new subscribers paying seventy cents will receive the ADVANCE, the MONTREAL HERALD and WEEKLY STAR...

It is NOT TRUE!—The St. John Freeman says:—

It is indeed regrettable that common report should attribute such intemperance to the town of Chatham...

The Freeman should not believe the untruths and exaggerations which appear in the World on the subject of drunkenness in Chatham.

BACK FROM LONDON!—Messrs. Jones, Craig, Ross and Stothart, members of the Coronation Contingent arrived home Sunday morning.

THE CONGREGATION of St. Mary's R. C. church, Newcastle, are to hold their annual picnic in the Davidson field on Wednesday, July 30th.

THE CONTRACT for building the Agricultural Exhibition Association's track has been awarded to Mr. James Bryanton, of Dorcy, at \$1,898.

BETTER LIGHT!—The removal to a better position and increase of the power of the electric light near the fountain in Elm Park is a decided improvement.

FANCY SALE, ETC.—Mrs. Margaret's Guild, of St. Andrew's church, Newcastle, held a fancy sale and tea in the Davidson store yesterday afternoon.

COUNTRY AHEAD of the city for residence. But, alas, neither place is proof against coughs and colds, and Adamson's Balm Cough Balm is welcome in both localities.

THE BARQUE KALSTAD, Capt. K. em, is provisionally registered ashore at Beaver Point, Restigouche county, is a total wreck. Survey was held by Mr. Wm. Wallace, port warden of Dalnourie, and the vessel condemned.

GARDEN PARTY!—The ladies of St. John's church will hold their annual Garden Party on Mr. R. H. Anderson's grounds on Wednesday next, 23rd inst. High Tea will be served, a sale of fancy and useful articles held and a good time given to all who come.

BATHURST VILLAGE!—The ladies and choir of the Village of the Holy Family, Bathurst Village, held an ice cream festival on the church grounds on Tuesday and Wednesday last week, with a sale of useful and fancy articles, the proceeds to be applied to the purchase of an organ and library for the church. The attendance was large and the results very satisfactory.

BODY FOUND!—At Campbellton on Monday some boys discovered the body of a man in the woods back of the town. Marshal Duncan and Coroner Doherty visited the place. The coroner considered on inquest unnecessary. The body is believed to be that of a man named Charles Pedard, who wandered away some time ago and probably died of exhaustion.

"MORE THAN THREE MONTHS!" Referring to the bills rendered by the doctors who attended President McKinley and Garfield, a local paper says:—"The physicians who attended President Garfield from the time he was shot early in July, until his death in the latter part of September, a period of more than three months," etc. It may be assumed that the statement was a "censored" one, published in a moment of absent-mindedness.

MIRAMICHI MARBLE WORKS!—Now is the time to place your orders for cemetery work and avoid the spring rush. We have now on hand and coming one of the largest stocks of marble and granite monuments, headstones and tablets ever shown on the north shore, all from the latest designs and worked from the best material the market can produce. Call and get our prices. They are right.

JOHN H. LAWLOR & Co. S. of T. [Whiteville] Division S. of T. has elected the following officers for the current quarter:

W. P. A. Maud Menzies; W. A. John Brander; R. S. Ruth Mutch; A. R. S. Pear; McAllister; F. S. Cole; Whitney; Tress; George McLean; Chap; Mrs. Addington McLean; Con; Clifford Parker; A. C. Alice H. McKay; I. S. Wm. Hare; O. S., Addington McLean; P. W. P., Wm. Sheard.

THE FIRE ALARM of Tuesday evening was caused by what looked like a burning chimney of the building on Water Street occupied by tenants and in which the Lucey restaurant is situated. No damage was done.

During the evening a second alarm was rung. The operator was a boy who, seeing a lot of people running towards the West end Water street row factory, thought it was a fire and acted accordingly.

PASSED!—D. O. E. Coleman, Chatham; Narcis Dunct, Dalnourie, and J. B. MacKeay and L. C. Pica of Campbellton, have passed the professional examination held under the direction of the council of physicians and surgeons of New Brunswick

and are entitled to practice in this province. Joseph Price, of Campbellton, is amongst those who have passed the primary examination to permit him to begin the study of medicine.

