DEAFNESS IS CURABLE! Sufferers from impaired hearing will be glad to know that their affl ction is probably not due to any organic defect in the ear, but results probably from a thickening of the lining of the middle ear caused by catarrhal inflammation. Hundreds of perfect recoveries as a result of the inhalstion of Catarihozine are ported, and on the highest authority we recommend this treatment to our readers. Catarihozone quickly restores lost hearing, and its efficiency is placed beyond dispute by the case of M . Foxall of St Thomas, who recovered perfect hearing by using Catarrhozone, after years of deafness. Price \$1. At druggists or by mail from Polson & Co., Kingston, Oat. Sold by C. P. Hickey.

British losses were also severe The Canadian rifles especially distinguish ed themselves, one party, commanded by Lieut. Bruce Carruthers, holding its post ill every man was killed or wounded. Others of the forces showed great steady ness, allowing the Boers to advance with n two hundred yards of them and re pelling them with as eady rifle fire.'

## Millerton Notes.

The death of Mr. John Connors occurre at his home in Lower Derby on Thuisday morning last. He was une of the oldest residents in the parish, being 81 years of age, and up to a few weeks prior to his death was active and energetic, being employed as carpenter. He was formerly a resident of Blackville where many of his relatives now ive, but he removed to Derby where he settled down. His wife died six years ago, he entered the employ of the United States but five children survive him. His remains were interred on Friday afternoon at ; o'clock in the Church of England burying the tuneral services.

Mr. Jas. Robinsou's steamboat "Irene' was launched on Thursday last, and as yet is the only Millerton boat affort. Mr. Geo. Clark, jr., formerly of Chelmaford, but who for some time has been resident of Woodstock, N. B., died quite Subsequently, in 1881, he purchased the uddenly at his home there on Tuesday last.

Deceased was employed as usual on the day of his death, and had gone home. Shortiy the Cunards, now known as the Cunard after reaching the house, he was taken Steamship Company. He has since done an violently ill and notwithstanding the extensive foundry busin

government, to be operated as part of the Mr. Ruddock was well known and deser-Intercolonial system. Unfortunately for un vedly esteemed on the Miramichi. As a the Minister of Reilways, though entirely citizen and enterprising business man. stood in he first rank. He had no superiors sincere in the matter, had not been able to overcome certain obstacles in the way of the in the country as a practical engineer and government acquiring it and it remained in was an expert in many special branches of his profession. He was always reliable, his the hands of the Gibson company.

The time has now arrived when the road personal and business integrity were unis to pass out of the hands of the present questioned, and he was noted for manly owners, and into whose hands is it to go ! In the "Biographical Review" of promin-He thought it was in the interests of the ent New Brunswickers, edited by I Allen citizens of Fredericton to have it mass into Jack, D. C. L, we find the following in the hands of a company, whose passenger and freight rates would be under the con-

trol of the Dominion or Local government. Joseph M. Ruddock, builder of steamboats If it should pass into the hands of another company at present having railway interests in the province, what guarantee would the people have that that company would exact excessive rates ? He had felt it duty as a representative to do what he con to have the road pass into the hands of company which would be compelled by the state to give only just and reasonable freight rates,

If the road is not taken over in a few days by such a company, he had reason to had not been engaged in ship-building. believe that before a great while it would After serving six years as an apprentice, he pass into the hands of a company over went to Boston, where he remained eight which the government would have months. At the end of that time he returncontrol. ed to St. John, and at the opening of the

European and North American Railroad He was not appearing in the interests of any company, but simply as a representative entered the employ of that company as of the county of York and city of Fredericmechanic in their machine shop at Shediac N. B. After working there for two years ton. He had already given considerable attention to this matter and tomorrow, or he went to Nova Scotia and erected the crushing mills for the New Brunswick and next day he was to be one of a delegation to wait upon the government and ask them Nova Scotia Gold Mining Company. H to guarantee the bonds of a company willing stayed there more than a year, and then, in 1862, sailed from Halifax as engineer of to take over the road. It would strengthen Confederate steamer. At the close of that his hands to know that the city council and summer his vessel was put out of commis Board of Trade were at his back. He sion, and Mr. Ruddock returned to Halifax. understood that it would require \$1,250,000 Shortly after he left for New York, where to purchase the road and put it in good condition, and he was going to ask the government in the building department of government to guarantee the bonds to the the navy. He worked at the South Brooklyn extent of one million dollars.

In return for this concession, the company Machine Works, and assisted in building would be willing to give the government a first lien or mortgage on the road and nower comet," and the "Mendota," men-of-war. to regulate the freight and passenger rates. When his services were no longer required All he wanted the council to do was to pass there. Mr. Ruddock came to Chatham and a resolution endorsing the proposition. He engaged in the manufacture of lumber. This was convinced that the government looked he continued for five years, and at the end of upon the movement with a favorable eye. that time he started a machine business. The members of the Legislature for counties of York, Queens, Sunbury and Miramichi Foundry, which was established North Shore counties feel that it would not by Fraser & Mason, and later operated by be in the interest of these counties that the road should fall into the hands of a company liable to levy excessive rates, and are lend

The Town Council met in regular monthly ession in the town hall on Monday evening insurance rates. After reading and approval of the minutes

of last meeting-The Mayor said he was glad to be bac again, after his necessary absence from Chatham, and referred to the fact that th was the last regular meeting of the presen Council. He had observed that, while he was away, there had been a little friction but everything would now doubtless go

Ald. Nicol explained his position in t business was transferred to them and taken friction matter and said they were al away from the centres where fire risks were leased to see His Worship back.

The Mayor read a communication fro Mr. P. J. Ryan, secretary of the firemen, i the district which it was sought to protect, eference to the \$100 donated by Mr. . Joh Stuart, president of the Maritime Sulphit Fibre Co., to the firemen, on the occasion the burning of the Company's barking mill the protective law be repealed, but when the Ald. Maker moved, seconded by ald. Murpeople most interested, who had petitioned ray, that the matter be referred to the Parl and Fire Committee, to be disposed of accordance with the former resolution of Council on the subject.
