary's cemetery. The floral tributes were numerous and pretty.—Advocate.