ILL LUCK!—Mayor White and wife and Col. Jones and wife, who spent a week fishing at the Grand Falls of the Nepisiquit, returned home on Saturday. The fish had not yet struck in at that resort, and so they had no luck, but bites of another kind were plentiful.—St. John Globe.

It is suggested that those Turgenev nets above the Bathurst bridge, authorized by Minister Sutherland, are getting in their deadly work.

It is NOT TRUE!—The St. John Freeman says:—

"It is indeed regrettable that common report should attribute such intemperance to the town of Chatham as reaches the outside world through the medium of the Chatham Press."

The Freeman should not believe the untruths and exaggerations which appear in the World on the subject of drunkenness in Chatham.

declaim, the wheels being held firmly by a deal at each side, while other deals, placed crosswise between the wheels checked them. On the way up, however, a sudden squall struck the barge, which was in tow of the steamer "St. Isidore," and lifting the buggy from its position carried it bodily some distance away where it fell into the sea and in a few minutes sank. The barge men do not report any of the deals were taken by the squall, or that anything else was wafted aloft and dumped into the sea. Only the securely checked 3000 buggie was selected by the frisky wind as its prey.

Pains in the Back, from straining the muscles or from pain in the kidneys, soon yields to the soothing influence of Kendrick's White Liniment. There is no pain that will not yield to this wonderful remedy.

A Serious Offence. Policeman Hannah arrested a man named Adam Johnston about midnight on Saturday night because he was intoxicated, making a noise and refusing to go home. After he was put in the lockup, one of his companions—Wm. McMullen—obtained an order for his release from the police magistrate, on his depositing \$5, provided no charge save that of drunkenness stood against him. He was released about four o'clock a.m. and spent the time between that and six looking for the policeman and threatening that he would leave him alive. As policeman Hannah was going home about 6 o'clock on Sunday morning he was met by Johnston, McMullen and others and beaten into insensibility. Nothing was done in the matter on Sunday or Monday. It is said Johnston left town on Tuesday. The whole episode ought to be the subject of a most searching investigation. If the policemen would not make chums of such characters as those engaged in this assault they would be better enabled to maintain order and command the respect of those inclined to loaf on corners and disturb the peace.

Valuable Advice to Mothers. If your child comes in from play coughing or showing evidences of an approaching attack of Grippe, Sore Throat, or sickness of any kind, first thing get out your bottle of NERVINE. Rub the chest and neck with NERVINE, and give internal doses of ten drops of NERVINE in sweetened water every two hours. This will prevent any serious trouble. No influenza or pain reliever equals Polson's NERVINE, which is a necessity in every household. Large bottles cost 25c.

Orange Parades. The Oranges of the Province celebrated the 12th July—Saturday—at different centres. Those of Restigouche, Gloucester and Northumberland assembled at Newcastle, to the number of about 500 and had an inspiring march in procession headed by Black Knight P. Heine, as the traditional representative of King William, mounted on a white charger, and the Newcastle-Orange band. Mr. John Brooks was marshal, and his duties were well performed. In the line, in order, were Restigouche Lodge, Gloucester Lodge, Blackville, Indiantown, Chatham and Newcastle Lodges, and Sarslet Knights on foot and mounted. After the parade, the procession left its formation and assembled in the field near the Station road, where speeches were delivered and out-door games and exercises carried on. The speakers were H. Wyse, chairman; D. J. Schofield, of Blackville, Mayor Donald Morrison, and Geo. Brown, of Newcastle; S. Babiker and P. Heine. Everything passed off smoothly and the visitors were delighted with Newcastle and the hospitable treatment they received.

Big Newfoundland Pulp Mill. [Bay of Islands, N.B., Star.] Some time ago the Star announced that a large pulp mill would be erected at the head of Deer Lake. And sure enough the new enterprise will be established. Louis Miller, of Scotland, and Mr. Reid, are the gentlemen who are to undertake the extensive work; and that such enterprising capitalists have the industry in hand, goes to show that the resources of this colony are by no means confined to fish and minerals. The mill is to have a capacity for the output of 150 tons of pulp daily, and when everything will be in working order about two thousand operatives will be employed. There are large beds of spruce forest at the head of Deer Lake and near Grand Pond, capable of feeding the mill for many years to come. It might be supposed that a pulp mill will clear out the forests in quick time. Such an idea is erroneous. Pulp mills are as pygmies beside the saw mills, whose consumption is twenty times as great. No one is more concerned in the vital question of forest preservation than the owners of pulp mills. No young trees are felled; only those trees with a greater trunk diameter than six inches are used, and these are scientifically selected.

Work will begin almost at once. The mill and other buildings will take about nine months to complete. The machinery has been ordered. Water power to any extent is available. In the marble beds of the Humber River are unlimited supplies of lime and at no great distance are immense deposits of iron pyrites, containing 60 per cent. of sulphur, from which sulphuric acid is made, an article indispensable for pulp making.

Bay of Islands, not more than thirty miles distant, will be the shipping port for the output of the mill.

St. John's Church. The dedicatory services in connection with the opening of the St. John's church were continued last Sunday when the Rev. D. McGregor, M. A., of Amherst, preached with great acceptance morning and evening. At the morning service his theme was "The vision of God and what it will do for man," founded on II Cor., 4: 17-18. At the evening service his theme was "The rest which Christ gives," Matt. 11: 28.

Both sermons were strong, eloquent and extremely practical, and were listened to with deep attention by large congregations. In the afternoon a rally of young people and Sunday school children was held, when addresses were given by Rev. A. W. Lewis, and the pastor, Rev. J. M. MacLean.

Miss Annie Shirreff sang at each service. Too much cannot be said of her singing. It was delightful and inspiring. Perhaps never before was she heard to such advantage in Chatham. She was in excellent voice; her selections were of the best, and the acoustic properties of the building enabled her to do herself full justice. She certainly has a voice of great power and sweetness, and her rendition of "The Choir Invisible" at the evening service left nothing to be desired. The congregation of St. John's church are to be congratulated on having secured her for their opening services.

Mrs. Charles Sargeant presided at the organ at all the services and gave the greatest satisfaction. The success of the musical part of the services is due in a large measure to her efforts.

The choir of the church deserve special mention for the excellent character of their work. The collections for the day amounted to \$100 making \$335 for the two Sundays. This does not include any subscriptions.

A Liniment That is Useful for a variety of purposes and does the work well and satisfactorily, is a genuine Family Liniment and should be always on hand when needed. This is Kendrick's White Liniment. All dealers sell it.

Angling. A very pretty lot of trout were shown at the Canadian Express office yesterday morning, being the product of a couple of days' fishing on the Carquet and Pokemouche rivers by Dr. McCall, Messrs A. H. Newman, J. W. H. Roberts and G. W. Maddison. The exhibit included two three-and-a-half pounders, and quite a number ranging from a pound to two and a half pounds. The larger fish were taken from the Pokemouche and were pronounced by fishermen to be the prettiest specimens of the speckled beauties seen in Moncton this season.—Times.

Mr. Edw. Johnson and Alderman M. S. Hooke had a day's fishing in Bartibog river on Tuesday last week and came home with a lot of two and three pounders.

Mr. E. L. Jarvis, of the Bank of Montreal must have some special nooks of his own for fishing. After bank hours he slips out of town on his wheel, with his short rod and reel. After dark he will steal back home like an eel with more trout, a good deal—some as big as a seal—than the fellows who feel that they are "it."

The Advocate says:—"Col. Call and his S. V. Parker, had good sport on their fishing trip on the North-west. Mr. Parker succeeded in landing a fifteen pound salmon after an hour and ten minutes' fight. They also caught two grise and a number of trout. The grise were both badly net marked. While Mr. Parker was busily engaged in fishing at Call's pool, a large bull moose waded up the stream to within 200 yards of him, surveyed him in wonderment, then walked leisurely up the hill out of sight."

We hope the moose was not badly net-marked, also.

The Critical Time of Life. In between the years of fifty-seven and sixty-two. Nature's power slows down, vitality becomes less, and the progress of decay sets in. A means of extending old age and re-energizing decreasing vigor is to take FERROZINE after meals. Ferrozine keeps up the appetite, and in the formation of red, vitalizing blood, imparts clearness to the vision, brain, force, energy and spirits just when they are needed most. To take Ferrozine regularly means adding from ten to twenty years to life. Large boxes 50c, or 6 boxes for \$2.50 at Druggists, or Polson & Co., Kingston, Ont.

DR. HAMILTON'S PILLS ARE CERTAIN.

Premier Tweedie on New Brunswick as a Home for the Britisher.

Among the group of Canadian Provincial Premiers who have made the Grosvenor Hotel their headquarters are Mr. L. J. Tweedie, of New Brunswick, and Mr. Murray, of Nova Scotia. When a Canadian Gazette representative called upon them last week, the King's illness and the consequent postponement of the Coronation had not been made public, and they were discussing the necessity of hiring two carriages to carry themselves and some fellow Ministers to the Abbey service at a cost of 30 guineas, which was what the liveries were demanding.

Mr. Tweedie having discovered that exorbitant prices for vehicles was a feature of London at this time, the reporter endeavored to find out from the New Brunswick Premier what in his opinion were the chief features of that Province. "Lumbering, fishing, and agriculture are the industries on which we chiefly rely," he replied.

Mr. Tweedie then told the newspaper man all about the country's business, concluding as follows:—"During the last three years settlers have been coming into the Province in goodly numbers from Great Britain. This is especially due to the efforts put forth by the Provincial Government in sending a special commissioner, Mr. Albert Hickman, to this country, and his work, coupled with that of our Agent-General in this country, is resulting in emigrants arriving by nearly every steamer. In the last two years we have had an addition of over 2,000 emigrants.

It would be hard to conceive a more favorable country for English settlers. The soil is not high. The laws of the Province are well administered. There is great liberty of the subject. Crime is little known. In nine counties of the Province we have the Canada Temperance Act in force, and in five others very stringent license laws prevail. In this connection I may say that the Provincial Government has no intention of introducing a Prohibition Bill at the present time."

Speaking of the port of St. John, Mr. Tweedie said it was advancing rapidly, and was now seeking assistance from the Federal Government towards increased shipping facilities. There was no doubt, he added, that within the next ten years the city would double its population.

Personal. Rev. A. M. McLeod, of Millerton, has been obliged to cease from work for a time and has gone to his home in Nova Scotia, owing to ill health.

Pierre Ludry, Jr., of Dorchester—a son of his Honor Judge Ludry—has taken a position in Dominion Engineer Day's office here for the summer.

Miss Lottie Troy has been in town this week, spending a part of her summer vacation with relatives.

Miss Grace Murray, of Doaktown, is the guest of Miss Laura Morrison.

Mrs. L. S. Brown, of New Glasgow, is amongst Chatham's summer visitors. She is the guest of Mrs. J. V. Messerance.

Dr. O. J. McCall, after a successful professional visit to Chatham, has returned to St. John.

Richard Joyce, jr., of Toronto, is spending his holidays with Newcastle and Chatham relatives.

Rev. Geo. Anderson, of Somerville, Mass., is making a vacation visit to the Miramichi. Mrs. W. C. Whitaker of St. John, is making a summer holiday visit to her sisters, the Misses Marshall.

Mrs. Lucius Dickson, New York, who is spending a few months with friends in New Brunswick and Nova Scotia, has for the past few days been visiting here. She left Monday for Sackville, where she will visit for a short time with Mrs. Joseph Black. From there she will go to Fredericton (N. B.), Snowball, Governor of New Brunswick, who is her brother.—Truro News.

R. A. Lawlor, E-q. K. C., left home Tuesday morning for Boston.

Mr. F. M. Tweedie went, on Tuesday morning, to St. John and thence to the Queen's County court fields. He will probably return at the end of the week.

Miss Snowball returned home from Fredericton on Saturday night.

Mrs. W. B. Snowball and family have taken up their residence for the summer at their Bathurst cottage. They went down in the str. St. Nicholas on Saturday, quite a large party—city ladies—making the excursion as the guests of Mrs. Snowball, senior, and returning Saturday evening. Mr. W. B. Snowball remained until Monday.

Rev. Edw. Bootham, of Richibucto, who was recently in Chatham, the guest of Dr. and Mrs. McDonald, has gone to Ecumineac for a short time. His many friends here and elsewhere regret that his health is not good, but they hope that the change will soon bring an improvement.

Mrs. R. B. Crombie and children are in summer quarters at Youghal.

John McLaggan, E-q., of Miramichi, Mass., was amongst the welcome visitors to Chatham last week.

Mr. Hedley S. V. Parker, of the New York Herald, accompanied by far as St. John by Mrs. Parker and Mrs. Hurley, arrived at Newcastle on Friday night's Maritime Express. Mr. Parker will spend his summer vacation on the Miramichi, as usual. Mrs. Parker and Mrs. Hurley arrived at Newcastle on Saturday evening. Mr. Parker had already gone with Colonel Call up the Northwest salmon fishing. He can not stay with us so long as Mrs. Parker can, and he is determined to spend all the time possible in Miramichi's "bosky dells" and on her "limped streams."

Miss Z. Flanagan, daughter of Mr. Jas. Flanagan, who is one of Moncton's leading merchants, is making a summer holiday visit at her uncle's—Mr. R. Flanagan's, Chatham. Mr. Wm. Drew, a nephew of Mrs. R. Flanagan, is also one of the summer visitors at the Flanagan residence, Wellington street.

J. J. Harrington, Esq., of Bathurst, was in Chatham on Saturday.

Mrs. H. B. Malby and little daughter, of Campbellton, is visiting her family here and is the guest of her brother, Mr. A. S. Ullock, Queen street.

Rymonol. The Quebec Telegraph of 8th says: The chapel of the Sacred Heart at the Basilica was this morning the scene of a fashionable wedding, when Miss Aline, youngest daughter of Hon. P. Boucher de la Bruere, was led to the altar by Dr. Louis George Pinault, a promising young physician residing at Campbellton, N. B. A number of invited guests were assembled in the chapel to witness the happy event, while in the corridors and waiting at the door of the sacred edifice were many other friends of the contracting parties, gathered there to offer their congratulations. The bride, who was becomingly attired in a rich wedding costume, was given away by her father, while the groom was accompanied by his uncle, Lt. Col. Pinault, Deputy Minister of Militia. The nuptial knot was tied by Rev. Abbe Lindsay, and after partaking of a rocheber breakfast served at the Chateau, Dr. and Mrs. Pinault left by the afternoon train for their honeymoon trip to the West.

A happy event took place at Bathurst on Monday, when Thomas A. Baldwin, the general operator of the Carquet and Gulf Shore Railway, was united in matrimony to Miss Agnes Depazze Meahan, daughter of Joseph J. Meahan. Rev. E. Martin performed the ceremony. Arthur Donnelly acted as groomsmen, with Miss Minnie Baldwin as bridesmaid. The happy couple have the best wishes of all the community, as they are general favorites.

Mr. C. C. McLean, of Atulwick, and Miss Laura Bartlett, of Sheffield, Sanbury county, were married at the Central Methodist parlour, Moncton, Wednesday evening of last week by Rev. G. W. Fisher.

A quiet wedding took place on the 14th inst., at Bryerton when Mr. Ernest Malby, of Newcastle, N. B., was united in marriage with Miss Maude, daughter of Mr. James Bryerton. The ceremony was performed by the Rev. J. F. Etey, of Dorcy, in the presence of a number of friends and relatives of the contracting parties. The groom was supported by Mr. Wm. A. Taylor. The bride, who was accompanied by her sister, Miss Jean, looked beautiful attired in a suit of white organdy trimmed with lace. After doing justice to the good things provided for the inner man, the evening was spent in conversation and games when all departed wishing the happy couple a prosperous journey through life.—Advocate.

Congratulations to Mr. and Mrs. John Sullivan, of Redbank, are in order. Mrs. Sullivan nee Miss May Keating, daughter of Mr. Thomas Keating, of Chatham, was the popular teacher of the Redbank school and the match was made up between the young people, the marriage taking place in St. Mary's church, Lyon, Mass., on 2nd inst, the ceremony being performed by Rev. Father Twining, pastor of the church. The bride was attended by Miss Logie and the groom by Mr. Frank Logie. The young couple are receiving the congratulations of a host of friends. Mr. Sullivan is a member of the enterprising Sullivan Lumber and general business concern of Redbank and his good example may soon be followed by some of his associates.

Obituary. The body of Mr. George Gordon of Lower Newcastle, who was drowned in the tempest of Tuesday evening, 8th inst., was recovered at about four o'clock on Thursday afternoon, 10th, in about seven feet of water, near where the boat upset. Soon after the remains were taken ashore, Mr. Andrew Gordon, brother of the deceased, came to Chatham in Mr. Russell's little steamer and arranged for the funeral with undertaker Jas. Hackett.

The funeral took place on Saturday morning at 9.30, and was a very large one, people going from many places and localities in the county to attend it. The pall bearers were Messrs. R. Sargeant, Jas. F. Connors, Wm. Sayer, John McHardy, David Clark and David Johnston. The remains were conveyed to St. Peter's Church, Moody's Point, where Father Morrice said the Requiem mass, and the interment was in St. Peter's Churchyard. Mr. George

don's death, with its peculiarly sad circumstances, has made a profound impression in the community, and the sincerest sympathy is felt for the bereaved widow and the four little daughters—the eldest hardly eight years old—the early benefit of the care of a husband and father who was devoted to them.

Mr. Edward Walker of Moulies River, Kent county, took his last breath on Saturday evening in apparently good health. A few minutes later he dropped dead.

Mrs. John Flanagan, an elderly lady who lived near Bell's Creek, parish of Welford, Kent county, went to a spring near her residence on Saturday last for a pail of water. Shortly afterwards her body was found in the water and life was extinct. It is thought she fell backwards, having lost her balance after filling the pail.

St. John Globe of last Saturday says:—"The funeral of Mrs. Susan Barton, widow of Mr. W. J. Barton and daughter of the late Mr. Abrams, of Miramichi, took place at two o'clock this afternoon from Trinity church, where Rev. J. A. Richardson and Rev. G. R. E. McDonald conducted the service. Interment in Fernhill. Mrs. Barton's remains were conveyed from 79 Hazen street to the church."

Mr. Thomas Lahey, one of the best known and highly respected residents of Gilead, died at his home last Thursday night after a long illness, leaving a widow, four sons and one daughter. His home, the old Lahey homestead, on the Richibucto road, about five miles from Chatham, was well known to many, who will long remember Mr. Lahey for his kind and hospitable ways. The funeral took place on Sunday afternoon, and a larger one is seldom seen in the county. Chatham Branch of the C. M. B. A., accompanied by members of the Newcastle and Loggieville branches, and headed by St. Michael's band, led the procession into town, the remains being borne to co-funerality hall, where the funeral service was said by Rev. H. T. Joyner, the spiritual director of the Chatham C. M. B. A., of which deceased was a member. The pall-bearers were Messrs. Thos. Holland, John Conroy, P. O'Donnell, Wm. V. Ullock, Thomas Keating and Jas. Kelly. The interment was in St. Michael's cemetery.

Mr. John Maxwell, a brother-in-law of Mr. James Barnes, M. P. P. for Kent county, was drowned on Tuesday evening, 8th inst., while out fishing for pleasure near Buctouche.

Their Father Consumption. Bad coughs, colds and catarrh are responsible for more consumption than is traceable even to heredity. Catarrh cures more quickly than ordinary remedies because it is the only antiseptic yet discovered that is volatile enough to reach the root of
